

8VI Appendix 4C & Quarterly Activity Report

Singapore, 31 October 2023

8VI Holdings Limited (“8VI” or the “Group”) releases its cash flow report for the quarter ended 30 September 2023 (Appendix 4C) and provides an update on the key areas for the quarter ended 30 September 2023.

- Ongoing challenges arising from global uncertainties and evolving consumer behavior have continued to weigh down on the Company's performance in the preceding quarter. While substantial strides have been made through the Company's ongoing restructuring initiative, achieving a significant enhancement in operational performance remains a work in progress.
- Noteworthy progress has been achieved in restoring operational efficiency following the corporate restructuring initiatives in July 2023, subsequently elevating decision-making and execution processes. This newfound efficiency has not only effectively mitigated the challenge of elevated operating costs, but the strategic reduction of the Company's global workforce by 70% has bolstered its agility and competitiveness in the current market landscape. The resizing initiative in July 2023 incurred an approximate expenditure of S\$0.76 million but is expected to yield substantial cost savings of approximately S\$4.5 million annually.
- In line with evolving market dynamics, significant modifications to the Group's existing business model have been meticulously implemented. This encompasses a strategic shift towards a light-asset model, comprehensive operational streamlining, and the optimization of resource allocation. Furthermore, collaborative efforts with the former management team to facilitate the independent licensing of FinTech and related operations outside the Group have been diligently pursued. Simultaneously, the Company has also expanded its client base to encompass both B2B and B2C segments.
- The Financial Advisory division has achieved full operational status, delivering revenue growth and fostering an expanding network of partners through both Vastus Wealth Pte Ltd (“Vastus Wealth”) in Singapore and 8VI FIN Malaysia Sdn Bhd (“8VI FIN”) in Malaysia.
- Embracing innovation for the Group remains a priority, with the incorporation of Generative AI into VI College's offerings and active efforts to incorporate AI tools, systems, and technology for operational efficiency across the board.

- In the subsequent quarters, one of the key initiatives entails a shift towards Total Wealth Care, encapsulated within the "3P" framework: Prevention Care, Protection Care, and Portfolio Care. This comprehensive approach is meticulously designed to facilitate wealth accumulation while preserving physical and mental well-being.

"3P" Frame-Work

A Comprehensive Approach to Well-being.

Figure 1. The 3P Framework: Protection Care, Portfolio Care, Preventive Care

- The "3P" framework will be strategically executed, with AlphaVI Pte Ltd ("AlphaVI") driving the Prevention Care, the Financial Advisory division's Vastus Wealth and 8VI FIN overseeing Protection Care, and VI College focusing on Portfolio Care. This alignment ensures the provision of holistic client care, harmonizing the Company's expertise and service offerings.
- Despite being confronted with formidable challenges presented by a challenging macroeconomic landscape and prevailing market conditions, as evidenced by its current financial performance, both the Board and Management remain unwavering in their commitment to proactively tackle these issues. Their steadfast focus is resolutely set on ensuring the long-term success and resilience of the Company.
- Q2 FY2024 revenue (unaudited) stands at S\$2.1 million, down 12.5% as compared to S\$2.4 million in the previous quarter (Q1 FY2024).

- Cash receipts from customers for the September 2023 quarter were recorded at S\$0.7 million, as compared to S\$0.9 million in the previous quarter (Q1 FY2024).

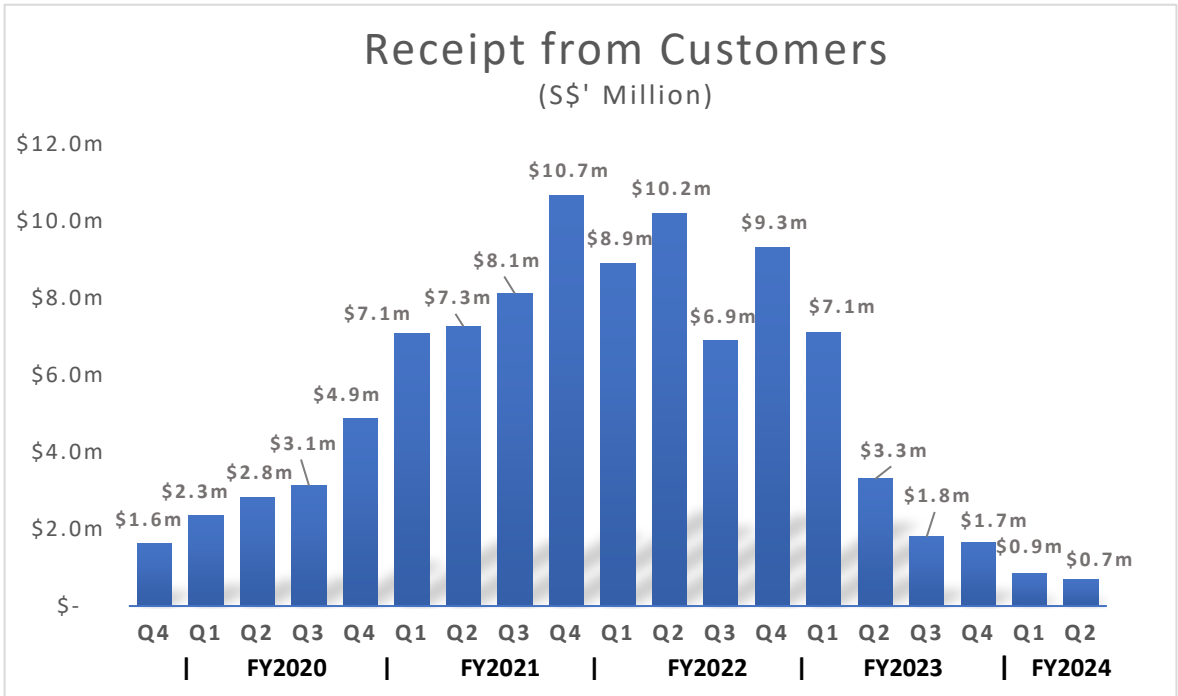

Table 2. Cash Receipts from Customers

- Liquid assets which include cash and cash equivalents and investment in securities (“Stocks”) as of 30 September 2023 stands at S\$6.7 million, a 32.3% decrease as compared to S\$9.9 million from end of the previous quarter (Q1 FY2024).

Table 3. Cash & Stocks Balance Over Time

- Cash outflows from operating activities for the September 2023 quarter was recorded at S\$2.9 million, as compared to S\$2.0 million in the previous quarter (Q4 FY2023). The higher cash outflows was mainly due to the one-off resizing expenditure of S\$0.76m.
- Free cash flows for the September 2023 quarter stood at negative S\$2.8 million, as compared to negative S\$2.0 million in the previous quarter (Q1 FY2024).

Related Party Payments:

- During the quarter, the Company made payments of S\$253 thousand to related parties and their associates. These payments relate to the existing remuneration agreements and service agreements between the Company and its related parties.

In conclusion, the Board and Management are mindful of the formidable macro-economic challenges and will continue to work and respond to the changing conditions in ensuring that 8VI remain well positioned to navigate the extraordinary circumstances and global environment.
