April 16<sup>th</sup>, 2024

## AUSQUEST LAUNCHES INVESTOR HUB

### ***Greater access to the Company for shareholders and investors***

AusQuest Limited (ASX: AQD) is pleased to advise it has engaged Investor Hub to provide greater access to the Company's management for shareholders and investors. The Investor Hub platform will allow shareholders and investors to learn more about the Company, our latest activities and plans for the future.

- Visit AusQuest's Investor Hub here: <https://investorhub.ausquest.com.au/welcome> or
- **Tune in to view a short video with our Managing Director, Graeme Drew, and post your questions:** <https://investorhub.ausquest.com.au/link/MrD4or>

AusQuest plans to regularly upload new content to the hub, including videos accompanying selected announcements, educational material, interviews and corporate research. The Company encourages shareholders and investors to post questions/feedback through the Q&A function and will endeavour to respond to them in a timely manner.

### **How to join AusQuest's Investor Hub**

1. Head to <https://investorhub.ausquest.com.au/auth/signup>
2. Follow the prompts to sign up to Investor Hub
3. Complete your profile

AusQuest's Managing Director, Graeme Drew, said the Company believed the Investor Hub platform would provide an effective and efficient way to improve its engagement both with existing shareholders and potential new investors.

*"AusQuest values and appreciates the support of its shareholders through the many ups and downs of the market," he said. "We look forward to increasing our engagement with shareholders through the Investor Hub platform and updating investors on our progress during 2024."*

*“We encourage all shareholders and interested new investors to sign up to the Investor Hub platform and engage with us through our journey of discovery.”*

A handwritten signature in black ink, appearing to read 'G Drew'.

### **About AusQuest:**

*AusQuest Limited is an exploration company targeting new deposits and mineral provinces with major ore potential with the aim of significantly enhancing shareholder wealth. Since listing on the Australian Stock Exchange, the company has attracted a range of major companies either as joint venture or strategic alliance partners to help fund exploration activities over its projects. The Company is currently exploring within Australia and Peru and holds in excess of 5,000 km<sup>2</sup> of exploration title.*

*AusQuest has a Strategic Alliance Agreement with a subsidiary of South32 (South32) that has been active since February 2017 (>7 years), with South32 providing funds to advance selected early-stage projects to the drilling stage with follow-up drilling under agreed joint venture terms. During 2023 this Agreement was extended for a further 2 year period with a focus on exploration programs in Australia.*

*The Company explores for a range of commodities and mineralisation styles including magmatic nickel-copper-platinum group element sulphides, large porphyry copper and iron oxide-copper-gold, high grade iron deposits, stratabound base metals and more recently lithium and Rare Earth Element deposits. Most of the projects are “greenfields” in nature although initial drilling at several of the Company’s projects has already intersected mineralisation.*

*You will find more information about our projects on our website.*
