Notice of Annual General Meeting

1. Introduction

This Explanatory Memorandum is provided to the shareholders of Xantippe Resources Limited ACN 123 102 974 (**the Company**) to explain the resolutions to be put to Shareholders at the Annual General Meeting to be held at Level 6, 80 Chandos Street, St Leonards, NSW 2065 on 30 November 2023 commencing at 2.00 p.m. AEDT.

The Directors recommend Shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the resolutions.

Subject to the abstentions noted below, the Directors unanimously recommend that Shareholders vote in favour of all Resolutions. The Chair of the Meeting intends to vote all available undirected proxies in favour of each resolution.

Terms used in this Explanatory Memorandum are defined in Section 12.

2. Financial Statements and Reports

In accordance with the Constitution, the business of the Annual General Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2023 together with the declaration of the Directors, the Directors' report, the Remuneration Report, and the auditor's report.

There is no requirement for shareholders to approve these reports. However, time will be allowed during the annual general meeting for consideration by shareholders of the financial statements and the associated directors' and auditors' reports.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.xantippe.com.au

The Company's Annual Report is placed before the Shareholders for discussion.

No voting is required for this item.

3. Resolution 1: Adoption of Remuneration Report

3.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the Company's remuneration arrangements for the directors and senior management of the Company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

3.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the Company who were in office when the directors' report (as included in the Company's annual financial report for the most recent financial year) was approved, other than the

Notice of Annual General Meeting

managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the Company is approved will be the directors of the company.

3.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

4. Resolution 2: Election of Director – Mr Kevin Lynn

4.1 General

Article 7.6(a) of the Constitution allows the Board to appoint any person to be a Director, either to fill a casual vacancy or as an addition to the existing Directors, and such an appointment may retire at the next general meeting of the Company and is eligible for re-election at that meeting.

Mr Lynn was appointed a Director on 14 February 2023 under Article 7.6(a). Accordingly, Mr Lynn retires at the Meeting and seeks re-election.

6.2 Qualifications and other material directorships

Mr Lynn is a Chartered Accountant (ACA) with a Master of Finance. Mr Lynn is also Fellow of FINSIA (F.FIN) and Institute of Company Directors (FAICD) with over 35 years' experience in private, public and public listed companies, particularly in mining and oil and gas, whilst acting in various roles **including Director, CFO and Company Secretary.**

6.3 Board recommendation

The Board supports the election of Mr Lynn as a Director of the Company and recommends (with Mr Lynn abstaining) that Shareholders vote in favour of Resolution 2.

5. Resolution 3: Election of Director – Mr Matthew Beem

5.1 General

Article 7.6(a) of the Constitution allows the Board to appoint any person to be a Director, either to fill a casual vacancy or as an addition to the existing Directors, and such an appointment may retire at the next general meeting of the Company and is eligible for re-election at that meeting.

Mr Beem was appointed a Director on 26 June 2023 under Article 7.6(a). Accordingly, Mr Beem retires at the Meeting and seeks re-election.

5.2 Qualifications and other material directorships

Mr Beem has over two decades of experience in the financial sector in Latin America, holding a wide array of positions throughout wealth management, investment advisory, and corporate finance, including CEO, CIO, and portfolio manager. Most recently, he served as the country head / CEO for Uruguay at the EFG Bank Rep Offices in Montevideo and Punta del Este.

He began his career in Buenos Aires, Argentina at the think tank "Fundacion Mediterranea", founded by the former Argentine finance minister Domingo Cavallo. discretionary strategies totalling an AuM of \$ 700 million; Matthew was also an investment counselor for EFG Capital, where he advised clients on a non-discretionary basis. He has also previously held several positions in Miami-based private banks, including Citi Private Bank, where he made asset allocation decisions for HNW portfolios.

Matthew is fluent in Spanish and is a CFA charterholder (Chartered Financial Analyst). 5.3 Board recommendation

The Board supports the election of Mr Beem as a Director of the Company and recommends (with Mr Beem abstaining) that Shareholders vote in favour of Resolution 3.

6. Resolution 4: Ratification of prior issue of Roth Options

6.1 General

As announced to the ASX on 3 July 2023 the Company advised that it has issued 150,000,000 unlisted Roth Options at an exercise price of \$0.006 (0.6 cents) per Roth Option and an expiry date of 3 July 2026 to Roth Capital Partners LLC under a Financial Services Agreement.

Resolution 4 seeks Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the Roth Options.

6.2 Listing Rule 7.1 and 7.4

Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of Shares on issue at the commencement of that 12 month period. The issue of the Roth Options do not fall within any of these exemptions.

Listing Rule 7.4 sets out an exception to Listing Rule 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to Listing Rule 7.1 (and provided that the previous issue did not breach Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of Listing Rule 7.1.

6.3 Consequence of Resolution 4

By approving Resolution 4 and ratifying this issue, the Company will retain the flexibility to issue equity securities in the coming 12 months, with the issue of the Roth Options the subject of Resolution 4 being excluded in calculating the Company's capacity under Listing Rule 7.1.

If Resolution 4 is not passed, the issue of the Roth Options the subject of Resolution 4 remains valid, however, such issue will be included in calculating the Company's capacity under Listing Rule 7.1, effectively decreasing the number of equity securities it can issue without shareholder approval over the coming 12 months.

6.4 Technical information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to the Options the subject of Resolution 4:

- (a) Resolution 4 seeks to ratify the issue of 150,000,000 Roth Options which were issued to Roth Capital Partners LLC using the Company's capacity under Listing 7.1 on 3 July 2023;
- (b) the Roth Options were issued as partial consideration for the engagement of Roth Capital Partners LLC as the Company's corporate advisor assisting with the Company's North American capital markets strategy;

Notice of Annual General Meeting

- (c) the Roth Options were issued at a nil issue price, in connection with the engagement of Roth Capital Partners LLC as the Company's corporate advisor assisting with the Company's North American capital markets strategy. The Company has not, and will not receive any other consideration for the issue of the Roth Options (other than in respect of funds received on any exercise of the Roth Options);
- (d) the Roth Options have an exercise price of \$0.006 per Option;
- (e) the terms of the Roth Options are set out in Schedule 1;
- (f) the Company and Roth Capital entered an agreement for the engagement of Roth Capital Partners LLC as the Company's corporate advisor assisting with the Company's North American capital markets strategy for a term of 12 months. Under the agreement, the Roth will receive the Roth Options as well as cash consideration. The agreement is otherwise on market standard terms.
- (g) a voting exclusion statement is included in the Notice.

6.5 Directors' recommendation

The Directors recommend that Shareholders vote in favour of Resolution 4.

7. Resolution 5: Approval of 10% Placement Capacity

7.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**10% Placement Capacity**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

Resolution 5 seeks Shareholder approval by way of special resolution for the Company to have the 10% Placement Capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 5 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 5 is not passed, the Company will not be able to access the 10% Placement Capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

7.2 Information on 10% Placement Capacity

(a) Quoted securities

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of Equity Securities of the Company that are quoted on ASX.

As at the date of this Notice, the Company currently has three classes of Equity Securities quoted on the ASX, being Ordinary Shares (ASX Code: XTC), Options Expiring 10 June 2024 (ASX Code: XTCOA) and Options Expiring 30 September 2024 (ASX Code: XTCO).

(b) Formula for 10% Placement Capacity

If this Resolution 5 is passed, the Company may issue or agree to issue, during the 12 month period after this Meeting, the number of Equity Securities calculated in accordance with the following formula:

Notice of Annual General Meeting

Additional Placement Capacity = (A x D) – E

A = the number of fully-paid ordinary securities on issue at the commencement of the Relevant Period:

- plus the number of fully-paid ordinary securities issued in the Relevant Period under an exception in ASX Listing Rule 7.2 other than exception 9, 16, or 17;
- plus the number of fully-paid ordinary securities issued in the Relevant Period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
- the convertible securities were issued or agreed to be issued before the commencement of the Relevant Period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully-paid ordinary securities issued in the Relevant Period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the Relevant Period; or
 - the agreement or issue was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully paid ordinary securities issued in the Relevant Period with approval under Listing Rule 7.1 or ASX Listing Rule 7.4;
- plus the number of partly-paid ordinary securities that became fully-paid in the Relevant Period;
- less the number of fully-paid ordinary securities cancelled in the Relevant Period;

D = 10%; and

E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by Shareholders under Listing Rule 7.4.

7.3 Listing Rule requirements

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 5:

(a) Period for which the 10% Placement Capacity is valid

The 10% Placement Capacity will commence on the date of the Meeting at which the Shareholder approval is obtained and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting (i.e. 30 November 2023), presuming Shareholder approval is obtained;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) Minimum Price at which equity securities may be issued

Any Equity Securities issued under the 10% Placement Capacity will be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.

Notice of Annual General Meeting

(c) Use of funds raised under 10% Placement Capacity

The Company intends to use funds raised from issues of Equity Securities under the 10% Placement Capacity for:

- (i) the acquisition of new resources, assets and investments (including expenses associated with such an acquisition);
- (ii) continued exploration expenditure on the Company's current assets/or projects (funds would then be used for project, feasibility studies and ongoing project administration);
- (iii) the development of the Company's current business; and
- (iv) general working capital.

(d) Risk of voting dilution

If Resolution 5 is passed and the Company issues securities under the 10% Placement Capacity, then there is a risk to existing Shareholders of economic and voting dilution, including the risk that:

- (i) the market price for Equity Securities in the same class may be significantly lower on the issue date of the new Equity Securities than on the date Shareholder approval is obtained for this Resolution; and
- (ii) the new Equity Securities may be issued at a price that is at a discount to the market price for Equity Securities in the same class on the issue date.

The table below shows the potential dilution of existing Shareholders following the issue of Equity Securities under the 10% Placement Capacity (based on the formula set out above) using difference variables for the number of issued Ordinary Shares and the market price of Ordinary Shares. The table overleaf is calculated using the closing market price of Shares and the number of Equity Securities on issue as at 24 October 2023.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (pre-Consolidation) (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	\$0.0005 (50% decrease in current issue price)	\$0.001 (Current issue price)	\$0.002 (100% increase in current issue price)
17,528,005,315 (Current Variable A)	Shares issued – 10% voting dilution	1,752,800,531	1,752,800,531	1,752,800,531
	Funds raised	\$876,400	\$1,752,801	\$3,505,601
26,292,007,971 (50% increase in Variable A)	Shares issued – 10% voting dilution	2,629,200,797	2,629,200,797	2,629,200,797
	Funds raised	\$1,314,600	\$2,629,201	\$5,258,402
35,056,010,628 (100% increase in Variable A)	Shares issued – 10% voting dilution	3,505,601,063	3,505,601,063	3,505,601,063
	Funds raised	\$1,752,801	\$3,505,601	\$7,011,202

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

- (i) The consolidation the subject of Resolution 6 has not yet occurred.

Notice of Annual General Meeting

- (ii) There are 17,528,005,314 Shares on issue as at the date of this Notice (pre-Consolidation) (ASX Code: XTC).
- (iii) The issue price set out above is the closing price of the Shares on the ASX on 17 October 2023.
- (iv) The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
- (v) The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
- (vi) The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
- (vii) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- (viii) This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1 unless otherwise disclosed.
- (ix) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (x) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (1) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (2) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) Allocation under the 10% Placement Capacity

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (1) the purpose of the issue;

- (3) the effect of the issue of the Equity Securities on the control of the Company;
- (4) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;

Notice of Annual General Meeting

(f) Previous approval under ASX Listing Rule 7.1A

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 29 November 2022 (**Previous Approval**).

The Company has issued 814,522,985 equity securities (pre-Consolidation) under Listing Rule 7.1A since the 2022 AGM, representing 4.65% of the total number of equity securities on issue at the commencement of the 12-month period.

All of these equity securities were issued in a placement on 14 December 2022 as follows:

- (i) 814,522,985 fully paid ordinary shares (pre-Consolidation) (ASX:XTC);
- (ii) the shares were issued to sophisticated, professional or other exempt investors. None of the subscribers were related parties of the Company. No applicant was a member of the Company's key management personnel, a substantial holder in the Company, an advisor to the entity or an associate of any of these persons and were not issued more than 1% of the entity's current issued capital; and
- (iii) the shares were issued at 0.6 cents each, which was equal to the closing price of 0.6 cents on 14 December 2022.

The total cash received was \$4,887,137. All of the cash was spent on the acquisition of the Carachi Pampa Lithium Project, exploration and working capital requirements.

7.4 Voting Exclusion

A voting exclusion statement is included in this Notice of Meeting. As at the date of this Notice of Meeting, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on this Resolution.

7.5 Board recommendation

The Board recommends that Shareholders vote in favour of Resolution 5.

The Chair intends to vote all available proxies in favour of Resolution 5.

8. Resolution 6: Consolidation of Share Capital

8.1 Background to the Consolidation

Resolution 6 seeks Shareholder approval to undertake a consolidation of the Company's share capital on a two hundred (200) for one (1) basis (the **Consolidation**).

The Board seeks Shareholder approval to consolidate the Company's issued share capital by consolidating every two hundred 'pre-consolidation' Shares into one 'post-consolidation' Share. For example, if a Shareholder held 1,000 Shares before the consolidation, that Shareholder would hold 5 Shares after the consolidation. The Company's Share price is expected to increase to reflect the consolidation, and the smaller number of Shares on issue, however the Company cannot determine or guarantee the price at which the Company's Shares will trade post consolidation.

Section 254H of the Corporations Act provides that a company may, by resolution passed in a general meeting, convert all or any of its shares into a larger or smaller number.

The large number of Shares currently on issue results in a lower 'per share' value, which could lead to a lower demand for the Company's Shares from potential new investors (in particular, institutional investors whose mandates prevent investment in shares with a price below a particular threshold). As such, the Board considers that the Company's current capital structure presents a number of management challenges and potential disadvantages to Shareholders, and therefore a consolidation is in the best interests of Shareholders.

Notice of Annual General Meeting

Listing Rule 7.20 provides that, if any entity proposes to reorganise its capital, it must advise shareholders of certain matters which are set out in section 8.2 below. No voting exclusions apply, and all shareholders can vote on the resolution.

Listing Rule 7.21 provides that a listed entity which has convertible securities (except options) on issue may only reorganise its capital if, in respect of the convertible securities, the number of its convertible securities or the conversion price, or both, is reorganised so that the holder of the convertible securities will not receive a benefit that holders of ordinary securities do not receive.

Listing Rule 7.22.1 requires that where a listed entity with options undertakes a consolidation of its capital, the number of its options must be consolidated in the same ratio as the ordinary capital and the exercise price must be amended in inverse proportion to that ratio.

8.2 Effect of the Consolidation

(1) Shares

As at the date of the Notice the Company currently has 17,528,005,314 Shares on issue (pre-Consolidation). If Shareholders approve the Consolidation, the number of Shares currently on issue in the Company will reduce from 17,528,005,314 Shares on issue to approximately 87,640,027 Shares on issue (the number of securities ultimately on issue post-Consolidation will depend on the rounding of fractional amounts). This assumes no existing Convertible Notes, Performance Rights or Options are exercised prior to the Consolidation.

Individual Shareholdings will be reduced in the same ratio as the total number of Shares (subject to rounding and fractional entitlements). In the absence of any other market movements or changes to the issued capital, the Consolidation will not affect the percentage interest in the Company held by each shareholder and will not result in a change to the rights and obligations of Shareholders.

While the Consolidation will not have an effect on the underlying value of the Company, upon consolidation, the Shares should trade at a higher price than that they currently trading on the basis that each Share will represent 200 times the underlying value of a Share prior to the Consolidation.

(2) Options

The Company currently has 2,205,950,348 Options on issue (pre-Consolidation). In accordance with the terms of the Options and Listing Rule 7.22, these Options will be consolidated on the same basis as the Shares. That is, every 200 Options will be consolidated into 1 Option, with the exercise price of each option being amended in inverse proportion to the ratio. Any fractional entitlements will be rounded up to the nearest whole number.

If the Consolidation is approved by the Shareholders, the number of Options on issue will reduce to approximately 11,029,751 Options (subject to rounding and fractional Option entitlements).

The following table summarises the effect of the consolidation on the Options on issue:

Options	Expiry Date	Pre-consolidation		Post-consolidation	
		Number	Exercise price	Number	Exercise price
XTCO	30 Sep 2024	600,017,766	\$0.0035	3,000,089	\$0.70
XTCOA	10 Jun 2024	1,575,932,582	\$0.015	7,879,663	\$3.00

Notice of Annual General Meeting

Options	Expiry Date	Pre-consolidation		Post-consolidation	
		Number	Exercise price	Number	Exercise price
XTCO	30 Sep 2024	600,017,766	\$0.0035	3,000,089	\$0.70
XTCAU	3 Jul 2026	150,000,000	\$0.006	750,000	\$1.20

Note: the above table assumes no Options are exercised prior to the Consolidation.

(3) Convertible Notes

The Company currently has 5,047,770 convertible notes on issue, with a face value of \$1 per note (**Convertible Notes**). The Convertible Notes are convertible into ordinary fully paid Shares at a deemed conversion price of \$0.018 per Share.

Listing Rule 7.21 requires the reorganisation of the convertible notes so that the holder of such notes will not receive a benefit that holders of Shares do not receive.

Accordingly, if the Consolidation is approved by the Shareholders the conversion price of each Convertible Note will be increased in inverse proportion to the consolidation ratio, such that the new deemed conversion price will be \$3.60 per Share.

The following table summarises the effect of the consolidation on the Convertible Notes:

	Number	Conversion Price Pre-consolidation	Conversion Price Post-consolidation
Convertible Notes (Face value of \$1.00 each)	5,047,770	\$0.018	\$3.60

Note: the above table assumes no Convertible Notes are converted prior to the Consolidation.

(4) Performance Rights

The Company currently has 1,260,000,000 performance rights on issue (pre-Consolidation) (**Performance Rights**). The Performance Rights are convertible into ordinary fully paid Shares on the achievement of certain vesting conditions.

The Performance Rights terms provide that in the event of any reconstruction (including a consolidation, subdivision, reduction or return) of the issued capital of the Company prior to the vesting of any Performance Rights, the number of Shares to which each holder is entitled upon exercise of the Performance Rights or any amount payable on exercise the Performance Rights or both will be adjusted in a manner determined by the Board which complies with the provisions of the Listing Rules to ensure that no advantage or disadvantage accrues to the holder as a result of such corporate actions.

Accordingly, if the Consolidation is approved by the Shareholders the number of Performance Rights on issue will reduce to 6,300,000.

The following table summarises the effect of the Consolidation on the Performance Rights:

Notice of Annual General Meeting

Performance Rights	Expiry Date	Number of Performance Rights Pre-consolidation	Number of Performance Rights Post-consolidation
XTCAP	19 Aug 2025	3,333,333	16,667
XTCAQ	19 Aug 2025	3,333,333	16,667
XTCAR	19 Jun 2025	3,333,334	16,667
XTCAT	15 May 2028	1,200,000,000	6,000,000
XTCAT	15 May 2026	50,000,000	250,000

Note: the above table assumes no Performance Rights vest and are converted into Shares prior to the Consolidation.

8.3 Fractional Entitlements

Where the Consolidation results in an entitlement to a fraction of a Share, Option, Convertible Note or Performance Rights, that fraction will be rounded up to the nearest whole number.

8.4 Taxation

It is not anticipated that any taxation implications will exist for Shareholders arising from the Consolidation. However, Shareholders are advised to seek their own tax advice on the effect of the Consolidation and neither the Company, nor its advisers, accept any responsibility for the individual taxation implications arising from the Consolidation.

8.5 Indicative Timetable

8.6 Director Recommendation

The Directors recommend that Shareholders vote in favour of Resolution 6.

9. Resolution 7: Change of Company Name

Section 157(1)(a) of the Corporations Act provides that a company may change its name if the company passes a special resolution adopting a new name.

Resolution 7 seeks the approval of Shareholders for the Company to change its name to "Xantippe Lithium Limited".

The proposed name has been reserved by the Company with ASIC. If Resolution 7 is passed the change of name will take effect when ASIC alters the details of the Company's registration.

The Board proposes this change of name on the basis that it more accurately reflects the proposed future operations of the Company.

If Resolution 7 is not passed, the Company will be unable to change its name to "Xantippe Resources Limited".

Resolution 7 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Resolution 7 is an ordinary resolution.

The Board recommends that Shareholders vote in favour of Resolution 7.
