The investment returns shown are historical and no warranty can be given for future performance. Historical performance is not a reliable indicator of future performance. Due to the volatility in a Company's underlying assets and other risk factors associated with investing, investment returns can be negative, particularly in the short-term.

About Hygrovest

Hygrovest Limited (“Hygrovest”, “HGV” or the “Company”) (ASX: HGV) is an Australian-listed, specialist investment company that has traded on the ASX since 2015.

Investors in Hygrovest gain exposure to a globally diversified portfolio that seeks to produce capital growth over the medium term from investments in listed and unlisted equities and debt securities.

On 23 August 2023, Hygrovest announced that it had executed an Investment Management Agreement appointing HD Capital Partners Pty Ltd (“HD”) to act as Investment Manager of HGV’s investment portfolio. The appointment is for a term of five years commencing 1 July 2023.

HD is a value-oriented, fundamental bottom-up stock picker focussing on opportunities in listed small cap equities markets including:

- undervalued, well-managed growth companies, often founder-led, that are off the radar of the broader investment community;
- undervalued securities where HD seeks to realise value; and
- situations that are dependent on a specific corporate action, such as mergers, liquidations, tender offers and divestments.

¹ Inception is 30 June 2018 being the date on which Hygrovest commenced accounting for investments as an investment entity.

² The quoted returns for 1 and 3 months and financial year to date are absolute, i.e., not annualised. The quoted returns for 12 months and since inception are annualised.

³ Excludes tax on unrealised gains on the investment portfolio. The financial information within this report is unaudited.

HYGROVEST NEWS**HGV Financial Results for September 2023**

During September 2023, HGV's Net Asset Value (before provision for deferred tax) decreased by 8%. The decline in HGV's Net Asset Value was primarily due to the decrease in the Enterprise Value to Net Revenue Multiple (EV/NRM) valuation multiple applied by HGV to Weed Me Inc ("Weed Me"). The EV/NRM multiple is derived from the end of month market valuations of various listed Canadian companies, each of which HGV considers to be broadly comparable to Weed Me. HGV also applies a 15% discount to the derived valuation multiple to account for the fact that Weed Me is unlisted.

2023 HGV Annual General Meeting

On 30 August 2023, HGV announced that HGV's 2023 Annual General Meeting (AGM) will be held on 22 November 2023 at 12.30pm (AEDT). HGV shareholders are able to download the AGM Notice of Meeting and vote on the resolutions to be considered at the AGM at <https://hygrovest.com.au/agm/>

Investment Manager Commentary – September 2023

Dear Investors,

We are HD Capital Partners and we're delighted to be writing to you in our first letter to fellow HGV shareholders. In this letter we'd like to briefly introduce ourselves, provide an overview of who we are and what we do and, most importantly, outline our strategy and plan to create value for HGV.

We are value investors, investing primarily in Australian listed equities on behalf of our wholesale and High Net Worth clients. In addition, our team has experience investing in private companies, both in Australia and offshore, across the capital stack. We believe this experience leaves us well placed to manage HGV's portfolio of investments.

We first came to HGV due to the value we saw. The company was, and still is, trading at a large discount to NAV. Through our buying we eventually became the company's largest shareholder, ensuring that our interests are now well aligned with yours, and took it upon ourselves to be active in the process of realising and creating value, culminating in our appointment as Investment Manager of HGV effective 1st July 2023.

Our primary objective going forward is to narrow the substantial discount to NAV that the stock currently trades at. There are elements of this that are out of our control (market sentiment, short term price movements) but there are those that are well within it (careful management of the existing investments, building the cash position, gradual increase in the quality and liquidity of HGV's portfolio). We intend to control the controllable inputs and over time we'd expect that to lead to a narrowing of the discount.

Since our appointment we have spent time meeting with the management teams of HGV's portfolio companies. We've been encouraged by the underlying business performance of the two largest investments – Weed Me and SCH – and over time hope to share more detail on our thinking around these two important investments.

We have moved our excess cash to higher yielding cash on call deposits via an investment in ASX:AAA, lifting the annualised return on our cash from 2.5% to 4.2% per annum. We expect our cash balance to increase by CAD\$1m next month as we have elected to have our note investment in Weed Me repaid.

We are in no rush to redeploy the cash and will only do so if and when attractive opportunities arise. When they do we will share our rationale around the investment with shareholders.

HD Capital Partners

Appendix One

1. The year-to-date performance of Hygrovest is detailed below:

Table One

HGV Historical Performance - financial year to date

Total Portfolio	17.6	7.0	24.6	100%	23.1	100%

Note: The reference to Cash Equivalents refers to the investment in higher yielding cash on call deposits via an investment in ASX:AAA.

3. Significant investments held by HGV⁴

(a) Weed Me Inc. ("Weed Me")

HGV was a foundation investor in Weed Me in December 2017. Its investment in Weed Me comprises:

- 4.24m shares representing approximately 13.9% of Weed Me's issued capital (as at month end, HGV had ascribed to these shares a valuation of CAD2.26 per share);
- 460,830 warrants each convertible at CAD2.17 with an expiry date of 29 October 2024; and
- a CAD1m convertible note, which is unsecured, bears interest at a rate of 8% per annum, is repayable on 29 October 2023 and has an option to convert into 598,802 Weed Me shares at CAD1.67 per share.

(b) Southern Cannabis Holdings ("SCH")

HGV became an investor in SCH in April 2018. Its investment in SCH currently comprises:

- 21m shares representing approximately 18% of SCH's issued capital (at month end, HGV had ascribed to these shares a valuation of AUD17.9 cents per share).

(c) Delivra Health Brands Inc. ("DHB") (formerly known as Harvest One Cannabis Inc.)

HGV was a foundation investor in DHB. Its investment in DHB currently comprises:

⁴ Information current at the month of this report.

- i. 55,557,994 common shares of DHB representing an approximately 22% shareholding.
- (d) Medio Labs Inc (“**Medio Labs**”) (formerly Brainworks Foundry Inc.)

HGV’s investment was made in September 2021. Its investment in Medio Labs currently comprises:

- i. 1,234,568 shares representing approximately 8.6% of Medio Labs’ issued capital (as at month end, HGV had ascribed to these shares a valuation of USD40 cents per share);
- ii. USD0.75m convertible note (the Note), which is secured and repayable upon the earliest of (i) December 31, 2024, (ii) an Event of Default, and (iii) a Change of Control⁵ (such earliest date, the “Maturity Date”).

The Note is automatically converted into common stock of Medio Labs upon the occurrence of a “Qualified Listing”⁶ (the “Conversion Stock”). Upon such automatic conversion, the Note shall be converted into that number of common stock equal to the lesser of (i) fifty percent (50%) of the price per share of the Conversion Stock in the Qualified Listing or (ii) the per share value of the Conversion Stock at an aggregate valuation of the Company’s issued and outstanding capital stock (i.e., not taking into account issued but unexercised warrants and stock options) of Two Million Dollars (\$2,000,000) (or an equivalent valuation in Australian currency),

- iii. 375,000 warrants to purchase one common stock following a Qualified Listing with an exercise price equal to 120% of the per share price of the common stock set forth in the Qualified Listing with a maturity date of three years following the date of the Qualified Listing.

- (e) Valo Therapeutics Oy (“**Valo**”)

HGV’s investment was made in November 2021. Its investment in Valo currently comprises:

- i. 1,000,000 convertible notes at AUD1 each (the Convertible Notes).

The Convertible Notes are secured and repayable on the earlier of 30 June 2023 or an event of default (Repayment Date).

If Valo completed a further equity raising of a minimum of AUD10m between the date of issue of the Convertible Notes and 31 March 2023 (Second Raising), the Convertible Notes were to automatically convert into Valo shares (Automatic Conversion) at the lower of:

- a 25% discount to the price at which shares are issued under the Second Raising; and
- a pre-money undiluted equity value for Valo of AUD40m.

The Automatic Conversion did not occur by 31 March 2023 and interest became payable on the face value of the Convertible Notes outstanding at 10% per annum from Drawdown Date⁷ until the Repayment Date.

HGV is also entitled to receive warrants equal to 25% of the number of common shares of Valo Therapeutics Inc. (an associate of Valo) that HGV will receive in exchange for the conversion of its Convertible Note Agreement. The exercise price per share under the common share purchase warrants will be equal to 110% of the price at which shares are sold concurrently with the anticipated public listing, and the expiry date will be 30 calendar days after the issuance by Valo Therapeutics Inc. of a press release announcing full data (safety and efficacy) for the first 6 patients in Valo’s Phase 1 PeptriCRAd-1 Clinical Studies.

Valo has advised Noteholders that it will seek the consent of the holders of Valo Convertible Note Agreements to receive common shares of Valo Therapeutics Inc. instead of Valo Therapeutics Oy, because it is intended that the common shares of Valo Therapeutics Inc. be listed for public trading in Canada.

⁵ “Change of Control” means (i) the closing of the sale, transfer or other disposition of all or substantially all of the Company’s assets, (ii) the consummation of the merger or consolidation of the Company with or into another entity (except a merger or consolidation in which the holders of capital stock of the Company immediately prior to such merger or consolidation continue to hold at least 50% of the voting power of the capital stock of the Company or the surviving or acquiring entity), (iii) the closing of the transfer (whether by merger, consolidation or otherwise), in one transaction or a series of related transactions, to a person or group of affiliated persons (other than an underwriter of the Company’s securities), of the Company’s securities if, after such closing, such person or group of affiliated persons would hold 50% or more of the outstanding voting stock of the Company (or the surviving or acquiring entity) or (iv) a liquidation, dissolution or winding up of the Company.

⁶ “Qualified Listing” means either (i) the Company’s receipt, prior to the Maturity Date, of written conditional approval for its securities to be admitted to quotation on the ASX; provided however, that the Maturity Date shall be automatically extended by up to 90 calendar days if the Company is then actively negotiating or responding to regulators regarding the completion of the registered listing on the ASX or (ii) an equity financing that does not meet the criteria described in Subsection (i) above but is otherwise specifically approved in writing by the holders of a majority in interest of the Notes as a Qualified Listing.

⁷ Drawdown date was 2 November 2021.

4. Securities held by HGV⁸

Outlined in the table below is the current strategy for HGV's significant investments:

Investee	Book Value (unaudited) 30 September 2023 AUDm	Current Portfolio Strategy
Weed Me Inc (Weed Me)	12.5	Weed Me is the best performing investment in HGV's portfolio. HGV remains optimistic for future capital growth from its investment. HGV is working with Weed Me to maximise exit value with the option of realising a material portion of HGV's investment during the next 12 months.
Southern Cannabis Holdings (SCH)	3.8	SCH is diversifying its products to continue sales growth. HGV is working with SCH's management to seek to produce a liquidity event in the next 12 months.
Medio Labs Inc. (Medio Labs)	2.0	Medio Labs is an investment in digital healthcare made in September 2021 which is investigating public listing.
Delivra Health Brands Inc. (Delivra)	1.3	HGV is Delivra's largest shareholder with a 22% shareholding.
Valo Therapeutics Oy (Valo)	0.5	Valo is an investment in healthcare made in November 2021.

5. Valuation of Assets

HGV values its investments by applying the following principles:

- (a) Listed securities – the book value is based on the closing share prices for public companies at period end converted into Australian dollars at the relevant prevailing foreign exchange rates at month-end.
- (b) Unlisted equity securities - HGV's preference is to value its unlisted investments by applying an Enterprise Value to Net⁹ Revenue Multiple (EV/NRM) provided these valuations are materially consistent with any recent capital raises by the given investee. The Canadian multiple of 2.03 (prior month 2.17) is derived from the end of month market valuations of various listed Canadian companies, each of which HGV considers to be broadly comparable to Weed Me. The applied multiple represents the average of these multiples which range between 0.8 and 2.80. The Australian multiple of 1.82 (prior month 1.91) is derived from the end of month market valuations of various listed Australian cannabis companies each of which HGV considers to be broadly comparable to SCH. The applied multiple represents the average of these multiples which range between 1.37 and 2.5. HGV also applies a liquidity discount of 15% to the EV/NRM valuation, to account for these investments' unlisted status. In the absence of material historical revenue, the book value is based on the most recent material funding round share prices for private companies (converted into Australian dollars at the relevant prevailing foreign exchange rates as necessary). In the absence of a recent capital raise or arm's length transaction, management considers all available information, including benchmarking of instruments to market movements indicated by relevant indices. HGV also considers the recommendations of its investment manager.
- (c) Convertible debentures and loan instruments – the book value is based on HGV's assessment of the capacity of the investee to repay principal and interest.
- (d) Unlisted warrants and note conversion options ("Convertible Securities") - the book values also include the unrealised gain arising from valuation of unlisted Convertible Securities using the Black-Scholes pricing model. Black-Scholes attributes a value to Convertible Securities which may be "out of the money" at month end. The Black Scholes model is commonly used to determine the fair price or theoretical value for a call option or a put option based on six variables: volatility, type of option, underlying stock price, time to expiry, strike price, and the risk-free rate. The Convertible

⁸ Information current at the month of this report.

⁹ Gross sales less government excise taxes

Securities valuation ascribed through Black Scholes assumes that the Convertible Security is exercised on the expiry date of the Convertible Securities which may not be the actual outcome e.g., HGV may decide to exercise the Convertible Securities prior to expiry.

The Net Asset Value or NAV is calculated after deducting a provision for company tax on any net unrealised gains that may arise on such theoretical disposal. HGV does not hedge the carrying value of existing investments denominated in non-AUD currencies. HGV's financial statements are subject to statutory audit or review by our independent auditor BDO Audit (WA) Pty Ltd, at 31 December and 30 June each year.

Note:

- a) All information within this release is unaudited unless stated otherwise.
- b) The book value includes shares, convertible notes, options, loans, warrants and accrued interest.

6. Dividend Policy

On 7 June 2019, HGV announced its intention to distribute 20% of its annual profit after tax, after excluding unrealised gains and losses on investments (Annual Profit). The policy was first applied in respect of the Annual Profit for the year ended 30 June 2020. The dividend would be payable within three months of each half year after the completion of the half year and annual financial statements. It is HGV's intention that any dividend would benefit from any available franking credits held by HGV.

Glossary

ABBREVIATION	Definition
AUD	<i>means Australian dollars.</i>
ASX	<i>means ASX Limited (ACN 008 624 691) or the financial market operated by ASX Limited, as the context requires.</i>
