4.1	Cash and cash equivalents at beginning of period	115	172
4.2	Net cash from / (used in) operating activities (item 1.9 above)	(548)	(2,190)
4.3	Net cash from / (used in) investing activities (item 2.6 above)	(146)	(679)
4.4	Net cash from / (used in) financing activities (item 3.10 above)	819	2,937

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

Consolidated statement of cash flows		Current quarter \$A'000	Year to date (12 months) \$A'000
4.5	Effect of movement in exchange rates on cash held	-	-
4.6	Cash and cash equivalents at end of period	240	240

5.	Reconciliation of cash and cash equivalents at the end of the quarter (as shown in the consolidated statement of cash flows) to the related items in the accounts	Current quarter \$A'000	Previous quarter \$A'000
5.1	Bank balances	240	115
5.2	Call deposits	-	-
5.3	Bank overdrafts	-	-
5.4	Other (provide details)	-	-
5.5	Cash and cash equivalents at end of quarter (should equal item 4.6 above)	240	115

6.	Payments to related parties of the entity and their associates	Current quarter \$A'000
6.1	Aggregate amount of payments to related parties and their associates included in item 1	66 *
6.2	Aggregate amount of payments to related parties and their associates included in item 2	-

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.

* Consulting fees (\$27,525), Director fees (\$38,676)

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

7.	Financing facilities	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
	<i>Note: the term "facility" includes all forms of financing arrangements available to the entity. Add notes as necessary for an understanding of the sources of finance available to the entity.</i>		
7.1	Loan facilities	22,000	15,120
7.2	Credit standby arrangements	-	-
7.3	Other (please specify)	-	-
7.4	Total financing facilities	22,000	15,120
7.5	Unused financing facilities available at quarter end		6,880
7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
	The total facility amount comprises:		
	(i) <u>ASF Loan</u> - an unsecured loan facility of \$2 million from ASF Group Limited, a substantial shareholder of the Company. Interest accruing at the rate of 12% per annum, maturing on 31 October 2024 (ASF Loan Facility); and		
	(ii) <u>Liu Loan</u> - an unsecured loan facility of \$20 million from Wanyan Liu, a substantial shareholder of the Company. Interest accruing at the rate of 12% per annum, maturing on 31 October 2024 (Liu Loan Facility).		
	As at the quarter ended 30 June 2023, the Company had remaining available facilities of \$4.88 million under Liu Loan Facility and \$2 million under ASF Loan Facility.		

8.	Estimated cash available for future operating activities	\$A'000
8.1	Net cash from / (used in) operating activities (item 1.9)	(548)
8.2	(Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(146)
8.3	Total relevant outgoings (item 8.1 + item 8.2)	(694)
8.4	Cash and cash equivalents at quarter end (item 4.6)	240
8.5	Unused finance facilities available at quarter end (item 7.5)	6,880
8.6	Total available funding (item 8.4 + item 8.5)	7,120
8.7	Estimated quarters of funding available (item 8.6 divided by item 8.3)	10.26
	<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8	If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	Answer:	N/A

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: N/A

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

24 July 2023

Date:

By the Board of Rey Resources Limited

Authorised by:
(Name of body or officer authorising release – see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

June 2023

Quarterly Report

HIGHLIGHTS

Projects

- EP487 3D Seismic Planning Underway

Corporate

- Appointment of Mr Stanley Fu as Non-Executive Director
- Resignation of Mr William Kuan as Director
- Extension of ASF and Liu loan facilities

Rey Resources Limited (ASX: REY) (“Rey” or “the Company”) is focused on developing its oil and gas interests in the Canning and Perth Basins, Western Australia.

1. Oil and Gas

1.1 Fitzroy Blocks (EP457 and EP458)

The Fitzroy Blocks are located in the Canning Basin in the northwest of Western Australia (refer Figure 1 below).

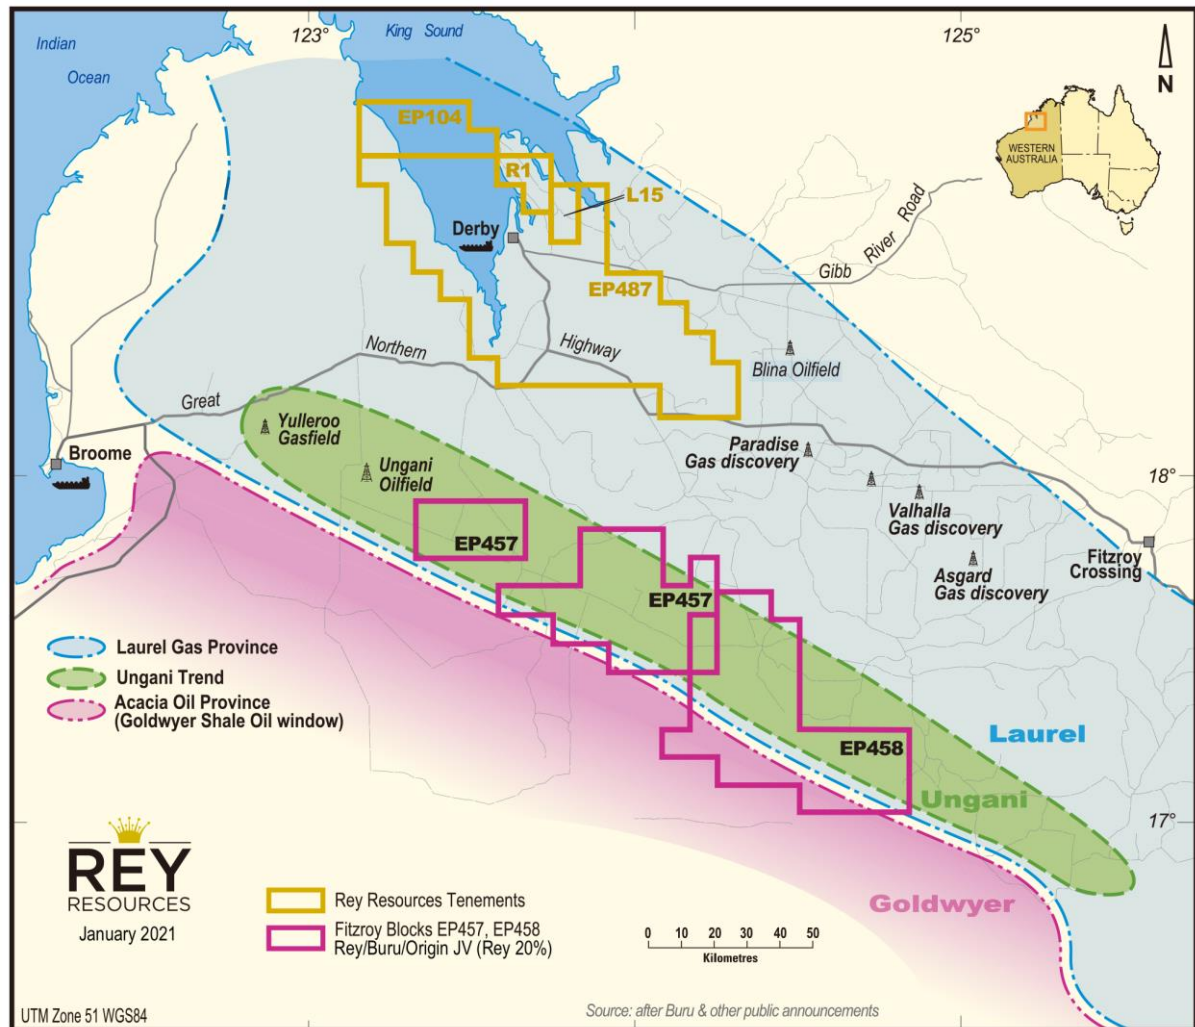

Figure 1: The three major prospective trends relative to Fitzroy Blocks EP457 and EP458 and Derby Block EP487.

An Operation Committee Meeting was held between the Joint Venture partners during the quarter for the proposed 3D Seismic over Rafael area. Rey voted against the proposal in considering the 3D seismic will not bring economic value to Rey in short term given Rafael prospect has been proved as a gas and condensate rich trap as lack of gas pipelines and facilities in the Canning Basin. During the quarter Rey received a sole risk notice according to terms of JOA from Buru for the proposed Rafael 3D seismic survey.

1.2 Derby Block (EP487)

The Company currently holds a 100% interest in petroleum exploration permit EP487, the Derby Block, via its 100% owned subsidiaries Rey Lennard Shelf Pty Ltd and Rey Derby Block Pty Ltd.

The Derby Block is considered to be predominantly a Wet Laurel Basin Centred Gas play (BCG) which is regionally extensive throughout the Canning Basin (refer to Figures 2 below) and has been the subject of exploration elsewhere in the Canning Basin by other parties in 2015, resulting in encouraging flow tests by Buru at Valhalla and Asgard.

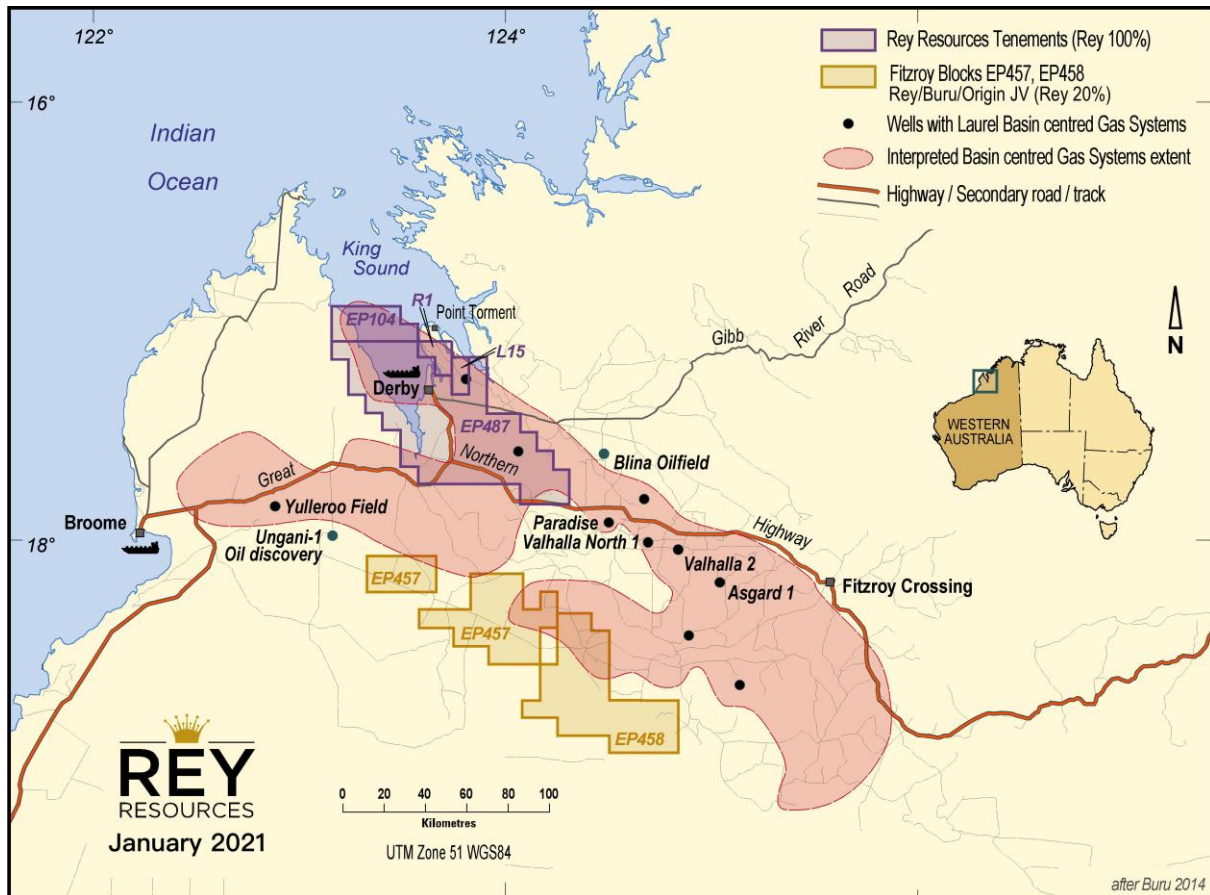

Figure 2: Interpreted extent of the Laurel Basin gas system in relation to Rey's petroleum interests (after Buru and others).

Rey is actively planning the committed large scale 3D Seismic survey over Butler prospect during the quarter. Basic seismic design has been completed with option to cover East Yeeda prospect over south-east part of the permit. The environmental plan works has also been started that aiming to have the onsite survey before rain season in 2023. Three quotations from seismic contractors have also been received which are under consideration by the management.

1.3 Lennard Shelf Blocks (EP104, R1 and L15)

Rey holds a 100% interest in the Lennard Shelf Blocks, comprising EP104, a Retention Lease (R1) and one Production Licence (L15). The Lennard Shelf Blocks are situated to the north of Rey's existing interests in the Canning Basin (refer Figure 3) petroleum exploration licence, EP487 covering a total area of approximately 1,145 km² and are considered prospective for conventional oil and tight gas.

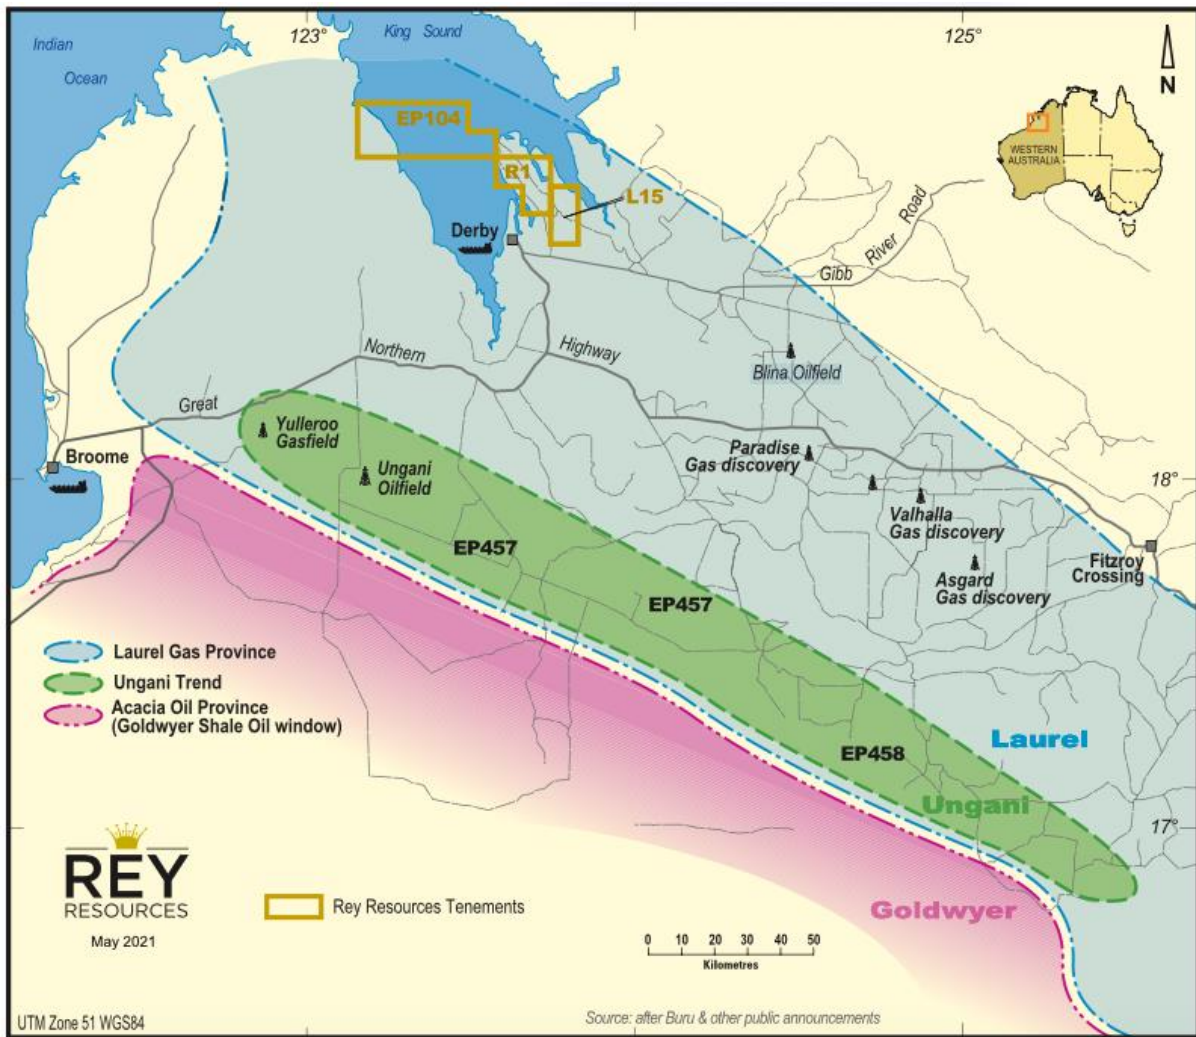

Figure 3: Location of Lennard Shelf Blocks

Rey is working on the sidetrack drilling plan, new well drilling concept and P&A study over R1 area. The studies will be conducted by an independent consultant company with good drilling engineering experience in WA. Rey expects the studies could be completed by early Q3 2023.

1.4 Coal

The Duchess Paradise Coal Project (**DP Project**) is a proposed bituminous thermal coal operation located in the Canning Basin of Western Australia and is partly contiguous with the Fitzroy Blocks.

Since Rey agreed to attend the face-to-face meeting proposed in April/May 2023. Rey received no further responses from the Native Title holders. Rey will keep following up and communicating with Native Title holders for the heritage protection agreement negotiation.

2. Corporate

On 15 May 2023, the Company announced the appointment of Mr Stanley Fu as Non-Executive Director of the Company. Mr Fu had been working for the Company as Operation Manager for 5 years until July 2022. He has over 10 years experience in commercial management, research and analysis, operations as well as delivery of complex projects within the oil and gas industry.

Mr William Kuan resigned as Director on 15 May 2023, who will remain in the position of the Company Secretary of the Company.

On 30 May 2023, the Company announced that both ASF Group Limited and Ms Wanyan Liu had agreed to extend the maturity date of the loan facilities granted to Rey by 1 year to 31 October 2024. Ms Liu also agreed to increase the loan facility provided to Rey by \$3 million to a total of \$20 million.

As at the quarter ended 30 June 2023, the Company maintained a cash balance of \$240,000 and available loan facilities from Ms Wanyan Liu and ASF Group Limited of \$4.88 million and \$2 million respectively.

As required pursuant to section 6 of the Company's Appendix 5B, the Company paid approximately \$66,000 to related parties during the quarter, of which \$27,525 were consulting fees and \$38,676 were Director fees.
