# MetalsTech Limited

## Appointment of Technical Director

### Advancing the Sturec Gold Mine, Slovakia

#### HIGHLIGHTS

- Mr Cliff Fitzhenry appointed as Technical Director (Non-Executive) of MetalsTech Limited
- Technically strong, seasoned exploration geologist with a proven record in gold exploration and experience working in-country throughout Africa and internationally

MetalsTech Limited (ASX: MTC) ("**MetalsTech**" or "**Company**") is pleased to announce the appointment of Mr Cliff Fitzhenry as Technical Director (Non-Executive) to the Board of MetalsTech.

Mr. Fitzhenry is a seasoned Geologist with 20 years' experience, beginning his career with Anglo Platinum on the Bushveld Complex in South Africa and has subsequently worked on mining and exploration projects throughout Africa including Central African Republic, Liberia, Madagascar, Mozambique, Nigeria, Mauritania, Tanzania, Namibia and Malawi as well as Saudi Arabia in the Middle East.

He has held senior management positions, successfully leading teams across all aspects of exploration, development and feasibility studies. He was most recently a Senior Geologist for Sovereign Metals (ASX:SVM) on their Kasiya Project in Malawi where he was part of the in country team which delivered a total JORC resource of 1.8 billion tons at 1.0% rutile and 1.4% graphite respectively, which later led to Rio Tinto (ASX:RIO) acquiring a strategic stake in the company.

Mr. Fitzhenry holds MSc, BSc and BSc Honours (cum laude) degrees from the University of KwaZulu Natal (South Africa) and is a Registered Professional Natural Scientist in South Africa.

### CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This document contains forward-looking statements concerning MetalsTech. Forward-looking statements are not statements of historical fact and actual events and results may differ materially from those described in the forward-looking statements as a result of a variety of risks, uncertainties and other factors. Forward-looking statements are inherently subject to business, economic, competitive, political and social uncertainties and contingencies. Many factors could cause the Company's actual results to differ materially from those expressed or implied in any forward-looking information provided by the Company, or on behalf of, the Company. Such factors include, among other things, risks relating to additional funding requirements, metal prices, exploration, development and operating risks, competition, production risks, regulatory restrictions, including environmental regulation and liability and potential title disputes.

Forward looking statements in this document are based on the company's beliefs, opinions and estimates of MetalsTech as of the dates the forward-looking statements are made, and no obligation is assumed to update forward looking statements if these beliefs, opinions and estimates should change or to reflect other future developments.
