HTG SECURES INITIAL ORDER WITH FIVE-EYE DEFENCE CUSTOMER

Highlights:

- Harvest receives an initial order to supply technology to a Five-Eye defence customer.
- The order involves deployment of Nodestream™ technology to support Intelligence, Surveillance and Reconnaissance applications.
- The initial order value is approximately \$180k USD.

June 30, 2023: Harvest Technology Group Limited (ASX:HTG) (**Company, Harvest, Group**) is pleased to announce that it has received an initial order for its Nodestream™ technology for a Five Eye defence customer, in the total amount of approximately \$180k USD. The technology will play a key role in supporting the customer's remote operations and communications.

This is a new customer order for the deployment of Harvest's ultra-low-bandwidth, high-quality secure Nodestream™ technology. The supply of the technology is under Harvest's standard terms and conditions with the initial order expected to be delivered and funds received in July 2023.

The increasing deployment of Harvest's technology into the defence sector reinforces its credibility and value in defence applications and its ability to meet customer requirements for reliable and ultra-secure communications in sensitive and remote locations.

Material Terms

- HTG considers this contract to be material to the extent that it represents the first order from a potentially significant defence customer, and a new relationship with the opportunity to expand on this initial contract in the future. Notwithstanding that HTG sees this relationship as a material opportunity, investors should note that it may not result in additional orders beyond this initial order.
- There are no further conditions that need to be satisfied prior to this contract becoming legally binding on the counterparty.
- The Company is bound by confidentiality which precludes advising the name or details of the counterparty.

The company looks forward to providing further updates on new business opportunities during the next quarter.
