3.2 Pro-forma Consolidated Statement of Financial Position as at 30 June 2023 taking into account the issue of the Tranche 1 Notes.

To illustrate the effect of the issue of the Tranche 1 Notes on the Company, a pro-forma Consolidated Statement of Financial Position (**Pro-forma Accounts**) which is set out below has been prepared based on the financial position of the Company's consolidated financial statements for the year ended 30 June 2023 (unaudited).

The Pro-forma Accounts shows the effect of the issue of the Tranche 1 Notes as if they had been issued on 30 June 2023.

The accounting policies adopted in the preparation of the Pro-forma Accounts are the same as those used in the preparation of the 30 June 2023 unaudited accounts. The historical and Pro-forma Accounts are presented in an abbreviated form, insofar as they don't include all of the disclosures required by Australian Accounting Standards applicable to the unaudited annual financial statements. The Pro-forma Accounts have not been subject to independent audit or review.

The Pro-forma Accounts have been prepared to provide investors with information on the assets and liabilities of the Company and pro-forma assets and liabilities on the basis that the issue of the Tranche 1 Notes were issued on 30 June 2023. The Company advises that the Pro-forma Accounts is not the current financial position of the Company as at the date of this Notice, and that the information is provided for illustrative purposes only.

The Pro-forma Accounts show the impact that the issue of the Tranche 1 Notes and associated securities would have had on the Company's financial position as at 30 June 2023, if these securities were issued on that date, taking into account funds of US\$850,000 received (before costs) on the issue of Tranche 1 Notes to Obsidian and the conversion of the Tranche 1 Notes to shares.

Notes:

1. The Company holds 19.98% of Balkan Mining Minerals Ltd (ASX:BMM) and continues to have significant influence. Consequently, the carrying amount of the net investment in associate is increased / decreased to recognize the Company's share of the profits / losses of BMM. For the 6 months to 31 December 2022, the Company's share of the BMM loss was \$322,207. It has been estimated in the financial position as at 30 June 2023 that EV Resources Limited's share of the loss of BMM for the 6 months to 30 June 2023 will be the same as that recorded for the 6 months to 31 December 2022 (that is, for the year ended 30 June 2023 EV Resources Limited has recorded its share of the BMM's loss as \$644,414, thereby reducing the value of its net investment in associate by this amount)..

 - If after the Tranche 1 Notes purchase the Company's share price trades above AU\$0.05 (and thereafter for every AU\$0.05 multiple in price) for a minimum of 10 trading days, then the Fixed Price shall be increased to that price.
 - (ii) At anytime, should the Company issue shares at a price less than the Fixed Price or any security convertible into shares at a price less than the Fixed Price then the Fixed Price will be reduced to that lesser price.
 - (iii) The agreement limits the number of shares that can be issued on conversion of Tranche 1 to 132m shares which is the Company's current placement capacity under Listing Rule 7.1.
