

ASX ANNOUNCEMENT

26 September 2024

INVESTOR WEBINAR PRESENTATION

Melbourne, Australia – Opyl Limited (ASX: OPL) is pleased to announce its participation in the ShareCafe Small Cap "Hidden Gems" Webinar, to be held Friday 27th September 2024 from 12:30pm AEST.

Saurabh Jain, Executive Chairman will provide an overview of the Company. Opyl, powering the TrialKey platform, provides AI-driven biostatistical validation to optimise clinical trial designs with over 92% accuracy. By analysing real-world data from 350,000+ trials and 1,300 variables, TrialKey delivers actionable insights that reduce risks and improve outcomes for both biotech investors and clinical researchers.

Investing in biotech is inherently risky, with nearly 90% of trials failing. TrialKey's advanced AI and machine learning capabilities predict key success factors and variables that influence trial outcomes. Given the impact of trial results on the stock prices of small to mid-sized biotech companies, TrialKey helps investors make strategic, timely decisions by identifying high-potential trials, mitigating risks, and optimising portfolios with exclusive, data-driven insights using Opyl's propriety data.

To access further details of the event and to register at no cost, please copy and paste the following link into your internet browser:
