In establishing its corporate governance framework, the Company has referred to the recommendations set out in the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations 4<sup>th</sup> edition (**Principles & Recommendations**). The information in this statement is current at and was approved by a resolution of the Board on 18 June 2024.

## Principle 1 – Lay solid foundations for management and oversight

### Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, those matters expressly reserved to the Board and those delegated to management and has documented this in its *Board Charter* (available on the Company's website).

## Recommendation 1.2

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election as a director and provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The checks which are undertaken, and the information provided to shareholders are set out in the Company's *Policy and Procedure for the Selection and (Re)Appointment of Directors* (available on the Company's website). The qualifications, experience and special responsibilities of the Board members are set out in the Directors Report and the Notice of Meeting for the Annual General Meeting.

## Recommendation 1.3

The Company has a written agreement with each director and senior executive setting out the terms of their appointment. The material terms of any employment, service or consultancy agreement the Company, or any of its child entities, has entered into with its Managing Director, any of its directors, and any other person or entity who is a related party of the Managing Director or any of its directors has been disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

## Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board as outlined in the Company's *Board Charter* (available on the Company's website). The Company Secretary's role is also outlined in the consultancy agreement between the Company Secretary and the Company.

## Recommendation 1.5

The Company has a *Diversity Policy* (a summary of which is disclosed on the Company website), pursuant to which the Board may set measurable objectives for achieving gender diversity that are appropriate for the Company, and if objectives are set, to assess annually both the objectives and the Company's progress in achieving them.

The Company's Diversity Policy does not require the Board to set measurable objectives for achieving gender diversity, nor has the Board set measurable objectives for achieving gender diversity. The Board considers that it is not practical at this stage of the Company's operations to establish measurable objectives for achieving gender diversity given the small number of employees. However, the Board will review this position as its circumstances change.

The respective proportions of men and women on the Board, in senior executive positions and across the whole organisation are set out in the following table. "Senior executive" for these purposes means those persons who have the opportunity to materially influence the integrity, strategy and operation of the Company and its financial performance.

	Proportion of women
Whole organisation	3 out of 15 (20%)
Senior executive positions	2 out of 9 (22%)
Board	0 out of 5 (0%)

## Recommendation 1.6

The Chair is responsible for evaluating the performance of the Board, Board committees and individual directors in accordance with the process disclosed in the Company's *Process for Performance Evaluations* (available on the Company's website).

The Company intends to complete performance evaluations in respect of the Board, its committees and individual Directors for each financial year in accordance with the process disclosed in the Company's *Process for Performance Evaluations* (available on the Company's website).

When the Board convenes as the Nomination Committee it carries out those functions which are delegated to it in the Company's Nomination Committee Charter. Items that are usually required to be discussed by a Nomination Committee are marked as separate agenda items at Board meetings when required. The Board regularly reviews whether the directors as a group have the skills, knowledge and familiarity with the Company and its operating environment required to fulfil their role on the Board and the Board committees effectively using a Board skills matrix. Where any gaps are identified, the Board considers what training or development should be undertaken to fill those gaps. In particular, the Board ensures that any director who does not have specialist accounting skills or knowledge has a sufficient understanding of accounting matters to fulfil his or her responsibilities in relation to the Company's financial statements. Directors also receive ongoing education as required on developments in accounting standards that are relevant to the Company.

When the Board convenes as the Audit and Risk Committee it carries out those functions which are delegated to it in the Company's Audit and Risk Committee Charter. Items that are usually required to be discussed by an Audit and Risk Committee are marked as separate agenda items

at Board meetings when required. The Board deals with any conflicts of interest that may occur when convening in the capacity of the Audit and Risk Committee by ensuring that the director with conflicting interests is not party to the relevant discussions.

The Company has also established a *Procedure for the Selection, Appointment and Rotation of its External Auditor*, which is disclosed on the Company's website. The Board is responsible for the initial appointment of the external auditor and the appointment of a new external auditor when any vacancy arises. Candidates for the position of external auditor must demonstrate complete independence from the Company through the engagement period. The Board may otherwise select an external auditor based on criteria relevant to the Company's business and circumstances. The performance of the external auditor is reviewed on an annual basis by the Board.

Details of director attendance at meetings of the full Board, in its capacity as the Audit and Risk Committee, were set out in a table in the Directors' Report in the Company's 2023 Annual Report and will be set out in the same manner in the Company's 2024 Annual Report.

#### **Recommendation 4.3**

Under the Company's *Policy on Continuous Disclosure* (summary disclosed on the Company's website) and *Shareholder Communications and Investor Relations Policy* (disclosed on Company's website), the Board has appointed specific Executives as 'disclosure officers' to ensure that Company announcements (including the annual directors' report) are accurate, balanced and understandable and provide investors with appropriate information to make informed investment decisions. The disclosure officers coordinate the form of disclosure and verify the accuracy of the information contained in announcements. Where necessary and possible, the disclosure officers consult on announcements with the Chairman of the Board and Directors available at that time.

### **Principle 5 – Make timely and balanced disclosure**
