ABOUT RED HAWK MINING

Red Hawk Mining (ASX:RHK) is focussed on developing its 100%-owned Blacksmith Iron Ore Project in the Pilbara region of Western Australia. The Pilbara hosts many world-class iron ore mines and is the world's largest producing region of seaborne iron ore. With its close proximity to major iron ore markets, including China, Japan, South Korea and India, iron ore exports from the Pilbara exceeded 750 million tonnes in 2022.

BLACKSMITH PROJECT

The Blacksmith Project is located approximately 70km north-west of Tom Price and is surrounded by many major iron ore projects and significant associated road, rail and power infrastructure. The Project, containing mining lease M47/1451, has the potential to be a long-term supplier of iron ore to global steelmakers.
