Invitation to Linus Market Update Webinar

Melbourne, Australia – 15 September, 2023: Linus Technologies Limited (ASX:LNU) ('Linus' or 'the Company') – the only cloud-based solution that unlocks the value of video archives with immersive, deeply personalized viewer experiences via its Linus Video Services (LVS) platform – is pleased to invite Shareholders and Investors to a market update webinar, hosted by CEO, James Brennan. The presentation will be held at 11:00 (AEST) on Friday 22nd September 2023.

Through FY23, the Company made significant progress in the commercialization and development of its products in the sports segment, achieving record financial outcomes as a result – total billings of \$487,000 and cash receipts of \$496,000, up 82% YoY. The launch of Whizzard and the evolution to Linus Media Solutions have generated significant customer interest and growth for the company. Those attending the conference will be presented with a review of a transformational year for Linus in FY23 and a view into what lies ahead, specifically:

- Review of Linus results and achievements in FY23
- Overview of strategy and plans for FY24
- Update on Linus' pipeline and path towards profitability

There will also be a Q&A session at the end of the presentation, where Linus team members will answer questions submitted by registered conference participants. Investors are invited to submit questions in advance to ir@linius.com.

About Linus Technologies Limited:

Linus' purpose is to unlock the value of the world's video, creating immersive, deeply personalized viewing experiences. For the first time, we make it possible to find, curate, and utilize the valuable moments across vast libraries of video, enabling viewers to create an infinite amount of personalised video compilations on-the-fly, providing the most relevant content to each viewer.

Our patented Video Virtualisation Engine™ (VVE) turns big, bulky video files into lightweight, searchable data that is enriched with AI and ML, making it easy and efficient for users to find and share what matters to them. Creators and owners of video can drive greater viewing, and monetisation of their video assets.
