Quarterly Activities Report for the Period Ending 30 June 2023

Tombola Gold Ltd (Administrators, Receivers and Managers Appointed) ("**Tombola**", or the "**Company**"), provides an overview of the Company's activities for the period ending 30 June 2023 ("**Quarter**", "**Reporting Period**").

True North Tenement Acquisition Restructure

On 12 April 2023, the Company announced that the asset sale arrangements with True North Copper Pty Ltd ("**TNC**") as originally announced on 16 September 2022, which had yet to settle pending finalisation of a number of pre-completion deliverables (such as landholder agreement assignments), was mutually terminated. As part of the negotiations, the parties reached consensus on a restructured transaction.

The Company duly executed a Deed of Termination with TNC which terminated the previous Asset Sale Agreement as announced to the market on 16 September 2022. The Company, its subsidiary Tombola Tenements Pty Ltd (**"Tombola Tenements"**) and TNC also executed an Option Deed whereby Tombola Tenements was granted an option to purchase a 100% interest in EPM 12409 and ML 100111 (Wynberg Tenements), together with all documents, information and material contracts in relation to them, for \$2,000,000 plus GST (if applicable), payable in cash.

Accordingly, under the revised transaction arrangements, the Company would no longer acquire an interest in the Wallace Project (ML 1000777 and ML 90236) or have any interest in its resources.

Short-term Debt Facility – Revised Arrangements

On 27 April 2023, the Company repaid an initial \$500,000 to its secured creditor (Vaspip 2 Pty Ltd) in return for an extension to the due date for the balance of its secured loan to 9 May 2023. Interest and costs continued to accrue through until final settlement under the terms of the facility announced on 20 February 2023.

Board and Management Changes

Executive Directors Rod Watt and Trevor Coombes both resigned on 27 April 2023. The Company's CFO (in November 2022) and contract Company Secretary (in January 2023) had both previously provided their resignations, but due to the Company's circumstances over the past five months, no suitable replacements could be secured and engaged.

Appointment of Administrators and Receivers

On 15 May 2023 the Company's Board of Directors appointed Simon Cathro and Andrew Blundell (of Cathro & Partners Pty Ltd) as Joint and Several Administrators ("**Administrators**") of the Company and its subsidiaries. At the same time, the Company's secured creditor (Vaspip 2 Pty Ltd) appointed Receivers & Managers to act on its behalf under its security arrangements.

The Board's decision to appoint Administrators was precipitated by a run of poor operational and financial results encountered via the GAM Plant, its mechanical failure, and the poor gold recovery rates experienced, with only circa 1g/t recovered from processing due to dilution being higher than anticipated based on the Company's pre-processing ore test results. In the months leading up to the decision to appoint Administrators, the Company had been in active dialogue with a number of parties regarding a potential refinance of its debt facility or other corporate actions, but an agreed path forward failed to emerge.

The effect of appointing Administrators, including the period in which the Company is subject to a Deed of Company Arrangement (DOCA), impacts and restricts the powers and duties of its Directors. From the time the Administrators and the Receivers were appointed, the Company's corporate and operational activities ceased, and the mine and operational site were placed into care and maintenance, which included regular site inspections and security checks, meeting ongoing environmental, fire and electrical compliance requirements, and facilitating inspections by DES and the Mines Department. All Company-owned equipment at Cloncurry was secured and stored as part of the operational shut-down and maintenance processes. No exploration or mining activities have been undertaken since the appointment of the Administrators and the Receivers.

Various reports on the Company's activities and property were lodged with ASIC between 14 and 20 June 2023 by the Administrators and Receivers.

During the quarter, the Receivers appointed on behalf of the secured lender (Vaspip 2 Pty Ltd) took control of those assets subject to security charges under the February 2023 short-term lending arrangements. The Receivers are working collaboratively with the Administrators in relation to the maintenance of the Company's tenements and mining leases.

Other Information

During the quarter, the Company spent approximately \$1,099,000 in relation to its gold mining and production activities, in relation to which it received approximately \$1,558,000 in proceeds. There were no funds spent on exploration for the quarter.

In addition, the Cashflow Report discloses payments to related parties in Item 6.1 of \$92,000 for the quarter. Tombola advises that this amount relates to Directors, including executive and non-executive fees for the Quarter.

This announcement was authorised by the Managing Director.

8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

During the period the Company was unable to obtain additional funding and combined with lower than forecast recoveries entered into administration and receivership.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Refer 8.8.1, the Company expected funding and the generation of cash flows via gold production in Queensland would provide the required level of funding.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

No refer 8.8.1.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
