

AuMEGA Metals Officially Takes Effect 14 June 2024 with New ASX Trading Symbol “AAM”

Key Highlights

- Matador Mining Limited will officially be renamed AuMEGA Metals Ltd on 14 June 2024
- AuMEGA Metals Ltd trading symbol changes to “AAM” on the ASX
- Name change reflects the Company’s growth strategy and focus on delivering long-term value through world-class exploration

AuMEGA Metals (formerly Matador Mining Limited) (**ASX:AAM | OTCQB:MZZMF**) (“AuMEGA” or “the Company”) is pleased to announce that on Friday, 14 June 2024, the new corporate name will take effect and the trading symbol on the ASX will be “AAM”. The Company is also in the process of changing its trading symbol on the OTCQB to reflect the name change.

AuMEGA Metal’s Managing Director and CEO, Sam Pazuki commented:

“Our focus to create long-term value for shareholders remains steadfast through our world-class approach to exploration. We are using this approach with an aim to make major discoveries in Newfoundland, Canada along our district-scale land package. We are excited to progress these efforts with the strong support of our incredible shareholders and to do so under our new corporate name and brand.”

About the Company

AuMEGA Metals Ltd (ASX:AAM | OTCQB:MZZMF) (formally Matador Mining Limited) is an exploration company focused on making gold discoveries in Newfoundland, Canada. The Company is one of only four gold companies with a defined gold Mineral Resource, currently 610,000 ounces grading 1.96 grams per tonne. AuMEGA is well positioned with an extensive land package comprising 120-kilometres of continuous strike along the under-explored, multi-million-ounce Cape Ray Shear, a prolific gold structure in Newfoundland that currently hosts several major mineral deposits. Additionally, the Company holds 27-kilometres of continuous strike at the Hermitage prospect which is located on the highly prospective Hermitage Flexure. The Company also has an Option Agreement over the Blue Cove Copper Project in southeastern Newfoundland, which is highly prospective for copper and other base metals.

AuMEGA acknowledges the financial support of the Junior Exploration Assistance Program, Department of Industry, Energy and Technology, Provincial Government of Newfoundland and Labrador, Canada.
