

Javelin Minerals Ltd

CORPORATE PRESENTATION – SEPTEMBER 2024

Disclaimer

This presentation has been prepared by Javelin Minerals Ltd ("Company"). It does not purport to contain all the information that a prospective investor may require in connection with any potential investment in the Company. You should not treat the contents of this presentation, or any information provided in connection with it, as financial advice, financial product advice or advice relating to legal, taxation or investment matters.

No representation or warranty (whether express or implied) is made by the Company or any of its officers, advisers, agents or employees as to the accuracy, completeness or reasonableness of the information, statements, opinions or matters (express or implied) arising out of, contained in or derived from this presentation or provided in connection with it, or any omission from this presentation, nor as to the attainability of any estimates, forecasts or projections set out in this presentation.

This presentation is provided expressly on the basis that you will carry out your own independent inquiries into the matters contained in the presentation and make your own independent decisions about the affairs, financial position or prospects of the Company. The Company reserves the right to update, amend or supplement the information at any time in its absolute discretion (without incurring any obligation to do so).

Neither the Company, nor its related bodies corporate, officers, their advisers, agents and employees accept any responsibility or liability to you or to any other person or entity arising out of this presentation including pursuant to the general law (whether for negligence, under statute or otherwise), or under the Australian

Securities and Investments Commission Act 2001, Corporations Act 2001, Competition and Consumer Act 2010 or any corresponding provision of any Australian state or territory legislation (or the law of any similar legislation in any other jurisdiction), or similar provision under any applicable law. Any such responsibility or liability is, to the maximum extent permitted by law, expressly disclaimed and excluded.

Nothing in this material should be construed as either an offer to sell or a solicitation of an offer to buy or sell securities. It does not include all available information and should not be used in isolation as a basis to invest in the Company.

ASX Listing Rule 5.23.2

The Company confirms that it is not aware of any new information or data that materially affects the information included in this announcement. No exploration data or results are included in this document that have not previously been released publicly. The source of all data or results have been referenced.

Future matters

This presentation contains reference to certain intentions, expectations, future plans, strategy and prospects of the Company.

Those intentions, expectations, future plans, strategy and prospects may or may not be achieved. They are based on certain assumptions, which may not be met or on which views may differ and may be affected by known and unknown risks. The performance and operations of the Company may be influenced by a

number of factors, many of which are outside the control of the Company. No representation or warranty, express or implied, is made by the Company, or any of its directors, officers, employees, advisers or agents that any intentions, expectations or plans will be achieved either totally or partially or that any particular rate of return will be achieved.

Given the risks and uncertainties that may cause the Company's actual future results, performance or achievements to be materially different from those expected, planned or intended, recipients should not place undue reliance on these intentions, expectations, future plans, strategy and prospects. The Company does not warrant or represent that the actual results, performance or achievements will be as expected, planned or intended.

US disclosure

This document does not constitute any part of any offer to sell, or the solicitation of an offer to buy, any securities in the United States or to, or for the account or benefit of any "US person" as defined in Regulation S under the US Securities Act of 1993 ("Securities Act"). The Company's shares have not been, and will not be, registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States, and may not be offered or sold in the United States or to any US person without being so registered or pursuant to an exemption from registration including an exemption for qualified institutional buyers.

Board & Management

Brett Mitchell
Executive Chairman

Mr Mitchell is an experienced corporate finance executive with over 25 years of experience in the venture capital and equity capital markets, leading capital raisings and M&A transactions in the mining, energy, technology and life sciences sectors. Mr Mitchell was recently a director of ASX listed lithium explorer/developer Delta Lithium Ltd (DLI), and is also currently the Executive Chairman of ASX uranium explorer Uvve Limited (UVA) and Non-Executive Director of Imagon Biosystems Ltd (IBX). Mr Mitchell is also a founder and director of Chieftain Securities Pty Ltd, a Perth based boutique Corporate Advisory and ECM firm.

Andrew Rich
Non-Executive Director

Mr Rich has 14 years' experience as a mining engineer and underground manager across gold and nickel. He has successfully led the delivery of three underground mining projects through construction and into production including Paddy's Flat (Westgold Resources Ltd), Shannon Underground (Ramelius Resources Ltd) and the Second Fortune Gold Project (Linden). Mr Rich is currently an Executive Director of emerging WA gold producer Brightstar Resources (ASX: BTR). He holds a Bachelor of Engineering (WASM), First Class Mine Manager's Certificate of Competency, and he is an alumnus of the WA School of Mines.

Pedro Kastellorizos
Non-Executive Director

Mr Kastellorizos has been a professional geologist with over 26 years' experience in the exploration, mining and the corporate sectors. In 2009, Mr. Kastellorizos was the founder of Genesis Resources Ltd (ASX:GES) along with other board positions including Managing Director in Eclipse Metals Ltd (ASX:EPM), CEO in MinRex Resources Ltd (ASX:MMR), NED in Batavia Mining Ltd (ASX:BTM), NED in Regency Mines plc and groups Exploration Manager for Tennant Creek Gold Ltd and Thor Mining plc. Mr. Kastellorizos has been the Managing Director/CEO of Argent Minerals Ltd since 18th March 2022.

Coogee Gold Project

55KM SOUTHEAST OF KALGOORLIE

Coogee Gold Project - History

- Coogee Gold Mine on granted Mining Lease, with 5 nearby EL's and 4 ELA's with priority exploration targets
- Ramelius mined in 2013/14 147,400 tonnes at 4.77 g/t Au for a recovered 20,400 ounces of gold
- New inferred resource of 3.65Mt at 1.08 g/t Au for 126,685 ounces of gold, a 158% increase
- Priority exploration targets drill ready, program to be managed by OmnigeoX
- No exploration for 4 years, now with new record A\$ gold price environment – previous management focused on lithium and base metals

Figure 1 – Current image of Coogee mine and surrounding area

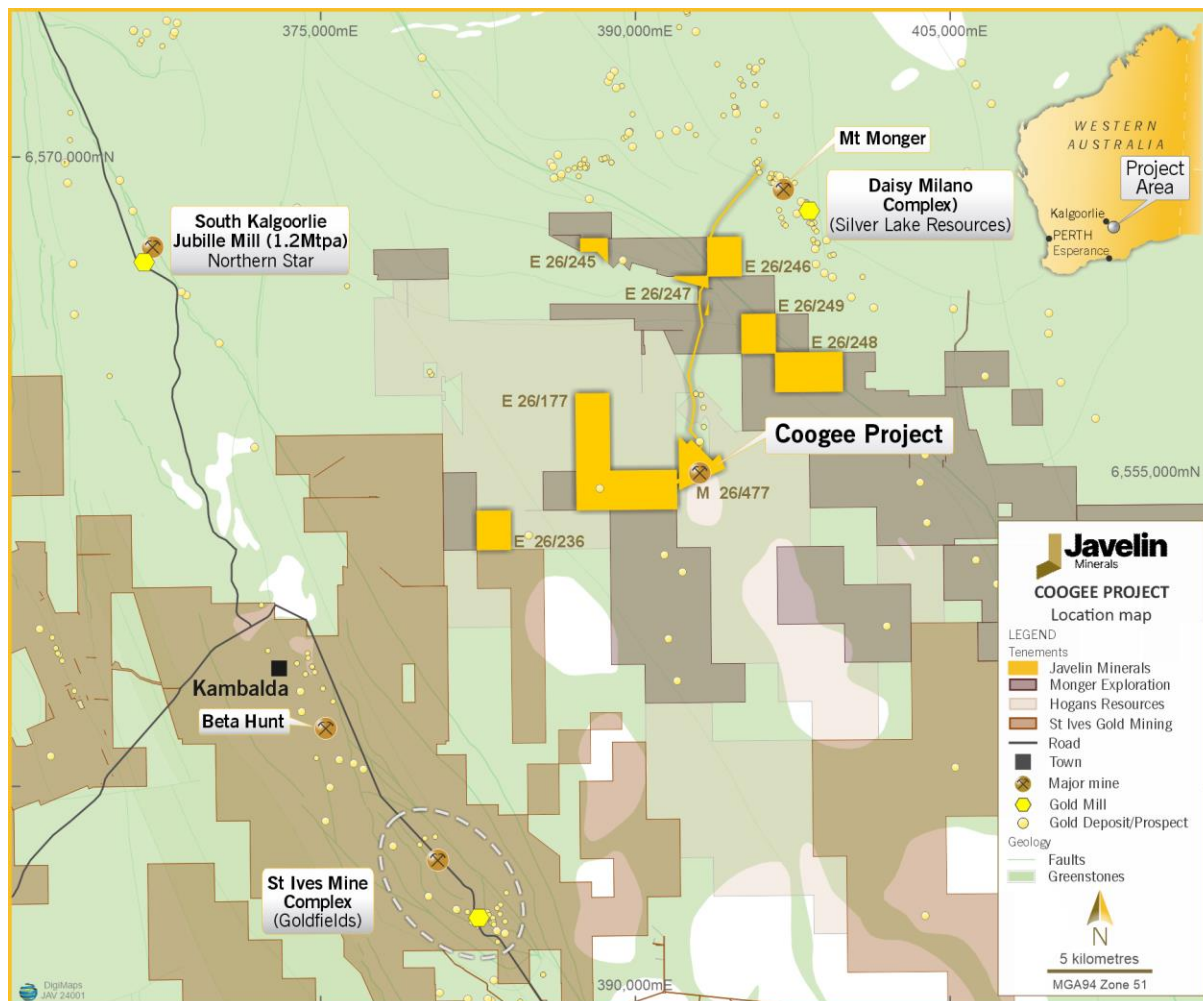

Figure 2 – Location Map showing the Coogee Project area, operating gold mills and major infrastructure

MRE at Coogee Gold Project increased 158% to 126,685oz, Kalgoorlie WA

- The updated MRE gives Javelin a solid foundation for growth in the highly prospective Kalgoorlie region
- New exploration program being finalised to test high priority geophysics and magnetic anomaly targets
- Drilling planning underway to start in December quarter
- Potential for early cash flow from the sale or toll treatment of material from below and around the Coogee pit to nearby operating gold mines

MRE at Coogee Gold Project increased 158% to 126,685oz, Kalgoorlie WA

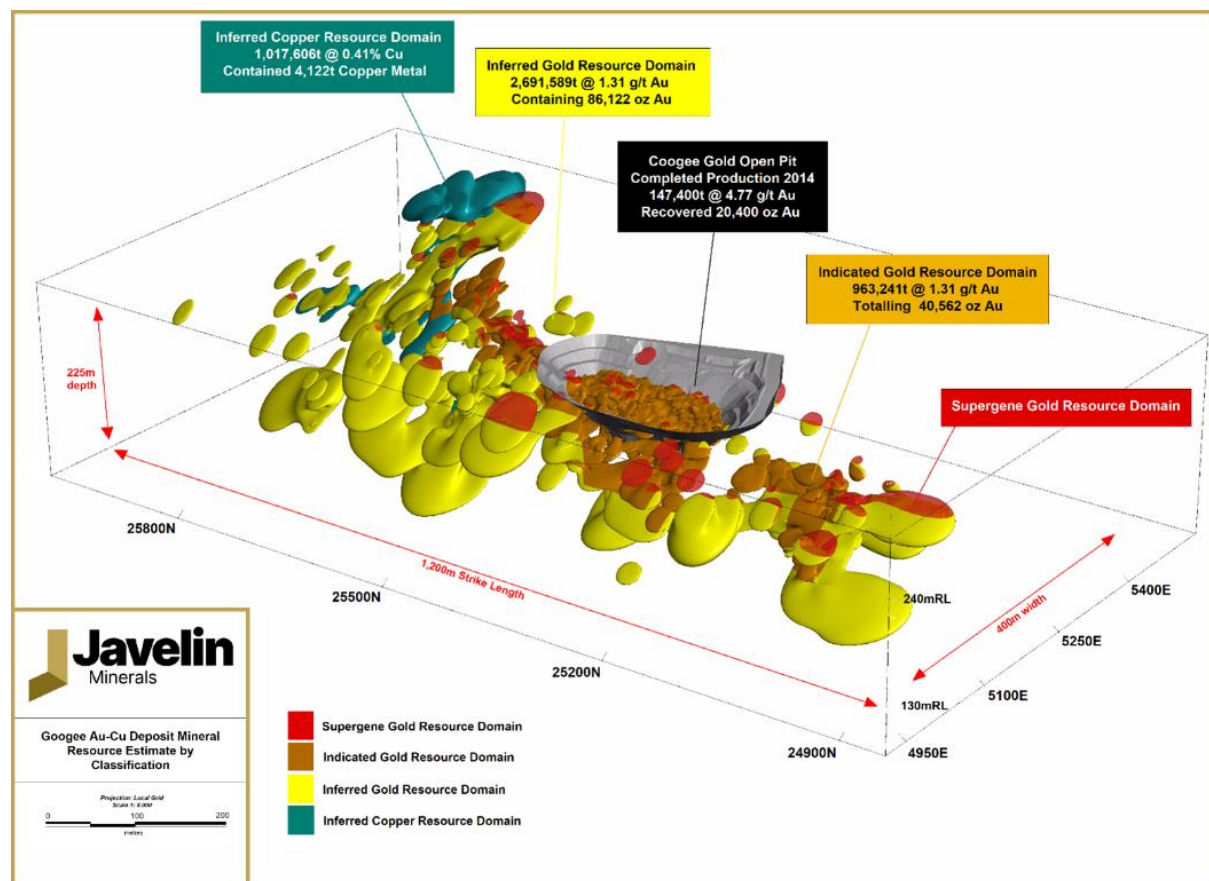

Figure 3 – Oblique 3D Image of Coogee Au-Cu Deposit outlining the Resource Estimation by Classification

- Coogee Gold-Copper Project has increased to:
 - 3.65Mt @ 1.08 g/t Au for 126,685 ounces of gold; and
 - 1.01Mt @ 0.41% Cu containing 4,133t copper metal
- Gold mineralisation extends along strike for 1.2km at an average width of 350m and extends to more than 225m vertically
- The mineralisation remains open to the north and down dip, with strong potential towards the northwest
- Numerous untested magnetic anomalies recently been identified

Coogee Mineral Resource Estimate

The table below shows the updated Coogee Mineral Resource as of August 2024 based on tonnes and grades. The MRE has been classified as an Indicated & Inferred category with a 0.5 g/t gold cut-off.

Classification	Weathering Zone	Volume m ³	Density g/cm ³	Tonnage t	Grade g/t Au	Contained Metal ounces Au
Indicated	Supergene	7,531	2.10	15,816	1.17	593
	Primary	350,898	2.70	947,426	1.31	39,969
Inferred	Supergene	11,715	2.10	24,601	0.56	445
	Primary	987,773	2.70	2,666,988	1.00	85,677
Total	Supergene	19,246	2.10	40,417	0.80	1,038
	Fresh	1,338,672	2.70	3,614,414	1.08	125,647
Total		1,357,918	2.69	3,654,831	1.08	126,685

Priority gold-copper drill targets along strike and underneath Coogee Pit

- Historic drilling within M26/477 defined two magnetic mineralised copper-gold trends north and west of the Coogee Deposit
- Substantial exploration opportunities are located north of the Coogee Pit area that remain open along strike and at depth
- The newly identified targets include a large untested magnetic anomaly 300m NNE from the Coogee Pit

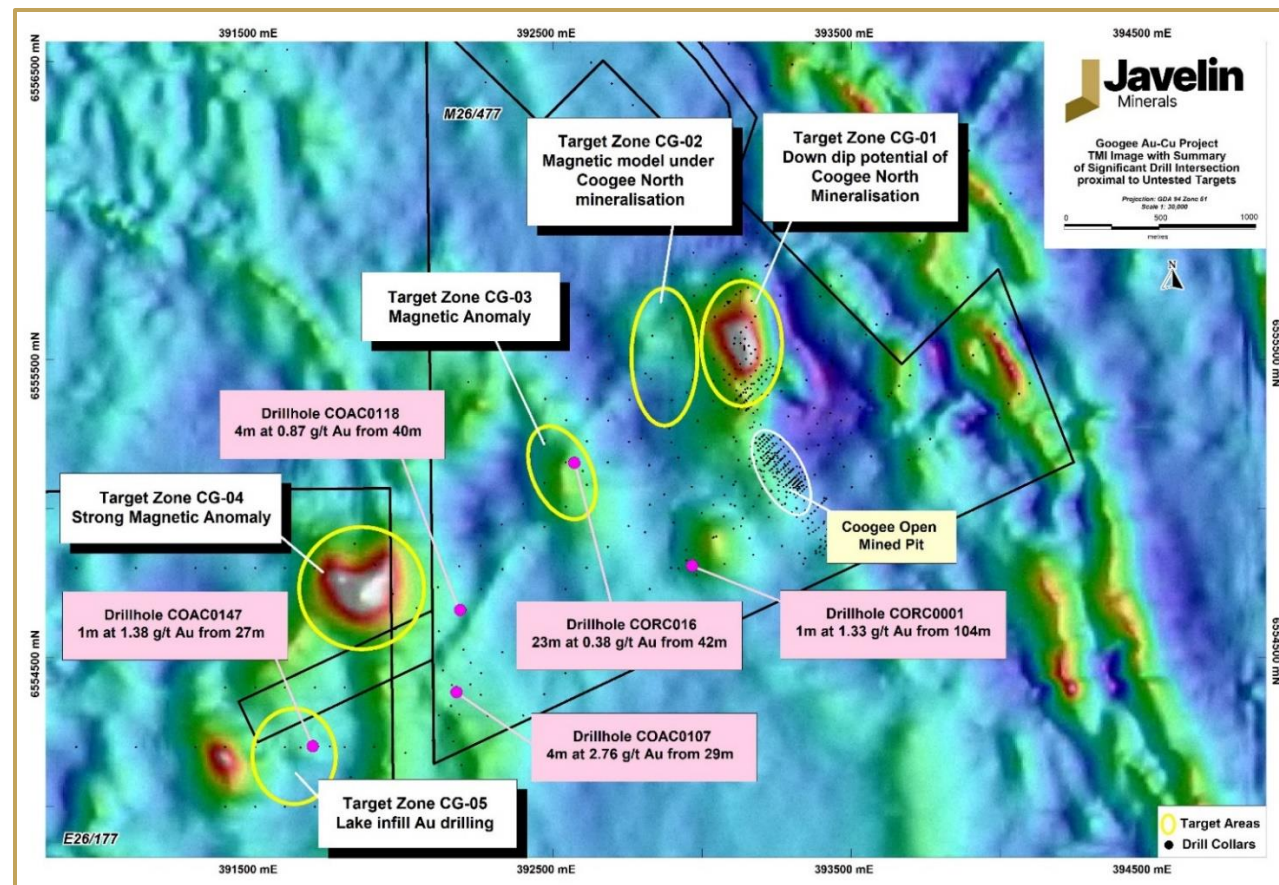

Figure 4 - M26/477 & E26/177 magnetic image with targets and significant drill intersections

Compelling untested gold-copper drill targets identified on Coogee EL's

- Highly promising untested gold-copper drill targets identified following re-processing of ground and aeromagnetic survey data
- Numerous geophysical targets within M26/477 and E26/177 warrant immediate follow-up drilling, new exploration drilling program to commence in December quarter
- Extensive alluvial cover has previously masked robust magnetic and gravity anomalies, and only shallow drilling to date

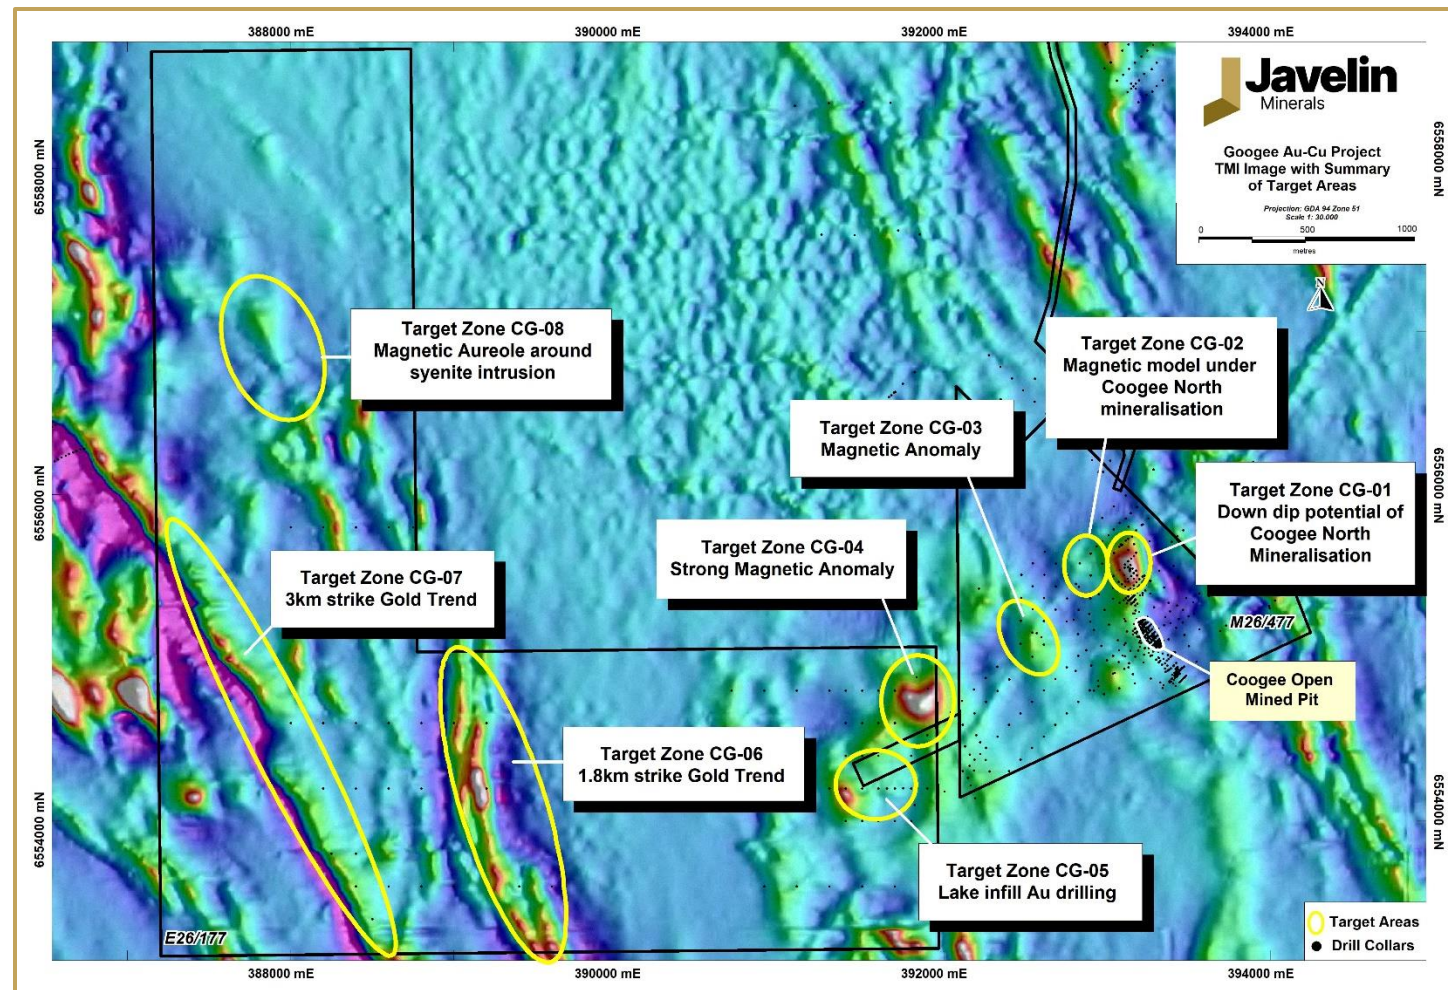

Figure 5 - M26/477 & E26/177 magnetic image with targets and drill collars

Coogee Gold Project – Key Milestones next 9 months

Non-Core Javelin Exploration Projects

Mt Ida Project, Eastern Goldfields, WA

- 20 Exploration licenses, prospective for Uranium, Gold and Rare Earths

Bonaparte Project, Kimberley Region, WA

- 5 Exploration licences, prospective for Lead, Zinc and Silver

Husky and Malamute Projects, Central NSW

- 2 Exploration licences, prospective for Platinum, Palladium and Scandium

Investment Proposition- Javelin and Coogee

- Coogee on granted ML
- Micro market cap, significant leverage to exploration success
- Imminent exploration drilling to commence on priority targets
- New significant resource of 126k oz at Coogee, previously Ramelius mined 147,400 tonnes at 4.7 g/t Au for a recovered 20,400 ounces of gold
- Highly respected mining and exploration team assembled
- Potential material free cash flow from recommencement of mining, in short term
