

ASX ANNOUNCEMENT

10 July 2024

Change in BDO Auditor entity

Little Green Pharma Ltd (the **Company**) advises that in accordance with Listing Rule 3.16.3, BDO Audit Pty Ltd (**BDO Audit**) has been appointed as auditor of the Company. The appointment follows the resignation of BDO Audit (WA) Pty Ltd (**BDO WA**) and ASIC's consent to the resignation in accordance with s329(5) of the Corporations Act 2001 (the Act).

The change of auditor arose as a result of BDO WA restructuring its audit practice whereby audits will be conducted by BDO Audit, an authorised audit company, rather than BDO WA.

In accordance with s327C of the Act, a resolution will be proposed at the Company's next Annual General Meeting to confirm the appointment of the Company's auditor.

ENDS

BY ORDER OF THE BOARD

A handwritten signature in black ink, appearing to read "Alistair Warren", written over a horizontal line.

About Little Green Pharma

Little Green Pharma is a global, vertically integrated and geographically diverse medicinal cannabis business with operations from cultivation and production through to manufacturing and distribution.

The Company has two global production sites for the manufacture of its own-branded and white-label ranges of GMP-grade medicinal cannabis products, with its Danish facility being one of the largest GMP medicinal cannabis production sites in Europe (if not the largest) and its West Australia site a premium indoor GMP production facility specialising in premium hand-crafted cannabis strains.

Little Green Pharma products comply with all required Danish Medicines Agency and Therapeutic Goods Administration regulations and testing requirements. With a growing range of products containing differing ratios of active ingredients, Little Green Pharma supplies medical-grade cannabis products to Australian, European and overseas markets.

The Company has a strong focus on patient access in the emerging global medicinal cannabis market and is actively engaged in promoting education and outreach programs, as well as participating in clinical investigations and research projects to develop innovative new delivery systems.
