

Focused on growing high-grade gold ounces in front of established infrastructure

### **Cautionary Notice & Disclaimer**

This presentation is dated 12 September 2023 and has been prepared by Spartan Resources Limited ACN 139 522 900 (**Spartan** or **the Company**). The information in this presentation remains subject to change without notice. The information in this presentation is of a general nature and does not purport to be complete, is provided solely for information purposes and should not be relied upon by the recipient. All financial information in this presentation is in Australian Dollars (\$ or AUD) unless otherwise stated.

This presentation is not, and does not constitute, or form any part of, an offer to sell or issue, or the solicitation, invitation or recommendation to purchase any securities.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. This presentation does not purport to summarise all information that a recipient should consider when making an investment decision and should not form the basis of any decision by a recipient.

Recipients should carry out their own investigations and analysis of Spartan and verify the accuracy, reliability and completeness of the information contained in this presentation or any other form of communication to which the recipient is permitted access while evaluating an investment in Spartan.

#### Financial information

The pro forma financial information provided in this presentation is for illustrative purposes only and does not represent a forecast or expectation as to Spartan's future financial condition or performance. It does not include all the presentation and disclosures, statements or comparative information as required by the Australian Accounting Standards or other mandatory professional reporting requirements applicable to general purpose financial reports prepared in accordance with the Corporations Act 2001 (Cth).

Certain figures, amounts, percentages, estimates, calculations of value and fractions provided in this presentation are subject to the effect of rounding. Accordingly, the actual calculation of these figures may differ from the figures set out in this presentation.

#### Past & Future performance

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance. This presentation contains certain "forward-looking statements". The words "expect", "anticipate", "likely", "estimate", "intend", "believe", "guidance", "should", "could", "may", "will", "forecast", "predict", "plan", "aim", "target" and other similar expressions that involve risks and uncertainties are intended to identify forward-looking statements. Indications of, and guidance on, future earnings and financial position and performance are also forward-looking statements. Forward-looking statements, opinions and estimates provided in this presentation are based on assumptions and contingencies which are subject to change without notice and involve known and unknown risks and certainties and other factors which are beyond the control of Spartan, its directors and management.

You are strongly cautioned not to place undue reliance on forward-looking statements, particularly in light of the current economic climate. Forward-looking statements are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Actual results, performance or achievements may differ materially from those expressed or implied in such statements and any projections and assumption on which these statements are based.

No representation or warranty, express or implied, is made as to the accuracy, likelihood of achievement or reasonableness of any forecasts, prospects, returns or statements in relation to future matters contained in this presentation. The forward-looking statements are based on information available to Spartan as at the date of this presentation. Except as required by law or regulation (including the ASX Listing Rules), none of Spartan, its representatives or advisers undertakes any obligation to provide any additional or updated information whether as a result of a change in expectations or assumptions, new information, future events or results or otherwise. Indications of, and guidance or outlook on, future earnings or financial position or performance are also forward-looking statements.

This presentation has been authorised for release by the Managing Director / CEO of Spartan Resources Limited.

#### **BOARD**

Simon Lawson Managing Director/ CEO	<ul> <li>Appointed MD &amp; CEO of Gascoyne/Spartan in November 2021</li> <li>Geologist (MSc, MAusIMM) – 18-year career in the gold industry including 6 years from "start-up" at Northern Star Resources</li> <li>Former Managing Director of Firefly Resources until merger with Gascoyne Resources, now Spartan Resources.</li> <li>Board positions with Firetail Resources and Labyrinth Resources</li> </ul>
Rowan Johnston Non-Executive Chairman	<ul> <li>Mining Engineer</li> <li>Previously Managing Director of Excelsior Gold &amp; Mutiny Gold</li> <li>Previously Study Manager and Executive Director of Integra Mining</li> <li>Previously Executive &amp; Non-Executive Director of Bardoc Gold</li> <li>Executive Chairman of Kin Mining, Non-Exec Director of PNX Metals</li> </ul>
Hansjoerg Plaggemars Non-Executive Director	<ul> <li>Seasoned finance professional holding an MBA from University of Bamberg, with experience in structured debt finance and ECM</li> <li>Over 14 years experience as a CFO in various industries</li> <li>Non-Executive Director of a number of ASX-listed companies, including Kin Mining, PNX Metals and Geopacific Resources Ltd</li> </ul>
David Coyne Non-Executive Director	<ul> <li>Transitioned to Non-Executive Director on 1 April 2023</li> <li>30-year career in resources and engineering &amp; construction in Australia and internationally, focusing on commercial and finance</li> <li>Previous ASX-listed board positions include Executive Director of Peninsula Energy and Non-Executive Director of BC Iron</li> <li>Currently Chief Financial Officer and Joint CoSec of Red 5 Limited.</li> </ul>
John Hodder Non-Executive Director	<ul> <li>Appointed Non-Executive Director on 12 May 2023</li> <li>30 years' experience in the mining industry, funds management and private equity sectors, most recently with Tembo Capital</li> <li>Brings a wealth of listed company experience to Spartan, having served as a Non-Executive Director on a number of private and ASX-listed company boards</li> <li>Currently serves as a Non-Executive Director of Strandline Resources Ltd and Genmin Ltd</li> </ul>

<sup>2.</sup> Per most recent substantial holder notices lodged by respective shareholders

### Location - Western Australia - established and safe!

### **Flagship Asset**

- Dalgaranga Gold Project
- Midwest Region, W.A.
- 1.18Moz @ 2.2g/t gold
- 2.5Mtpa Processing Plant
- Care and Maintenance

#### **Growth Phase - DRILL**

#### **Discovery**

- Never Never Gold Deposit
- Discovered mid 2022
- High-grade OP and UG
- 0.72Moz @ 5.85g/t gold
- Open at depth drilling!
- 600m to Process Plant

### Focus <2,000m of plant!

### Plan – High-Grade + Process Plant + Funded + Focused

### ✓ Processing Plant

- 2.5Mtpa CIL processing plant with sizeable gravity circuit
- 5-year-old infrastructure crusher, mill, power station, camp, airstrip in great condition
- In "High-State" Care & Maintenance status mill rotated, greasing system operating
- Never Never Gold Deposit metallurgy: +92% overall recovery, up to 34% gravity recovery<sup>1</sup>

### ✓ Funded

- All drilling, study work and associated costs through to mid-2024, including:
  - Resource definition surface drilling targeting substantial upgrades
  - Exploration drilling targeting nearby high-grade "look-alike" prospects
- Maiden Ore Reserve due Q4 2023
- All studies related to reserves and restart FID study
- Targeting a mid-2024 restart decision

### √ Focused

High-grade resources, high-grade team and a high-grade strategy

### Mineral Resources (as at 30 June 2023)

#### **Group Mineral Resources**

38.5Mt @ 1.6g/t for +1.96Moz gold

#### **Murchison Mineral Resources**

21.9Mt @ 2.0g/t for +1.43Moz gold

#### **Dalgaranga Mineral Resources**

- 16.7Mt @ 2.2g/t for 1.18Moz (growing!)
- 2.5Mtpa Dalgaranga Processing Plant (potential +6yrs?)
  - Care and Maintenance status (high readiness)
  - All infrastructure in place power plant, camp etc

#### **Never Never Gold Deposit**

- +3.8Mt @ 5.85g/t for +0.72Moz gold (open!)
- Drilling underway 2-3 rigs new campaign 20km
- Diamond drilling deeper Never Never extensions
- Never Never MRE update due Q4 2023

**FOCUS – HIGH-GRADE – DRILL – GROW!** 

MURCHISON MINERAL RESOURCES			
Category	Tonnes (Mt)	Grade (g/t)	Ounces (koz Au)
Measured	0.50	1.0	15.2
Indicated	15.71	2.1	1,052.9
Inferred	5.73	1.9	358.9
GRAND TOTAL	21.94	2.0	1,426.9

- 6 months later 303,100 ounces @ 4.64g/t gold from surface and growing
- 12 months later 721,200 @ 5.85g/t gold, open and ounces per vertical metre increasing!

### Never Never Deposit & Nearby High-Grade "Look-alikes"

# 25,000m drill program targeting Never Never and others!

#### **Never Never Gold Deposit**

- 33.1m @ 8.15g/t gold (DGDH036)
- 18.4m @ 3.63g/t gold and,
- 14m @ 6.33g/t gold (DGRC1205-DT)

#### "Lookalikes" (Others!)

#### **West Winds Gold Prospect**

- 15m @ 11.64g/t gold (DGRC1161)
- 8m @ 16.22g/t gold (DGRC1162)

#### **Four Pillars Gold Prospect**

- 60m @ 2.35g/t gold (DGRC1173)
- 32m @ 4.13g/t gold (DGRC1154)

## Never Never Multiples – Scale – "Lookalikes" nearby

## **Today – What are we doing right now?**

- Active 4 x drill rigs on-site drilling Never Never and near-mine targets
- Active 25,000m surface drill program Drill High-Grade GROW
  - Drill Never Never Gold Deposit deeper extensions convert Inferred to Indicated
  - Drill "Ink" gold prospect in hanging-wall west of Never Never
  - Drill "Four Pillars" and "West Winds" high-grade areas beneath the Gilbey's Pit
  - Drill "Arc", a promising west-striking shallow position 1km north of Never Never
  - Drill test geophysical targets within 2km of plant pending finalised analyses
- Active 10+ projects underway optimisation focus ongoing
  - Metallurgical Ongoing Metallurgical Testwork and Processing Optimisation
  - Mine Engineering Reserve generation, Mining studies and Mining schedules
  - Geological Structural, Mineralogical, Mineralisation model
- Active Strengthening team Reserves and Mining Engineering focus!

### Why Invest in Spartan? – Facts!

<ul><li>Prov</li></ul>	ven H	igh-G	Grade
------------------------	-------	-------	-------

721koz @ 5.85g/t gold (open) - 600m from processing plant

Proven Proximity

2.2g/t pit, 7.6g/t underground, huge resource upside

Proven Ounces

1.18Moz @ 2.2g/t within 10km of processing plant

Proven Growth

<u>0 to 720koz HG <12 months – growing today – how big?</u>

Proven Team

Discoverers, mine renovators, technical mining focus

Proven Infrastructure

5yr old 2.5Mtpa process plant with gravity circuit

Compelling Value

Mkt Cap - A\$289.6m, A\$34.6m cash<sup>1</sup>, plant & infrastructure

Growth Focused

Active news-flow – significant events, forecast – re-rates

Consolidation?

Cheaper/faster to buy high-grade ounces than find them

**Low Entry Point – High-Grade – Established Infrastructure – Funded – Drilling!**

### **Competent Person's Statement**

The Mineral Resource estimates for the Dalgaranga Gold Project referred to in this presentation are extracted from the ASX announcement dated 24 July 2023 and titled "Landmark Resource Upgrade Confirms Never Never as a Major Australian Gold Discovery". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements. The Competent Person responsible for reporting of those Mineral Resource estimates was Mr Nicholas Jolly.

The Mineral Resource estimates for the Never Never Gold Deposit referred to in this presentation are extracted from the ASX announcement dated 24 July 2023 and titled "Landmark Resource Upgrade Confirms Never Never as a Major Australian Gold Discovery". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements. The Competent Person responsible for reporting of those Mineral Resource estimates was Mr Nicholas Jolly.

The Mineral Resource estimates for the Gilbey's, Gilbey's South, Plymouth, Archie Rose and Sly Fox deposits referred to in this presentation are extracted from the ASX announcement dated 8 September 2022 and titled "Gold Resources increase by 15.6% to 1.37Moz with Resource Grade up by 29%". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed.

The Mineral Resource estimates for the Melville and Applecross deposits referred to in this presentation are extracted from the ASX announcement dated 6 December 2021 and titled "24% Increase in in Yalgoo Gold Resource to 243,613oz Strengthens Dalgaranga Growth Pipeline". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement. The Competent Person responsible for reporting of those Mineral Resource estimates was Mr Simon Lawson.

The Mineral Resources estimates for the Glenburgh Project referred to in this presentation are extracted from the ASX announcement dated 18 December 2020 and titled "Group Mineral Resources Grow to Over 1.3M oz". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement. The Competent Person responsible for reporting of those Mineral Resource estimates was Mr Brian Fitzpatrick.

The Mineral Resources estimates for the Hibernian deposit at Mt Egerton referred to in this presentation are extracted from the ASX announcement dated 31 May 2021 and titled "2021 Mineral Resource and Ore Reserve Statements". The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and that all material assumptions and technical parameters underpinning the estimate in the original market announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement. The Competent Person responsible for reporting of those Mineral Resource estimates was Mr Brian Fitzpatrick.
