3. Resolutions 1 – Ratification of Placement Shares

3.1 General

On 9 March 2023, the Company announced it had received commitments for a placement of 111,111,113 Shares each at an issue price of \$0.18, to raise \$20.0 million before costs (**Placement**).

The Placement was conducted in two tranches the first using the Company's existing capacity under Listing Rules 7.1 and 7.1A with tranche 2, being Director participation in the Placement, which was subject to Shareholder Approval. Shareholder approval ratifying tranche 1 and approving tranche 2

was obtained at a Shareholder meeting on 27 April 2023. At the time the notice of meeting was sent to Shareholders the Shares the subject of Resolution 1 (**Placement Shares**) had not been issued and so accordingly they could not be included in the above ratification resolutions contained in the 27 April Shareholder meeting. Completion of the issue of these Placement Shares happened contemporaneous with the Director participation in tranche 2 of the Placement. Resolution 1 seeks Shareholder approval under Listing Rule 7.1 for the issue of 1,111,111 Placement Shares.

The funds raised from the Placement will be used to strengthen the balance sheet to support additional growth and corporate opportunities, for working capital to fund the Company beyond cashflow break even.

Listing Rule 7.1 provides that a company must not (subject to specified exceptions), without the approval of shareholders, issue or agree to issue during any 12 month period any equity securities, or other securities with rights to conversion to equity, if the number of those securities exceeds 15% of the number of ordinary securities on issue at the commencement of that 12 month period.

Listing Rule 7.2 set out various types of equity issues that are excluded from the operation of Listing Rule 7.1. The issue of the Placement Shares does not fit within any of these exceptions and, as it has not yet been approved by Shareholders, it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of issue of the Placement Shares.

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made (pursuant to Listing Rule 7.1). If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain shareholder approval for such issues under Listing Rule 7.1.

To this end, Resolution 1 seeks Shareholder ratification of the issue of the Placement Shares (which were issued pursuant to the Company's 15% capacity under Listing Rule 7.1) under and for the purposes of Listing Rule 7.4.

If Resolution 1 is passed, the issue of the Placement Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of equity securities it can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

If Resolution 1 is not passed, the issue of the Placement Shares will be included in calculating the Company's 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities it can issue without Shareholder approval over the 12 month period following the date of issue of the Placement Shares.

3.2 Information required by Listing Rule 7.5

The following information is provided for the purposes of Listing Rule 7.5:

- (a) On 4 May 2023, 1,111,111 Shares were issued pursuant to the Placement under Listing Rule 7.1, with:
- (b) The Placement Shares were issued to Technical Investing Pty Limited which is not a related party of the Company or a party listed in paragraph 7.4 of Guidance Note 21 (**Placement Participant**).
- (c) The Placement Shares are fully paid ordinary shares in the capital of the Company and rank equally in all respects with the Company's existing Shares on issue.

- (d) The Placement Shares were issued at \$0.18 each.
 - (e) The issue of the Placement Shares raised \$252,000 as part of the Placement which in total raised \$20.0 million (before costs). The funds raised from the Placement will be used to strengthen the balance sheet to support additional growth and corporate opportunities, for working capital to fund the Company beyond cashflow break even.
 - (f) A voting exclusion statement is included in the Notice.

4. Resolutions 2 to 7 – Grant of Director Securities

4.1 Background

The Company had previously established a remuneration incentive scheme to apply through to June 2023. Shareholder approval for Director participation in the securities issues pursuant to this scheme was previously sought when the scheme was put in place in 2021. The Company is now seeking to extend such remuneration incentive scheme for the next 3 financial years (being financial years ending 30 June 2024, 30 June 2025 and 30 June 2026 (**Remuneration Incentive Scheme**)) and is seeking Shareholder approval for the issue of the Director Securities to the Directors under the Remuneration Incentive Scheme under Resolutions 2 to 7.

The Remuneration Incentive Scheme has been developed taking into account the size of the Company's business, the size of the executive team for the business, the nature and stage of development of current operations, market conditions and comparable salary levels for companies of a similar size and operating in similar sectors (the Company undertook an independent bench-marking report as part of this process).

In addition, emphasis has been placed on the following specific issues in determining the remuneration policy for executives in the Company, namely that:

- the Company is in a growth and development stage of its life cycle;
- as the Company is transitioning to being cash flow positive, it is increasing the cash base salaries and reducing the proportion that is issued using equity; and
- given the dot point above, the Company seeks to incentivise and align executives to shareholders through a combination of short and longer term equity based incentives.

The key objectives of the Remuneration Incentive Scheme are to:

- provide competitive rewards to attract and retain high caliber executives;
- align the executives to shareholders by providing both short term and longer term security based remuneration incentives;
- align executives' incentives to the Company's annual recurring revenue targets, positive cash flow, EBITDA targets, strategic objectives and operational milestones;
- link executive rewards to Shareholder value;
- allocate a significant portion of executive remuneration to 'at risk' variable compensation, dependent upon performance and achievement of pre-determined benchmarks; and
- ensure that performance benchmarks are balanced yet demanding.

Executive Director Participation - Remuneration Incentive Scheme

The Remuneration Incentive Scheme separates total remuneration for executives into components which are detailed below. The Company has set percentages of each executive's total remuneration which will be allocated to the various components. The percentages in each component of remuneration vary depending on the management level of the applicable executive.

Fixed remuneration

Fixed remuneration or base salary is pay that is linked to the present value or market rate of the employees' role, and is payable in cash. It includes superannuation contributions. The fixed remuneration will be reviewed annually.

Short Term Incentives

Short term incentives are broadly linked to the delivery of annual operational objectives. It is currently proposed that such incentives will be awarded annually. It is envisaged that short term incentives will be put in place annually for the applicable financial year.

Short term incentives and associated performance targets are set by the Board. For the financial year ending 30 June 2024 the performance targets are:

- Achieve budgeted operating cash flow
- Achieve budgeted EBITDA
- Achieve ARR target
- Satisfactory job performance; and
- Satisfactory employee engagement score.

Short term incentive remuneration is payable only in equity by way of the issue of STI Options. The STI Options are zero exercise priced options which have vesting conditions linked to the performance targets.

The number of STI Options that will be issued to each executive each year will be calculated by taking the dollar value of the agreed percentage of the total remuneration which will be satisfied as short term incentives and dividing this number by the volume weighted average market price of the Company Shares calculated over the last 20 days on which in the Company Shares were recorded (20-day VWAP) at 30 June each year; for the 2024 Financial Year being 30 June 2023.

Longer Term Incentives

Longer term incentives have been set by the Board for the next 3 years and will be linked to delivery of the Company' key strategic objectives under its business plan as well as growth in Shareholder value over the current term of the Remuneration Incentive Scheme (i.e. by 30 June 2026). Key longer term strategic objectives are:

- Expand Recurring Revenue – increasing Annual Recurring Revenue (ARR)
- Expand Markets – global market expansion and growth in annual recurring revenues outside the United States of America, United Kingdom and Australia & New Zealand;
- Expand Consumer Products ARR – growth of the Company's ARR through B2B2C sales of consumer products; and

- Maintain high enterprise customer satisfaction – continuing to ensure high levels of customer satisfaction from enterprise customer surveys.

Longer term incentive remuneration is payable in equity by way of LTI Options. The LTI Options are zero exercise priced options which have vesting conditions linked to longer term strategic objectives.

The number of LTI Options that will be issued to each executive in respect of each of the 3 applicable years will be calculated by taking the dollar value of the agreed percentage of the total remuneration which will be satisfied as long term incentives and dividing this number by the 20-day VWAP of Company Shares at 30 June 2023.

LTI Options will be issued now in relation to the portion of the total remuneration to be satisfied as long term incentives for the next 3 years.

Reward Incentive

The Reward Incentive is an additional long term incentive linked to the delivery of long term Shareholder performance. The Company has set share price as the market measure to evaluate long term Shareholder value performance.

Reward incentive remuneration is payable in equity by way of TSR Options with various share price vesting targets. The TSR Options have an exercise price of \$0.36 per TST Option which have vesting conditions linked to the achievement of various share price targets. The current TSR Options have a vesting period of 30 June 2026 such that the share price targets need to be achieved by this time.

The number of TSR Options that will be issued to the executive in respect of each of the 3 applicable years has been calculated by taking into consideration current market conditions, recent share price performance and future potential of share price performance if the Company's strategic ambitions are achieved. TSR Options will be issued now in relation to the portion of the total remuneration to be satisfied as reward incentives for the next 3 years.

Currently it is proposed that the only participant in the Reward Incentive will be the Managing Director, Mr Tim Levy.

Non-Executive Director Participation - Remuneration Incentive Scheme

Total remuneration for non-executive Directors will comprise two components, namely cash remuneration and equity remuneration. Two thirds of each non-executive Director's total remuneration will be satisfied as cash (unless a non-executive director elects to receive a larger percentage in equity) and includes superannuation contributions. One third of the total remuneration will be satisfied as equity to align non-executive directors with shareholders.

The equity portion of total remuneration will be satisfied by the issue of NED Director Options. The NED Director Options are zero exercise priced options which have vesting conditions linked to continued service. Should a non-executive Director leave during the year then the pro rata portion of the NED Director Options for that year will vest for the time of service.

The number of NED Director Options that will be issued to the non-executive in respect of each of the 3 applicable years will be calculated by taking the dollar value of the agreed percentage of the total remuneration which will be satisfied as equity and dividing this number by the 20-day VWAP of Company Shares at 30 June 2023. NED Director Options will be issued now in relation to the portion of the total remuneration to be satisfied as equity for the next 3 years.

4.2 Proposed grant of Director Securities to Directors

The Board is seeking Shareholder approval to grant the STI Options, LTI Options and TSR Options to Mr Tim Levy, the Managing Director of the Company, and NED Director Options to each of the non-executive directors of the Company (together **Director Securities**) in accordance with the newly adopted Remuneration Incentive Scheme and the terms and conditions of the Plan.

The Board intends to grant the Director Securities, as part of each Director's remuneration package. Vesting of the Director Securities is dependent upon continued service with the Company and in the case of the Director Securities to be issued to Mr Levy, the achievement of certain short and longer term targets in line with the Remuneration Incentive Scheme as outlined above.

The proposed grant seeks to further align the Directors' interests with those of Shareholders by broadly linking their remuneration with equity and the performance of the Company.

4.3 Listing Rule 10.14

Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire equity securities under an employee incentive scheme:

- (a) a director of the company;
- (b) an associate of a director of the company; or
- (c) a person whose relationship with the company or a person referred to in a Listing Rules 10.14.1 to 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The issue of the Director Securities falls within Listing Rule 10.14.1 and therefore requires Shareholder approval under Listing Rule 10.14.

Resolutions 2 to 7 seek the required Shareholder approval to the issue of the Director Securities to each of the Directors (or their nominees) under and for the purposes of Listing Rule 10.14.

If Resolutions 2 to 7 are passed, the Company will issue the Director Securities to each of the Directors as part of their remuneration.

If Resolutions 2 to 7 are not passed, the Company will not issue the Director Securities to Directors (or their nominees). In that circumstance, issues may arise with the competitiveness of the total remuneration package of each Director and alignment of rewards with other senior executives in the Company. The Board would then need to consider alternative remuneration arrangements which are consistent with the Company's Remuneration Incentive Scheme, including providing an equivalent cash short and longer term incentive subject to the risk of forfeiture, performance conditions and performance period as described above.

Resolutions 2 to 7 are ordinary resolutions.

4.4 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of the Director Securities to the Directors (or their nominees) pursuant to Resolutions 2 to 7 constitutes the giving of a financial benefit to a related party of the Company by virtue of each being a Director.

After a review of publicly available information relating to the remuneration structures of several of its peer companies, the Directors consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the Director Securities because the issue is considered reasonable remuneration in the circumstances.

The Company's Remuneration Incentive Scheme (outlined further in Section 4.1) includes the issue of various types of Options as part of short and longer term programmes to reward and incentivise staff rather than cash based bonuses.

The Directors are entitled to participate in the Company's Remuneration Incentive Scheme and are proposed to be issued the Directors Securities. The STI Options are short term incentives linked to the delivery of annual operational objectives. The LTI Options are longer term incentives linked to the achievement of longer term strategic objectives of the Company. The TSR Options are long term incentives linked to the delivery of long term Shareholder performance. The NED Director Options are a mechanism to remunerate non-executive directors partly in securities to align their interests with those of shareholders and reduce cash payments for their remuneration.

The value attributed to each of the classes of Options is outlined below. These values have been prepared by the Company and reviewed by an independent party, BDO Corporate Finance (WA) Pty Ltd at a deemed grant date of 1 July 2023.

Security	Value (\$)
STI Options	0.22
LTI Options	0.22
Tranche 1 TSR Options	0.07
Tranche 2 TSR Options	0.07
Tranche 3 TSR Options	0.06
Tranche 1 NED Director Options	0.22
Tranche 2 NED Director Options	0.22
Tranche 3 NED Director Options	0.22

The Company have determined the value attributed to each class of the Director Securities (which have non-market based vesting conditions) using the 20 day VWAP leading up to 30 June 2023 as they are zero priced options, with the exception of the TSR options.

The TSR options are 'up and in' knock in barrier options and are valued under a trinomial pricing model from Hoadley. Key input assumptions to the TSR option valuation include, the Company's 20 day VWAP on the deemed grant date of 1 July 2023, the exercise price, the share price barrier levels, the term of the Director Securities, the expected volatility of the underlying Shares, the expected dividend yield and the risk-free interest rate for the term of the Director Securities.

According to AASB 2 paragraph 19, "Vesting conditions, other than market conditions, shall not be taken into account when estimating the fair value of the shares or share rights at the measurement date. Instead, vesting conditions shall be considered by adjusting the number of equity instruments included in the measurement of the transaction amount so that, ultimately, the amount recognised for goods and services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest."

The non-market based vesting conditions have therefore not been taken into account in assessing the fair value of the Director Securities.

If the various classes of Options are approved and granted, AASB 2 'Share Based Payment' stipulates that management of the Company has discretion to assess the likelihood of meeting any non-market based vesting condition by applying a probability weighting to the number of Options included in the valuation of each tranche. For the purposes of the Notice of Meeting, it is assumed that all of the Director Securities will vest to the holder.

Based on these valuations the implied total value of the Director Securities to be issued to

- (i) Mr Levy under Resolution 2 is \$1,100,000;
 - (ii) Mr Pawlowitsch under Resolution 3 is \$150,000;
 - (iii) Mr Stepka under Resolution 4 is \$90,000;
 - (iv) Mr Warren under Resolution 5 is \$75,000;
 - (v) Dr Watts under Resolution 6 is \$75,000; and
 - (vi) Mr Ell under Resolution 7 is \$60,000.
- (e) The Director Securities will be issued within three years after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules).

- (g) The Director Securities will be granted for nil consideration. Accordingly, no funds will be raised from the grant of the Director Securities.
- (h) No loans will be made to the Directors in connection with the issue of the Director Securities.
- (i) Details of any securities issued under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under Listing Rule 10.14.
- Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of Securities under the Plan after Resolutions 2 to 7 are approved and who were not named in the Notice will not participate until approval is obtained under that Listing Rule.
- (j) A voting exclusion statement is included in the Notice.

5. Resolution 8 – Authorisation to increase Non-Executive Directors' Fees

5.1 General

Under the Constitution and ASX Listing Rules, any change in the maximum amount of aggregate fees paid to Non-Executive Directors must be approved by Shareholders.

Listing Rule 10.17 provides that an entity must not increase the total aggregate amount of non-executive directors' fees payable by it or any of its child entities without the approval of shareholders. The rule does not apply to the salary of an executive director. Listing Rule 10.17 also requires that the amount of any increase and the maximum amount payable annually to non-executive directors as a whole be stipulated.

The Company's current maximum amount of fees payable to non-executive Directors in aggregate is \$500,000 per annum (including superannuation). This amount was set as the maximum prior to the initial public offer and ASX listing conducted by the Company in 2016.

The non-executive Directors of the Company for the financial year ending 30 June 2023 will be paid directors' fees totaling \$326,199.36 (including superannuation). For the financial year ending 30 June 2024 it is proposed that the non-executive Directors of the Company will be paid directors' fees totaling approximately \$316,200 (including superannuation but excluding the NED Director Options).

Resolution 8 seeks Shareholder approval to increase the maximum amount of fees payable to Non-Executive Directors in aggregate by \$500,000 from \$500,000 to \$1,000,000 per annum. Such remuneration may be divided among the Non-Executive Directors in the proportion and manner determined by the Directors.

Whilst there is no immediate proposal to use any of the increased amount of the maximum amount of fees payable to Non-Executive Directors, the Board believes that the increase in the total maximum remuneration payable to Non-Executive Directors from \$500,000 to \$1,000,000 per annum will give the Board the flexibility as the Company grows and its size, scale and complexity of operations increase, to secure the services of an additional Non-Executive Directors and to continue to retain existing non-executive Directors on market competitive remuneration.

In addition, the Options will automatically vest on a Change of Control Event (as defined in the Company Employee Incentive Securities Plan) occurring, to the satisfaction of the Board in its absolute discretion.

(a) If the Vesting Condition is not satisfied or otherwise waived by the Board, the Option will lapse, unless otherwise determined by the Board in its absolute discretion.

(b) If the Option holder ceases to be a director, employee or consultant of the Company by reason of resignation or termination for cause then any unvested Options will automatically lapse or be forfeited (as the case may be) immediately following termination of appointment/employment unless the Board determines otherwise.

The Options are exercisable at any time on or prior to the Expiry Date once the Vesting Condition has been satisfied.

f) Notice of exercise

Any Notice of Exercise of an Option received by the Company together with the exercise price will be deemed to be a notice of the exercise of that Option as at the date of receipt by the Company.

g) Shares issued on exercise

Shares issued on exercise of the Options will rank equally with the then issued fully paid ordinary shares of the Company.

h) Quotation of Shares on exercise

Application will be made by the Company to ASX for official quotation of the Shares issued upon the exercise of the Options.

j) Participation in new issues

There are no participation rights or entitlements inherent in the Options and the holder will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options. However, the Company will give the holder notice of the proposed issue prior to the date for determining entitlements to participate in any such issue.

k) Adjustment for bonus issues of Shares

If the Company makes a bonus issue of Shares or other securities to existing Shareholders (other than an issue in lieu or in satisfaction of dividends or by way of dividend reinvestment):

(a) the number of securities which must be issued on the exercise of an Option will be increased by the number of securities which the Option holder would have received if the Option holder had exercised the Option before the record date for the bonus issue; and

(b) no change will be made to the Exercise Price.

l) Adjustment for rights issue

If the Company makes an issue of Shares pro rata to existing Shareholders there will be no adjustment of the Exercise Price of an Option.

The Options will not automatically vest on a Change of Control Event (as defined in the Company Employee Incentive Securities Plan) occurring.

d) Lapse

- (a) If the Vesting Condition is not satisfied or otherwise waived by the Board, the Option will lapse, unless otherwise determined by the Board in its absolute discretion.
- (b) If the Option holder ceases to be a director, employee or consultant of the Company by reason of resignation or termination for cause or a Change in Control Event (as defined in the Company Employee Incentive Securities Plan) occurs, then, subject to paragraphs (c) below, any unvested Options will automatically lapse or be forfeited (as the case may be) immediately following termination of appointment/employment or the Change in Control Event unless the Board determines otherwise.
- (c) Notwithstanding paragraph (b) above, the number of Options which are pro rata in proportion to the portion of the financial year which has elapsed when the holder ceases to be a director, employee or consultant of the Company or the Change in Control Event occurs will become vested and will not lapse.

e) Exercise period

The Options are exercisable at any time on or prior to the Expiry Date once the Vesting Condition has been satisfied.

f) Notice of exercise

The Options may be exercised by notice in writing to the Company (**Notice of Exercise**) once the Vesting Condition has been satisfied. Any Notice of Exercise of an Option received by the Company will be deemed to be a notice of the exercise of that Option as at the date of receipt by the Company.

g) Shares issued on exercise

Shares issued on exercise of the Options will rank equally with the then issued fully paid ordinary shares of the Company.

h) Quotation of Shares on exercise

Application will be made by the Company to ASX for official quotation of the Shares issued upon the exercise of the Options.

i) Timing of issue of Shares

After an Option is validly exercised, the Company must, within 15 Business days of receiving the Notice of Exercise, issue the Shares and do all such acts, matters and things to obtain the grant of official quotation of the Shares on ASX no later than 5 Business Days after issuing the Shares.

j) Participation in new issues

There are no participation rights or entitlements inherent in the Options and the holder will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options. o) Options transferable

The Options are transferable with the prior approval of the Board.

p) Deferred Taxation

Subdivision 83A-C of the Income Tax Assessment Act 1997 (Cth) applies to the Options (subject to the conditions in that Act).

Schedule 5 – Summary of Plan

Summary of the Plan and terms on which offers may be made:

a) **Eligible Participant**

Eligible Participant means a person that has been determined by the Board to be eligible to participate in the Plan from time to time and is an “ESS participant” (as that term is defined in Division 1A of Part 7.12 of the Corporations Act) in relation to the Company or an associated entity of the Company. This relevantly includes, amongst others:

- (a) an employee or director of the Company or an individual who provides services to the Company;
- (b) an employee or director of an associated entity of the Company or an individual who provides services to such an associated entity;
- (c) a prospective person to whom paragraphs (i) or (ii) apply;
- (d) a person prescribed by the relevant regulations for such purposes; or
- (e) certain related persons on behalf of the participants described in paragraphs (i) to (iv) (inclusive).

The Company will seek Shareholder approval for any Director, related party of the Company, or a person whose relationship with the Company is, in ASX’s opinion, such that approval should be obtained, to participate in the Plan in accordance with ASX Listing Rule 10.14.

b) **Purpose**

The purpose of the Plan is to:

- (a) assist in the reward, retention and motivation of Eligible Participants;
- (b) link the reward of Eligible Participants to Shareholder value creation; and
- (c) align the interests of Eligible Participants with shareholders of the Group (being the Company and each of its Associated Bodies Corporate), by providing an opportunity to Eligible Participants to receive an equity interest in the Company in the form of Securities.

c) **Maximum Allocation**

The Company must not make an offer of Securities under the Plan in respect of which monetary consideration is payable (either upfront, or on exercise of convertible securities) where:

- (a) the total number of Plan Shares (as defined in paragraph (m) below) that may be issued or acquired upon exercise of the convertible securities offered; plus
- (b) the total number of Plan Shares issued or that may be issued as a result of offers made under the Plan at any time during the previous 3 year period,

would exceed 5% of the total number of Shares on issue at the date of the offer or such other limit as may be specified by the relevant regulations or the Company’s Constitution from time to time.

The maximum number of equity securities proposed to be issued under the Plan for the purposes of Listing Rule 7.2, Exception 13 will be as approved by Shareholders from time to time (**ASX Limit**). This means that, subject to the following paragraph, the Company may issue up to the ASX Limit under the Plan without seeking Shareholder approval and without reducing its placement capacity under Listing Rule 7.1. The issue of Securities with Shareholder approval will not count towards the ASX Limit.

d) **Plan administration**

The Plan will be administered by the Board. The Board may exercise any power or discretion conferred on it by the Plan rules in its sole and absolute discretion. The Board may delegate its powers and discretion.

e) **Eligibility, invitation and application**

The Board may from time to time determine that an Eligible Participant may participate in the Plan and make an invitation to that Eligible Participant to apply for Securities on such terms and conditions as the Board decides. An invitation issued under the Plan will comply with the disclosure obligations pursuant to Division 1A.

On receipt of an Invitation, an Eligible Participant may apply for the Securities the subject of the invitation by sending a completed application form to the Company. The Board may accept an application from an Eligible Participant in whole or in part.

If an Eligible Participant is permitted in the invitation, the Eligible Participant may, by notice in writing to the Board, nominate a party in whose favour the Eligible Participant wishes to renounce the invitation.

A waiting period of at least 14 days will apply to acquisitions of Securities for monetary consideration as required by the provisions of Division 1A.

f) **Grant of Securities**

The Company will, to the extent that it has accepted a duly completed application, grant the Participant the relevant number of Securities, subject to the terms and conditions set out in the invitation, the Plan rules and any ancillary documentation required.

g) **Terms of Convertible Securities**

Each "Convertible Security" represents a right to acquire one or more Shares (for example, under an option or performance right), subject to the terms and conditions of the Plan.

Prior to a Convertible Security being exercised a Participant does not have any interest (legal, equitable or otherwise) in any Share the subject of the Convertible Security by virtue of holding the Convertible Security. A Participant may not sell, assign, transfer, grant a security interest over, collateralise a margin loan against, utilise for the purposes of short selling, enter into a derivative with reference to, or otherwise deal with a Convertible Security that has been granted to them unless otherwise determined by the Board. A Participant must not enter into any arrangement for the purpose of hedging their economic exposure to a Convertible Security that has been granted to them.

h) **Vesting of Convertible Securities**

Any vesting conditions applicable to the grant of Convertible Securities will be described in the invitation. If all the vesting conditions are satisfied and/or otherwise waived by the Board, a vesting notice will be sent to the Participant by the Company informing them that the relevant Convertible Securities have vested. Unless and until the vesting notice is issued by the Company, the Convertible Securities will not be considered to have vested. For the avoidance of doubt, if the vesting conditions relevant to a Convertible Security are not satisfied and/or otherwise waived by the Board, that Convertible Security will lapse.

i) **Exercise of Convertible Securities and cashless exercise**

To exercise a Convertible Security, the Participant must deliver a signed notice of exercise and, subject to a cashless exercise of Convertible Securities (see below), pay the exercise price (if any) to or as directed by the Company, at any time following vesting of the Convertible Security (if subject to vesting conditions) and prior to the expiry date as set out in the invitation or vesting notice.

An invitation may specify that at the time of exercise of the Convertible Securities subject to Board approval at that time, the Participant may elect not to be required to provide payment of the exercise price for the number

of Convertible Securities specified in a notice of exercise, but that on exercise of those Convertible Securities the Company will transfer or issue to the Participant that number of Shares equal in value to the positive difference between the Market Value of the Shares at the time of exercise and the exercise price that would otherwise be payable to exercise those Convertible Securities.

Market Value means, at any given date, the volume weighted average price per Share traded on the ASX over the 5 trading days immediately preceding that given date, unless otherwise specified in an invitation.

A Convertible Security may not be exercised unless and until that Convertible Security has vested in accordance with the Plan rules, or such earlier date as set out in the Plan rules.

j) **Delivery of Shares on exercise of Convertible Securities**

As soon as practicable after the valid exercise of a Convertible Security by a Participant, the Company will issue or cause to be transferred to that Participant the number of Shares to which the Participant is entitled under the Plan rules and issue a substitute certificate for any remaining unexercised Convertible Securities held by that Participant.

k) **Forfeiture of Convertible Securities**

Where a Participant who holds Convertible Securities ceases to be an Eligible Participant or becomes insolvent, all unvested Convertible Securities will automatically be forfeited by the Participant, unless the Board otherwise determines in its discretion to permit some or all of the Convertible Securities to vest.

Where the Board determines that a Participant has acted fraudulently or dishonestly; committed an act which has brought the Company, the Group or any entity within the Group into disrepute; acted negligently or wilfully breached his or her duties to the Group (including breach of any material term of Group policies or codes or conduct of any employment, executive services or consulting agreement or equivalent) the Board may in its discretion deem all or some unvested Convertible Securities held by that Participant to have been forfeited.

Unless the Board otherwise determines, or as otherwise set out in the Plan rules:

- (a) any Convertible Securities which have not yet vested will be forfeited immediately on the date that the Board determines (acting reasonably and in good faith) that any applicable vesting conditions have not been met or cannot be met by the relevant date; and
- (b) any Convertible Securities which have not yet vested will be automatically forfeited on the expiry date specified in the invitation or vesting notice.

l) **Change of control**

If a change of control event occurs in relation to the Company, or the Board determines that such an event is likely to occur, the Board may in its discretion determine the manner in which any or all of the Participant's Convertible Securities will be dealt with, including, without limitation, in a manner that allows the Participant to participate in and/or benefit from any transaction arising from or in connection with the change of control event.

m) **Rights attaching to Plan Shares**

All Shares issued or transferred under the Plan, or issued or transferred to a Participant upon the valid exercise of a Convertible Security, (**Plan Shares**) will rank pari passu in all respects with the Shares of the same class. A Participant will be entitled to any dividends declared and distributed by the Company on the Plan Shares and may participate in any dividend reinvestment plan operated by the Company in respect of Plan Shares. A Participant may exercise any voting rights attaching to Plan Shares.

n) **Disposal restrictions on Plan Shares**

If the invitation provides that any Plan Shares are subject to any restrictions as to the disposal or other dealing by a Participant for a period, the Board may implement any procedure it deems appropriate to ensure the compliance by the Participant with this restriction.

For so long as a Plan Share is subject to any disposal restrictions under the Plan, the Participant will not:

- (a) transfer, encumber or otherwise dispose of, or have a security interest granted over that Plan Share; or
- (b) take any action or permit another person to take any action to remove or circumvent the disposal restrictions without the express written consent of the Company.

o) **Adjustment of Convertible Securities**

If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of each Participant holding Convertible Securities will be changed to the extent necessary to comply with the ASX Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.

If Shares are issued by the Company by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the holder of Convertible Securities is entitled, upon exercise of the Convertible Securities, to receive an issue of as many additional Shares as would have been issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Convertible Securities are exercised.

Unless otherwise determined by the Board, a holder of Convertible Securities does not have the right to participate in a pro rata issue of Shares made by the Company or sell renounceable rights.

p) **Participation in new issues**

There are no participation rights or entitlements inherent in the Convertible Securities and holders are not entitled to participate in any new issue of Shares of the Company during the currency of the Convertible Securities without exercising the Convertible Securities.

q) **Amendment of Plan**

Subject to the following paragraph, the Board may at any time amend any provisions of the Plan rules, including (without limitation) the terms and conditions upon which any Securities have been granted under the Plan and determine that any amendments to the Plan rules be given retrospective effect, immediate effect or future effect.

No amendment to any provision of the Plan rules may be made if the amendment materially reduces the rights of any Participant as they existed before the date of the amendment, other than an amendment introduced primarily for the purpose of complying with legislation or to correct manifest error or mistake, amongst other things, or is agreed to in writing by all Participants.

r) **Plan duration**

The Plan continues in operation until the Board decides to end it. The Board may from time to time suspend the operation of the Plan for a fixed period or indefinitely, and may end any suspension. If the Plan is terminated or suspended for any reason, that termination or suspension must not prejudice the accrued rights of the Participants.

If a Participant and the Company (acting by the Board) agree in writing that some or all of the Securities granted to that Participant are to be cancelled on a specified date or on the occurrence of a particular event, then those Securities may be cancelled in the manner agreed between the Company and the Participant.

s) **Income Tax Assessment Act**

The Plan is a plan to which Subdivision 83A-C of the Income Tax Assessment Act 1997 (Cth) applies (subject to the conditions in that Act), except to the extent an invitation provides otherwise.
