About Australian Oil Company Limited (ASX:AOK)

Australian Oil is an Australian-based energy company focused on under-explored, recently over-looked, world class oil and gas opportunities near under-supplied markets.

The Company is currently focussed on conventional oil and gas exploration and production in the Sacramento Basin in California. Australian Oil has a portfolio of natural gas and oil producing wells in addition to prospects and discoveries at various exploration and appraisal stages.

AOK is in the process of evaluating the acquisition of oil and gas producing and exploration assets to enhance the Company's strategic needs and deliver shareholder value.
