IMPORTANT INFORMATION

Definitions & interpretation – Definitions (usually with the first letter capitalised) appear both throughout the body of this prospectus (refer bolded terms) as well as in the section headed “Definitions”.

Speculative investment, read the whole prospectus & take advice – the Company considers that an investment in the securities being offered under this Offer is highly speculative, such that an investment in the Company is not appropriate for an investor who would not be able to bear a loss of some or all of the investment. Investors should also have a sufficient level of financial literacy and resources (either alone or in conjunction with an appropriate adviser) to understand and appreciate the risks of investing in the securities being offered as an asset class generally and the more specific risks of investing in an Australian listed mining exploration company.

Distribution of complete and unaltered copy of this prospectus – If you provide a copy of this prospectus to another person you should only do so if you ensure that it is in a complete and unaltered form failing which you may be guilty of a criminal offence.

Jurisdiction of Offer – If you are an Overseas Applicant or if this prospectus has been or is intended to be provided, dispatched to, or accessed electronically outside Australia, please refer to section 5.5. No action has been taken by the Company to ensure the offer of securities under this prospectus is compliant in any jurisdiction other than Australia.

DETAILS OF THE OFFER

1.1 Amount to be raised

This prospectus relates to: (i) the offer (**Offer**) to issue New Shares at \$0.015 each (plus a free attaching option as detailed hereunder) pursuant to a pro rata renounceable rights issue on the basis of one (1) New Share (**New Share**) for every two (2) Fully Paid Shares held at the Record Date; (ii) the distribution of any shortfall arising therefrom; (iii) and the possible acceptance of oversubscriptions for up to 33,333,333 fully paid ordinary shares together with up to 33,333,333 free attaching Options.

As at the date of this prospectus, and assuming no additional Shares are issued before the Record Date, and no oversubscriptions are accepted, approximately 70,329,111 New Shares will be issued pursuant to the Offer if it is fully subscribed, raising approximately \$1,054,937 (before the expenses of the Offer).

Each subscriber shall be entitled to be issued with one (1) free attaching Option (**New Option**) for every one (1) fully paid ordinary share issued under this Offer. These Options will be issued on the terms and conditions detailed in Annexure A, and be exercisable at \$0.015 each, on or before the date which is eighteen (18) months from their issue, being the same date on which the fully paid ordinary shares, the subject of this Offer, are issued.

Collectively, each bundle of a New Share and attaching New Option is herein sometimes referred to as **New Securities**.

If any Entitlements are not taken up, the New Securities comprising the shortfall (**Shortfall**) may be placed by the Directors in their absolute discretion and such placement will form part of the Offer and be taken into account in determining whether the minimum subscription has been received.

1.2 Stock exchange listing

The Company will, within approximately 5 business days after issue, apply for the New Shares issued pursuant to the Offer to be quoted on ASX. The Board reserves to right, in its sole discretion, to list the New Options on ASX at any time but has no intention to do so at the date of the Prospectus.

1.3 Minimum subscription

The Offer is subject to a minimum (**Minimum**) of 66,666,668 fully paid ordinary shares together with up to 66,666,668 free attaching Options being applied for pursuant to the Offer to raise at least \$1,000,000 before any New Securities will be issued. See section 1.8 regarding underwriting of the Offer.

1.4 Oversubscriptions

The Board reserves to right to accept subscriptions (**Oversubscriptions**) for up to 33,333,333 New Securities in addition to those applied for pursuant to the Offer as of Entitlement.

1.5 Acting on your Entitlement

The quantum of your Entitlement is indicated on the *Entitlement and Acceptance Form* accompanying this prospectus. As a holder of Shares at the Record Date, you may participate in the Offer (or not, as you choose) as follows:

- a) accept your Entitlement in whole or in part (if in part, you will receive no benefit from the part of your Entitlement not accepted (unless you choose to, and do sell those Entitlements on ASX)) by:

- i) complying with the instructions on the personalised *Entitlement and Acceptance Form* and forwarding the completed form, together with payment for the amount due in respect of New Securities applied for;

1.4 or

- ii) paying the amount due in respect of New Securities applied for, calculated at \$0.015 per New Share, by BPAY[®],

1.5 in accordance with the instructions set out on the *Entitlement and Acceptance Form* (unless alternative arrangements are made and agreed to by the Company) so that it is received by the Company's Share Registrar no later than the Closing Date (note: your financial institution may have cut off times for the processing of BPAY payments); or

- b) sell or transfer any of your Entitlements as trading of the Entitlements on ASX will be facilitated; or
- c) do nothing, in which case you will receive no benefit from your Entitlement.

1.6 Issue of Securities

Subject to the: (i) minimum subscription being received; and (ii) applicable laws; and (iii) the Listing Rules; and (iv) validly accepted Entitlements, the Company will, in its absolute discretion, accept and/or reject any application in whole or in part.

If, and to the extent your application is accepted, the Company will issue New Securities and dispatch either an issuer sponsored holding statement or a CHESS statement (together with any excess/rejected application monies) to you as soon as practicable after the Closing Date (required under the Listing Rules to be within 5 business days of the Closing Date unless ASX agrees otherwise). **It is your responsibility to ascertain your allocation (if any).**

1.7 Application monies

Application monies will be held in trust in a separate bank account on behalf of applicants until the New Securities offered under this prospectus are issued. If your application is rejected in whole or in part, the amount tendered in respect of New Securities that are not issued pursuant to your application will be repaid to you, without interest.

The banking of application monies does not constitute either processing or acceptance of your application.

1.8 Underwriting and Lead Manager

The Offer is not presently underwritten however Mahe Capital Pty Ltd (**Lead Manager or Mahe Capital**) has agreed to act as Lead Manager to the Offer upon the terms of a mandate agreement with the Company dated 22 October 2023.

Subject to the Minimum being raised pursuant to this Offer and in consideration of the services being offered, the Company will pay Mahe Capital:

1. a Lead Manager Fee of \$40,000;
2. a management fee of 1% of the total amount raised;
3. a placement fee of 5% of any shortfall placed to subscribers procured by Mahe Capital (thus excluding payment of such a fee on funds raised from any shareholder, noting that Shareholders may apply for Shortfall Securities and their applications will, subject to the discretion of your Directors, be given priority);
4. a placement fee of 5% of any amount placed to subscribers for oversubscriptions procured by Mahe Capital (thus again, excluding any shareholder in respect of which the Board is yet to determine its policy as to any priority as to distribution thus reserving to the Board to determine the ultimate amounts and to whom any such distribution will be made in its unfettered discretion); and
5. issue Mahe Capital with one (1) option for every one dollar (\$1) raised. These options will have the same terms as those offered under this Offer.

The Lead Manager reserves the right to subscribe for the Lead Manager's fee and the management fee in scrip under the Offer, subject to there being sufficient Shortfall.

PURPOSE AND EFFECT OF OFFER

2.1 Purpose of the Offer

The primary purpose of the Offer is to restore MDI's cash position to in excess of \$3m before MDI drills targets located on the Company's Northern Territory exploration projects at Barkly. It is intended that the funds raised will primarily be

used for that drilling but if the circumstances, in the view of the Board, present as appropriate, they will also be allocated to assess, and if applicable, acquire further projects and for working capital purposes.

The Company reserves the right to raise additional equity capital at any time.

2.2 Effect on financial position

On the basis that the Minimum under the Offer is subscribed, and if no further Shares are issued prior to the Record Date, the Company's cash reserves, contributed equity, total assets and net assets will increase by approximately \$926,111, which is the minimum amount that must be raised pursuant to the Offer (\$1,000,000) less the estimated cash expenses of the Offer (\$73,889) detailed in the table below.

On the basis that the Offer is fully oversubscribed and oversubscriptions accepted to the maximum amount provided for in this Prospectus, and if no further Shares are issued prior to the Record Date, the Company's cash reserves, contributed equity, total assets and net assets will increase by approximately \$1,473,558, which is the amount that would be raised pursuant to the Offer (\$1,554,937) less the estimated cash expenses of the Offer (\$81,379) detailed in the table below.

	Minimum	Fully and Oversubscribed
ASIC Fees	\$3,206	\$3,206
ASX Fees	\$5,683	\$7,624
Lead Manager Fee – refer Section 1.8	\$50,000	\$55,549
Legal Fees	\$8,000	\$8,000
Printing and Distribution	\$2,000	\$2,000
Miscellaneous (estimated)	\$5,000	\$5,000
Total	\$73,889	\$81,379

If the Lead Manager does not place any shortfall or oversubscriptions, and exercises its right to subscribe selected fees for scrip under the Offer, the estimated cash expenses would decrease by up to \$55K but the net amount raised would remain unchanged.

As the Offer is subject to the Minimum, the aforementioned effect on the Company's cash reserves, contributed equity, total assets and net assets will not eventuate unless the Minimum is raised.

If Mahe procures any applications, the lead manager's fee will increase by a factor of 5% of the amount procured. On this basis, if Mahe procured the full amount subscribed (which is not likely but serves to draw a comparison), its fee would be an additional:

Cost scenario if minimum subscription received	\$50,000
Cost scenario if fully oversubscribed	\$77,747

This would have a corresponding net decrease effect on the Company's cash reserves, contributed equity, total assets and net assets.

2.3 Pro forma statement of financial position

The Company's latest audited consolidated balance sheet (as at 30 June 2023) is set out on page 22 of its Annual Financial Report for the year ended 30 June 2023. The following pro forma statements of financial position assume that the Minimum subscriptions under the Offer are received, and reflect the effect on the Company's cash reserves, contributed equity, total assets and net assets described above.

2.5 Effect on control

If all Shareholders take up their Entitlements in full, the Offer is not expected to have a material effect on the control of the Company.

The Company, in consultation with the Lead Manager, will ensure that the Offer (including the equitable dispersion of any Shortfall Securities or Oversubscriptions) complies with the provisions of Chapter 6 of the *Corporations Act 2001* (Cth) and is otherwise consistent with the policy guidelines contained in ASIC Regulatory Guide 6 and Takeovers Panel Guidance Note 17.

If Eligible Shareholders do not take up, or partially take up their Entitlements under the Offer, then their percentage shareholding in the Company will be diluted by New Shares issued under the Offer. The following table sets out the effect of that possible dilution.

	Dilution of Shareholding	Dilution if the Options issued are then all exercised
If the Minimum subscriptions under the Offer are subscribed	32%	59%
If the Offer is fully subscribed (with no oversubscriptions)	42%	69%
If Oversubscriptions under the Offer are fully subscribed	33%	60%

This prospectus has been prepared in accordance with the special content rules for continuously quoted securities in section 713 of the Corporations Act, which sets out an alternative general disclosure test for an offer of continuously quoted securities or options to acquire such securities. The alternative disclosure test allows the issue of a prospectus

with a specified limited content (compared to a “full disclosure” prospectus), commonly referred to as a “transaction-specific” prospectus. To qualify as “continuously quoted securities” the securities must, amongst other matters, be securities of a “disclosing entity” for the purposes of the Corporations Act. In preparing this prospectus, regard has been had to the fact that the Company is a disclosing entity for the purposes of the Corporations Act and that certain matters may reasonably be expected to be known to investors and their professional advisers.

5.2 Timetable Proviso

Other than the date of this prospectus and any historical dates or time periods prior to the date of this prospectus, the date(s) mentioned in this prospectus is(are) indicative only. Further, notwithstanding any provision of this prospectus and to the fullest extent permitted by law and the Listing Rules, the Company may, from time to time and without giving any notice, abridge or further abridge, extend or further extend any period or vary or further vary any date or time period referred to in this prospectus to such earlier or later date or for such period as the Directors thinks fit whether or not the date to be varied has passed or the period to be extended has expired.

Any person has the right to obtain a copy of the following documents and the Company will provide a copy of each of the following documents, free of charge, to any person who asks for it during the application period for this prospectus:

- a) the annual financial report of the Company for the year ended 30 June 2023; and
- b) all documents used to notify ASX of the information relating to the Company under the Listing Rules since the lodgement of the financial report referred to in (a) above. Prior to the date of this prospectus, there were no such documents.

5.4 Consents

Mahe Capital Pty Ltd has given and has not, prior to the lodgement of this prospectus with ASIC, withdrawn its written consent to be named in this prospectus as Lead Manager of the Offer in the form and context in which it appears.

Any failure to comply with these restrictions may constitute a violation of those laws. It is the responsibility of any Overseas Applicant to ensure compliance with all laws of any country relevant to his or her application, or country of receipt of this prospectus, and to obtain all necessary approvals so that they may legally subscribe for (and be issued) securities pursuant to the Offer.

In making an application you represent and warrant for the Company’s benefit and for the benefit of the Company’s officers, employees, agents and advisers (and, to the maximum extent permitted by law, indemnify the Company, and the Company’s officers, employees, agents and advisers for any loss or damage caused if such representation or warranty proves to be inaccurate) that there has been no breach of any law by reason of that application being made, that all necessary approvals and consents to the making of that application have been obtained and that the Company may legally offer and issue securities to the applicant pursuant to this prospectus. The information contained in the Company's public register must remain there even if that person ceases to be a security holder. Information contained in the Company's public register is also used to facilitate distribution payments and corporate communications (including financial results, annual reports and other information that the Company may elect to utilise to communicate with its security holders) and compliance by the Company for legal and regulatory requirements. For instance, in certain circumstances details of security holder's names and holdings must be disclosed by the Company in its annual reports.

ANNEXURE A - SUBSCRIBER AND LEAD MANAGER OPTIONS

The Options are issued on the following terms (“**Terms**”):

1. Each Option may be exercised by giving notice in that regard together with payment of the amount of \$0.015 (1.5 cents) (**Exercise Price**).
2. Each Option entitles the holder to subscribe for one fully paid ordinary share (**Share**) in Middle Island Resources Limited ACN 142 361 608 (**Company**) upon the payment of the Exercise Price.
3. The Options will lapse at 5:00 pm (Perth, Western Australia time) on the date which will be 18 months (for clarity, 547 days), after the date of issue of the Options, which expiry date is expected to be on or about 23 May 2025 (**Expiry Date**).
4. The Options are transferable at any time in accordance with the Corporations Act 2001 and any applicable rules of ASX.
5. The Options carry no right to participate in new issues of securities unless the Options are exercised before the record date for determining entitlements to the relevant new issue.
6. The Options do not confer the right to a change in exercise price or the number of securities over which the Option can be exercised except in the event of a bonus issue of Shares being made pro rata to Shareholders (other than an issue in lieu of dividends), the number of Shares issued on exercise of each Option will include the number of bonus Shares that would have been issued if the Option had been exercised prior to the record date for the bonus issue.
7. Options can only be exercised in parcels of not less than 1,000,000, except where the total Options held by the holder is less than 1,000,000 (in which case, only all Options held by the holder may be exercised and the costs of filing with ASX in connection with the exercise is to be borne up front by the Optionholder). An exercise of only some Options shall not affect the rights of the Option holder to the balance of the Options held by it PROVIDED THAT if the remaining number be less than 1,000,000 those Options shall ipso facto lapse. The Company shall not be obliged to issue Shares in response to an exercise of Options more frequently than once per calendar quarter. The Company may waive or otherwise permit exceptions to this clause or any part of it on a case-by-case basis or at large as it determines in its unfettered discretion.
8. Subject to clause 9, the Options shall be exercisable at any time during the period (**Exercise Period**) ending on the Expiry Date by: (a) the delivery to the registered office of the Company of a notice in writing (**Notice**) stating the intention of the Option holder to exercise all or a specified number of Options held accompanied by cleared funds for the subscription monies for the Shares; or (b) such other form and method as may be approved by the Company from time to time. The Notice and cleared funds must be received by the Company during the Exercise Period.
9. If the Company enters into an agreement to underwrite the exercise of the Options and any Options remain unexercised at the Expiry Date, then the holder of those unexercised Options immediately, unconditionally and irrevocably appoints the Company as the Optionholder's agent to transfer (for no consideration to that holder) the unexercised Options to the relevant underwriter and, despite clause 9, that underwriter is entitled to exercise the unexercised Options within 14 calendar days (or such fewer days as the Company may determine in its absolute discretion) of the Expiry Date.
10. Subject to clauses 7 and 9, the Company shall endeavour to allot the resultant Shares and deliver a statement of shareholdings with a holders' identification number within 5 business days of exercise of the Options.
