CHAIRMAN'S LETTER

18 December 2023

Dear Shareholder,

On behalf of Atrum Coal Limited, I invite you to participate in a 1 for 1.11 accelerated non-renounceable entitlement offer of new fully paid ordinary shares (**New Shares**) in the Company at an offer price of A\$0.004 per New Share (**Offer Price**) to raise approximately A\$5 million (**Entitlement Offer**).

The Offer Price for the Entitlement Offer represents a discount of approximately 20% to the closing price of ordinary shares in the Company (**Shares**) on ASX on 8 March 2023 (being the last trading day before trading in the Company's Shares was suspended by ASX), and a 20% discount to TERP of A\$0.005¹.

The Entitlement Offer comprises:

- an institutional component (**Institutional Entitlement Offer**); and
- a retail component (**Retail Entitlement Offer**).

The Institutional Entitlement Offer will close on Wednesday, 20 December 2023 and the Retail Entitlement Offer will close on Wednesday, 31 January 2024.

Under the Entitlement Offer, Eligible Shareholders are entitled to acquire 1 New Share for every 1.11 Shares held at 7.00pm on Thursday, 21 December 2023 (**Record Date**) (**Entitlement**). In addition, via a top-up facility there is the opportunity for Eligible Retail Shareholders to apply for additional New Shares at the same Offer Price to increase their holdings at the Offer Price (refer to Section 3.4) (**Top-Up Facility**). It is important that you determine whether to take up in whole or part, or do nothing, in respect of your Entitlement (see Section 3).

Entitlements under the Entitlement Offer are non-renounceable and will not be tradeable on ASX or otherwise transferable. If you do not take up your Entitlement in full, you will not receive any value in respect of that part of the Entitlement that you do not take up.

Trading in the Company's Shares has been suspended since 9 March 2023 as ASX determined that the Company's operations were not adequate to warrant the continued quotation of its Shares. Accordingly, the New Shares will not be tradeable on ASX immediately following issue. The Company is not able to predict when its Shares will recommence trading on the ASX, and there is a risk that the New Shares may never recommence trading on the ASX.

The Entitlement Offer is fully underwritten by Bell Potter Securities Limited (**Underwriter**) pursuant to an underwriting agreement entered into between the Company and the Underwriter on the date of this Prospectus. The Underwriter has also entered into sub-underwriting arrangements with certain existing substantial Shareholders of the Company as detailed in Section 4.4.

¹ The TERP is the theoretical price at which Shares would trade immediately following the ex-date for the Entitlement Offer assuming 100% take up of the Entitlement Offer. The TERP is a theoretical calculation only, trading in the Shares has been suspended since 9 March 2023. Atrum is not able to predict when its Shares will recommence trading on the ASX, and there is a risk that its Shares may never recommence trading on the ASX.

Background and reasons for the Entitlement Offer

On 14 September 2022, Atrum and its wholly owned subsidiary Elan Coal Limited (**Elan**) filed a claim against the Government of Alberta for de facto expropriating Elan's coal leases and seeking monetary compensation pursuant to the doctrines of private nuisance and unjust enrichment (**Claim**).

Atrum's Claim is proceeding under case management and on 7 November 2023, the Case Management Judge ordered the trial of the Claim which shall commence at the earliest available date on or after 1 April 2025.

Atrum is pleased with the terms of the Order as it ensures the Claim will proceed to trial on a timely basis and provides clarity on the process between now and the trial date in early 2025. The process timeline is currently expected to unfold as follows:

- Questioning to be completed: Quarter 1, 2024
- Responses to undertakings: Quarter 2, 2024
- Questioning on undertaking responses to be completed: Quarter 2, 2024
- Plaintiffs' experts reports: Quarter 3, 2024
- Defendants' expert reports: Quarter 4, 2024
- Plaintiffs' reply to expert reports: Quarter 1, 2025

The Company is prepared to vigorously prosecute the Claim in the Court of Kings Bench of Alberta.

The Company is conducting the Entitlement Offer to fund legal and expert witness costs associated with the Claim, corporate costs, project maintenance and other costs, and working capital requirements.

2 BACKGROUND TO AND REASONS FOR THE ENTITLEMENT OFFER

2.1 Update on operations of the Company

The Elan Project

Atrum acquired Elan, the holding company of the Elan Project, in March 2018. The Elan Project consists of three distinct project areas, Isolation South, Elan South, and the Northern Tenements with a combined JORC resource of 486 million tonnes (7 Mt Measured, 228 Mt Indicated and 252 Mt Inferred)² of metallurgical coal required for primary steel production (**Elan Coal Leases**).

At the time of the Elan acquisition, Alberta's existing policy on coal exploration and development, "A Coal Development Policy for Alberta" (**1976 Coal Policy**), did not prohibit coal exploration and development where the Elan Coal Leases are located. Further, in the years that followed, established regulatory guidance, land-use planning, and GoA representatives both allowed and encouraged exploration in support of coal development in the lands underlying the Elan Coal Leases. In 2020, the GoA rescinded the 1976 Coal Policy, and clarified that development on lands that include the Elan Coal Leases would follow normal regulatory processes. In February 2021, the GoA reversed course and reinstated the 1976 Coal Policy. At the same time, the GoA announced an immediate ban on mountain top mining on lands that include the Elan Coal Leases (the **Prohibition**); however, the GoA did not at that point in time define mountain top mining. In March 2022, the GoA imposed a new, indefinite moratorium on coal exploration and development on lands that include the Elan Coal Leases (the **Indefinite Moratorium**).

As a result of the Indefinite Moratorium—and, possibly, as a result of the Prohibition—Atrum and Elan cannot proceed with the Elan Project. More fundamentally, the GoA has eliminated all reasonable uses of the Elan Coal Leases for purposes of further developing a project well positioned to deliver responsibly and ethically produced metallurgical (steel-making) coal into a growing world market and otherwise.

As a result of the Government of Alberta's reinstatement of the 1976 Coal Policy, the Competent Person has assessed that the reported Coal Resource estimates for the Elan Project should be withheld until further developments occur that might satisfy an assessment that the Reasonable Prospects of Eventual Economic Extraction can occur within an expected timeframe.

In September 2022, Atrum and Elan brought a claim against the Government of Alberta for de facto expropriating Elan's coal leases and are also seeking monetary compensation pursuant to the doctrines of private nuisance and unjust enrichment.

The Claim is proceeding under case management in the Court of King's Bench of Alberta, Canada. In November 2023, the Case Management Judge ordered the trial of the Claim which shall commence at the earliest available date on or after 1 April 2025. The key dates set down are as follows:

- Questioning to be completed: Quarter 1, 2024;
- Responses to undertakings: Quarter 2, 2024;
- Questioning on undertaking responses to be completed: Quarter 2, 2024;
- Plaintiffs' experts reports: Quarter 3, 2024;

² Refer to ASX announcements dated 25 November 2020, 10 February 2020 and 8 January 2019. Atrum is not aware of any new information or data that materially affects the information included in the original announcements. All material assumptions and technical parameters underpinning the estimates in the original announcement continue to apply and have not materially changed. Refer to Section 3.3 for further details.

Atrum is raising funds that will enable the Company to fund the costs of the Claim, and provide funding for ongoing company operating and project development costs while the litigation continues. Atrum intends that the proceeds of the Entitlement Offer will cover the costs of the Claim for, at the very least, the period to 31 December 2024. Through the litigation, Atrum seeks to recover the losses suffered by Atrum Shareholders and the Company, through a damages award to Atrum and/or Elan.

While Atrum and Elan are doing work to quantify the Claim, the anticipated value could potentially be in the range of A\$0.3 billion to A\$3.9 billion or such other value as the Court awards, if Atrum and/or Elan are successful. There is the potential, however, that Atrum will not be successful in its claim against the Alberta Government and receive no compensation.

Groundhog and Panorama Projects

Atrum has undertaken a strategic review of its Groundhog and Panorama anthracite assets located in northern British Columbia, Canada and continues to pursue potential asset disposal workflows. Atrum owns 100% of the Groundhog Project and 65% of the Panorama Project (35% JOGMEC).

2.2 ASX queries in relation to Atrum's operations

Following the Indefinite Moratorium, Atrum received queries from ASX as to whether the level of its operations were sufficient to warrant the continued quotation of Atrum's Shares and its continued listing.

On 9 March 2023 trading in Atrum's Shares was suspended as the ASX determined that Atrum's operations were not adequate to warrant the continued quotation of its Shares, and that the Company was in breach of Listing Rule 12.1.

The suspension will continue until Atrum is able to demonstrate compliance with Listing Rule 12.1. Atrum is not able to predict when its Shares will recommence trading on the ASX, and there is a risk that the New Shares may never trade on the ASX. If trading in Atrum's Shares is suspended for two years or such other period determined by ASX, Atrum may be removed from the official list of ASX (ie it would be delisted). Refer to the risk factors in Section 5 for further detail.

3 DETAILS OF THE ENTITLEMENT OFFER AND HOW TO APPLY

3.1 Entitlement Offer

The Entitlement Offer is an offer of approximately 1,253 million New Shares at the Offer Price of \$0.004 per New Share, to raise approximately A\$5 million. All Eligible Shareholders are entitled to subscribe for 1 New Share for every 1.11 Shares held at the Record Date, being Thursday, 21 December 2023.

The Entitlement Offer will be made under this Prospectus and has two components:

- the **Institutional Entitlement Offer** – an offer to Eligible Institutional Shareholders; and
- the **Retail Entitlement Offer** – an offer to Eligible Retail Shareholders.

The Entitlement Offer is non-renounceable. Accordingly, Entitlements do not trade on ASX nor can they be sold, transferred or otherwise disposed of. New Shares issued under the Retail Entitlement Offer are to be issued at the same price as New Shares to be issued under the Institutional Entitlement Offer. Shareholders' Entitlements under the Institutional Entitlement Offer and the Retail Entitlement Offer are calculated based on the same ratio. New Shares issued pursuant to the Entitlement Offer will be fully paid and will rank equally with existing Shares on issue.

3.2 Institutional Entitlement Offer

Under the Institutional Entitlement Offer, Eligible Institutional Shareholders:

- are invited to take up all or part of their Entitlement; and
- together with certain Institutional Investors, may participate in a bookbuild process to acquire New Shares not taken up by Eligible Institutional Shareholders as well as New Shares in respect of the Entitlements of Ineligible Institutional Shareholders.

The Company will provide Eligible Institutional Shareholders with details of their Entitlements and how to apply under the Institutional Entitlement Offer at the commencement of the Institutional Entitlement Offer.

The Institutional Entitlement Offer is underwritten by the Underwriter and sub-underwriter on the terms and conditions of the Underwriting Agreement and sub-underwriting agreement, the key terms of which are summarised in Section 6.12.

The Institutional Entitlement Offer will open on Tuesday, 19 December 2023 and close on Wednesday, 20 December 2023, or such later date as determined by the Company in its absolute discretion, subject to compliance with the ASX Listing Rules. The New Shares subscribed for under the Institutional Entitlement Offer are expected to be issued on Friday, 22 December 2023.

By participating in the Institutional Entitlement Offer, each person represents and warrants that:

- it is an Eligible Institutional Shareholder;
- it understands and acknowledges that the New Shares and the Additional New Shares have not been, and will not be, registered under the U.S. Securities Act or the securities laws of any state or other jurisdictions in the United States. The New Shares and the Additional New Shares may not be offered or sold in the United States except in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act and the applicable securities laws of any state or other jurisdiction in the United States;

- it has not and will not send this Prospectus or any other material relating to the Institutional Entitlement Offer to any person in the United States or any other country outside Australia; and
- if in the future it decides to sell or otherwise transfer the New Shares and the Additional New Shares, it will only do so in the regular way transactions on the ASX are conducted or otherwise where neither you nor any person acting on your behalf know, or has reason to know, that the sale has been pre-arranged with, or that the purchaser is, a person in the United States.

3.3 Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Shareholders:

- are invited to take up all or part of their Entitlement; and
- if eligible, subscribe for Additional New Shares under the Top-Up Facility.

The Retail Entitlement Offer opens on Friday, 22 December 2023 and is expected to close at 5.00 pm (Sydney time) on Wednesday, 31 January 2024.

If you are an Eligible Retail Shareholder, a personalised Application Form setting out your Entitlement will be provided to you via the Automatic Investor Portal or you may request that a paper Application Form be mailed to you. If you are an Eligible Retail Shareholder that has received this Prospectus, the number of New Shares to which you are entitled (your Entitlement) is shown on the accompanying Entitlement and Acceptance Form. If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

The Retail Entitlement Offer is underwritten by the Underwriter and sub-underwriter on the terms and conditions of the Underwriting Agreement and sub-underwriting agreement, the key terms of which are summarised in Section 6.12.

It is important for Eligible Retail Shareholders to read and understand the information on the Company and the Retail Entitlement Offer made publicly available by the Company prior to taking up all or part of their Entitlement. In particular, please refer to the materials enclosed in the Company's interim and annual reports, other announcements made available at www.asx.com.au and all other parts of this Prospectus carefully before making any decisions in relation to your Entitlement.

3.4 Top-Up Facility

Any New Shares not taken up by the Closing Date and any Entitlements of Ineligible Retail Shareholders may be made available to those Eligible Retail Shareholders who take up their full Entitlement and apply for Additional New Shares under the Top-Up Facility.

There is no guarantee that those Shareholders will receive the number of Additional New Shares applied for under the Top-Up Facility. The number of Additional New Shares available under the Top-Up Facility will not exceed the shortfall from the Retail Entitlement Offer. The Directors, after consultation with the Underwriter, reserve the right to allot and issue Additional New Shares under the Top-Up Facility at their discretion having regard to the pro rata entitlement offer of Eligible Retail Shareholders who apply for Additional New Shares. Additional New Shares will be issued to Eligible Retail Shareholders in priority to and before any allocation of the Shortfall to the Underwriter and any sub-underwriters. Warburton and the Directors (and their associates) of the Company will not be permitted to participate in the Top-Up Facility.

If you apply for Additional New Shares under the Top-Up Facility and your application is successful (in whole or in part) your Additional New Shares will be issued at the same time that other New Shares are issued under the Retail Entitlement Offer. There is no guarantee you will receive any Additional New Shares under the Top-Up Facility.

Refund amounts (greater than \$5.00), if any, will be paid in Australian dollars. You will be paid by direct credit to the nominated bank account as noted on the Share register as at the Closing Date. If you do not have a nominated bank account recorded on the Share register, a withheld notice will be sent by ordinary post to your address recorded on the register (the registered address of the first named in the case of joint holders).

It is the responsibility of each Eligible Shareholder to ensure that it will not breach the takeovers provisions under the Corporations Act by applying for Additional New Shares under the Top-Up Facility. These provisions are set out in section 606 of the Corporations Act. No Eligible Shareholder will be permitted to acquire Additional New Shares under the Top-Up Facility to the extent that the Directors consider (acting reasonably) that doing so would result in a contravention of the takeovers limits in section 606 of the Corporations Act (in circumstances where an exception in section 611 of the Corporations Act does not apply).

3.5 Shortfall Facility

A shortfall may arise if Applications received for New Shares under the Entitlement Offer and Additional New Shares under the Top-Up Facility (if any) are less than the number of New Shares offered (**Shortfall Shares**).

The Directors (subject to the agreement of the Underwriter) reserve the right, subject to the requirements of the ASX Listing Rules and the Corporations Act, to place the Shortfall Shares within three months after the closing date of the Entitlement Offer, without prior notice. Shortfall Shares will be issued at a price not less than the Offer Price.

3.6 Underwriting

The Entitlement Offer is fully underwritten by Bell Potter Securities Limited. A summary of the key terms and conditions of the Underwriting Agreement is set out in Section 6.12.

The Company understands that Warburton, an existing Shareholder of the Company, has agreed with the Underwriter to sub-underwrite part of the Entitlement Offer. Details of the sub-underwriting are set out in Section 6.12.2 and details of the potential impact of the sub-underwriting arrangements on the shareholdings and control of the Company are set out in Section 4.5.

3.7 Nominees

The Retail Entitlement Offer is only being made to Eligible Retail Shareholders. Nominees and custodians may not distribute this Prospectus, and may not permit any beneficial shareholder to participate in the Retail Entitlement Offer, in any country outside Australia, New Zealand and Singapore except to beneficial shareholders in Hong Kong who are "professional investors" (as defined under the Securities and Futures Ordinance of Hong Kong, Chapter 571 of the Laws of Hong Kong) or, with the consent of the Company, to beneficial shareholders resident in certain other countries where the Company may determine it is lawful and practical to make the Retail Entitlement Offer.

3.8 No Rights Trading

There will be no trading of rights on ASX and you may not dispose of your rights to subscribe for New Shares under the Entitlement Offer to any other party.

3.9 Risks of the Entitlement Offer

As with any securities investment, there are risks associated with investing in the Company. Having regard to the risks applicable to the Company and its business, investors should be aware that an investment in the New Shares offered under this Prospectus should be considered speculative and there exists a risk that you may, in the future, lose some or all of the value of your investment.

Before deciding to invest in the Company, investors should read this Prospectus in its entirety, in particular the specific risks associated with an investment in the Company (detailed in Section 5) and should consider all factors in light of their personal circumstances and seek appropriate professional advice.

The Company's decision on the number of Additional New Shares to be allocated to you will be final.</p> <p>Other than to the extent that Additional New Shares are issued to you, any surplus Application Monies received for more than your Entitlement will be refunded after the close of the Retail Entitlement Offer on or around Wednesday, 7 February 2024 (except for where the amount is less than \$5.00, in which case it will be donated to a charity chosen by the Company). Refunds will be made by direct credit to the nominated bank account as noted on the Share register as at the Closing Date. If you do not have a nominated bank account recorded on the Share register, a withheld notice will be sent by ordinary post to your address recorded on the register (the registered address of the first named in the case of joint holders). 3.11 Eligible Retail Shareholders

The Retail Entitlement Offer is only available to Eligible Retail Shareholders, who are those holders of Shares who:

- are registered as a holder of Shares as at the Record Date;
- have an address on the Company's share register in Australia, Hong Kong, New Zealand or Singapore as at the Record Date;
- are not in the United States or acting for the account or benefit of a person in the United States or elsewhere outside Australia, Hong Kong, New Zealand and Singapore;
- does not hold Shares on behalf of another person who resides outside Australia or New Zealand (unless they hold Shares in another eligible capacity);
- did not receive an offer (other than as nominee) under the Institutional Entitlement Offer and were not treated as an Ineligible Institutional Shareholder under the Institutional Entitlement Offer; and
- are eligible under all applicable laws to receive an offer under the Retail Entitlement Offer without a prospectus, disclosure document, product disclosure statement or any lodgement, filing, registration or qualification.

Retail Shareholders who do not satisfy each of these criteria (other than those who received an offer under the Institutional Entitlement Offer) are Ineligible Retail Shareholders. See Section 3.12.

The Company may, in its absolute discretion, extend the Retail Entitlement Offer to any Shareholder in other foreign jurisdictions (subject to compliance with applicable laws).

The Company, in its absolute discretion, reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder and is therefore able to participate in the Retail Entitlement Offer, or an Ineligible Retail Shareholder and is therefore unable to participate in the Retail Entitlement Offer. The Company disclaims all liability to the maximum extent permitted by law in respect of any determination as to whether a Shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

The Retail Entitlement Offer is not being extended to any Shareholders outside Australia, Hong Kong, New Zealand or Singapore. By applying for New Shares, you will be taken to have represented and warranted that you satisfy each of the criteria listed above. Eligible Retail Shareholders who are nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

The Company may (in its absolute discretion) extend the Retail Entitlement Offer to any institutional Shareholder that was eligible to participate in the Institutional Entitlement Offer but was not invited to participate in the Institutional Entitlement Offer (subject to compliance with relevant laws).

Please consider the Retail Entitlement Offer in the light of your particular investment objectives and circumstances.

Please consult with your stockbroker, accountant, financial adviser, taxation adviser or other independent professional adviser if you have any queries or are uncertain about any aspects of the Retail Entitlement Offer.

An investment in New Shares is subject to investment and other known and unknown risks, some of which are beyond the control of the Company. The Company does not guarantee any particular rate of return or the performance, nor does it guarantee the repayment of capital from the Company or any particular tax treatment.

3.12 Ineligible Foreign Shareholders

The Company has decided that it is unreasonable to make offers under the Retail Entitlement Offer to investors who are holders of Shares and who have registered addresses outside Australia, Hong Kong, New Zealand or Singapore (**Ineligible Foreign Shareholders**), having regard to the number of such holders in those places and the number and value of New Shares that they would be offered and the cost of complying with the relevant legal and regulatory requirements in those places.

Ineligible Foreign Shareholders are not eligible to participate in the Retail Entitlement Offer and the Company has obtained relief from ASIC from the requirement to appoint a nominee for Ineligible Foreign Shareholders under section 615 of the Corporations Act. The Company therefore expects to have the benefit of the exception outlined in item 10 s611 of the Corporations Act in relation to the Entitlement Offer and ASIC Corporations (Takeovers – Accelerated Rights Issues) Instrument 2015/1069 for persons who exceed the threshold in s606 of the Corporations Act.

3.13 Payment of Application Monies

For payment by BPAY, please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the biller code and your unique Customer Reference Number (**CRN**)). You can only make a payment via BPAY if you are the holder of an account with an Australian financial institution that supports BPAY transactions. Please note that should you choose to pay by BPAY:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations on that personalised Entitlement and Acceptance Form; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares as is covered in full by your Application Monies.

When completing your BPAY payment, please make sure to use the specific biller code and unique CRN provided on your personalised Entitlement and Acceptance Form. If you receive more than one personalised Entitlement and Acceptance Form (i.e. where you have multiple holdings), please only use the CRN specific to the Entitlement on that form. If you inadvertently use the same CRN for more than one of your Entitlements when paying by BPAY, you will be deemed to have taken up your Entitlement and applied under the Top-Up Facility for Additional New Shares over and above your Entitlement on that holding to which

that CRN applies and your applications in respect of your other CRNs will be deemed to have been rejected and will lapse.

Holders in Hong Kong, New Zealand and Singapore will not be able to make a payment using BPAY and should refer to their personalised entitlement and application form for Electronic Funds Transfer ('EFT') details.

Please note that should you choose to pay by EFT:

- you must provide your unique reference provided on your personalised Entitlement and Acceptance Form in order for your application to be accepted; and
- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations on that personalised Entitlement and Acceptance Form; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares as is covered in full by your Application Monies, rounded down to the nearest whole New Share.

It is your responsibility to ensure that your payment is received by the Share Registry by no later than 5.00pm (Sydney time) on Wednesday, 31 January 2024. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment. The company takes no responsibility for any failure to receive Application Monies or payment by BPAY before the Retail Entitlement Offer closes arising as a result of, among other things, delays in processing of payments by financial institutions.

3.13.1 Confirmation of your application and managing your holding

You may access information on your holding, including your Record Date balance and the issue of New Shares or Additional New Shares from this Entitlement Offer, and manage the standing instructions the Share Registry records on your holding on the share registry website at www.automicgroup.com.au. To access the share registry, you will need your Security Reference Number (**SRN**) or Holder Identification Number (**HIN**) as shown on your Issuer Sponsored/CHESS statements and you will need to pass the security challenge on the site. To log into Automic, the shareholder will need to use the user name and password that they have already established. If they do not have one they can contact the registry by phone or email to update details but identification processes will need to be gone through.

3.14 ASX trading

Trading in the Company's Shares has been suspended since 9 March 2023 as the ASX determined that the Company's operations are not adequate to warrant the continued quotation of its securities. The suspension will continue until Atrum is able to demonstrate compliance with Listing Rule 12.1. The New Shares will not be able to be traded on-market until Atrum is able to demonstrate compliance with Listing Rule 12.1. Atrum is not able to predict when its Shares (including the New Shares) will recommence trading on the ASX, and there is a risk that the Shares (including the New Shares) may never trade on the ASX.

Confirmation of issue of New Shares is expected to be sent in accordance with ASX Listing Rules. It is the responsibility of each Applicant to confirm their holding before dealing in New Shares. Any Applicant who sells New Shares before receiving their confirmation of issue will do so at their own risk. The Company, the Share Registry and the Underwriter disclaim all liability in tort (including negligence), statute or otherwise, to any person who deals in New Shares before receiving their confirmation of issue, whether on the basis of a confirmation of issue provided by the Company, the Share Registry or the Underwriter, or otherwise.

3.15 CHES

The New Shares will participate from the date of commencement of quotation in the Clearing House Electronic Sub-register System (**CHES**), operated by ASX Settlement Pty Limited. These securities must be held in uncertificated form (i.e. no certificate will be issued) on the CHES sub-register under sponsorship of a sponsoring participant (usually a broker) or on the issuer-sponsored sub-register. Arrangements can be made at any subsequent time following quotation to convert your holdings from the issuer-sponsored sub-register to the CHES sub-register under sponsorship of a sponsoring participant or vice versa, by contacting your sponsoring participant.

3.16 No withdrawal or cooling-off rights

You cannot withdraw your application once it has been accepted. Cooling-off rights do not apply to an investment in New Shares.

The Company reserves the right to withdraw the Retail Entitlement Offer at any time before the issue of New Shares to Eligible Retail Shareholders, in which case the Company will refund any Application Monies already received in accordance with the Corporations Act and will do so without interest being payable to applicants.

3.17 Warranties made on acceptance of the Entitlement Offer

By applying for New Shares under the Entitlement Offer or making a payment by BPAY you will be deemed to have acknowledged, represented and warranted that you, and each person on whose account you are acting:

- authorise the Company, the Underwriter, the Share Registry and any of their respective officers or agents to do anything on your behalf necessary for New Shares to be issued to you, including to act on instructions of the Share Registry upon using the contact details set out in your Entitlement and Acceptance Form;
- declare that you were the registered holder(s) at the Record Date of the Shares indicated on the Entitlement and Acceptance Form as being held by you on the Record Date;

- acknowledge that the information contained in this Prospectus and your Entitlement and Acceptance Form is not investment advice or financial product advice nor have they been prepared without taking into account your investment objectives, financial circumstances or particular needs or circumstances;
- acknowledge that this Prospectus and your Entitlement and Acceptance Form is not a recommendation that New Shares are suitable for you given your investment objectives, financial situation or particular needs;
- acknowledge that the New Shares may not be traded on-market until such time that Atrium is able to demonstrate compliance with Listing Rule 12.1;
- acknowledge that you have read and understood the risks set out in Section 5 and that investments in the Company are subject to a high degree of risk;
- acknowledge that none of the Company, the Underwriter, or their respective related bodies corporate, affiliates or respective directors, officers, partners, employees, representatives, agents, consultants or advisers, guarantee the performance of the Company, nor do they guarantee the repayment of capital;

- represent and warrant (for the benefit of the Company, the Underwriter and their respective related bodies corporate and affiliates) that you did not receive an invitation to participate in the Institutional Entitlement Offer either directly or through a nominee, and that you are not an eligible institutional Shareholder under the Institutional Entitlement Offer; and
- represent and warrant that the law of any place does not prohibit you from being given this Prospectus and the Entitlement and Acceptance Form, nor does it prohibit you from making an application for New Shares (or Additional New Shares).

By applying for New Shares under the Retail Entitlement Offer or making a payment by BPAY you will also be deemed to have acknowledged, represented and warranted on your own behalf and on behalf of each person on whose account you are acting that you are an Eligible Retail Shareholder (as defined in the 'Additional information' section) or otherwise eligible to participate in the Entitlement Offer and:

- you and each person on whose account you are acting are not in the United States and not acting for the account or benefit of a person in the United States and are not otherwise a person to whom it would be illegal to make an offer of or issue of Entitlements or New Shares under the Entitlement Offer and under any applicable laws and regulations;
- understand and acknowledge that the New Shares and the Additional New Shares have not been, and will not be, registered under the U.S. Securities Act or the securities laws of any state or other jurisdictions in the United States. The New Shares and the Additional New Shares may not be offered or sold in the United States except in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act and the applicable securities laws of any state or other jurisdiction in the United States;
- have not and will not send this Prospectus or the Entitlement and Acceptance Form, or copies thereof, or any other material relating to the Retail Entitlement Offer to any person in the United States or any other country outside Australia, New Zealand and Singapore;

- if in the future you decide to sell or otherwise transfer the New Shares and the Additional New Shares, you will only do so in the regular way transactions on the ASX are conducted or otherwise where neither you nor any person acting on your behalf know, or has reason to know, that the sale has been pre-arranged with, or that the purchaser is, a person in the United States;
- if acting as a nominee or custodian, represent and acknowledge that each beneficial holder on whose behalf they are submitting the Entitlement and Acceptance Form (i) has a registered address in Australia, New Zealand or Singapore, and (ii) is not in the United States and is not acting for the account or benefit of a person in the United States.

4.3 Capital structure

A table setting out the effect of the Entitlement Offer on the capital structure of the Company is set out below:

	As at the Record Date	Entitlement Offer	On completion of the Entitlement Offer (fully diluted)
Ordinary shares	1,391,699,172	1,253,783,038	2,645,482,210
Options	952,000	-	952,000
Performance Rights	14,243,700	-	14,243,700

The Company intends to put in place a retention program to ensure participants who stay with the Company and contribute to the Company's strategic objectives including the prosecution of the litigation are compensated for their time and efforts. While the terms and conditions of the program have not yet been determined, it is expected that program will be conditional on the financial position of the Company which will, as a practical matter, be driven by the outcome of the Claim, among other things. Shareholder approval will be sought for the program if necessary under the ASX Listing Rules or the Corporations Act.

4.4 Sub-underwriting

The Company understands that the Underwriter has entered into the sub-underwriting arrangement as outlined below.

Name	Sub-underwritten amount (approximate)	Sub-underwriting fee	Maximum number of shares under sub-underwriting
Warburton	\$3,272,659.65	\$32,726.60	818,164,912

Notes

1. Warburton has also committed to accepting its full Entitlement, aggregate commitment of \$1,122,095.90.

4.5 Effect on control

4.5.1 Potential Dilution

The Company has obtained an indicative commitment from Warburton, its largest shareholder holding approximately 22.4% of the Company, and other Eligible Institutional Shareholders who hold approximately 22.6% of the Company (in aggregate) (**Committed Shareholders**) that each will take up their respective entitlements under the Entitlement Offer in full.

Warburton has also provided a sub-underwriting commitment, see Section 6.12 for further information. The Shortfall Shares will be allocated between Warburton and the other sub-underwriters on a pro-rata basis (in proportion to each sub-underwriter's sub-underwriting commitment).

Eligible Shareholders should note that if they do not participate in the Entitlement Offer, their holdings will be diluted.

The Examples of how the dilution may impact Shareholders are detailed in the tables below.

Limited participation

In the event that Warburton and the Committed Shareholders are the only participants in the Entitlement Offer the shareholding in the Company of Warburton will increase as follows:

Holder	Shares held as at 14 December 2023	Shareholding % at Record Date	Entitlements under Entitlement Offer	Entitlements taken up under Entitlement Offer	Shares acquired as sub-underwriter ¹	Shareholding % post Entitlement Offer
Warburton	311,381,614	22.4%	280,523,976	280,523,976	689,336,084	48%
All other shareholders*	1,080,317,558	77.6%	973,259,062	283,922,978	-	52%

*Includes Committed Shareholders.

Participation by 25% of Shareholders excluding Warburton and the Committed Shareholders

In the event that Warburton and the Committed Shareholders participate in the Entitlement Offer and 25% of the remaining Eligible Shareholders participate in the Entitlement Offer, the shareholding in the Company of Warburton will increase as follows:

Holder	Shares held as at 14 December 2023	Shareholding % at Record Date	Entitlements under Entitlement Offer	Entitlements taken up under Entitlement Offer	Shares acquired as sub-underwriter ¹	Shareholding % post Entitlement Offer
Warburton	311,381,614	22.4%	280,523,976	280,523,976	517,002,063	42%
All other shareholders*	1,080,317,558	77.6%	973,259,062	456,256,999	-	58%

*Includes Committed Shareholders.

Participation by 50% of Shareholders excluding Warburton and the Committed Shareholders

In the event that Warburton and the Committed Shareholders participate in the Entitlement Offer and 50% of the remaining Eligible Shareholders participate in the Entitlement Offer, the Shareholding in the Company of Warburton will increase as follows:

Holder	Shares held as at 14 December 2023	Shareholding % at Record Date	Entitlements under Entitlement Offer	Entitlements taken up under Entitlement Offer	Shares acquired as sub-underwriter ¹	Shareholding % post Entitlement Offer
Warburton	311,381,614	22.4%	280,523,976	280,523,976	344,668,042	35%
All other shareholders*	1,080,317,558	77.6%	973,259,062	628,591,020	-	65%

*Includes Committed Shareholders.

Participation by 75% of Shareholders excluding Warburton and the Committed Shareholders

In the event that Warburton and the Committed Shareholders participate in the Entitlement Offer and 75% of the remaining Eligible Shareholders participate in the Entitlement Offer, the shareholding in the Company of Warburton will increase as follows:

Holder	Shares held as at 14 December 2023	Shareholding % at Record Date	Entitlements under Entitlement Offer	Entitlements taken up under Entitlement Offer	Shares acquired as sub-underwriter ¹	Shareholding % post Entitlement Offer
Warburton	311,381,614	22.4%	280,523,976	280,523,976	172,334,021	29%
All other shareholders*	1,080,317,558	77.6%	973,259,062	800,925,041	-	71%

*Includes Committed Shareholders.

4.6 Takeover prohibition

The Entitlement Offer is being conducted in reliance on item 10A of section 611 of the Corporations Act which provides an exception to the 20% takeovers prohibition in Australia. Whilst Warburton's relevant interest in shares (prior to announcement of the Entitlement Offer) is greater than 20%, it will be able to increase its relevant interest in shares above 20% pursuant to its participation (and sub-underwriting of) the Entitlement Offer (under item 10A of section 611 of the Corporations Act), without being required to make a takeover bid.

4.7 Intentions of Warburton

Given the potential increase in Warburton's voting power in the Company, there is a requirement to provide details of Warburton's current intentions for the Company.

Warburton has informed the Company that it is presently supportive of the Company's current direction and that it does not have any current intention to make any major changes to the direction, activities or objectives of the Company. Any future decisions by Warburton will be based on all material information and circumstances at the relevant time. Accordingly, if circumstances change or new information becomes available in the future, Warburton's intentions could change. Warburton has informed the Company that on the facts and circumstances presently known to it, it is supportive of the Company's proposed use of funds raised under the Entitlement Offer.

5 RISK FACTORS

5.1 Introduction

This Section 5 outlines some of the potential risks associated with an investment in the Company.

The Group's business is subject to risks, specific to its business activities, the jurisdictions within which it operates and of a more general nature. Each of the risks set out below, if they eventuate, could have a material adverse impact on the Group's business and prospects, financial condition, results of operation, cash flows and on the value of the Company's Shares. While the Board endeavours to manage these risks to prevent adverse outcomes, many of the circumstances giving rise to these risks are beyond the control of the Company, its Directors and its Management.

Investors should note that the risks outlined in this Section 5 are not exhaustive and are not the only risks associated with an investment in the Company, now or in the future. Additional risks that the Company is unaware of or that it currently considers to be immaterial may also potentially have a material adverse impact on the Group's business, financial condition and the value of its Shares. All or part of an investment in the Shares may be lost.

An investment in the Company should be considered speculative. Before deciding whether to invest in the Company, you should read the entire Prospectus and satisfy yourself that you have a sufficient understanding of these potential risks and should consider whether an investment in the Company is suitable for you having regard to your own investment objectives, financial circumstances and taxation position. If you do not understand any part of the Prospectus or are in any doubt as to whether to invest in the Company, you should seek independent professional advice from your stockbroker, accountant, lawyer or other professional adviser.

5.2 Risks related to Atrum

5.2.1 Coal policy Alberta

The Government of Alberta has in recent years made numerous changes to Alberta's position on coal exploration and development, including the recent reinstatement of the Government's 1976 Coal Policy and the imposition in March 2022 of an indefinite moratorium on coal exploitation in certain areas (the **Indefinite Moratorium**). As a result of the Indefinite Moratorium, which covers the land comprising the Elan Project, Atrum is unable to continue its exploration or development activities at the Elan Project for the indefinite future.

5.2.2 Litigation against the Government of Alberta

The Company has commenced legal proceedings against the Government of Alberta before the Court of King's Bench of Alberta. The Company's Claim relates to the alleged de facto expropriation of the Elan Project coal leases resulting from the Government's imposition of its Indefinite Moratorium (and possibly an earlier prohibition).

It is anticipated that the Claim (and any subsequent or related action(s)) will require Atrum to incur substantial costs, including attorneys' fees, expert's fees, managerial time and other personnel resources in order to reach a resolution. The Company currently anticipates that the Offer Proceeds will cover the costs of the Claim for, at the very least, the period to 31 December 2024. However, due to the inherently uncertain nature of litigation, there is a risk that the costs of the Claim may increase.

There is a risk that the Claim may be unsuccessful. In the event of an adverse judicial finding, the Company may be ordered to pay damages to the Government of Alberta, or otherwise cover the Government's costs.

5.2.3 Additional requirements for capital

The Company currently anticipates that the Offer Proceeds will cover the costs of the Claim for, at the very least, the period to 31 December 2024. The Company does not intend to raise capital for the costs of the Claim after 2024 as litigation costs beyond that date may be unnecessary if the Claim is resolved prior to trial. If the Claim proceeds to trial, or the costs of the litigation for the period to 31 December 2024 are greater than expected, the Company may need to raise additional capital in the future.

There can be no guarantee that the Company will be able to access the funds necessary to finance its future activities on terms acceptable to the Company, or at all. Any equity financing may be dilutive to shareholders and any debt financing, if available, may involve restrictive covenants, which may limit the Company's operations and business strategy. The Company's failure to raise capital, if and when needed, could have a material adverse effect on the Company's claim and activities.

5.2.4 Going Concern

Shareholders should note that the reviewed Financial Report of the Company, being for the six months ended 30 June 2023, has been prepared on a going concern basis. The review report to the financial statements for the six months ended 30 June 2023, lodged with ASX on 12 September 2023, included a "Material uncertainty related to going concern", without qualification, in respect of the going concern disclosures included in Note 2 to the financial statements.

The ability of the Company to continue as a going concern and to meet planned and committed expenditure requirements is subject to the Company successfully raising further equity. Should the Company not be successful in obtaining adequate funding or cash inflows are not as planned, there is material uncertainty as to the ability of the Company to continue as a going concern and to realise its assets and extinguish liabilities as they arise. The Company's failure to raise capital, if and when needed, could delay or suspend the Company's business strategy and could have a material adverse effect on the Company's activities.

5.2.5 Market for the Shares

Following the Indefinite Moratorium, Atrum received queries from ASX as to whether the level of its operations are sufficient to warrant the continued quotation of Atrum's Shares and its continued listing. The ASX determined that Atrum's operations were not adequate to warrant the continued operation of its Shares and that Atrum was in breach of Listing Rule 12.1. The New Shares will not be able to be traded on-market until Atrum is able to demonstrate compliance with Listing Rule 12.1. Atrum is not able to predict when its Shares will recommence trading on the ASX, and there is a risk that the New Shares may never trade on the ASX.

Even if the Shares are reinstated to quotation there can be no guarantee that an active market will develop or the price of the Shares will increase. There may be relatively few potential buyers or sellers of Shares on ASX at any given time. This may increase the volatility of the market price of the Shares and may prevent Shareholders from acquiring more Shares or disposing of Shares. It may also affect the prevailing market price at which Shareholders are able to sell their Shares. This may result in Applicants receiving a market price for their Options that is less or more than the Offer Price.

5.2.6 ASX delisting risk

The suspension of trading in Atrum's Shares, which commenced on 9 March 2023, will continue until Atrum is able to demonstrate compliance with Listing Rule 12.1. Atrum is not able to predict when its Shares will recommence trading on the ASX, and there is a risk that the New Shares may never trade on the ASX. If trading in Atrum's Shares is suspended for two years or such other period determined by ASX, ASX may be removed from the official list of ASX (ie it would be delisted).

If Atrum is delisted, Atrum's Shares would no longer be capable of being traded on the ASX. After delisting, shareholders wishing to trade their shares would have to transfer their shares off-market to a willing third party. Such third party market may not, however, be liquid and shareholders will be personally responsible for sourcing potential purchases of their shares, which may prove difficult. Additionally, where Atrum is delisted, shareholders will no longer benefit from the protections of the ASX Listing Rules (however Atrum will of course still remain bound by the requirements of the Corporations Act). In circumstances where Atrum is delisted, the ability to secure funding within a particular timeframe or on favourable terms remains uncertain which could adversely impact the Company's financial position and restrict short-term growth.

5.2.7 Environmental and rehabilitation risk

The Group's exploration activities are subject to various laws and regulations governing the protection of the environment.

Issues could arise from time to time with respect to rehabilitation costs, environmental concerns and other liabilities in relation to the Elan, Groundhog and Panorama Projects. In these instances, the Company could become subject to liability if, for example, there is environmental pollution or damage from the Group's exploration activities and there are consequential clean-up costs in the future.

Areas disturbed by the Company's activities at the Elan, Groundhog and Panorama Projects are required to be rehabilitated as required by the conditions attaching to the leases. The Group recognises management's best estimate for the asset rehabilitation obligations. There is a risk that actual costs incurred and actual timing thereof may differ materially from estimates, and there can be no guarantee that the Company will be able to access the necessary rehabilitation funds either on terms acceptable to the Company, or at all.

5.2.8 Dependence on key management personnel

The operating and financial performance of the Company, and the prosecution of the Claim against the Government of Alberta, is largely dependent on Atrum's ability to retain and attract key management personnel. Whilst the Company makes every effort to retain key management personnel, there can be no guarantee that it will be able to do so. Any loss of key management personnel could adversely affect the Company's claim, business, results of operations or financial conditions and performance.

5.2.9 Exploration

There can be no assurance that exploration of the Company's tenements, or any other tenements that may be acquired in the future, will result in the discovery of an

economic ore deposit. Even if an apparently viable deposit is identified, there is no guarantee that it can be economically exploited.

5.2.10 Regulatory Process

The development of coal resources in Alberta is subject to a robust regulatory process that is administered by respective Provincial and Federal agencies, including the Alberta Energy Regulator and begins before a mine is built and continues after mining is complete.

Even if the Indefinite Moratorium on coal-related activities is lifted, allowing Atrium Coal to continue its exploration and development operations at the Elan Project, a positive regulatory outcome cannot be guaranteed with respect to gaining a permit to mine.

5.2.11 Resource estimation

Resources estimates are expressions of judgement based on knowledge, experience and resource modelling. As such, resource estimates are inherently imprecise and rely to some extent on interpretations made. Additionally, resource estimates may change over time as new information becomes available. Should the Company encounter mineralisation or geological formations different from those predicted by past drilling, sampling and interpretations, resource estimates may need to be altered in a way that could adversely affect the Company.

5.3 Risks related to the Entitlement Offer and an investment in the Shares

5.3.1 Control and liquidity

Following the completion of the Entitlement Offer and depending on various Entitlement, Top-Up Facility and Shortfall Offer take-up, up to a maximum 48% of the Shares of the Company may be held by Warburton. As a result, liquidity may be impacted and Warburton may be in a position to exert influence over matters relating to the Company, including the election of directors or the approval of a transaction involving the Company (see Section 4.5.1 for further information).

If trading in the Company's Shares recommences, the absence of any sale of Shares by these Shareholders may cause, or at least contribute to, limited liquidity in the market for Shares, which could affect the prevailing market price at which Shareholders are able to trade Shares and the volumes they are able to trade. If any of these Shareholders decided to sell a significant part or all of their Shares, the increase in the liquidity in the market for Shares could have a negative effect on the prevailing market price for Shares.

5.3.2 Risk of Shareholder dilution

If Eligible Shareholders elect not to take up their Entitlement or only take up part of their Entitlement, they will be subject to dilution as a result of the issue of Shares under the Entitlement Offer. In addition, Ineligible Retail Shareholders will be subject to dilution under the Entitlement Offer.

Further, in the future, the Company may elect to issue Shares to engage in fundraisings including to fund acquisitions that the Group may decide to make or to fund its future strategies in general. While the Company will be subject to the constraints of ASX Listing Rules regarding the percentage of capital it is able to issue within a 12-month period (other than where exceptions apply), Shareholders may be diluted as a result of such issues of Shares and fundraisings.

5.3.3 Prices of Shares may fluctuate significantly in the future

The Company is a publicly listed company on ASX and is subject to the general market risk that is inherent in all securities listed on a stock exchange.

If trading in the Company's Shares recommences, the price at which Shares are quoted on ASX may increase or decrease due to a number of factors that are not explained by the fundamental operations and activities of the Group. These factors may cause the Shares to trade at prices below the Offer Price. There is no assurance that the price for the Shares will increase following their quotation on ASX, even if the Group's earnings increase.

Factors which may affect the price of the Shares include fluctuations in the domestic and international market for listed stocks, general economic conditions, including interest rates, inflation rates, exchange rates, commodity and oil prices, changes to government fiscal, monetary or regulatory policies, legislation or regulation, inclusion in or removal from market indices, the nature of the markets in which the Group operates and general operational and business risks.

5.3.4 Currency movements could adversely impact the Group's results of operations

The Group currently conducts business in Canada and reports its financial statements in Australian dollars. Adverse movements in the exchange rate between those currencies, which may or may not be freely convertible, and any other foreign currencies as a result of future international expansion, may cause the Group to incur foreign currency losses. Such losses may impact and reduce the Company's profitability, ability to pay dividends and ability to service debt obligations it may take on in the future.

5.3.5 Taxation reform may adversely impact the Group

Any changes to the current rate of company income tax in the markets in which the Group operates may impact Shareholder returns. Any changes to tax laws applicable to the Group, the way they are interpreted and applied, or the current rate of taxes may have an adverse effect on the Group's financial performance or results. In addition, any change in tax rules and tax arrangements could have an adverse effect on the level of dividend imputation or franking and Shareholder returns.

5.3.6 The Group is exposed to changes in general economic conditions

The operating and financial performance of the Company is influenced by a variety of general domestic and global economic and business conditions that are outside its control, including long-term inflation rates, exchange rate movements, interest rate movements and movements in the general market for ASX and internationally listed securities. A prolonged deterioration in general economic conditions may have a material adverse impact on the financial performance, financial position, cash flows, dividends, growth prospects and share price of the Company.

These obligations require ASX to be notified periodically and on a continuous basis of information about specific events and matters as they arise for the purpose of ASX making the information available to the financial market operated by it.

In particular, the Company has an obligation under ASX Listing Rules (subject to certain limited exceptions) to notify ASX immediately of any information concerning the Company, of which it becomes aware, which a reasonable person would expect to have a material effect on the price or value of the Company's securities.
