MANAGING DIRECTOR'S LETTER

15 November 2023

Dear Shareholder,

On behalf of the Board of Delta, I am delighted to invite you to participate in a two (2) for seven (7) fully underwritten accelerated non-renounceable pro rata entitlement offer of New Shares at an offer price of A\$0.46 per New Share (**Offer Price**) to raise gross proceeds of up to A\$70,151,922 (**Entitlement Offer**).

The Entitlement Offer was announced to the ASX on 13 November 2023. The institutional component of the Entitlement Offer (**Institutional Entitlement Offer**) raised a total of approximately A\$41.8 million (before costs) before trading in the Shares recommenced on 15 November 2023. This retail entitlement offer booklet (**Retail Entitlement Offer Booklet**) relates to the retail component of the Entitlement Offer (**Retail Entitlement Offer**), which proposes to raise a further A\$28.4 million (before costs).

The Entitlement Offer is fully underwritten by Mineral Resources Limited (ACN 118 549 910) (the **Underwriter** or **MinRes**), subject to the terms of the underwriting agreement between the Company, MinRes and the Joint Lead Managers further described in Section 6.1 (**Underwriting Agreement**).

Delta intends to use the proceeds to be raised under the Entitlement Offer primarily to fund a significantly enhanced exploration program at the Company's Mt Ida and Yinnetharra Lithium Projects, including upgrading of camp and infrastructure facilities at both sites, as Delta announced to the ASX on 13 November 2023. Refer to Section 5 for further details regarding the Entitlement Offer and the indicative use of funds.

Retail Entitlement Offer details

Under the Retail Entitlement Offer, Eligible Retail Shareholders are being offered the opportunity to subscribe for two (2) New Shares for every seven (7) existing Shares held on the Record Date of 4.00pm (Perth time) on 15 November 2023. The Retail Entitlement Offer to which this Retail Entitlement Offer Booklet relates closes at 2.00pm (Perth time) on 4 December 2023 (unless extended).

Eligible Retail Shareholders who take up their Entitlements in full may also apply for additional New Shares in excess of their Entitlements at the Offer Price up to a maximum amount of 100% of their Entitlement (subject to compliance with applicable laws and to the terms detailed in this Retail Entitlement Offer Booklet) (**Top Up Facility**). The availability of additional New Shares under the Top Up Facility will be limited to the Entitlements attributable to Eligible Retail Shareholders that do not take up their Entitlements. In the event it is necessary to scale back applications for additional New Shares (where there are more applications for additional New Shares than there is shortfall under the Retail Entitlement Offer) then the scale back will be on a pro rata basis, based on the Retail Entitlements. Any Shortfall Shares not allocated to Eligible Retail Shareholders will be allotted to the Underwriter in its capacity as underwriter (subject to the terms of the Underwriting Agreement).

Accompanying this Retail Entitlement Offer Booklet is your personalised entitlement and acceptance form (**Entitlement and Acceptance Form**) which details your Entitlement and provides instructions for participating in the Retail Entitlement Offer. To participate, you must ensure that you have paid your applications monies by BPAY®, or, alternatively for Eligible Retail Shareholders registered in New Zealand, by EFT, in accordance with the instructions provided on the Entitlement and Acceptance Form and so that those application monies are received by the Share Registry before 2.00pm (Perth time) on 4 December 2023. If you do not wish to take up any of your Entitlement, you do not have to take any action. As the Entitlement Offer is non-renounceable, Entitlements will not be tradeable on the ASX or otherwise transferable. If you do not take up your full Entitlement, those Entitlements that you do not take up will lapse and you will not receive any payment or value for them.

Delta obtained approval from ASIC to appoint Bell Potter Securities Limited (ACN 006 390 772) (**Nominee**) as nominee for the purposes of section 615 of the Corporations Act to sell New Shares which would otherwise have been available to Ineligible Shareholders had they been eligible to participate in the Entitlement Offer. The Nominee will arrange for the sale of the New Shares which would have been offered to Ineligible Shareholders. The Company will arrange for the proceeds of sale (if any), net of expenses, to

be distributed to Ineligible Institutional Shareholders and Ineligible Retail Shareholders in proportion to their Entitlements at the Record Date.

Shareholder support and underwriting

MinRes Group, which has Voting Power of 17.4% in the Company, subscribed for its full Entitlement of 26,531,991 New Shares (representing an aggregate subscription of \$12,204,715 at the Offer Price) under the Institutional Entitlement Offer and (via the Underwriter) agreed to fully underwrite the Entitlement Offer, subject to the terms of the Underwriting Agreement. The impact of this underwriting on MinRes Group's control over the Company, as a major Shareholder, will depend on the extent to which Eligible Retail Shareholders take up their Entitlements under the Retail Entitlement Offer and shortfall under the Top Up Facility.

In the unlikely event that no Eligible Retail Shareholders participate in the Retail Entitlement Offer or Top Up Facility, MinRes Group's Voting Power in the Company will increase to a maximum of 26.4%. Refer to Sections 6.4 to 6.6 (inclusive) below for further information of the control impact of the Entitlement Offer.

Additionally, the following persons (or their nominees) supported the Entitlement Offer by directly or indirectly subscribing for some or all of their Entitlements under the Institutional Entitlement Offer:

- Directors:
 - James Croser (controlling 5,980,377 Shares) subscribed for 652,174 New Shares for a subscription of \$300,000 at the Offer Price;
 - Nader El Sayed (controlling 2,533,893 Shares) subscribed for 217,391 New Shares for a subscription of \$100,000 at the Offer Price; and
 - Tim Manners (controlling 425,874 Shares) subscribed for 47,619 New Shares for a subscription of \$21,905 at the Offer Price; and
- Hancock Prospecting (controlling 24,726,334 Shares for a Voting Power of 4.6% of the Company) subscribed for its full Entitlement of 7,064,667 New Shares for a subscription of \$3,249,747 at the Offer Price (such amount excluding any subscription for additional New Shares under the Institutional Entitlement Offer top up facility and bookbuild),

which, along with the subscription by MinRes Group, represents an aggregate subscription of \$15,876,367 at the Offer Price (being 22.6% of the total amount offered under the Entitlement Offer). Mr Steve Kovac (controlling 25,316 Shares), a Director, also intends to subscribe for his full Entitlement of 7,223 New Shares (for an aggregate subscription of \$3,328 at the Offer Price) under the Retail Entitlement Offer.

Further information and application instructions for the Entitlement Offer, as well as key risks associated with investing in the Entitlement Offer are detailed in this Retail Entitlement Offer Booklet (including in the Investor Presentation in the "Key Risks" section) which you should read carefully and in its entirety, along with Delta's other ASX announcements.

3. KEY DETAILS OF THE ENTITLEMENT OFFER

3.1 Overview of the Entitlement Offer

The Entitlement Offer is a fully underwritten non-renounceable pro rata offer on the basis of two (2) New Shares for every seven (7) Shares held by Eligible Shareholders on the Record Date at the Offer Price to raise up to A\$70,151,922.

The Entitlement Offer comprises two components:

- (a) **Institutional Entitlement Offer** – Eligible Institutional Shareholders were given the opportunity to take up all or part of their Entitlement. Entitlements under the Institutional Entitlement Offer were non-renounceable. The Institutional Entitlement Offer closed on 14 November 2023. Any New Shares not allocated to Eligible Institutional Shareholders under the Institutional Entitlement Offer (including the institutional top up facility) were allotted to certain other institutional investors under a bookbuild process managed by the Joint Lead Managers; and
- (b) **Retail Entitlement Offer** – Eligible Retail Shareholders (as defined in Section 7.1) will be given the opportunity to take up all or part of their Entitlements under the Retail Entitlement Offer. Entitlements under the Retail Entitlement Offer (**Retail Entitlements**) are also non-renounceable. Eligible Retail Shareholders who take up their Entitlements in full may also apply for additional New Shares in excess of their Entitlements at the Offer Price up to a maximum amount of 100% of their Entitlement under the Top Up Facility.

The Entitlement Offer is fully underwritten by the Underwriter, subject to the terms of the Underwriting Agreement (described further in Section 6.1).

This Retail Entitlement Offer Booklet relates to Retail Entitlement Offer to raise up to A\$28.4 million (before costs).

Please refer to the Investor Presentation accompanying the Retail Entitlement Offer Booklet for further information regarding the purpose of the Entitlement Offer and proposed use of funds, as well as the key risks associated with an investment in Delta. You should also consider the ASX announcements and other publicly available information about Delta at www.asx.com.au and <https://deltalithium.com.au/>.

3.2 The Institutional Entitlement Offer

Eligible Institutional Shareholders were given the opportunity to take up all or part of their Entitlements under the Institutional Entitlement Offer at the Offer Price.

The full amount of the shortfall under the Institutional Entitlement Offer (including the institutional top up facility) was allotted to certain other institutional investors under a bookbuild process managed by the Joint Lead Managers. No New Shares were allocated to or acquired by MinRes Group (including the Underwriter) via the institutional top up facility or bookbuild.

The Company obtained approval from ASIC to appoint the Nominee as nominee for the purposes of section 615 of the Corporations Act to sell New Shares which would otherwise have been available to Ineligible Institutional Shareholders had they been eligible to participate in the Entitlement Offer (see Section 7.2). The Nominee will arrange for the sale of the New Shares which would have been offered to the Ineligible Institutional Shareholders. The Company will arrange for the net proceeds of sale (if any), net of expenses, to be distributed to Ineligible Institutional Shareholders in proportion to their Entitlements.

The Institutional Entitlement Offer was successfully undertaken and closed on 14 November 2023 and raised approximately A\$41.8 million. Please see the Company's ASX announcement dated 15 November 2023 for further information about the outcome of the Institutional Entitlement Offer.

New Shares are expected to be issued under the Institutional Entitlement Offer (including the shortfall) on 20 November 2023.

3.3 The Retail Entitlement Offer

The Retail Entitlement Offer is being made pursuant to section 708AA of the Corporations Act (as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84 and ASIC Corporations (Disregarding Technical Relief) Instrument 2016/73), which allows rights issues to be offered without a prospectus, provided certain conditions are satisfied.

Eligible Retail Shareholders are being invited to apply for all or part of their Entitlement and are being sent this Retail Entitlement Offer Booklet with a personalised Entitlement and Acceptance Form. Eligible Retail Shareholders who take up all of their Entitlement may also apply for additional New Shares in excess of their Entitlement under the Top Up Facility.

You should note that not all Shareholders will be eligible to participate in the Retail Entitlement Offer. Please read Section 7 for further information.

The offer ratio and Offer Price under the Retail Entitlement Offer are the same as the Institutional Entitlement Offer.

New Shares not taken up under the Retail Entitlement Offer will be offered to Eligible Retail Shareholders under the Top Up Facility and the balance thereafter may be taken up by the Underwriter on the terms of the Underwriting Agreement (described further in Section 6.1).

The Company obtained approval from ASIC to appoint the Nominee as nominee for the purposes of section 615 of the Corporations Act to sell New Shares which would otherwise have been available to Ineligible Retail Shareholders had they been eligible to participate in the Entitlement Offer (see Section 7.2). The Nominee will arrange for the sale of the New Shares which would have been offered to the Ineligible Retail Shareholders. The Company will arrange for the net proceeds of sale (if any), net of expenses, to be distributed to Ineligible Retail Shareholders in proportion to their Entitlements at the Record Date.

The Retail Entitlement Offer opens on 20 November 2023 and will close on the Closing Date (unless extended).

4. HOW TO APPLY

4.1 Your Entitlement

Your Entitlement is detailed on your personalised entitlement and acceptance form (**Entitlement and Acceptance Form**) and has been calculated as two (2) New Shares for every seven (7) Shares held by you as at the Record Date. If the result is not a whole number, your Entitlement will be rounded up to the nearest whole number of New Shares.

If you have more than one registered holding of Shares, you will have more than one personalised **Entitlement** and Acceptance Form and you will have separate Entitlements for each separate holding.

New Shares issued pursuant to the Retail Entitlement Offer will be fully paid and rank equally with existing Shares on issue.

Note: The Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up (see definition of Eligible Retail Shareholder in Section 7.1).

Nominees

The Retail Entitlement Offer is being made to all Eligible Retail Shareholders (as defined in Section 7.1). Delta does not undertake to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of Shares. See Section 7.11 for further information.

4.2 Consider the Retail Entitlement Offer in light of your particular investment objectives and circumstances

The Retail Entitlement Offer is being made pursuant to provisions of the Corporations Act (as modified by *ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84*) which allows entitlement offers to be made without a prospectus. This Retail Entitlement Offer Booklet does not detail all of the information which may be required in order to make an informed decision regarding an application for New Shares offered under the Retail Entitlement Offer. As a result, it is important for you to carefully read and understand the information on Delta and the Retail Entitlement Offer made publicly available and other Delta ASX announcements, prior to accepting all or part of your Entitlement or doing nothing in respect of your Entitlement. In particular, please refer to this Retail Entitlement Offer Booklet, Delta's half year and annual reports, Appendices 4D and 4E and other announcements lodged with ASX (including announcements which may be made by Delta after publication of this Retail Entitlement Offer Booklet).

Please consult with your stockbroker, accountant or other independent professional adviser if you have any queries or are uncertain about any aspect of the Retail Entitlement Offer. You should also refer to the "Key Risks" section in the Investor Presentation released to ASX which is included in Section 5.

4.3 Options available to you

If you are an Eligible Retail Shareholder, you may do any one of the following:

- (a) take up all of your Entitlement and also apply for additional New Shares in the Top Up Facility (up to a maximum amount of 100% of your Entitlement) or if you wish to take up all of your Entitlement only;
- (b) take up part of your Entitlement, in which case the part not taken up will lapse; or
- (c) do nothing, in which case all of your Entitlement will lapse and you will receive no value for those lapsed Entitlements.

Ineligible Retail Shareholders may not participate in the Retail Entitlement Offer.

Delta reserves the right to reject any Application that is received after the Closing Date. The Directors reserve the right to issue any shortfall under the Entitlement Offer at their discretion.

The Closing Date for acceptance of the Retail Entitlement Offer is 2.00pm (Perth time) on 4 December 2023.

Further details regarding your options are provided below.

1. If you wish to take up all of your Entitlement and also apply for additional New Shares in the Top Up Facility or if you wish to take up all of your Entitlement only

If you decide to take up all of your Entitlement, or take up all of your Entitlement and participate in the Top Up Facility, please either:

- pay your application monies via BPAY® by following the instructions detailed on the personalised Entitlement and Acceptance Form available online at www.computersharecas.com.au/dlioffer; or
- if you are an Eligible Retail Shareholder registered in New Zealand, pay your application monies via EFT by following the instructions detailed on the personalised Entitlement and Acceptance Form available online at www.computersharecas.com.au/dlioffer,

in each case, so that they are received by the Share Registry by no later than the Closing Date.

If you apply to take up all of your Entitlement, you may also apply for additional New Shares under the Top Up Facility up to a maximum amount of 100% of your Entitlement (subject to compliance with applicable laws and to the terms detailed in this Retail Entitlement Offer Booklet). Amounts received by Delta in excess of the Offer Price multiplied by your Entitlement may be treated as an Application to apply for as many additional New Shares as your application monies will pay for in full, up to the aforementioned maximum.

If you take up all of your Entitlement (and if you apply for additional New Shares under the Top Up Facility) and if your application is successful (in whole or in part) you will be issued your New Shares on or around 11 December 2023. Delta's decision on the number of New Shares to be issued to you will be final. Additional New Shares under the Top Up Facility will be allocated first to Eligible Retail Shareholders if available and to the extent that Delta so determines, in its absolute discretion, and then to the Underwriter in its capacity as underwriter (subject to the terms of the Underwriting Agreement). If you apply for additional New Shares, there is no guarantee that you will be allocated any additional New Shares. You may alternatively be allocated zero additional New Shares or fewer additional New Shares than you applied for. Refer to Section 7.5 for details in respect to the Top Up Facility allocation policy).

Any New Shares not taken up by the Closing Date may be made available (in whole or in part) to those Eligible Retail Shareholders who took up their full Entitlement and applied for additional New Shares under the Top Up Facility. There is no guarantee that such Shareholders will receive the number of New Shares applied for under the Top Up Facility, or any. Additional New Shares under the Top Up Facility will only be allocated to Eligible Retail Shareholders if available and to the extent that Delta so determines, in its absolute discretion.

Delta also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if Delta believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to Delta's satisfaction.

2. If you wish to take up part of your Entitlement

If you decide to take up part of your Entitlement, and allow the balance to lapse, please either:

- pay your application monies via BPAY® by following the instructions detailed on the personalised Entitlement and Acceptance Form available online at www.computersharecas.com.au/dlioffer; or
- if you are an Eligible Retail Shareholder registered in New Zealand, pay your application monies via EFT by following the instructions detailed on the personalised Entitlement and Acceptance Form available online at www.computersharecas.com.au/dlioffer,

in each case, so that they are received by the Share Registry by no later than the Closing Date.

Delta will treat you as applying for as many New Shares as your payment will pay for in full.

If you take up and pay part of your Entitlement before the close of the Retail Entitlement Offer you will be issued your New Shares on or around 11 December 2023. Delta's decision on the number of New Shares to be issued to you will be final.

Delta also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if Delta believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to Delta's satisfaction.

Eligible Retail Shareholders who do not participate fully in the Retail Entitlement Offer will have their percentage holding in Delta reduced by the Entitlement Offer.

You will not receive any value for the Entitlements you choose not to take up and they will lapse worthless.

3. If you take no action:

If you take no action you will not be allocated New Shares and your Entitlement will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and will not be tradeable or otherwise transferable. Eligible Retail Shareholders who do not take up their Entitlements in full will not receive any payment or value for those Entitlements they do not take up.

Eligible Retail Shareholders who do not participate fully in the Retail Entitlement Offer will have their percentage holding in Delta reduced by the Entitlement Offer.

4.4 Payment

The method of acceptance of the Retail Entitlement Offer will depend on your method of payment being:

- by BPAY® (all Eligible Retail Shareholders); or
- by EFT (for Eligible Retail Shareholders registered in New Zealand who do not have an Australian bank account and are unable to submit payment via BPAY®).

Cash payments will not be accepted. Receipts for payment will not be issued.

Delta will treat you as applying for as many New Shares as your payment will pay for in full up to your Entitlement and your limit under the Top Up Facility.

Any application monies received for more than your final allocation of New Shares will be refunded as soon as practicable after the close of the Retail Entitlement Offer. No interest will be paid to applicants on any application monies received or refunded.

You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment.

5.1 Offer Launch Announcement dated 13 November 2023

Not for release to US wire services or distribution in the United States

Delta to raise ~A\$70 million via fully-underwritten Accelerated Non-Renounceable Entitlement Offer

Highlights:

- Delta Lithium to raise approximately \$70.2 million via an accelerated non-renounceable entitlement offer.
- Proceeds from the Entitlement Offer to ensure that Delta Lithium is:
 - well-funded for expanded drilling programs at both the Mt Ida Lithium Project in the Goldfields region, and the Yinnetharra Lithium Project in the Gascoyne region, of Western Australia; and
 - fully funded through to the delivery of a scoping study at Yinnetharra as well as a Definitive Feasibility Study and a Final Investment Decision at Mt Ida, expected in late-2024.
- Major shareholders Mineral Resources Limited and Hancock Prospecting Pty Ltd, representing ~ 22% of Delta Lithium's existing and outstanding shares, have indicated that they intend to take up their full entitlements, which together will account for approximately \$15.4 million of the Entitlement Offer.
- The Entitlement Offer is fully-underwritten by Mineral Resources Limited (ASX:MIN)¹.

Delta Lithium Limited (ASX:DLI) ("**Delta**", "**Delta Lithium**" or the "**Company**"), is pleased to announce that it is undertaking a fully-underwritten¹ accelerated non-renounceable entitlement offer to eligible shareholders on the basis of two (2) shares for every seven (7) existing shares to raise approximately \$70.2 million (before costs) ("**Entitlement Offer**").

The Entitlement Offer will comprise the issue of approximately 152.5 million new fully paid ordinary shares in Delta ("**New Shares**") at an offer price of \$0.46 ("**Offer Price**") per New Share, which represents a:

- 11.5% discount to last traded price of shares of \$0.52 on 10 November 2023;
- 9.2% discount to the theoretical ex-rights price ("**TERP**")² of \$0.507 per share;
- 17.0% discount to the 5-day volume weighted average price of shares up to and including 10 November 2023; and
- 19.3% discount to the 10-day volume weighted average price of shares up to and including 10 November 2023.

The Entitlement Offer comprises:

- an accelerated institutional component open to eligible institutional shareholders to be conducted from Monday, 13 November 2023 to Tuesday, 14 November 2023 ("**Institutional Entitlement Offer**"); and
- a retail component open to eligible retail shareholders in Australia or New Zealand anticipated to be conducted from Monday, 20 November 2023 to Monday, 4 December 2023 (unless extended) ("**Retail Entitlement Offer**").

The offer ratio and Offer Price for New Shares under the Retail Entitlement Offer are the same as for the Institutional Entitlement Offer.

¹ Refer to Appendix D of the Investor Presentation for a description of the terms and conditions of the Underwriting Agreement. Mineral Resources will not participate in the institutional bookbuild or institutional or retail top-up facility.

² TERP is the theoretical ex-rights price at which New Shares should trade immediately after the ex-date for the Entitlement Offer. TERP is a theoretical calculation only and the actual price at which New Shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not equal TERP.

The proceeds from the Entitlement Offer will be used to rapidly develop Mt Ida through to Final Investment Decision stage. The completion of the feasibility study will also include licensing and approvals associated with mine development activities. In addition, there will be drill campaigns to further define the Mineral Resource estimate in addition to the regional exploration. A camp upgrade is being conducted currently with a road and water infrastructure upgrade planned.

At Yinnetharra a significantly enhanced exploration program will be conducted. The program will include over 2,000 holes across the Yinnetharra prospects, including Jamesons once heritage clearance surveys have been completed. This broadened program will see drill rigs increase from three to eight. The expanded exploration plan will assist in delivering an initial Scoping Study at Yinnetharra and look to grow and upgrade the maiden Mineral Resource Estimate to be delivered later this quarter.

The Company has entered into an underwriting agreement with Mineral Resources Limited (ASX:MIN) (**Mineral Resources** or **Underwriter**) and the Joint Lead Managers (defined below) pursuant to which Mineral Resources has agreed to fully underwrite the Entitlement Offer (**Underwriting Agreement**), subject to the terms of the underwriting agreement.¹ No fees are payable to Mineral Resources in connection with the Underwriting Agreement.

Bell Potter Securities Limited and Canaccord Genuity (Australia) Limited are acting as joint lead managers (**Joint Lead Managers**) to the Entitlement Offer.

Further details of the Entitlement Offer are detailed in the investor presentation released on the ASX platform today (**Investor Presentation**).

Commenting on the Entitlement Offer, Delta's Managing Director, James Croser said:

"The equity raising will provide Delta with greater financial flexibility to accelerate development at both Mt Ida and Yinnetharra. In particular, the additional funds will allow us to significantly increase drilling activities at both projects and ensure the Company is funded through key milestones over the next 15 months, including delivery of a scoping study at Yinnetharra and a final investment decision on the Mt Ida concentrate project.

We are delighted that Mineral Resources and Hancock Prospecting have both shown their support by indicating their intention to take up their entitlements, which reflects the quality of our projects and their potential to deliver significant value for our shareholders."

Entitlement Offer Structure

Under the Entitlement Offer, eligible shareholders are invited to subscribe for two (2) New Shares for every seven (7) existing Delta shares held (**Entitlement**).

The Entitlement Offer is non-renounceable, and Entitlements will not be tradable or otherwise transferable.

Eligible shareholders who do not take up their Entitlement under the Entitlement Offer in full or in part, will not receive any value with respect to those Entitlements not taken up. New Shares issued under the Entitlement Offer will be fully paid and will rank equally with existing Delta shares at the time of issue.

Institutional Entitlement Offer

Institutional shareholders with a registered address in Australia, Canada (British Columbia, Ontario and Quebec), European Union (incl. Germany, France, Luxembourg, Netherlands, Sweden), New Zealand, Switzerland, Hong Kong, Singapore, the United Kingdom or the United States (**Eligible Institutional Shareholders**) will be invited to participate in the Institutional Entitlement Offer.

Eligible Institutional Shareholders can choose to take up all, or part or none of their Entitlement under the Institutional Entitlement Offer.

New Shares not taken up by Eligible Institutional Shareholders under the Institutional Entitlement Offer will be offered at the Offer Price to Eligible Institutional Shareholders who applied for New Shares in excess of their Entitlement, up to a maximum amount of 100% of their Entitlement (subject to compliance with applicable laws and to the terms of the Institutional Entitlement Offer) (**Institutional Top Up Facility**).

The availability of additional New Shares under the Institutional Top Up Facility will be limited to the Entitlements attributable to Eligible Institutional Shareholders who do not take up their Entitlements. In the event it is necessary to scale back applications for additional New Shares (where there are more applications for additional New Shares than there is shortfall under the Institutional Entitlement Offer) then the scale back will be on a pro rata basis, based on the institutional Entitlements. Any New Shares not allocated to Eligible Institutional Shareholders under the Institutional Entitlement Offer (including the Institutional Top Up Facility) will be allotted to certain other institutional investors under a bookbuild process to be managed by the Joint Lead Managers, with the balance to thereafter be allocated the Underwriter in accordance with the Underwriting Agreement.¹

Delta's shares will remain in a trading halt pending completion of the Institutional Entitlement Offer.

Retail Entitlement Offer

Retail shareholders with a registered address in Australia or New Zealand as at 4.00pm (AWST) on Wednesday, 15 November 2023 (**Record Date**) (**Eligible Retail Shareholders**) will be invited to participate in the Retail Entitlement Offer.

Eligible Retail Shareholders can choose to take up all, or part or none of their Entitlement under the Entitlement Offer.

The Retail Entitlement Offer will be made under a retail offer booklet (**Retail Entitlement Offer Booklet**). The Retail Entitlement Offer Booklet will be dispatched to Eligible Retail Shareholders, along with accompanying personalised entitlement and acceptance forms, on Monday, 20 November 2023.

Eligible Retail Shareholders who take up their Entitlements in full may also apply for additional New Shares in excess of their Entitlements at the Offer Price up to a maximum amount of 100% of their Entitlement (subject to compliance with applicable laws and to the terms of the Retail Entitlement Offer) (**Retail Top Up Facility**).

The availability of additional New Shares under the Retail Top Up Facility will be limited to the Entitlements attributable to Eligible Retail Shareholders who do not take up their Entitlements. In the event it is necessary to scale back applications for additional New Shares (where there are more applications for additional New Shares than there is shortfall under the Retail Entitlement Offer) then the scale back will be on a pro rata basis, based on the retail Entitlements. Any New Shares not allocated to Eligible Retail Shareholders under the Retail Entitlement Offer (including the Retail Top Up Facility) will be allocated to the Underwriter in accordance with the Underwriting Agreement.¹

Nominee

The Company has appointed Bell Potter Securities Limited (**Nominee**) to act as a nominee for the purposes of section 615 of the *Corporations Act 2001* (Cth), who will arrange for the sale of New Shares under the Entitlement Offer which would otherwise have been available to ineligible shareholders and remit any net proceeds (i.e. sale proceeds less brokerage and costs) from the sale of those New Shares to those ineligible shareholders. There is no guarantee that any proceeds will be realised from the sale of the entitlements that would otherwise have been offered to ineligible shareholders.

Key shareholder support

Mineral Resources Limited and Hancock Prospecting Pty Ltd, who collectively hold 22% of the Company's existing and outstanding shares, have indicated that they intend to take up their full entitlement, representing approximately \$15.4 million of the gross proceeds of the Entitlement Offer. In addition, all directors of Delta who are shareholders have indicated they intend to participate in the Entitlement Offer.

As detailed above, Mineral Resources has also agreed to fully underwrite the Entitlement Offer, subject to the terms of the Underwriting Agreement. If no eligible shareholder participates in the Entitlement Offer, then this may result in Mineral Resources Limited, together with its associates, increasing its ultimate voting power in Delta up to a maximum of approximately 35.8%. APPENDIX

APPENDIX A – RISKS ASSOCIATED WITH THE COMPANY

The Company's risk management framework is embedded within existing processes and is aligned to the Group's strategic business objectives. Set out below are specific risks that relate to the Company's business. In addition, there are general risks, many of which are largely beyond the control of the Company and its Directors. The following is not intended to be an exhaustive list of risk factors to which the Company is exposed (Note: The factors identified below are not necessarily listed in order of importance and are not intended as an exhaustive list of all the risks and uncertainties associated with Delta):

COMPANY SPECIFIC RISKS

UNDERWRITING RISK

The Company has entered into an Underwriting Agreement pursuant to which the Underwriter has agreed to underwrite the Entitlement Offer, subject to the terms and conditions of the Underwriting Agreement (refer to Appendix D for further details). If certain conditions are not satisfied or certain events occur, the Underwriter may terminate the Underwriting Agreement. If the Underwriting Agreement is terminated and the Entitlement Offer does not proceed or does not raise the funds required for the Company to meet its stated objectives, the Company may be required to find alternative financing. In those circumstances, there is no guarantee that alternative funding could be sourced on favourable terms, if at all.

DILUTION RISK

Upon completion of the Entitlement Offer, assuming no Options or Performance Rights are exercised or converted prior to 4.00pm (AWST) on the Record Date, the number of Shares will increase from 533,764,623 to approximately 686,268,801. This increase equates to approximately 28.6% of all the issued Shares following completion of the Entitlement Offer. This means that each Share will represent a lower proportion of the ownership of the Company. It is not possible to predict what the value of the Company or a Share will be following the completion of the Entitlement Offer and the Directors do not make any representations with respect to such matters. The last closing trading price of Shares on ASX on the day prior to the date of this Presentation of \$0.52 on 10 November 2023 is not a reliable indicator as to the potential trading price of Shares following completion of the Entitlement Offer. Shareholders should note that if they do not take up their Entitlement under the Entitlement Offer in full, their holdings will be diluted as compared to their holdings and number of Shares on issue at the date of this Presentation.

TENURE, ACCESS AND GRANT OF APPLICATIONS

Mining and exploration tenements are subject to periodic renewal. There is no guarantee that the Company's tenements will be renewed (nor that any future tenement applications will be granted).

The Company's projects are subject to relevant mining legislation. The renewal of the term of a granted tenement is also subject to government discretion and the Company's ability to meet the conditions imposed by relevant authorities, including compliance with the Company's work program requirements, is not certain. Renewal conditions may include increased expenditure and work commitments or compulsory relinquishment of areas of the tenements comprising the Company's projects. The imposition of new conditions or the inability to meet those conditions may adversely affect the operations, financial position and/or performance of the Company. There is no assurance that such renewals will be given as a matter of course and there is no assurance that new conditions will not be imposed by the relevant granting authority. The consequence of forfeiture or involuntary surrender of a granted tenement for reasons beyond the control of the Company could be significant.

In addition, the Company is subject to payment and other obligations. In particular, tenement holders are required to expend the funds necessary to meet the minimum work commitments attaching to the tenements. Failure to meet these work commitments may render the tenement liable to be cancelled or its size reduced. If a tenement is not renewed or an area of any tenement is relinquished, the Company may suffer significant damage through the loss of the opportunity to develop and discover any resource on that tenement. As at the date of this presentation, the Directors are not aware of any relinquishment of its tenements or any reason why the renewal of any tenement will not be given. Further, if any contractual obligations are not complied with when due, in addition to any other remedies that may be available to other parties, this could result in dilution or forfeiture of the Company's interest in its projects. There is also a risk of inability to access the land required for operations on tenements. This may, for example, be as a result of weather, environmental restraints, native title, landholder's activities, regulatory or third-party objections or other factors. Such difficulties may cause delays and cost overruns (and may prevent the carrying out of activities on tenements). Interests in tenure may also be compromised or lost due to third party interests or claims.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

FUTURE REQUIREMENTS FOR FUNDING

The Company's funding requirements depend on numerous factors including the Company's future exploration, project evaluation, project development and work programs. Additional funding may be raised (for example) through debt or equity funding. If required funding is not available, including because appropriate commercial terms cannot be negotiated, this may limit the capacity of the Company to execute on its business strategy and exploration programs. Additional equity funding, if available, may be dilutive to Shareholders and at lower prices than the current market price. Debt funding, if available, may involve restrictions on financing and operating activities and be subject to risks relating to movements in interest rates. An increase in interest rates will make it more expensive for the Company to fund its operations and may constrain the ability to execute on business strategies and exploration programs. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

NEGATIVE CASHFLOWS FROM OPERATIONS

The Company has no recent history of earnings and does not have any producing mining operations. The Company has experienced losses from exploration activities and expects to continue to incur losses. No assurance can be given that the Company will be able to economically exploit any mineral deposit or enter into production. The Company expects to continue to incur losses from exploration, studies and development activities in the foreseeable future.

NEW PROJECTS AND ACQUISITIONS

The Company may make acquisitions in the future as part of future growth plans. In this regard, the Directors will use their expertise and experience in the resources sector to assess the value of potential projects that have characteristics that the Directors consider are likely to provide returns to Shareholders. There can be no guarantee that any new project acquisition or investment will eventuate from these pursuits, or that any acquisitions will result in a return for Shareholders. Such acquisitions may result in use of the Company's cash resources and/or the issuance of equity securities, which will dilute shareholdings.

NATIVE TITLE

The Native Title Act 1993 (Cth) (Native Title Act) recognises and protects the rights and interests in Australia of Aboriginal and Torres Strait Islander people in land and waters, according to their traditional laws and customs. There is significant uncertainty associated with Native Title in Australia and this may impact on the Company's operations and future plans. The Company must also comply with Aboriginal heritage legislation requirements, which require certain due diligence investigations to be undertaken ahead of the commencement of exploration and mining. This due diligence may include, in certain circumstances, the conduct of Aboriginal heritage surveys. The risks may also include the following:

- < the Company may have to seek consent or permits to access the land the subject of an Aboriginal heritage or land right claim. There is no guarantee that any such consent or permits will be granted;
- < the Company may have to comply with restrictions or conditions on accessing land the subject of an Aboriginal heritage or land right claim. This may result in the Company facing unplanned expenditure or delays. Failure to comply with any conditions on the permits may result in the Company losing its title to its tenements or forfeiting its permits; and
- < in the event the Company discovers evidence of Aboriginal heritage on land accessed by the Company, the Company must comply with regulations.

IMPAIRMENT OF NON-CORE ASSETS

The Company's balance sheet includes non-core assets. The Company may be required to undertake impairment testing, which is the process of reviewing the values of assets shown in its balance sheet to determine whether those values continue to be supportable or should be reduced. The Company may determine that the value of non-core assets should be reduced and may need to write off all or part of its non-core assets. This may adversely impact the Company's operating results and financial position.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

DRILLING RISKS

The Company's future drilling operations may be curtailed, delayed or cancelled due to a number of factors including lack of funding, weather conditions, mechanical difficulties, shortage or delays in the delivery of rigs and/or other equipment and compliance with Heritage and governmental requirements. While drilling may yield some resources there can be no guarantee that the discovery will be sufficiently productive to justify commercial development or cover operating costs.

EXPLORATION ON THE COMPANY'S PROJECTS

During 2023, the Company has undertaken extensive explorations on its projects and on 3 and 11 October 2023 announced an updated Lithium Mineral Resource estimate and Maiden Gold Mineral Resource estimate respectively for the Mt Ida Project.

Exploration is inherently risky and there is no assurance that it will be successful. The Company's ability to develop a mining operation will depend to a significant degree on the success of its exploration programs, its ability to complete feasibility studies and prepare Mineral Resource estimates and Ore Reserves estimates, the costs of developing the Company's projects and anticipated returns from the Company's projects.

INDUSTRY SPECIFIC RISKS

NATURE OF MINERAL EXPLORATION AND MINING

The business of mineral exploration, development and production is subject to risk by its nature. Shareholders should understand that mineral exploration, development and mining are high-risk enterprises, only occasionally providing high rewards (with no guarantee of ever becoming producing assets).

The success of the Company depends, among other things, on successful exploration, feasibility of projects, securing and maintaining title to tenements and consents, successful design, construction, commissioning and operating of mining and processing facilities, successful development and production in accordance with forecasts and successful management of the operations. Exploration and mining activities may also be hampered by force majeure circumstances, land claims and unforeseen mining problems.

There is no assurance that exploration and development of the mineral tenement interests currently owned by the Company, or any other projects that may be acquired in the future, will result in the discovery of mineral deposits which are capable of being exploited economically. Even if an apparently viable deposit is identified, there is no guarantee that it can be profitably exploited. If such commercial viability is never attained, the Company may seek to transfer its property interests or otherwise realise value, or the Company may even be required to abandon its business and fail as a "going concern".

Whether a mineral deposit will be commercially viable depends on a number of factors, which include, without limitation, the particular attributes of the deposit, such as size, grade and proximity to infrastructure, metal prices, which fluctuate widely, and government regulations, including, without limitation, regulations relating to prices, taxes, royalties, land tenure, land use, exporting of minerals and environmental protection. The combination of these factors may result in the Company expending significant resources (financial and otherwise) on tenements without receiving a return. There is no certainty that expenditures made by the Company towards the search and evaluation of mineral deposits will result in discoveries of an economically viable mineral deposit.

The Company has relied on and may continue to rely on consultants and others for mineral exploration and exploitation expertise. The Company believes that those consultants and others are competent and that they have carried out their work in accordance with internationally recognised industry standards. However, if the work conducted by those consultants or others is ultimately found to be incorrect or inadequate in any material respect, the Company may experience delays or increased costs in exploring or developing its tenements.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

MINING RISKS AND MINERAL RESOURCE AND ORE RESERVE ESTIMATES

When compared with many industrial and commercial operations, mining and mineral processing projects are relatively high risk. The nature of mineralisation, the occurrence and grade of the ore, as well as its behaviour during mining and processing can never be wholly predicted.

Ore Reserve and Mineral Resource estimates are expressions of judgment based on drilling results, past experience with mining properties, knowledge, experience, industry practice and many other factors. As such, Ore Reserve and Mineral Resource are inherently imprecise and rely to some extent on interpretations made. Despite employing qualified professionals to prepare Ore Reserve and Mineral Resource estimates, such estimates may nevertheless prove to be inaccurate. Estimates which are valid when made may change substantially when new information becomes available. Mineral Resource and Ore Reserve estimation is an interpretive process based on available data and interpretations and thus, as noted above, estimations may be inaccurate.

The actual quality and characteristics of mineral deposits cannot be known until mining takes place and will almost always differ from the assumptions used to develop resources. Further, Ore Reserves are valued based on future costs and future prices and, consequently, any actual Ore Reserves and Mineral Resources may differ from those estimated, which may result in either a positive or negative effect on operations. Should the Company encounter mineralisation or formations different from those predicted by past drilling, sampling and similar examinations (or should any other material assumptions prove to be inaccurate), any Ore Reserve and Mineral Resource estimates may have to be adjusted and mining plans may have to be altered in a way which could adversely affect the Company's operations.

PROJECT DELIVERY RISK

The execution and delivery of projects involves judgment regarding the planning, development and operation of complex operating facilities and equipment that may occur over extended time periods. As a result, the Group's operations, cash flows and liquidity could be affected if the Company miscalculates the resources or time needed to complete a project, if it fails to meet contractual obligations, or if it encounters delays or unspecified conditions. The Company maintains a strict project monitoring regime, proactive management and decision making to mitigate project delivery risks.

COMMODITY PRICES, FOREIGN EXCHANGE RATES AND INFLATION

The value of the Company's assets may be affected by fluctuations in commodity prices and exchange rates, such as the USD and AUD denominated commodity prices and the AUD/USD exchange rates. Financial performance and the ability to raise finance from equity and/or debt sources will be highly dependent on the prevailing commodity prices, capital costs, operating costs and exchange rates. These prices along with other inputs to capital and operating costs can fluctuate rapidly and widely, and are affected by numerous factors beyond the control of the Company including, among others, expectations regarding inflation, the financial impact of movements in interest rates, global economic trends and confidence and conditions, each of which are currently experiencing material changes.

The mining industry has seen numerous recent examples of material capital and operating cost increases driven by input cost escalation and global supply chain pressures. Such inflationary pressures continue to impact the Company's projects.

LABOUR COSTS AND AVAILABILITY

Labour represents a significant portion of operating expenditure and exploration activities. In order to realise business objectives, the Group needs to be able to continue to attract and retain skilled employees. Consequently, the Group is exposed to increased labour costs in markets where the demand for labour is strong. The group manages labour costs through various remuneration schemes that include short and long-term incentives to employees to align with shareholder value accretion and mitigate against the impact of rising labour costs.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

The Company is dependent on the experience, expertise and abilities of its Board and management team in overseeing the day-to-day operations of the Company. The Company is seeking to ensure its management team and Board have the requisite skills to successfully implement its future plans. The failure to recruit and retain a team with appropriate experience and expertise to the Company may have an adverse effect on the performance of the Company and its plans for its projects. As the Company grows and moves to different stages of development, it will need to employ and retain appropriately motivated, skilled and experienced staff. Difficulties in attracting and retaining such staff may have an adverse effect on the performance of the Company.

PROJECT ECONOMIC VIABILITY RISK

The fact the Company plans to prepare the Feasibility Study for the Mt Ida Project does not mean that the Mt Ida Project is economically viable. Until all the parts of the Feasibility Study are known and analysed, there can be no certainty that an Ore Reserve estimate will be capable of being defined. If during the preparation of the Feasibility Study, the Company becomes aware of new information that indicates the Mt Ida Project may not be economically viable, the Company may not complete the Feasibility Study and may not be in a position to prepare an Ore Reserve Estimate. The conclusions from the proposed Feasibility Study are unknown and uncertain at the date of this Presentation.

ENVIRONMENT

The operations and proposed activities of the Company are subject to laws and regulations concerning the environment. If such laws are breached, the Company could be required to cease its operations and/or incur significant liabilities including penalties, due to past or future activities. As with most exploration projects and mining operations, the Company's activities are expected to have an impact on the environment, particularly if advanced exploration or mine development proceeds. The Company aims to conduct its activities to the highest standard of environmental obligation, including in compliance in all material respects with relevant environmental laws. Nevertheless, there are certain risks inherent in the Company's activities which could subject the Company to extensive liability.

Further, the Company may require approval from relevant authorities before it can undertake activities that are likely to impact the environment. Failure to obtain such approvals could prevent the Company from undertaking its desired activities. The cost and complexity in complying with the applicable environmental laws and regulations may affect the viability of potential developments of the Company's projects, and consequently the value of those projects, and the value of the Company's assets.

EXPOSURE TO NATURAL EVENTS – CLIMATE CHANGE

There are a number of climate-related factors that may affect the operations and financial position of the Company. Climate change, prolonged periods of adverse weather and climatic conditions (including rising sea levels, floods, hail, drought, water, scarcity, temperature extremes, volcanic activity and earthquakes) may have an adverse effect of the Company's operations and/or the Company's future financial performance. This could result in increased costs and or reduced revenues which could impact the Company's financial performance and position.

Changes in policy, technological innovation and/or consumer or investor preferences may also adversely impact the operations and financial position of the Company or may result in less favourable pricing for its product, particular in the event of a transition to a lower carbon economy.

METALLURGICAL RISKS

The economic viability of mineralisation depends on a number of factors such as the development of an economic process route for metal concentrates, which may or may not ultimately be successful. Further, changes in mineralogy may result in inconsistent metal recovery.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

ENVIRONMENTAL LIABILITIES RISK

The Company's activities are subject to potential risks and liabilities associated with (without limitation) the potential pollution of the environment and the necessary disposal of mining waste products resulting from mineral exploration and production. Insurance against environmental risk (including potential liability for pollution or other hazards as a result of the disposal of waste products occurring from exploration and production) is not generally available to the Company (or to other companies in the minerals industry) at a reasonable price. To the extent that the Company becomes subject to environmental liabilities, the satisfaction of any such liabilities would reduce funds otherwise available to the Company and could have a material adverse effect on the Company. Laws and regulations intended to ensure the protection of the environment are constantly changing and are generally becoming more restrictive.

WORK HEALTH AND SAFETY RISK

The Company is committed to providing a healthy and safe environment for its personnel, contractors and visitors. However, exploration, development and other mining industry activities have inherent risks and hazards. While the Company provides appropriate instructions, equipment, preventative measures, first aid information and training to all stakeholders through its occupational, health and safety management systems, health and safety incidents may nevertheless occur. Any illness, personal injury, death or damage to property resulting from the Company's activities may lead to a claim against the Company.

GENERAL RISKS

SECURITIES INVESTMENT

The prices at which the Company's Shares trade may fluctuate in response to a number of factors including the risk factors identified in this section as well as securities market factors such as limited liquidity of the Shares and large share price movements due to trading by major shareholders.

ISSUE OF ADDITIONAL SECURITIES WITHOUT REFERENCE TO SHAREHOLDERS

In certain circumstances, the Directors may issue equity securities without any vote or action by Shareholders. If the Company were to issue any equity securities the percentage ownership of existing Shareholders may be reduced and diluted.

LITIGATION RISK

Although it has no material litigation on foot, the Company is exposed to the usual risks of litigation, disputes and claims, including tenure disputes, environmental claims, royalty disputes, contractual disputes, occupational health and safety claims and employee and stakeholder claims.

While the Company acts to limit various contractual arrangements and exposures arising from the suspension of its construction activities, some exposure may remain. The Company may be involved in disputes in the future, whether arising out of pre-development activities at its projects which have been undertaken to date, its contractual arrangements, or the performance of its statutory obligations or otherwise. If any such claim or dispute is proven, it may impact adversely on the Company's operations, financial performance and financial position.

CHANGES IN LAW, GOVERNMENT POLICY AND ACCOUNTING STANDARDS

Adverse changes in government policies or legislation may affect ownership of mineral interests, taxation, royalties, land access, labour relations, and mining and exploration activities of the Company. It is possible that the current system of exploration and mine permitting in Australia may change, adversely affecting the Company's operations and financial performance.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

Mining development and operations can be subject to public and political opposition. Opposition may include legal challenges to exploration and development permits, political and public advocacy, electoral strategies, ballot initiatives, media and public outreach campaigns and protest activity, all which may delay or halt development or expansion.

In the ordinary course of business, mining companies are required to seek governmental permits for exploration, expansion of existing operations or for the commencement of new operations. The duration and success for permitting efforts are contingent upon many variables not within the control of the Company. There can be no assurance that all necessary permits will be obtained, and, if obtained, that the costs involved will not exceed those estimated by the Company.

Amendments to current laws, regulations and permits governing operations and activities of mining companies in the jurisdictions within which the Company operates or may in the future operate, or a more stringent implementation thereof, could have a material adverse impact on the Company and cause increases in the cost of production, capital expenditure or exploration costs and reduction in levels of production for the Company's operations.

COMPETITION

Like many industries, the resources industry is subject to domestic and global competition. The Company has no influence or control over the activities or actions of its competitors and these activities or actions may positively or negatively affect the operating and financial performance of the Company's projects and business.

Many of these companies have greater financial and other resources than the Company and, as a result, may be in a better position to compete for future business opportunities. Many of the Company's competitors not only explore for and produce minerals, but also carry out refining operations and produce other products on a worldwide basis. There can be no assurance that the Company can compete effectively with these companies.

UNFORESEEN EXPENSES

The Company may incur unforeseen expenses. In those circumstances, the expenditure proposals of the Company may be adversely affected.

INSURANCE

The Company insures its operations in accordance with industry practice. However, insurance of all risks associated with exploration, development and mining activities is not always available and, where it is available, the cost may be prohibitively high. The occurrence of an event that is not covered or fully covered by insurance could have a material adverse effect on the business, financial condition and results of the Company.

EXPECTED FUTURE EVENTS MAY NOT OCCUR

Certain statements in this presentation may constitute forward looking statements. Such forward looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance and achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward looking statements. Given these uncertainties, Shareholders should not place undue reliance on such forward-looking statements. In addition, under no circumstances should forward looking statements be regarded as a representation or warranty by the Company, or any other person referred to in this Presentation, that a particular outcome or future event is guaranteed.

TRADING IN SECURITIES OF THE COMPANY MAY NOT BE LIQUID

There is no guarantee that there will be an ongoing liquid market for securities of the Company. Accordingly, there is a risk that, should the market or Company's securities become illiquid, the Shareholders will be unable to realise their investment in the Company.

RISKS ASSOCIATED WITH THE COMPANY (CONT)

CYBER SECURITY

The potential for malicious cyber security attacks resulting in the misuse and release of sensitive information poses an ongoing and real risk to the operations of the company. Delta continues to progress its Information and Communications Technology Strategy (“ICT”), of which one initiative includes the continual review of our cyber security and ICT maturity. Gaps and vulnerabilities are addressed on an ongoing basis.

SHARE MARKET FLUCTUATIONS AND ECONOMIC CONDITIONS RISKS

Furthermore, any resale of the New Shares in the Provinces must be made in accordance with applicable Canadian securities laws. While such resale restrictions generally do not apply to a first trade in a security of a foreign, non-Canadian reporting issuer that is made through an exchange or market outside Canada, Canadian purchasers should seek legal advice prior to any resale of the New Shares.

The Company as well as its directors and officers may be located outside Canada and, as a result, it may not be possible for purchasers to effect service of process within Canada upon the Company or its directors or officers. Securities legislation in certain Provinces may provide a purchaser with remedies for rescission or damages if an offering memorandum contains a misrepresentation, provided the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s Province. A purchaser may refer to any applicable provision of the securities legislation of the purchaser’s Province for particulars of these rights or consult with a legal adviser.

Certain Canadian income tax considerations. Prospective purchasers of the New Shares should consult their own tax adviser with respect to any taxes payable in connection with the acquisition, holding or disposition of the New Shares as there are Canadian tax implications for investors in the Provinces.

5.3 Institutional Entitlement Offer Closing Announcement dated 15 November 2023

Not for release to US wire services or distribution in the United States

Successful Completion of Institutional Component of Entitlement Offer

Highlights:

- Successful completion of institutional component of pro rata accelerated non-renounceable entitlement offer and institutional bookbuild.
- Strong support from new and existing institutional shareholders, raising an aggregate of approximately \$41.8 million.
- Launch of fully underwritten¹ retail component of entitlement offer on Monday, 20 November 2023.

Delta Lithium Limited (ASX:DLI) (**Delta, Delta Lithium** or the **Company**) is pleased to announce the successful completion of the institutional component (**Institutional Entitlement Offer**) of its fully-underwritten¹ accelerated non-renounceable entitlement offer to eligible shareholders on the basis of two (2) new fully paid ordinary shares in Delta (**New Shares**) for every seven (7) existing shares held (**Entitlement**) to raise \$70.2 million (before costs) (**Entitlement Offer**).

The Institutional Entitlement Offer received strong support from existing eligible institutional shareholders (including those who applied for New Shares in excess of their Entitlement, up to a maximum amount of 100% of their Entitlement under the institutional top up facility). The New Shares that were not allocated to eligible institutional shareholders under the Institutional Entitlement Offer (including the institutional top up facility) were allocated to institutional investors under a bookbuild process managed by the Joint Lead Managers (**Bookbuild**). No New Shares were allocated to Mineral Resources Limited (ASX:MIN) (**Mineral Resources** or **Underwriter**) via the institutional top up facility or Bookbuild.

The Institutional Entitlement Offer and Bookbuild raised approximately \$41.8 million at the offer price of \$0.46 per New Share (**Offer Price**).

The New Shares to be issued pursuant to the Institutional Entitlement Offer and Bookbuild will rank equally with existing shares on issue. Settlement of the New Shares is expected to occur on Monday, 20 November 2023, with the New Shares expected to be issued and commence trading on ASX on Tuesday, 21 November 2023.

Commenting on the Institutional Entitlement Offer, Delta's Managing Director, James Croser said:

"We are extremely pleased with the level of support for the Entitlement Offer received from new and existing institutional shareholders. In particular, I would like to acknowledge the ongoing support of Mineral Resources, who have underwritten the entire raising, and Hancock Prospecting, both of whom have taken up their full entitlements, with Hancock Prospecting subscribing for additional New Shares under the top up facility and the Bookbuild.

Once open from Monday, 20 November 2023, retail shareholders may consider acceptance of their Entitlements on exactly the same terms as eligible institutional shareholders, and I urge them to consider their participation carefully having regard to all the information contained in the Retail Entitlement Offer Booklet.

¹ Refer to Appendix D of the Company's Investor Presentation released to ASX on 13 November 2023 for a description of the terms and conditions of the underwriting agreement between Mineral Resources, the Joint Lead Managers and the Company (**Underwriting Agreement**). Mineral Resources did not participate in the institutional bookbuild or institutional top-up facility and will not participate in the retail top-up facility.

Proceeds from the Entitlement Offer will help Delta accelerate drilling and development at both its Mt Ida and Yinnetharra Lithium Projects, with a number of important milestones to be delivered at both projects over the next 12-15 months.”

The retail component of the Entitlement Offer will raise a further \$28.4 million (**Retail Entitlement Offer**).¹

To the maximum extent permitted by law, the Joint Lead Managers, the Underwriter and the Beneficiaries expressly disclaim all liabilities (including for fault, negligence, or negligent misstatement) in respect of, and take no responsibility for, any part of this announcement, and make no representation or warranty (whether express or implied) regarding any part of this announcement, including as to the fairness, currency, accuracy, timeliness, reliability or completeness of any information in this announcement (including the accuracy, likelihood of achievement or reasonableness of any forecast returns, yields, future income or other statements in relation to future matters nor that the Information or this website contains all material information about Delta or which a prospective investor may require in evaluating a possible investment in Delta).

None of the Joint Lead Managers, the Underwriter nor the Beneficiaries make any recommendation as to whether any potential investor should participate in the Entitlement Offer. Further, none of the Joint Lead Managers, the Underwriter or the Beneficiaries accept any fiduciary obligations to or duty of care to or relationship with any investor or potential investor in connection with the Entitlement Offer or otherwise, and by accessing this announcement each recipient expressly disclaims any such fiduciary relationship and agrees that it is responsible for making its own independent judgements with respect to the Entitlement Offer and any other transaction or other matter arising in connection with this announcement.

The Joint Lead Managers, the Underwriter and the Beneficiaries may, from time to time, have interests in the new securities under the Entitlement Offer or other securities of Delta, including providing corporate advisory or other financial advisory services to Delta and/or managing the offering of such New Shares under the Entitlement Offer. Further, they may have long or short positions in, act as market maker or buy or sell those securities or associated derivatives as principal or agent. Such persons may receive fees or other benefits for engaging in these activities.

A Beneficiary may act as a lender and/or counterparty to Delta or its affiliates and may or now in the future provide financial accommodation or services to Delta or its affiliates.

Determination of eligibility of investors

Determination of eligibility of investors for the purposes of the Entitlement Offer is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of Delta and/or the Joint Lead Managers. To the maximum extent permitted by law, Delta, the Joint Lead Managers, and the Beneficiaries each disclaim any duty or liability (including, without limitation, any liability arising from fault, negligence or negligent misstatement) in respect of the exercise of that discretion or otherwise. The Joint Lead Managers may rely on information provided by or on behalf of institutional investors in connection with managing, conducting or underwriting the Entitlement Offer without the Joint Lead Managers or the Beneficiaries having independently verified that information and the Joint Lead Managers and the Beneficiaries do not assume responsibility for the fairness, currency, accuracy, timeliness, reliability or completeness of the information (including the accuracy, likelihood of achievement or reasonableness of any forecast returns, yields, future income or other statements in relation to future matters nor that the Information or this website contains all material information about Delta or which a prospective investor may require in evaluating a possible investment in Delta).

Delta has entered into the Underwriting Agreement with the Joint Lead Managers and the Underwriter pursuant to which the Underwriter will fully underwrite the Entitlement Offer on the following key terms and conditions:

- (a) **(conditions precedent)** the obligations of the Underwriter are subject to the satisfaction (or waiver by the Underwriter) of certain customary conditions precedent documented in the Underwriting Agreement. - (b) **(representations, warranties and undertakings)** the Company and the Underwriter have provided each other certain representations, warranties and undertakings in connection with (amongst other things) the Entitlement Offer;
- (c) **(indemnity)** the Company has indemnified the Indemnified Parties against, and holds them harmless from, all reasonable Losses suffered or properly incurred directly or indirectly, or reasonable Claims made against an Indemnified Party, arising out of or in connection with the Entitlement Offer, the Information Documents or the appointment of the Underwriter pursuant to the Underwriting Agreement including without limitation as a result of:
 - (i) any statement in the Information Documents or the Public Information or any omission from the Information Documents or the Public Information of information required under Corporations Act or the Listing Rules;
 - (ii) the Company failing to perform or observe any of its obligations under this agreement, the Corporations Act or any other applicable law in relation to the Entitlement Offer;
 - (iii) any of the representations and warranties by the Company (or deemed to be given by the Company) contained in the Underwriting Agreement not being true and correct or being misleading or deceptive;
 - (iv) the preparation, issue or distribution of the Information Documents and the making of the Entitlement Offer;
 - (v) the subscription for and issue of New Shares under the Entitlement Offer;
 - (vi) any advertising or publicity of the Entitlement Offer;
 - (vii) any review, inquiry or investigation undertaken by ASIC or ASX, the Australian Taxation Office, any state or territory regulatory office or any other regulatory or Governmental Agency in relation to the Entitlement Offer or the Information Documents;
 - (viii) any claims that an Indemnified Party has any liability under the Corporations Act (including as a result of a contravention of section 1041H of the Corporations Act) and any other applicable law in relation to the Entitlement Offer; and
 - (ix) any information provided to the Underwriter or its advisers in relation to the Entitlement Offer by the Company, on the Company's behalf, by the Company's solicitors, auditors, officers, advisers or consultants, in connection with the due diligence enquiries in relation to the Entitlement Offer, not being true, complete and accurate;

- (d) **(additional New Shares)** the Underwriter or its Related Bodies Corporate cannot subscribe for any additional New Shares under any Top Up facility or institutional bookbuild component of the Entitlement Offer;
- (e) **(fees)** no underwriting fees will be payable to the Underwriter in connection with the Entitlement Offer contemplated in by the Underwriting Agreement;

- (g) **(termination rights)** the Underwriter may at any time prior to 6.00am (Perth time) on the Retail Allotment Date, by notice given to the Company and without any cost or liability, immediately terminate if any one or more of the following events occurs or has occurred during the period from and including the time of execution of the Underwriting Agreement until 6.00am (Perth time) on the Retail Allotment Date:
 - (i) **(Listing)** the Company ceases to be admitted to the official list of ASX;
 - (ii) **(force majeure)** there is an event or occurrence, including any statute, order, rule, regulation, directive or request of any Governmental Agency, which makes it illegal for the Underwriter to satisfy a material obligation of the Underwriting Agreement, or to market, promote or settle the Entitlement Offer;
 - (iii) **(Unable to issue)** the Company is unable to issue or prevented from issuing New Shares as contemplated by the Underwriting Agreement by virtue of the Listing Rules, applicable laws, a Governmental Agency or an order of a court of competent jurisdiction;

No event in the paragraphs above marked with an asterisk (*) entitles the Underwriter to terminate its obligations under the Underwriter Agreement unless the Underwriter has reasonable grounds to believe or actually does believe that the event:

- (i) **(material adverse effect)** has or is likely to have a material adverse effect on:
 - (A) the financial position or performance, shareholders' equity, profits, losses, results, condition, operations or prospectus of the Company or the Group;
 - (B) the success or outcome of the Entitlement Offer; or
 - (C) the market price of the Shares on ASX; or
- (ii) **(contravention of law)** has given or could reasonably be expected to give rise to a contravention by, or a liability of, the Underwriter under any applicable law or regulation.

For the avoidance of doubt, the Joint Lead Managers are not underwriting the Entitlement Offer (notwithstanding they are party to the Underwriting Agreement). The Underwriting Agreement otherwise has customary provisions for an agreement of its nature (including confidentiality provisions).

The Company proposes to issue any New Shares to the Underwriter on the Retail Allotment Date but in any event, the Company will make any issue of New Shares to the Underwriter within 15 Business Days of the close of the Retail Entitlement Offer.

Mr Steve Kovac intends to indirectly subscribe for his full Entitlement of 7,234 New Shares (for an aggregate subscription of \$3,328 at the Offer Price) under the Retail Entitlement Offer.

6.3 Management of conflicts of interest

As the date of this Retail Entitlement Offer Booklet, Messrs Chris Ellison and Joshua Thurlow, Directors, are employees of the Underwriter (with Mr Ellison being the Managing Director). The Company does not consider any member of MinRes Group to be a related party of the Company. Neither Mr Ellison or Thurlow have any interest in the securities of Delta.

In any event, the Board established an independent board committee pursuant to an adopted protocol (**Protocol**) comprising all Directors who were not officers and/or employees of a member of MinRes Group to consider the Entitlement Offer and deal with any actual or perceived conflicts of interests. The Protocol ensured that any conflicts were appropriately managed by adopting measures consistent with the principles detailed in Takeovers Panel Guidance Note 19: Insider Participation in Control Transactions in order to manage potential conflicts and to restrict the involvement of Messrs Ellison and Thurlow in decisions of the Company relating to the Entitlement Offer. Messrs Ellison and Thurlow, in their capacity as Directors, agreed to and accepted the Protocol.

6.4 Effect on Control

Shareholders should note that if they do not participate in the Entitlement Offer and the Entitlement Offer is subscribed as detailed in Section 6.2, their holdings are likely to be diluted as detailed in Section 6.7 (as compared to their holdings and number of Shares on issue as at the date of this Retail Entitlement Offer Booklet).

Under section 606 of the Corporations Act, a person cannot acquire a relevant interest in the issued voting shares of a company if, because of a transaction in relation to securities of that company, a person's Voting Power in the company increases from 20% or below to more than 20% (or from a starting point that is above 20% and below 90%).

There are certain exceptions to the above prohibition in section 611 of the Corporations Act. Item 10A of the table in section 611 of the Corporations Act (as notionally inserted by *ASIC Corporations (Takeovers – Accelerated Rights Issues) Instrument 2015/1069*) (**Rights Issue Exception**) provides an exception for an acquisition of securities pursuant to a rights issue if the following conditions (as notionally modified by *ASIC Corporations (Non-Traditional Rights Issue) Instrument 2016/84*) are satisfied:

- (a) the company offers to issue securities to every person who holds securities on a pro-rata basis;
- (b) all of those persons have a reasonable opportunity to accept the offers made to them;

- (c) agreements to issue securities are not entered into until the closing date of the offer; and
- (d) the terms of all offers are the same.

If the Rights Issue Exception is to be relied upon then section 615 of the Corporations Act (regarding the appointment of a nominee for the sale of foreign shareholders' rights) must be complied with, which includes a requirement for ASIC to approve the nominee. As detailed in Section 7.2, the Company has appointed Bell Potter Securities Limited (ACN 006 390 772) as its Nominee and this appointment has been approved by ASIC.

Accordingly:

- (a) on the basis of compliance with the Rights Offer Exception;
- (b) given Delta obtained approval from ASIC to appoint the Nominee for the purposes of section 615 of the Corporations Act to sell New Shares which would otherwise have been available to Ineligible Retail Shareholders and Ineligible Institutional Shareholders had they been eligible to participate in the Entitlement Offer (see Section 7.2);
- (c) given that MinRes Group has Voting Power of 17.4% (not including the issue of New Shares under the Entitlement Offer, including as Underwriter); and
- (d) in light of the size of the Entitlement Offer,

it is anticipated that the Entitlement Offer could have a material effect and consequence on the control of Delta.

With the exception of the issue of Shortfall Shares to the Underwriter pursuant to the Underwriting Agreement, no Shortfall Shares will be issued to an Eligible Shareholder if, in the view of the Directors, to do so would increase that Eligible Shareholder's voting power in the Company above 20%. Additionally, the Directors reserve the right to refuse to approve a particular issue of Shortfall Shares if such issue would, in the view of the Directors, result in a breach of the Listing Rules, the Corporations Act or any other applicable law.

6.5 Impact of Entitlement Offer on control of the Company – MinRes Group

Delta's largest shareholder, MinRes Group, has Voting Power in the Company of 17.4% at the date of this Retail Entitlement Offer Booklet.

MinRes Group subscribed for its full Entitlement of 26,531,991 New Shares under the Institutional Entitlement Offer. Accordingly, at the date of this Retail Entitlement Offer Booklet, the Company expects MinRes Group's Voting Power in the Company to be approximately:

- (a) 19.1% following completion of the Institutional Entitlement Offer; and
- (b) not less than 17.4% following completion of the Retail Entitlement Offer.

The Underwriter has agreed to fully underwrite the Retail Entitlement Offer on the terms detailed in Section 6.1.

In the unlikely event that no Eligible Retail Shareholders participate in the Retail Entitlement Offer or Top Up Facility, MinRes Group's Voting Power in the Company on completion of the Entitlement Offer (and on the assumption that the Underwriting Agreement is not terminated) will increase from approximately 17.4% (as at the date of this Retail Entitlement Offer Booklet) to a maximum of 26.4%.

Accordingly, MinRes Group's Voting Power in the Company following completion of the Entitlement Offer may exceed 20%.

The number of New Shares that ultimately will be required to be taken up by the Underwriter, and, therefore, the increase in MinRes Group's Voting Power in the Company as a result of the Entitlement Offer and associated underwriting, will depend on the extent to which Eligible Retail Shareholders take up:

- (a) their Entitlements under the Retail Entitlement Offer; and
- (b) shortfall under the Top Up Facility of the Retail Entitlement Offer.

The table below details MinRes Group's relevant interests in the Company following completion of the Retail Entitlement Offer (given its subscription for its Entitlement under the Institutional Entitlement Offer) under several scenarios:

Percentages of take up by Eligible Retail Shareholders under the Retail Entitlement Offer	Total no. of Shares held by MinRes Group 1,2,3,4	Total Group Voting Power 1,2,3,4
100% take up by Eligible Retail Shareholders	119,393,961	17.4%
75% take up by Eligible Retail Shareholders	134,823,332	19.6%
50% take up by Eligible Retail Shareholders	150,252,703	21.9%
25% take up by Eligible Retail Shareholders	165,682,074	24.1%
0% take up by Eligible Retail Shareholders	181,111,445	26.4%

Notes:

1. Assumes the Underwriting Agreement is not terminated prior to settlement of any aspect of the Entitlement Offer, and the Underwriter complies with its obligations under the Underwriting Agreement.
2. In calculating the potential outcomes in the table immediately above, the Company has included all New Shares not allocated as part of the Institutional Entitlement Offer, including those which would have been offered to Ineligible Shareholders. However, New Shares that would have been offered to Ineligible Shareholders are to be sold by the Nominee, resulting in MinRes Group holding fewer Shares and lower Voting Power than outlined in the table immediately above (assuming they are not sold to a party that is associated with the Underwriter).
3. Assumes no amount is sub-underwritten by any party.
4. Subject to rounding.

To the extent MinRes Group's Voting Power in the Company may exceed 20%, MinRes Group's acquisition of New Shares under the Entitlement Offer (including as Underwriter) is permitted by the exception to section 606 of the Corporations Act detailed in item 10A of section 611 of the Corporations Act.

The Company understands that even if MinRes Group were to achieve the maximum Voting Power of 26.4%, its intentions for the Company would remain unchanged, which are to maintain its support for the current business objectives and management of the Company, with a particular focus on the systematic de-risking and development of the Mt Ida and Yinnetharra lithium projects.

If MinRes Group were to achieve Voting Power of around 25% following the Entitlement Offer, MinRes Group may have an increased ability to influence the composition of the Board and the Company's management and strategic direction and to impact the outcome of resolutions of Shareholders. For example, MinRes Group may have the ability to prevent a special resolution from being passed by the Company (such resolution requiring at least 75% of the votes cast by members entitled to vote on the resolution) and may have the de facto ability to pass ordinary resolutions of the Shareholders, or to prevent ordinary resolutions from being passed (given that less than 100% of the Shareholders are expected to vote at any general meeting).

However, in this respect, it should be noted that MinRes already has two appointees to the Board (which comprises six Directors). The Company understands that MinRes has no current intention to request additional representation on the Board even if it were to acquire the maximum possible voting power as a result of the Entitlement Offer. Accordingly, it is not expected that there will be any material effect on the actual control able to be exerted by MinRes over the day-to-day operations of the Company.

6.6 Rationale for a significant shareholder underwriting the Entitlement Offer and MinRes Group's intentions

The Company made the decision to enter into the Underwriting Agreement taking into account all other alternatives, including the availability and cost involved in third party underwriting. The Company considers that the commercial terms of the Underwriting Agreement (including the absence of underwriting fees and relatively few termination events) are attractive to the Company, particularly in an environment of increased volatility and geopolitical uncertainty.

In addition, the Company considers that MinRes Group's backing of the Company is likely to be seen as a positive, making it more likely that the Company will be able to attract additional take up than would be the case if MinRes Group was not underwriting the Entitlement Offer.

The Company intends to market the Entitlement Offer to existing shareholders to reduce as far as possible the extent of the underwriting of the Entitlement Offer by the Underwriter and consequently any increase in MinRes Group's Voting Power.

6.7 Potential Dilution Effect

You should note that if you do not participate in the Entitlement Offer, your holdings may be diluted by as much as approximately 28.6% (after taking into account dilution following completion of the Entitlement Offer).

The following are examples of how any dilution may impact you if you do not participate in the Entitlement Offer, assuming the maximum number of New Shares are issued:

Example Shareholder	Holdings as at Record Date	% as at Record Date	Entitlements Under the Entitlement Offer	Holdings if Entitlement not taken up	% upon completion of the Entitlement Offer
Shareholder 1	10,000,000	1.87%	2,857,143	10,000,000	1.46%
Shareholder 2	5,000,000	0.94%	1,428,571	5,000,000	0.73%
Shareholder 3	1,000,000	0.19%	285,714	1,000,000	0.15%
Shareholder 4	100,000	0.02%	28,571	100,000	0.01%
Shareholder 5	50,000	0.01%	14,286	50,000	0.01%

6.8 Capital structure on completion of the Entitlement Offer

On the basis that the Company completes the Entitlement Offer, the Company's capital structure will be as follows (subject to no further issues having occurred, for example from the exercise or conversion of Options or Performance Rights into Shares):

	No. of Shares	No. of Options	No. of Performance Rights
Balance at the date of this Retail Entitlement Offer Booklet	533,764,623	25,833,524 ¹	15,690,000 ²
New Shares issued under the Entitlement Offer	152,504,178	-	-
Total upon completion of the Entitlement Offer	686,268,801	25,833,524¹	15,690,000²

There may be additional announcements made by Delta after the date of this Retail Entitlement Offer Booklet and throughout the period that the Retail Entitlement Offer is open that may be relevant to your consideration of whether to take up or do nothing in respect of your Entitlement. Therefore, it is prudent that you check whether any further announcements have been made by Delta (by visiting the ASX website at <https://deltalithium.com.au/>) before submitting your application to take up your Entitlement.

This Information is important and requires your immediate attention.

You should read this Information and Delta's other ASX announcements carefully and in their entirety before deciding how to deal with your Entitlement. In particular, you should consider the risk factors outlined in the "Key Risks" section of the Investor Presentation (a copy of which is included in this Retail Entitlement Offer Booklet) any of which could affect the operating and financial performance of Delta or the value of an investment in Delta.

You should consult your stockbroker, accountant or other independent professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

Trading of New Shares

It is the responsibility of each applicant to confirm their holding before trading in New Shares. Any applicant who sells New Shares before receiving written confirmation of their holding will do so at their own risk.

Delta and the Joint Lead Managers disclaim all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statement, whether on the basis of confirmation of the allocation provided by Delta, the Share Registry or the Joint Lead Managers.

If you are in any doubt as to these matters, you should first consult with your stockbroker, accountant or other independent professional adviser.

7.1 Eligible Shareholders

Determination of eligibility of investors for the purposes of the Entitlement Offer, and in particular, the question as to whether a Shareholder is an Eligible Institutional Shareholder or an Eligible Retail Shareholder, is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of Delta and the Joint Lead Managers. Delta and the Joint Lead Managers disclaim any liability in respect of the exercise or otherwise of that discretion, to the maximum extent permitted by law.

Eligible Retail Shareholders

This Information details an offer of New Shares to Eligible Retail Shareholders in Australia or New Zealand and has been prepared in accordance with section 708AA of the Corporations Act as notionally modified by *ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84*. Accordingly, neither this Retail Entitlement Offer Booklet nor the Entitlement and Acceptance Form are required to be lodged or registered with ASIC and no prospectus for the

Entitlement Offer will be prepared. These documents do not detail, or purport to detail, all of the information that a prospective investor may require in evaluating a possible investment in Delta. They do not and are not required to detail all of the information which would be required to be disclosed in a prospectus.

Eligible Retail Shareholders are those persons who:

- are registered as a holder of Shares as at the Record Date;
- have a registered address, on the Delta share register, in Australia or New Zealand;
- are not in the United States and are not acting for the account or benefit of a person in the United States (to the extent such a person holds Shares for the account or benefit of such a person in the United States);
- were not invited to participate (other than as nominee, in respect of other underlying holdings) under the Institutional Entitlement Offer, and were not treated as an Ineligible Institutional Shareholder under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus or offer document to be lodged or registered, including as contemplated in Section 7.18,

(an **Eligible Retail Shareholder**).

If you are a retail Shareholder who does not satisfy each of the criteria listed above or are anyone who the Company determines (under Listing Rule 7.7.1(a)) should not receive an offer under the Retail Entitlement Offer, you are an **"Ineligible Retail Shareholder"**. Where the Retail Entitlement Offer Booklet has been despatched to Ineligible Retail Shareholders, the Retail Entitlement Offer Booklet is provided for information purposes only. Delta reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

By making a payment by BPAY® or EFT, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

Delta may (in its absolute discretion) extend the Retail Entitlement Offer to any institutional Shareholder that was eligible to participate in the Institutional Entitlement Offer but was not invited to participate in the Institutional Entitlement Offer (subject to compliance with relevant laws).

Delta has decided that it is unreasonable to make offers under the Retail Entitlement Offer to Ineligible Retail Shareholders, having regard to the number of such holders in those places and the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places. Delta may (in its absolute discretion) extend the Retail Entitlement Offer to Shareholders who have registered addresses outside Australia or New Zealand in accordance with applicable law.

Eligible Institutional Shareholders

Eligible Institutional Shareholders are those Shareholders who satisfy the requirements of the definition of 'Institutional Investors', as at the Record Date, who the Company determine have successfully received an offer under the Institutional Entitlement Offer and who are not Ineligible Institutional Shareholders.

7.2 Ineligible Shareholders and the Nominee

This Retail Entitlement Offer Booklet and accompanying Entitlement and Acceptance Form do not, nor are they intended to, constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such offers.

Shareholders resident in Australia or New Zealand holding Shares on behalf of persons who are resident overseas are responsible for ensuring that taking up Entitlements under the Retail Entitlement Offer does not breach regulations in the relevant overseas jurisdiction. Payment of application monies will be taken by the Company to constitute a representation that there has been no breach of those regulations.

The Company obtained the approval of ASIC to appoint Bell Potter Securities Limited (ACN 006 390 772) (**Nominee**) as nominee for the purposes of section 615 of the Corporations Act to sell New Shares which would otherwise have been available to Ineligible Shareholders had they been eligible to participate in the Entitlement Offer. The Nominee will arrange for the sale of the New Shares which would have been offered to the Ineligible Shareholders. The Company will arrange for the proceeds of sale (if any), net of expenses, to be distributed to Ineligible Institutional Shareholders and Ineligible Retail Shareholders in proportion to their Entitlements at the Record Date.

There is no assurance that the Nominee will be able to sell the New Shares issued pursuant to the Ineligible Shareholders' Entitlements at a price that will result in those Shareholders receiving any net proceeds for their Entitlements such that Ineligible Shareholders may receive no value for their Entitlements. Neither the Company nor the Nominee will be subject to any liability for failure to sell the New Shares that would have been offered to Ineligible Shareholders or to sell them at a particular price.

Where this Retail Entitlement Offer Booklet has been dispatched to an Ineligible Shareholder and where that jurisdiction's law, code or legislation prohibits or restricts in any way the making of the Entitlement Offer, this Retail Entitlement Offer Booklet is provided for information purposes only.

7.3 Ranking of New Shares

New Shares issued under the Entitlement Offer will rank equally with existing Shares. New Shares will be entitled to any dividends on ordinary shares with a record date after the issue of the New Shares (although no forecast is made of whether, or when, any dividends may be declared). The rights and liabilities attaching to the New Shares are detailed in Delta's constitution, a copy of which is available at www.asx.com.au.

7.4 Minimum Subscription

There is no minimum subscription for the Retail Entitlement Offer.

7.5 Shortfall allocation policy

Unless otherwise agreed between the Company and the Joint Lead Managers, to the extent of any New Shares for Retail Entitlements not taken up under the Retail Entitlement Offer (together, the **Shortfall Shares**) the Company will allocate Shortfall Shares according to the following priority:

- (a) to each Eligible Retail Shareholder who has applied for Shortfall Shares through the Top Up Facility (up to a maximum amount of 100% of their Entitlement (subject to compliance with applicable laws and to the terms detailed in this Retail Entitlement Offer Booklet) – for example an Eligible Retail Shareholder with an Entitlement of 100 New Shares may apply for up to 100 Shortfall Shares); and
- (b) if following the allocation in paragraph (a) there remains unallocated Shortfall Shares, the Shortfall Shares will be allocated to the Underwriter (subject to the terms of Underwriting Agreement detailed in Section 6.1).

This shortfall allocation policy has been structured to allow each Eligible Retail Shareholder to participate in priority to the Underwriter to try to reduce the number of New Shares that may be issued to the Underwriter. The Company reserves the right to issue, at its sole discretion, to an Eligible Retail Shareholder who has applied for Shortfall Shares a lesser number of Shortfall Shares than the number applied for (or no Shortfall Shares), reject an application or not proceed with the issuing of the Shortfall Shares or part thereof.

In the event it is necessary to scale back applications for Shortfall Shares (where there are more applications for Shortfall Shares than the number of Shortfall Shares available under the Retail Entitlement Offer) then the scale back will be on a pro rata basis, based on the Retail Entitlements.

In the event that the Underwriting Agreement is terminated, the Directors also reserve, in consultation with the Joint Lead Managers, the Underwriter and subject to compliance with the Corporations Act and the Listing Rules, the right to place any or all of the Shortfall Shares to one or more investors within three months of the Closing Date at a price not less than the Offer Price (if the Underwriting Agreement is not terminated, any Shortfall will be taken up by the Underwriter). Such investors may include institutional and high net worth clients of the Joint Lead Managers and may also include various other parties introduced by the Company or the Joint Lead Managers. In this circumstance, the Directors reserve the right to issue the Shortfall Shares at their discretion.

The Directors are not entitled to participate in the Top Up Facility. The Underwriter or its Related Bodies Corporate cannot subscribe for any additional New Shares under any top up facility component of the Entitlement Offer.

The Directors will seek to ensure that no person will be issued Shortfall Shares if such issue will result in that person's voting power in the Company exceeding 19.9% or increasing at all, if they already hold voting power in the Company above 19.9% (other than MinRes Group, to the extent described in Sections 6.4 to 6.6 (inclusive)).

7.6 Reconciliation and the rights of Delta and the Joint Lead Managers

The Entitlement Offer is a complex process and in some instances investors may believe that they own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. These matters may result in a need for reconciliation. If reconciliation is required, it is possible that Delta may need to issue additional New Shares to ensure that the relevant investors receive their appropriate allocation of New Shares. The price at which these additional New Shares would be issued would be the Offer Price.

Delta also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders or other applicable investors, if Delta believes in its complete discretion that their claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, Delta may, in its discretion, require the relevant Shareholder to transfer excess New Shares to the Joint Lead Managers at the Offer Price. If necessary, the relevant Shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant Shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by Delta in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of Delta or the Joint Lead Managers to require any of the actions detailed above.

7.7 Taxation

The Directors do not consider it appropriate to give Shareholders advice regarding the taxation consequences of subscribing for New Shares under the Retail Entitlement Offer. The implications

associated with participation in the Retail Entitlement Offer will vary depending upon the individual circumstances of individual Eligible Retail Shareholders.

Delta, its advisers and its officers do not accept any responsibility or liability for any such taxation consequences to Shareholders. As a result, Shareholders should consult their professional tax adviser in connection with subscribing for New Shares under the Retail Entitlement Offer.

7.8 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw an application once it has been accepted.

7.9 No Entitlements trading

Nominees and custodians should consider carefully the contents of that letter and note in particular that the Retail Entitlement Offer is not available to, and they must not purport to accept the Retail Entitlement Offer in respect of, eligible institutional Shareholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not) and institutional Shareholders who were treated as Ineligible Institutional Shareholders under the Institutional Entitlement Offer.

Nominees and custodians may not distribute any part of this Retail Entitlement Offer Booklet in any other country outside Australia or New Zealand except (i) Australian or New Zealand nominees may send this Retail Entitlement Offer Booklet and related offer documents to beneficial Shareholders who are professional or institutional Shareholders in other countries listed in, and to the extent permitted under, Section 7.18 of this Retail Entitlement Offer Booklet and (ii) to beneficial Shareholders in any other country where Delta may determine it is lawful and practical to make the Retail Entitlement Offer.

Delta is not required to determine whether or not any registered holder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of existing Shares or Entitlements. Where any person is acting as a nominee or custodian for a foreign person, that person, in dealing with its beneficiary, will need to assess whether indirect participation in the Entitlement Offer by the beneficiary complies with applicable foreign laws. Delta is not able to advise on foreign laws.

7.12 Continuous Disclosure

Delta is a "disclosing entity" under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules, including the preparation of annual reports and half yearly reports.

Delta is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. In particular, Delta has an obligation under the Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable

person would expect to have a material effect on the price of value of Shares. That information is available to the public from ASX.

The Joint Lead Managers expressly disclaim any such fiduciary relationship.

An investment in Delta is subject to investment risk including possible loss of income and principal invested. Before deciding whether to apply for New Shares, you should consider all materials sent to you in relation to the Retail Entitlement Offer and any relevant materials lodged with ASX, and whether the New Shares are a suitable investment for you in light of your own investment objectives, financial circumstances and investment needs (including financial and taxation issues) and having regard to the merits or risks involved (including the "Key Risks" detailed in the Investor Presentation). 7.14 Rounding of Entitlements

7.15 Quotation and trading

Delta will apply to the ASX for official quotation of the New Shares in accordance with the Listing Rules requirements. Application money will be held on trust in a subscription account until allotment. No interest earned on application monies will be paid by Delta, irrespective of whether allotment takes place.
