INTELCARE DEPLOYMENT AT HARDI'S MANLY VALE AND BLACKTOWN SITES IN FULL SWING

HIGHLIGHTS

- **Manly Vale and Blacktown are the first two sites being deployed of six residential aged care facilities within the Hardi Aged Care group**
- **InteliCare has so far received revenues of ~\$305K representing 70% of hardware and implementation revenues for these deployments with SaaS revenues to begin once full deployment has been completed at Manly Vale and Blacktown, with planning for future site deployments commenced**
- **Planning for integration into Hardi operational systems has commenced**

InteliCare Holdings Ltd ("ICR" or the "Company") (ASX: ICR), an Australian Software-as-a-Service (SaaS) technology company commercialising its proprietary AI driven InteliCare platform (InteliCare) in the aged care, disability and health sectors is pleased to update that ICR's deployment within Hardi Aged Care ("Hardi") has continued at the Manly Vale facility, with installation having recently commenced in 42 individual rooms at the Blacktown facility.

Deployment at Hardi's Manly Vale facility has now moved into the client handover phase, with key staff now experiencing key benefits that the platform can deliver, particularly the newly deployed "real time location" (RTLS) awareness capabilities. The client handover phase will continue over the coming months.

So far InteliCare has received revenues of ~\$305K, representing 70% of revenues for InteliCare hardware and implementation deployments at the Manly Vale facility and for 42 beds at the Blacktown facility. The final 30% for this first phase at these sites will be invoiced in coming months.

Hardi and ICR continue to finalise deployment and purchase plans for the four remaining Hardi facilities. As previously disclosed, the total Hardware and implementation fees generated from this agreement will be \$1.7 million with approximately \$400,000 generated in SaaS fees once the platform is fully deployed across all six sites.

Daniel Pilbrow, Chief Executive Officer, says: "I am delighted with the progress that is being made in both of Hardi's Manly Vale and Blacktown facilities, and I am also encouraged by the great relationship being developed between the Hardi and InteliCare teams. The planning for the integration with key existing Hardi operational systems is well underway. Once completed these integrations will provide Hardi's staff with access to

connected information to inform care decision making and support the best outcomes for their residents.”
