

ASX Release

ASX code: K2F

1 November 2023

Extension of time to hold AGM

K2fly Limited (K2F, K2fly or the Company) (ASX: K2F), is a leading provider of Resource Governance solutions for 'net positive impact' in Environmental, Social and Governance (ESG) compliance, disclosure, and technical assurance. We focus on the operations of mining and asset intensive industries through our platform-based SaaS cloud solutions. The Company advises that the Australian Securities and Investments Commission (**ASIC**) has granted an extension of time for K2F to hold its Annual General Meeting for the financial year which ended on 30 June 2023 (**AGM**).

Under section 250P of the *Corporations Act 2001*, ASIC has extended the period within which the Company must hold its AGM until 15 December 2023 (**AGM Extension**).

The Company applied for the AGM Extension taking into account that it is currently undertaking a capital raising pursuant to a placement (refer to request for trading halt released 31 October 2023). The Board believes that it is in the best interests of shareholders to minimise costs by holding one meeting at which shareholders can consider the normal items of business considered together with resolutions to approve (amongst other items) the placement being undertaken.

Announcement released with authority of K2fly Chair.

About K2fly

K2fly Limited (ASX: K2F) is an ASX listed technology provider of enterprise-level Resource Governance solutions for '**net positive impact**' in Environmental, Social and Governance (ESG) compliance, disclosure and technical assurance, to operations of mining and asset intensive industries through its platform-based SaaS cloud solutions.

Our solutions address many industry challenges and help manage risk around clients' social license to operate concerning reporting & governance, reputation and disclosure demands.

Product & service offering: We deliver a suite of solutions across three key areas on a single platform:

- Natural Resource Governance
- Mineral Resource Governance
- Technical Assurance

Customers: Spanning all continents, our customer base includes multinational Tier-1 and Tier-2 mining clients operating in 54 countries.

Strategy: Through acquisition, development, and partnerships, K2fly have assembled a unique platform that generates high margin SaaS recurring revenues, being rolled out globally. Our strategy is to 'land and expand' our offering with clients over time whereby additional solutions are rolled out to support central operational management and efficiency gains.

K2fly works closely with peak industry bodies, regulators, and our own industry advisory groups on ESG topics that are driven by rapidly changing regulations, community and investor expectations to build fit for purpose industry solutions that adhere to recognised codes and standards.

Strategic alliances: K2fly has strategic alliances with global technology companies such as Esri (USA), SAP (Germany), Hitachi-ABB (Japan) and Descartes Labs (USA).
