
Ardiden Limited – Corporate Governance Statement

30 June 2023

Ardiden's Corporate Governance policies have been formulated to ensure that it is a responsible corporate citizen. Except where noted, Ardiden complies with all aspects of the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations 4th Edition" ("ASX Principles") and these practices were in place for the whole of the financial year unless otherwise noted. A description of the Company's main corporate governance practices is set out below.

1 THE BOARD OF DIRECTORS

The Board is responsible to shareholders for the overall Corporate Governance of the Ardiden Group including its strategic direction and performance in general. This includes establishing KPIs for management and monitoring the achievement of those KPIs in a way which ensures that the interest of shareholders and stakeholders are promoted and protected. The Board operates in accordance with the broad principles set out in its charter, which is available in the corporate governance section of the Company's website at www.ardiden.com.au.

1.1 Composition of the Board

The composition of the Board is determined in accordance with the following principles and guidelines:

- the Board should comprise a minimum of three directors, a maximum of 12, and should maintain a majority of independent non-executive directors where possible;
- the Chairperson of the Board should be an independent non-executive director. In the event this independence is impaired, the Board shall appoint a Senior Independent Director, to manage conflicts of interest should they arise;
- the Board should comprise directors with an appropriate range of qualifications and expertise which is reviewed periodically through the use of a skills matrix;
- the Board should meet at least eight times per year and follow meeting guidelines set down to ensure all directors are made aware of, and have available all necessary information, to participate in an informed discussion of all agenda items.

The Board was comprised of a majority of independent directors, led by Independent Non-Executive Chair, Bruce McFadzean, for the entire year. Upon his resignation on 21 August 2023, Michelle Roth assumed the position of Independent Non-Executive Chair.

Names, Qualifications, Experience and Special Responsibilities

Information pertaining to the qualifications, experience, and expertise of the directors of the company as at the date of this Statement is included in the 2023 Annual Report and in the Board/Executive section on the Company's website. A summary of their roles and tenure are as follows:

Bruce McFadzean, Independent Non-Executive Chairman (Appointed Director 1 December 2021 – Resigned 21 August 2023).

Michelle Roth, Independent Non-Executive Director and Independent Non-Executive Chair since 21 August 2023 (Appointed 11 January 2022).

Greg Romain, CEO and Managing Director (Appointed 24 April 2023)

Neil Hackett, Non-Executive Director (Appointed Director 5 June 2012 and resigned 30 June 2023). The Board had determined that Mr Hackett was not Independent Director of the Company because he previously held role of executive Chairman and his tenure was in excess of 10 years.

Robin Longley, Managing Director, and CEO (Managing Director 1 February 2020 – Resigned 15 September 2022)

On 21 August 2023, Jeremy Robinson and Matthew Freedman were appointed to the Board as Non-Executive Directors. The Board has determined that neither are Independent Directors as they were nominated by a substantial shareholder.

1.2 Board Responsibilities

The responsibility for the operation and administration of the Ardiden Group is delegated by the Board to the Managing Director and the executive team.

Specifically, the Board is responsible for:

 - iii) always acting in a manner consistent with the Company's culture and Code of Conduct and statement of values;

- n) monitoring the effectiveness of the entity's governance practices.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board.

1.3 Independence of Directors

The Company considers that an independent director is a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with – or could reasonably be perceived to materially interfere with – the independent exercise of their judgement. This independence is assessed continually throughout the year. Broadly, an independent director is a non-executive, who has not been:

- employed in an executive capacity by the entity or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
- receives performance-based remuneration (including options or performance rights) from, or participates in a performance-based employee incentive scheme of, the entity;
- within the last three years, in a material business relationship (eg as a supplier, professional adviser, consultant or customer) with the entity or any of its child entities, or is an officer of, or otherwise associated with, someone with such a relationship;

Ardiden Limited – Corporate Governance Statement

30 June 2023

- within the last three years an officer or employee of, or professional adviser to, a substantial holder;
- in personal ties with any person who falls within any of the categories described above; or
- a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

Materiality for these purposes is assessed by the Board on both quantitative and qualitative bases giving due consideration to determine whether the director’s capacity to bring an independent judgment is impaired. Generally, an amount of over 5% of the Company’s expenditure is considered material.

The Board had formal protocols in place for managing conflicts as they arose with respect to Rob Longley’s (Resigned 16 September 2022) position as a non-executive Director of Green Technology Metals Limited.

There are procedures in place, agreed by the Board, to enable directors in furtherance of their duties to seek independent professional advice at the Company’s expense.

The Remuneration and Nomination Committee Charter outlines the process for the appointment and re-election of non-executive directors. The Constitution outlines the procedure for election and re-election of non-executive directors. Copies of the Charter and Constitution can be found on the Company website. For new appointments, appropriate background checks commensurate with the knowledge of the nominated director/executive are conducted prior to appointment, and each Board member has an opportunity to meet with the nominated candidate. When a director's nomination for election, or re-election, is being put forward for approval by shareholders at the AGM, all material information in the Company's possession that the Board considers relevant to the candidate's election as a director will be provided to shareholders in the relevant notice of meeting.

Directors submitting themselves for re-election at an annual general meeting are reviewed by the Remuneration and Nomination Committee in accordance with the Charter and the Constitution.

Director and senior executive appointments are confirmed with formal letters of appointment. The letters are with each director or executive personally and set out the key terms, conditions, and expectations of their appointment.

2.3 Induction and Continuing Development of Directors

Ardiden does not have a formal induction program. The Board, in conjunction with the Remuneration and Nomination Committee, regularly reviews directors' skills, knowledge, and familiarity with the Company's operations to ascertain gaps and appropriate development opportunities to fill those gaps. In addition, the company secretary circulates professional updates designed to keep the directors abreast with regulatory topics.

3 Safeguard the Integrity of Corporate Reports

3.1 Audit & Risk Committee

A copy of the charter can be found in the corporate governance information section of the Company's website at www.ardiden.com.au. It is the Board's responsibility to ensure that an effective internal control framework exists within the entity. 3.3 External Auditor

The external auditor meets with the Audit & Risk Committee at least twice annually. In addition, the external auditor is required to attend the Annual General Meeting to answer any questions from shareholders relevant to the audit and financial statements. Nexia Perth Pty Ltd is the Company's external auditor.

3.4 Annual Certification

When considering the Audit & Risk Committee's review of financial reports, the Board receives a written statement, signed by the Managing Director, and the Chief Financial Officer, that, in their opinion, the financial records of the Company have been properly maintained and the financial statements comply with appropriate accounting standards and give a true and fair view of the financial position and performance of the Company, and that the opinion has been formed on the basis of a sound system of risk management, and internal control which is operating effectively.

3.5 Periodic Corporate Reports

Any periodic corporate reports that have not been audited or reviewed by an external auditor are subject to internal verification processes before being released to the market. All content is either verified by the CFO against source data or data that is reviewed and signed-off by relevant subject matter experts from within the business. Equivalent procedures are also used to verify other materials such as presentations to investors.

4 Recognise and Manage Risk

The Audit and Risk Committee is responsible for overseeing the entity's risk management framework. Refer Note 3 above for roles and composition.

4.1 Risk Management Policy

The Company is subject to a number of economic, environmental, social sustainability and health and safety risks, typical of those associated with a publicly listed entity engaged in mineral exploration, which may materially impact the Company's ability to realise value for shareholders over the short, medium or long-term. The identification and effective management of material business risks is viewed as an essential part of the Company's approach to creating long-term shareholder value.

The Board is responsible for determining the company's risk appetite and tolerance, identifying areas of significant business risks, and ensuring that arrangements are in place to adequately manage those risks. The Board is responsible for satisfying itself annually that the system of risk management and internal controls is sound and is operating adequately.

Management, through the Managing Director (MD), is responsible for designing, implementing and reporting on the adequacy of the Company's risk management and internal control system to the Board. All business risks are managed by the MD with the support of employees and consultants where appropriate. Ardiden does not have an internal audit function but instead relies on the processes set out in the Risk Management Policy, a copy of which can be found at www.ardiden.com.au.

The Company carries out risk management activities in a number of specific areas including Strategic, Operational, Financial Management, ESG, and Legal and Compliance. The risk management framework was reviewed during the year which included setting the risk appetite and risk identification. Management has identified specific risks and developed mitigating controls and a continuous programme of risk

The Board reviews the top 5 risks periodically through the year or as circumstances require alteration to the strategic plan. Material risks are set out in the Annual Report.

The Board also receives a written assurance from the Managing Director and Company Secretary that to the best of their knowledge and belief, the declaration provided by them in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in relation to financial reporting risks. The Board notes that due to its nature, internal control assurance from the MD and Company Secretary can only be reasonable rather than absolute.

- (iii) drive long term strategy and alignment with shareholders; and
- (iv) promote independence, impartial decision-making; and sustainable shareholder value by encouraging a longer-term strategic perspective, by not linking fees directly to the results of the Company.

Ardiden Limited – Corporate Governance Statement

30 June 2023

Structure

Non-executive directors' fees consist of fixed base fees at comparable market rates for time, commitment, and responsibilities. There are no separate committee fees, nor are there any retirement benefits paid to Non-Executive Directors.

Base fees are reviewed regularly based on recommendations of the Remuneration and Nomination Committee, having regard to comparable remuneration levels within an aggregate fee pool limit, which is approved by shareholders. The pool limit maximum currently stands at \$350,000 and was approved 29 November 2022. It is at the discretion of the Board to distribute this pool amongst the Non-Executive Directors based on the responsibilities assumed. During the year \$265,000 of the pool was utilised.

Base fees were adjusted 1 January 2023.

	1/7/22 – 32/12/22	1/1/23 – 30/6/23
Base fees	\$	\$
Chair	85,000	85,000
Non-Executive Director	55,000	65,000

Base fees for non-executive directors are not linked to the performance of the Group. However, to align directors' interests with shareholders' interests and to conserve cash, from time to time, director's remuneration may include equity-based incentives. Equity based remuneration is subject to Shareholder approval in accordance with ASX listing rules.

Further details of the compensation of non-executive directors for the period ending 30 June 2023 is detailed in the Remuneration Report.

7.2 Performance review

The Remuneration and Nomination Committee is responsible for the board performance review. The review is conducted periodically through the use of questionnaires and interviews to ensure the board is meeting its obligations as outlined in the Board Charter, has an appropriate skill set to meet Ardiden's strategic objectives, and that directors are able to meet the time commitment necessarily to fulfill their obligations.

An evaluation of the Board, its committees and individual directors has not been undertaken during the year, however the Board continuously reviews its composition by comparison to the skills required to meet Ardiden's strategic objectives, as outlined in the Skills Matrix.

7.3 Executive compensation

The Board is responsible for determining and reviewing compensation arrangements and evaluating performance for the Managing Director and the CFO/Company Secretary. The evaluations consider specific criteria outlined in the position descriptions and measurement of individual key performance indicators. Performance evaluations were undertaken during the period for the Managing Director and the CFO/Secretary.

Objective

The specific objectives of the Executive Remuneration Policy are to:

- (i) motivate executives to manage and lead the business successfully and to drive strong long-term growth in line with the Company's strategy, and business objectives;
- (ii) drive successful performance by incorporating an annual performance incentive and establish longer-term performance objectives;
- (iii) ensure transparency and reasonableness in executive remuneration policy and practices;
- (iv) deliver a balanced solution addressing all elements of total annual remuneration including base salary; superannuation; benefits and short-term incentives; and
- (v) contribute to appropriate attraction and retention strategies for executives.

The elements of the Remuneration Policy are described as follows:

Ardiden Limited – Corporate Governance Statement

30 June 2023

Executive Fixed Remuneration

Fixed remuneration is delivered as a base salary, and requisite superannuation contribution for employees of the Company. This is reviewed annually by the Remuneration and Nomination Committee, or on promotion, having regard to the Company and individual performance. It is regularly compared with the external market through participation in industry salary surveys and during recruitment activities generally. If required, the Remuneration and Nomination Committee may engage an external consultant to provide independent advice in the form of a written report detailing market levels of remuneration for comparable executive roles.

Executive Variable Pay - Short Term Incentives (STI)

The objective of short-term incentives is to align eligible employees' interests with shareholder interests. STI metrics focus on stretch performance. STI performance measures are based on both financial and other performance measures deemed appropriate for the Company, including ESG. This ensures that a proportion of remuneration is tied to overall Company performance, both financial and non-financial including ESG indicators and are measured annually. STIs may be paid in cash or securities at the discretion of the Board.

Variable Pay - Long Term Incentives (LTI)

The objective of long-term incentives is to reward executives in a manner which aligns with the creation of shareholder wealth.

LTI's granted to executives are delivered in the form of performance options or performance rights (Incentives). These Incentives are issued at an exercise price determined by the Board at the time of issue and generally vest over a selected period with vesting also tied to the performance conditions. The quantum of LTI granted is dependent on the Company's recent share price performance, the seniority of the Executive and responsibilities the Executive assumes in the Company.

Assessing performance and claw-back of remuneration

The Remuneration and Nomination Committee is responsible for assessing performance against KPIs and determining the STI and LTI to be paid. To assist in this assessment, the committee receives detailed reports on performance from management and/ or external parties, which are based on independently verifiable data such as financial measures, market share and data from independently run surveys.

In the event of serious misconduct or a material misstatement in the company's financial statements, the remuneration committee can cancel or defer performance-based remuneration and may also claw back performance-based remuneration paid in previous financial years.

Further information on directors' and executives' remuneration is set out in the directors' report.

There are no departures from the Corporate Governance Principles and Recommendations 4th Edition" other than noted above.
