## FENIX ADDS TO HEDGING OUT TO JUNE 2024

**35,000 TONNES PER MONTH AT A\$166/T FROM JANUARY TO JUNE 2024**

Fenix Resources (ASX: FEX) (Fenix or the Company) advises the Company has taken advantage of recent strength in iron ore markets to lock in additional iron ore hedging contracts for a total of 60,000 tonnes of iron ore structured as 10,000 tonnes per month from January 2024 through to June 2024.

These new contracts add to the Company's existing iron ore hedge book which now comprises a total of 330,000 tonnes structured as 60,000 tonnes per month until December 2023 at a fixed price of A\$170.10 per tonne and 35,000 tonnes per month from January to June 2024 at a fixed price of A\$166.07 per tonne.

Fenix's iron ore hedging arrangements consist of swap contracts between Fenix and Macquarie Bank Limited which are cash settled at the end of each month for an amount equivalent to the difference between the fixed price of the contracts and the Monthly Average Platts TSI 62 Index converted to Australian dollars (A\$).

Fenix's hedging arrangements are consistent with the Company's Price Protection Policy designed to support the medium-term profitability of production whilst maintaining positive exposure to iron ore prices.
