CORPORATE GOVERNANCE STATEMENT

This Corporate Governance Statement is current as at 21 May 2024 and has been approved by the Board of the Company on that date.

This Corporate Governance Statement discloses the extent to which the Company follows the recommendations set by the ASX Corporate Governance Council in its publication Corporate Governance Principles and Recommendations (**Recommendations**). The Recommendations are not mandatory, however the Recommendations that will not be followed have been identified and reasons provided for not following them along with what (if any) alternative governance practices the Company intends to adopt in lieu of the recommendation.

The Company has adopted a Corporate Governance Plan which provides the written terms of reference for the Company's corporate governance duties.

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees. The Company's Corporate Governance Charters, Policies & Procedures are available on the Company's website at www.trekmetals.com.au/corporate/corporate-governance

The Company supports the appointment of Directors who bring a wide range of business and professional skills and experience. For the majority of the year, the Company had a Board of Directors comprising four Non-Executive Directors (including the Chairman). As an overriding principle, the Board seeks a mix of skills suitable for a junior resources company listed on the Australian Securities Exchange. A summary of the key board skills matrix is set out below: Full details as to each Director length of service and relevant skills and experience are available in the Company's Annual Report and on the Company's website.

		(b) The Company will disclose in this Statement or the Annual Report any instances where this applies and an explanation of the Board's opinion why the relevant Director is still considered to be independent. The Board acknowledges the prior grant of Performance Rights to Non-Executive Directors is contrary to the Recommendations on Independence, however, the Board considers the grant of Performance Rights is reasonable in the circumstances, given the necessity to attract the highest calibre of professionals to the Company and notes that it is common in the junior exploration industry to award rights to Executive and Non-Executive Directors. The Board considers that the issue of Performance Rights does not interfere with the director's capacity to bring an independent judgement to bear on issues before the board and to act in the best interests of the entity. ¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.
