About Openn Negotiation

Openn is an Australian property technology company offering a proprietary cloud-based software platform to support real estate agents in selling property online with greater transparency.

The Openn platform facilitates a negotiation process, featuring streamlined digital contracting and automated communication tools, which enhances a property transaction. The solution provides buyers with real-time feedback through their device on how much competition exists and where their price stands in the negotiation, resulting in an optimal sales outcome.

Forward-Looking Information

This announcement contains forward-looking information that is based on Openn's expectations, estimates and projections as of the date on which the statements were made. This forward-looking information includes, among other things, statements with respect to Openn's business strategy, plans, development, objectives, performance, outlook, growth, cash flow, projections, targets and expectations, negotiations, and product/service development. Generally, this forward-looking information can be identified by the use of terminology such as 'outlook', 'anticipate', 'project', 'target', 'potential', 'likely', 'believe', 'estimate', 'expect', 'intend', 'may', 'would', 'could', 'should', 'scheduled', 'will', 'plan', 'forecast', 'evolve' and similar expressions. Persons reading this announcement are cautioned that such statements are only predictions, and that Openn's actual future results or performance may be materially different. Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause Openn's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information.
