# Our assets span across Australia and North America.

We have a dedicated team committed to helping Australians and Canadians access goods and services that ensure convenience, trust and security, inspired by community and driving profit.

The Board of The Market Limited is pleased to present the financial results for the Company for the half-year ended 31 December 2023.

## Introduction

During the last half-year the Company reported strong overall revenue growth following the acquisition of Gumtree Australia and its related entities Autotrader Australia and Carsguide (the "Gumtree Group") in October 2022. Total Company revenues for the half-year to 31 December 2023 increased to \$47.0 million (31 December 2022: \$32.4 million).

The key business activities of the Company are Classifieds and Capital Markets.

- Gumtree Group is one of the largest pure play general classifieds business in Australia.
- With HotCopper and Stockhouse, we operate two of the largest investor communities in Australia and North America

The strategic importance of Gumtree Group to The Market Limited is evident in these results. Gumtree Group is Australia's leading classifieds platform for buying, selling, and finding a wide range of products and services including cars, jobs, furniture, and pets. Both Carsguide and Autotrader have leading positions in the segments they operate in. Gumtree Group reaches 1 in 3 Australians on a monthly basis, has over 1.0 million new monthly listings, with total goods worth over A\$3bn being transacted each month.

# Focus on operational excellence

Over the past 6 months The Market Limited has focused on further refining its strategy and its operations to deliver on future growth in line with the strategy endorsed by the Board and its new management team.

The Gumtree Group has strongly focussed on executing on its strategic roadmap presented during the AGM in November 2023. In the last 6 months, we have launched our first Transactional offerings with the roll-out of our Pets insurance product and the Instant Cash Offer solution to sell cars privately. In the coming months more Transactional products and features will become available to our user base.

Within our Capital Markets business, we are investing in an improved user experience for HotCopper and Stockhouse and are leveraging all the key learnings and insights across the two sites. These technological upgrades allow for a more unified and sophisticated marketing offering.

The Market Limited strongly focused during the half year on making additional repayments on the CBA loan facility following the sound cash flow generation of the Gumtree Group. In the last 6 months, a total amount of A\$5.0 million was repaid (outstanding balance: A\$41.0 million at the end of the half year). Further deleveraging is foreseen for the next half year.

The non-core activities, being the Subscribacar business, which were underperforming and loss-making were fully discontinued during the half year.

#### 13. Business combination

On 4 October 2022, the Group acquired 100% of the shares in Gumtree AU Pty Ltd and its subsidiaries Carsguide Autotrader Media Solutions Pty Ltd and Gumtree IP AUS Holding Ltd from Adevinta Oak Holdings B. V. for a total consideration of USD \$60.9 million (AUD \$93.7 million). The consideration was subject to post-acquisition adjustments. The acquisition was initially funded by a vendor loan of approximately USD \$44.7 million (AUD \$68.76 million) and a 2:5 share entitlement issue, which raised the sum of AUD \$26.6 million (before costs).

After settlement, a number of post-acquisition adjustments resulted in a credit of USD \$3.1 million. This credit was applied to reduce the balance of vendor loan to USD \$41.6 million. The vendor loan was fully paid in May 2023, which was funded by AUD \$16.6 million of internally generated cash and a AUD \$46.0 million loan facility via the Commonwealth Bank of Australia. As the Vendor loan was denominated in US Dollars, the Company realised a foreign exchange gain of AUD \$1.3 million on repayment of the loan.

The acquired business contributed revenues of \$41,296,375 and profit before tax of \$3,502,968 to the Group for the half year ended 31 December 2023.

The following table summarises the consideration paid and the final fair value amounts of the assets acquired and liabilities assumed recognised at the acquisition date.

# **Report on the Half-Year Financial Report**

### Conclusion

We have reviewed the accompanying half-year financial report of The Market Limited (the company), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of The Market Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of The Market Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

### Directors' Responsibility for the Half-Year Financial Report

The directors of The Market Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
