Dear Mr Logarajah,

Re: Request for information

We refer to your letter dated 20 June 2024 and as requested we set out below the Company's response to your queries as follows:

1. Is HYT aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?

No. The Company is not aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in the Company's securities.

2. If the answer to question 1 is "yes".
  - a. Is HYT relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1? Please note that the recent trading in HYT's securities would suggest to ASX that such information may have ceased to be confidential and therefore HYT may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is "yes", you need to contact us immediately to discuss the situation.
  - b. Can an announcement be made immediately? Please note, if the answer to this question is "no", you need to contact us immediately to discuss requesting a trading halt (see below).
  - c. If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?

Not applicable.

3. If the answer to question 1 is "no", is there any other explanation that HYT may have for the recent trading in its securities?

Between 12 and 18 June 2024, Director, Benjamin Mee attended the 'FT Live Hydrogen Summit' in London and Hydroverse Convention in Germany where he participated alongside other ASX and international hydrogen companies.

During this period, various Australian newspapers published articles relating to the Company and the white hydrogen industry generally, which noted that the Company was planning to drill two exploration wells at the Company's Nemaha Project in Kansas.

The proposed drilling program at Nemaha has been previously disclosed by the Company in its announcement on 19 September 2023 and more recently, on 20 May 2024, where it was disclosed that it plans to continue leasing high-priority acreage and drill two exploration wells commencing in Q3'24.

The Board confirms that it will keep the market informed via further announcements for the drilling program in line with the Company's continuous disclosure requirements.

4. The Company confirms it is complying with the Listing Rules and, in particular, Listing Rule 3.1.
  
5. The Company confirms its responses to the questions above have been authorised and approved by the board of directors of Hyterra Limited.

On behalf of the Company

- the reasons for the trading halt;
- how long you want the trading halt to last;

- that you are not aware of any reason why the trading halt should not be granted; and
- any other information necessary to inform the market about the trading halt, or that we ask for.

We require the request for a trading halt to be in writing. The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted. You can find further information about trading halts in Guidance Note 16 *Trading Halts & Voluntary Suspensions*.

### **Suspension**

If you are unable to respond to this letter by the time specified above, ASX will likely suspend trading in HYT's securities under Listing Rule 17.3.

It should be noted that HYT's obligation to disclose information under Listing Rule 3.1 is not confined to, nor is it necessarily satisfied by, answering the questions set out in this letter.

### **Release of correspondence between ASX and entity**

ASX reserves the right to release all or any part of this letter, your reply and any other related correspondence between us to the market under Listing Rule 18.7A.

Yours sincerely
