

\$5m+ Contracts Secured in New Wins and Renewals

Market Update

SSH Group Ltd (ASX:SSH) (**Company** or **SSH**) is delighted to announce significant achievements in its recruitment and workforce management division, securing new and renewed contracts within the construction and government sectors.

Construction

In the construction domain, SSH Group Safety, a subsidiary within our Recruitment & Workforce Management Division, has been awarded two contracts for security, patrol, and access control services. These contracts have been granted by Multiplex, a prominent construction company, for their projects at ECU City in Perth's CBD and the new development at Elizabeth Quay Lot 6 – 9 The Esplanade Project. These engagements are anticipated to yield an estimated value of approximately \$3.8 - \$4.0 million, with completion expected in late 2025. Furthermore, our subsidiary, 'Bridge Resources,' has been approved to provide Labor Hire services to Multiplex across their construction projects.

Government

In the government sector, SSH Group Safety has extended its partnership with the City of Cockburn, a local government authority, to provide community patrols, CCTV monitoring officers, and Asset Protection services. The total value of this contract extension is estimated at approximately \$1.2 million, and it is set to continue until June 2024.

Stefan Finney, Chief Operating Officer, and Executive Director of SSH Group, expressed his satisfaction with these accomplishments, stating, "We are exceptionally pleased to have secured these opportunities for our recruitment and workforce management division. These contract wins and renewals with long-standing clients underscore our commitment to serving our clients and nurturing enduring relationships to meet their needs. Building and maintaining customer relationships is core to the success of the SSH Group's ethos and service delivery."

Authorisation

This release has been authorised in accordance with the Company's published continuous disclosure policy and approved for release by the Board of SSH Group Ltd.
