
Australian Securities Exchange Announcement

8 May 2024

King River Resources Ltd (ASX: KRR) ("**Company**") advises that the high rainfall in the Northern Territory over the past four months has continued to create issues with heavy vehicle access to our key drill target sites.

The exploration team plan to remobilise the drill equipment to Tennant Creek township by the middle of next week, in preparation to approach the driest of our target sites the following week.

This announcement was authorised by the Chairman of the Company.
