

ASX RELEASE | CLEARVUE TECHNOLOGIES LIMITED
(ASX:CPV | OTC:CVUEF)

OTC Markets Group Welcomes ClearVue Technologies to OTCQX

New York - 14 May 2024: Smart building materials company ClearVue Technologies Limited (ASX:CPV OTCQX: CVUEF) (**ClearVue** or the **Company**) and OTC Markets Group Inc. (OTCQX: OTCM), the operator of regulated markets for trading 12,000 US and international securities, announce that ClearVue has qualified to trade on the OTCQX[®] Best Market. ClearVue upgrades to OTCQX from the OTCQB[®] Venture Market.

Upgrade to the OTCQX[®] Best Market follows ClearVue's recent [announcement](#) of the appointment of Charles (Chuck) Mowrey as ClearVue President and CEO (North America) and aligns with the Company's strategic targeting of the US market for customers of ClearVue's world-leading products and technologies as well as for US based investors.

Commenting on the upgrade to the OTCQX market, Martin Deil, Global CEO of ClearVue, said:

"The North American market is crucial to our growth strategy. A key element is engaging the US investment community, particularly in light of recent US policy initiatives that provide incentives for the construction sector to decarbonize and promotes the broader goal of achieving net-zero emissions.

"Our upgrade to the OTCQX market and appointment of Chuck Mowrey to lead our US operations supports us to become a long-term player in the US, and demonstrates our commitment to a low-carbon future.

"We look forward to introducing ClearVue's full product suite to the US construction market at the American Institute of Architect's AIA24 Conference on Design and Architecture in Washington D.C. on 5 – 8 June this year."

The OTCQX Market is designed for established, investor-focused US and international companies. To qualify for OTCQX, companies must meet high financial standards, follow best practice corporate governance, and demonstrate compliance with applicable securities laws. Graduating to the OTCQX Market from the OTCQB Market marks an important milestone for companies, enabling them to demonstrate their qualifications and build visibility among US investors.

ClearVue continues trading today on OTCQX under the symbol "CVUEF". US investors can find current financial disclosure and Real-Time Level 2 quotes for the company on www.otcm Markets.com.

ABOUT CLEARVUE TECHNOLOGIES LIMITED

ClearVue Technologies Limited (ASX: CPV) is an Australian technology company that operates in the Building Integrated Photovoltaic (BPIV) sector which involves the integration of solar technology into building surfaces, specifically glass and building façades, to provide renewable energy. ClearVue has developed advanced glass technology that aims to preserve glass transparency to maintain building aesthetics whilst generating electricity.

ClearVue's electricity-generating glazing technology is strategically positioned to complement and make more compelling the increased use of energy-efficient windows in response to global climate change and energy efficiency goals.

Solar PV cells are integrated around the edges of an Insulated Glass Unit (IGU) used in windows and the lamination interlayer between the glass incorporates ClearVue's patented proprietary nano and micro particles, as well as its spectrally selective coating on the rear external surface of the IGU.

ClearVue's window technology has an application for use in the building, construction, and agricultural industries (among others). ClearVue has worked closely with leading experts from the Electron Science Research Institute, Edith Cowan University in Perth, Western Australia to develop the technology.
