¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

2. ASX Corporate Governance Principles and Recommendations

The ASX Corporate Governance Council has developed and released its fourth edition of the corporate governance recommendations for Australian listed entities (**ASX Recommendations**) in order to promote investor confidence and to assist companies to meet stakeholder expectations. The recommendations are not prescriptions, but guidelines. The Board considers an independent Director to be a Non-Executive Director who is free of any interest, position, or relationship that might influence, or reasonably be perceived to influence, his or her capacity to bring an independent judgement on issues before the Board and to act in the best interests of QMines and its shareholders. The Board considers the materiality of any given relationship on a case-by-case basis and has adopted guidelines to assist in this regard. The Board reviews the independence of each Director in light of interests disclosed to the Board from time to time.

The Board Charter sets out guidelines of materiality for the purpose of determining independence of Directors in accordance with ASX Recommendations and has adopted a definition of independence that is based on that set out in the ASX Recommendations.

The Board considers whether there are any factors or considerations which may mean that a Director's interest, position, association or relationship might influence, or reasonably be perceived to influence, the capacity of the Director to bring an independent judgement to bear on issues before the Board and to act in the best interests of QMines and its shareholders generally.

The Board considers that Simon Kidston, Elissa Hansen and Peter Caristo are free from any interest, position, association or relationship that might influence, or reasonably be perceived to influence, the independent exercise of the Director's judgement and that each is able to fulfil the role of independent Director for the purpose of the ASX Recommendations.

Andrew Sparke is currently considered by the Board not to be independent on the basis that he is the Managing Director of QMines and has an interest in 28,027,650 shares in the Company.

The Board currently consists of a majority of independent Directors.

Director Appointment, election and re-election

The Company undertakes appropriate checks before appointing and/or putting forward any person as a candidate for election as a Director and will provide security holders with all material information in its possession relevant to the election (or re-election) of each Director.

The Company has a written agreement with each Director setting out the terms of their appointment. The Company also has a written agreement with each senior executive setting out the terms of their appointment.

Under QMines' Constitution, with the exception of the Managing Director, Directors may not hold office without election beyond their third Annual General Meeting (AGM) following their election or most recent re-election. Any director appointed to fill a casual vacancy since the previous AGM, must submit themselves for election at the next AGM.

Role and Responsibilities of the Board

The Board's role is to act in the best interests of the Company as a whole and is accountable to shareholders for the overall direction, management and corporate governance of the Company and the Group.

The Board Charter sets out the Board's role and responsibilities and describes those matters expressly reserved for the Board and those matters delegated to management (principally the Executive Chairman and General Manager).

The Executive Chairman and General Manager are responsible for the day-to-day management of the Company, supported by other senior management. However, the ultimate responsibility for governance and strategy resides with the Board.

Structure and Composition of the Board

QMiners is committed to ensuring the composition of the Board includes Directors who bring the appropriate mix of skills, experience, expertise and diversity to Board decision making. It considers that having a diversity of skills background, knowledge and gender are important to effectively govern the Company.

Board Performance Evaluation

QMiners is committed to transparency in determining Board membership and in assessing the performance of the Board, Board Committees and individual Directors.

The Board conducts regular evaluations of its performance, the performance of its Committees, the Chairman and individual Directors. This includes assessment, review and analysis of how the Board, Committees and Directors function, time spent considering matters and whether the Board and the Committees have complied with their respective Charters. In its evaluations, the balance of skills, experience, independence and knowledge will all be taken into consideration as well as how the Board works together as a unit.

An evaluation was not completed this year.

Professional Development

The Board regularly reviews whether the Directors have the skills, knowledge and familiarity with the entity and its operating environment required to fulfil their role on the Board and its Committees effectively and, where gaps are identified, consider what training or development could be undertaken to fulfil those gaps.

Remuneration

QMiners does not have a formal Remuneration Committee at this time. The full board oversees the fixing of remuneration for the Directors and the General Manager and ensures such remuneration is appropriate and not excessive. While the General Manager is directly responsible for setting the remuneration of other members of the team, the Board reviews the recommendations and provides advice to the General Manager on these issues.

Given the size of the Company's management team, the Board believes this is an appropriate way to deal with this aspect of the Company's governance at this time.

Nomination

QMiners does not have a nomination committee. The Board as a whole is responsible for Board succession issues and to ensure the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to discharge its duties and responsibilities effectively.

Given the size of the Company's Board, the Board believes this is an appropriate way to deal with this aspect of the Company's governance at this time.

Induction

The Board provides an induction program to all new Directors.

5. Board Committees

To assist the Board in discharging its duties efficiently and effectively, it has established an Audit and Risk Committee (and will establish a Remuneration Committee when appropriate for the Company). Each Committee operates within its Board approved Charter which sets out the roles, responsibilities, membership requirements and meeting procedures for each committee.

Each established committee will meet as required and no less than twice a year.

Audit and Risk Committee

The role of the Audit and Risk Management Committee is to assist the Board in fulfilling its responsibilities for corporate governance and overseeing the Company's financial reporting, internal control structure, risk management systems and internal and external audit functions. This includes confirming the quality and reliability of the financial information prepared by the Company, working with the external auditor on behalf of the Board and reviewing non-audit services provided by the external auditor to confirm they are consistent with maintaining external audit independence.

The Audit and Risk Management Committee provides advice to the Board and reports on the status and management of the risks to the Company. The purpose of the Committee's risk management process is to assist the Board in relation to risk management policies, procedures and systems and ensure that risks are identified, assessed and appropriately managed.

The Company does not comply with the recommendations set by the ASX Corporate Governance Council in relation to the composition and operation of the Committee. The Committee has only two members, both of which are independent. The Committee is chaired by an independent director who is not the chairman of the Board. The Committee comprises Elissa Hansen (Chair) and Peter Caristo.

The Audit and Risk Committee Charter is available at <https://qmines.com.au/corporate-governance/>.

The Board reviews the Company's risk management framework at least annually and undertook a review this year.

Remuneration Committee

The Board intends to establish a Remuneration Committee when appropriate for the Company and has adopted a Remuneration Committee Charter in anticipation of forming the committee. Until it establishes a Remuneration Committee, the full Board is responsible for overseeing the Company's remuneration practices. This includes reviewing remuneration packages and policies related to Directors and senior executives. It is also responsible for administering short term and long-term incentive plans (including equity plans).

Given the size of the Company's management team, it believes this is appropriate at this time. A copy of the Remuneration Committee Charter is available at <https://qmines.com.au/corporate-governance/>.

Information on the remuneration of the Directors and senior executives is provided in the Company's Remuneration Report found in the Company's Annual report and available at <https://qmines.com.au/announcements/>.

QMiner grants performance incentives to employees as part of their remuneration under the Employee Securities Incentive Plan. In accordance with the Employee Securities Plan Rules, the Offer to employees restricts dealings with employee securities except with prior written consent from the Board. Details of any performance incentives issued are announced on the ASX platform and detailed in the Company's Annual Report.

A copy of the Company's Employee Securities Incentive Plan is available at <https://www.asx.com.au/asxpdf/20210504/pdf/44w5xg5l3sib4j.pdf>.

The role of the Company Secretary is set out in more detail in the Board Charter.

6. Senior Executives

Senior executives manage the day-to-day tasks of the Company under the guidance and direction of the Executive Chairman and General Manager. QMines recognises the importance of its senior executives to the Company's growth and performance. Accordingly, the Company undertakes regular evaluations of its senior executives to review their effectiveness and performance on an ongoing basis.

The General Manager reviews the performance of senior executives annually. These evaluations assess the completeness and effectiveness of each senior executive in meeting their Key Performance Indicators (KPI's), whether the executive has the appropriate mix of skills and experience to allow the Company to meet its corporate goals and whether the executive provides a safe, secure, productive, harmonious and inclusive environment for their employees to perform at their best. Conflicts of Interest

QMiners' Code of Conduct also includes guidelines for managing conflicts of interest.

In accordance with the requirements of the Corporations Act 2001 (*Cth*), Directors who have a material personal interest in a matter must not be present whilst the matter is being considered. The other Directors however, may allow such Director/s to participate and vote in relation to the issue if they are satisfied that the interest should not disqualify the Director/s from voting or being present.

QMines' management of sustainability aims to address the matters that the Company believes are the most material for its business and its stakeholders, now and in the future. Modern Slavery

QMines is committed to sustainable business practices, advancing human rights, and have embedded business practices that work towards the prevention of modern slavery and human trafficking in its business and supply chains.

Internal Audit

The Company does not have an internal audit function. Due to its size and current activities, the Board does not believe that an internal audit function is warranted at this time. The Board evaluates and monitors internal control processes in order to continually improve the effectiveness of its risk management practices and will re-evaluate the Company's requirement for an internal audit function as the Company grows.

CEO and CFO Declaration

The Board receives a declaration from both the CEO (Managing Director) and CFO (external consultant) that, in their opinion, the financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Group, and their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively before the Board will approve the Company's financial statements.

Verification of Periodic reports

QMines encourages shareholder participation at its AGM as an opportunity to allow the Board to listen and respond to shareholder feedback.

Shareholders are encouraged to submit questions prior to the meeting for response by the Company and/or auditor. The Company's external auditor attends all AGMs and is available to answer queries from shareholders relevant to the audit either received at, or prior to, the meeting.

Any substantive resolutions are decided by a poll rather than a show of hands.

10. Compliance with Recommendations

QMines currently complies with 31 of the 35 ASX Recommendations, which are relevant to the Company. Given the nature and scale of the Company, the Board believes its compliance with the ASX Recommendations to be appropriate at this time.

The ASX Recommendation the Company does not comply with is:

- Recommendation 1.5: While the Board has adopted a Diversity Policy, it has not set measurable gender diversity objectives at this time and does not intend to until it is of a sufficient size and structure to benefit from these objectives. The Board currently has a policy of appointing the best person for the job. The respective proportions of men and women on the Board in senior executive positions and across the whole organisation, is disclosed in Section 7 above.

The ASX Recommendations the Company did not comply with during the full year are:

- Recommendation 2.5: While the Board did not have an independent Chair for the full period, it now has an independent Chair following the appointment of Mr. Simon Kidston in February 2023;
