**Arafura Rare Earths Limited (ASX: ARU)** ("**Arafura**" or the "**Company**") is pleased to provide an update as to the status of the capital raising announced to the ASX on 13 December 2023 ("**Capital Raising**").

The Company has received firm commitments for a fully underwritten institutional placement of new fully paid ordinary shares ("**New Shares**") to raise A\$25 million (before costs) ("**Placement**") at an issue price of A\$0.16 per New Share ("**Issue Price**"). Approximately 156 million New Shares will be issued under the Placement.

The Placement was well supported, with high levels of institutional participation that included leading investor groups domestically and abroad, which facilitated a decision to an upsize the amount to be raised under the Placement from A\$20 million to A\$25 million.

Under the Placement, the Company will also issue to investors one (1) free-attaching option for every two (2) New Shares subscribed for ("**New Options**"). The offer and issue of the New Options, which will have an exercise price of A\$0.225 and an expiry date of 18 months from the date of issue, will be made under a prospectus that will be prepared and lodged with ASIC, and released to ASX in due course. Approximately 62.5 million New Options will be offered under the prospectus, and the Company will seek ASX quotation of all New Options issued under the Placement.

Arafura will resume trading on the ASX from market open today, 14 December 2023, with settlement under the Placement expected to occur on 19 December 2023 ahead of the issue and commencement of trading on the ASX on a normal basis prior to the commencement of trading on 20 December 2023.

Arafura refers to page 20 of the Company's Investor Presentation announced to the ASX on 13 December 2023 and notes that the revised sources and uses of funds summary due to the upsized Placement is set out below.

In addition to the Placement, and as previously announced to ASX on 13 December 2023, the Company is offering all eligible existing shareholders on the Company's share register at 7.00pm (AEDT) on 12 December 2023 with registered addresses in Australia or New Zealand the opportunity to apply for New Shares in the Company by participating in a Share Purchase Plan ("**SPP**"). The Company is targeting to raise A\$10 million (before costs) through the SPP, and the offer price under the SPP is the same as the Issue Price under the Placement.

The Company notes that it issued shares under a previous share purchase plan on 6 January 2023. In order to fall within ASX Listing Rule 7.2, Exception 5, the Company is restricted from issuing or agreeing to issue any shares under the offer contained in the SPP until after 6 January 2024. Accordingly, application monies received under the SPP before 7 January 2024 will be held on trust by the Company until 7 January 2024, and applications received before 7 January 2024 will only be deemed to be received by the Company under the SPP on that date. Accordingly, applicants who have made an application under the SPP before 7 January 2024 may withdraw their application.

The terms and conditions of the SPP will be set out in an SPP Offer Booklet which will be released to ASX by way of a separate announcement (and despatched to shareholders) in due course.

<sup>1</sup> Estimated use of funds based on a Placement to raise A\$25m (before costs). Arafura has launched a SPP so may raise more than A\$25m. If a larger amount is raised, the Company will determine the best use of such additional funds towards line items noted in the table.

<sup>2</sup> Estimated use of funds through to June 30, 2024 utilises the Placement proceeds, MMI grant funding and existing cash reserves at 30 November 2023.
