

11 September 2023

## Retraction of ASX Release

---

**Tietto Minerals (ASX: TIE)** refers to its ASX announcements released on Tuesday 5 September titled "*Tietto Produces 11,191oz Au in August & Updated H2 Guidance*" and Wednesday, 6 September titled "*Africa Down Under Conference 2023 Presentation*" (together the **Announcements**). The Company advises it retracts the Announcements in their entirety as they contain an updated seven-year production schedule based upon an updated 2023 resource model that has not been released to market and therefore the Company does not have a reasonable basis to make the statements contained therein. Accordingly investors should not rely on the Announcements.

The Company anticipates that the full Life of Mine (LOM) and updated Reserves statement will be available for release at the end of September 2023.

This announcement has been authorised for release by the Board of Tietto.
