The Board of Directors of NuEnergy Gas Limited (**NGY** or **Company**) is responsible for the corporate governance of the Company. The Board and management guides and monitors the business and affairs of NGY on behalf of the shareholders by whom it is elected and to whom it is accountable.

Given the size and structure of the Company, the nature of its business activities, the stage of its development and the cost of strict and detailed compliance with all of the recommendations, NGY has continued to adopt a range of modified systems, procedures and practices which it considers meet the principles of good corporate governance.

This Corporate Governance Statement reports on how NGY has complied with the fourth edition of the ASX Corporate Governance Council's Principles and Recommendations (**Recommendations**) during the 2024 financial year.

Board member biographies are available on the corporate website and in the Annual Report. The Company's constitution requires that one-third of the Directors are required to submit themselves for re-election each year, provided always that no Director except a Managing Director shall hold office for a period in

excess of three years, or until the third annual general meeting following that Director's appointment, whichever is the longer.

The Company will provide sufficient information to shareholders so as to enable them to make an informed decision on the (re-)election of a Director. This information will be provided in the Notice of Meeting (and the Annual Report for current Directors) regarding candidates standing for (re-)election of a Director, including a biography summarising their relevant qualifications, experience and skills, details of material directorships presently held, whether the candidate, if (re-)elected, is considered to be an Independent Director and a statement as to whether the Board supports their (re-)election and the term presently served as a Director.

- b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.**

The Board acknowledges the benefits of evaluating its performance on an individual and collective basis and intends to implement a formal process for self and peer evaluation. However due to the size of the Board and the nature of its business, it has not been deemed necessary to institute a formal documented performance review program of individuals.

Reflecting on the composition of the Board and the Company, the Board has elected to retain responsibility for the functions that would have otherwise been delegated to a separate Nomination Committee. The functions include Board renewal, succession planning, induction and evaluation. As such, the Board believes that a separate committee at this stage is not required.

The composition of the Board is reviewed by the Chair on an on-going basis to determine if additional core strengths are required to be added to the Board in light of the nature of the Company's businesses and its activities.

Directors abstain from voting on matters where they have, or are perceived to have, a beneficial interest in the outcome of the matters.

The length of each Director's service is set out in the Directors' Report in the Annual Report for the year ended 30 June 2024.

The Company views effective risk management as key to achieving and maintaining its operational and strategic objectives. The Company's risk management is assessed and managed by the Board and the Executive Committee (EXCO) and is governed by the "Risk Management and Oversight Policy" which is available on the Company's website. The Board considers the oversight and approval of risk management strategies and procedures in place. The Company has in place a system whereby management is responsible for active identification of risk and implementation of mitigation measures and may be required to report to its adherence to policies and guidelines approved by the Board for the management of risks.

- (a) remuneration packages of executive directors, non-executive directors and senior executives; and
- (b) employee incentive and equity-based plans (if any) including the appropriateness of performance hurdles and total payments proposed.

Recommendation 8.2

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives:

Details of the Company's remuneration policies and practices are included in the "Remuneration Report" within the Annual Report. Details of compensation for Directors and senior management are also disclosed within the "Remuneration Report".

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
