

QUARTERLY ACTIVITIES REPORT FOR PERIOD ENDING 30th JUNE 2024

Triton Minerals Limited (ASX: TON) ("**Triton**" or "**the Company**") is pleased to provide its activity report for the quarter ending 30th June 2024 ("**the Quarter**").

QUARTERLY HIGHLIGHTS:

- **Sale of 70% of Mozambique Graphite Assets for A\$17m cash** - On 2 July 2024, Triton Minerals Limited (ASX: TON) announced it executed a binding memorandum of understanding to divest 70% of its Mozambique Graphite Assets, including the Ancuabe Graphite Project, to Shandong Yulong Gold Co. Ltd.'s ("**Shandong Yulong**") designated subsidiary for A\$17 million in cash¹. The transaction will be completed in three stages with the deposit of A\$2.55 million received on 3 July 2024, A\$5.95 million to be paid upon meeting certain conditions precedent, and A\$8.5 million payment due to be paid by 28 February 2025.
- This strategic move is expected to leave Triton well-funded for value accretive transactions, provides the fastest development pathway for the Ancuabe Graphite Project and enables Triton to retain optionality to the graphite market as it will retain a 30% interest in a joint venture for the Mozambique Graphite Assets. The deal is subject to shareholder approval and other conditions precedent and Triton aims to finalize the transaction by February 2025. Shandong Yulong, listed on the Shanghai Stock Exchange, will take a leading role in the joint venture's daily operations.
- **Project Works** - The applications for the DUAT (Land use agreement) and Resettlement Action Plan have been submitted to the relevant provincial authorities in the Cabo Delgado Province. Upon approval, these will enable the Ancuabe environmental license to be issued to Triton, which is expected in coming months.
- **Cash on hand** – at 30 June 2024, the Company held **A\$0.78 million** in cash and no debt. Subsequent to the end of the quarter, on 3 July 2024, the deposit of A\$2.55 million in relation to the Sale of 70% of Mozambique Graphite Assets was received².

Sale of 70% of Mozambique Graphite Assets for A\$17m cash

On 2 July 2024, Triton Minerals Limited (ASX: TON) announced a significant strategic move to divest 70% of its Mozambique Graphite Assets to Shandong Yulong Gold Co. Ltd. (or its designated subsidiary) for cash consideration of A\$17 million. Proceeds are expected to be received in three stages, with the initial deposit of A\$2.55 million already received², followed by A\$5.95 million to be received upon meeting certain conditions precedent, and the remaining A\$8.5 million by 28 February 2025.

This transaction is expected to provide Triton with a substantial, near-term material cash balance, enabling it to fund its contribution towards the joint venture and assess value-accretive acquisitions. Retaining a 30% interest in the joint venture, Triton will continue to have exposure to the graphite market.

The board views this transaction as the fastest and most logical route to bring the Ancuabe Graphite Project into production, leveraging Shandong Yulong's financial strength and market position. Post-transaction, the joint venture will see Shandong Yulong manage the day-to-day operations, with Triton retaining significant oversight and strategic input.

The agreement is subject to shareholder approval and other conditions precedents. Triton anticipates entering into the formal agreement by September 2024, holding a meeting of its shareholders to approve the transaction in October 2024, and transaction completion by February 2025.
