¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

CORPORATE GOVERNANCE STATEMENT 2024

Approved by the Board on 26 September 2024

The Board of Redivium Limited (the **Company** or **Redivium**)(the **Board**) is responsible for the overall corporate governance of the Company and its subsidiaries (the **Group**). The Board believes that good corporate governance helps ensure the future success of the Group, adds value to stakeholders and enhances investor confidence. The Board guides and monitors the business affairs of the Group on behalf of the shareholders by whom they are elected and to whom they are accountable.

The ASX document 'Corporate Governance Principles and Recommendations 4th Edition' (**Recommendations**) published by the ASX Corporate Governance Council applies to listed entities with the aim of enhancing the credibility and transparency of Australia's capital markets. The Board has assessed the Group's current practice against the Principles and Recommendations and other than the matters specified below under "If Not, Why Not" Disclosure, all the best practice recommendations of the ASX Corporate Governance Council have been applied.

This Corporate Governance Statement (**Statement**) discloses the extent to which the Company has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation for the financial year ended 30 June 2024.

This Statement should be read in conjunction with the Company's Charters, Policies and other related documents (**CG Plan**) on its website <https://redivium.com/corporate-governance/>.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1: Disclose a board charter

Comply: Yes

Redivium's Board Charter details the respective roles and responsibilities of the Company's Board and management and those matters expressly reserved to the Board and delegated to management.

Recommendation 1.2: Undertake appropriate checks before appointing a director or senior executive and provide material information to security holders

Comply: Yes

The Company undertakes appropriate checks before appointing a director or senior executive or endorsing the election of any prospective director and provides security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director by providing biographical details of candidates including relevant qualifications, experience and skills and details of any other material directorships currently held by the candidate and in the case of a candidate standing for election as a director for the first time:

- > confirmation that the Company has conducted appropriate checks into the candidate's background and experience which have been satisfactory; and
- > if the Board considers that the candidate will, if elected, qualify as an independent director, a statement to that effect.

Recommendation 1.3: Establish a written agreement with each director and senior executive setting out the terms of their appointment

Comply: Yes

Each director or senior executive is a party to a written agreement with the Company which sets out the terms of that director's or senior executive's appointment, including the remuneration entitlement and performance requirements. Directors also receive a deed of indemnity, insurance, and access.

The summary of agreements is disclosed in the Company's annual report.

Recommendation 1.4: The company secretary should be accountable directly to the board, through the chair **Comply: Yes**

Redivium's Board Charter outlines the roles, responsibilities and accountability of the company secretary. In accordance with this, the company secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

Recommendation 1.5: Disclose a diversity policy and set measurable objectives for achieving gender diversity **Comply: Partially**

Redivium's Diversity Policy provides a framework to establish and achieve measurable diversity objectives, including in respect of gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives (if any have been set) and the Company's progress in achieving them.

The proportion of women within the Group at 30 June 2024 was as follows:

Position category	FY 2024	
	Men	Women
Board	100%	Nil
Senior Executive	100%	Nil
Whole Organisation	100%	Nil

Given the current small size of the Board and the Company's operations, the Board does not presently intend to set measurable gender diversity objectives because:

- (i) the Board does not anticipate there will be a need to appoint any new directors or senior executives due to the limited nature of the Company's existing and proposed activities and the Board's view that the existing directors and senior executives have sufficient skill and experience to carry out the Company's plans;
- (ii) if it becomes necessary to appoint any new directors or senior executives, the Board will consider the application of the measurable diversity objectives and determine whether, given the small size of the Company and the Board, requiring specified objectives to be met will unduly limit the Company from applying the Diversity Policy as a whole and the Company's policy of appointing the best person for the job; and
- (iii) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including how the Company defines "senior executive" for these purposes) for each financial year will be disclosed in this Statement.

Recommendation 1.6: Disclose whether a performance evaluation of the board was undertaken in the reporting period **Comply: Partially**

The Board is responsible for evaluating the performance of the Board, its committees and individual directors on an annual basis. It may do so with the aid of an independent adviser.

Evaluation of the Board is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it.

No formal performance evaluation was undertaken in the reporting period.

Recommendation 1.7: Disclose whether a performance evaluation of its senior executive was undertaken in the reporting period **Comply: Partially**

The Board is responsible for evaluating the performance of the Company's senior executives on an annual basis. A senior executive, for these purposes, means key management personnel (as defined in the Corporations Act 2001) other than a non-executive director.

Evaluation of the senior executive is carried out on a continuing and informal basis. The Company will put a formal process in place as and when the level of operations justifies it.

No formal performance evaluation was undertaken in the reporting period.

PRINCIPLE 2: STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

Recommendation 2.1: Establish a nomination committee **Comply: No**

The Company does not have a Nomination Committee as the Board considers that the Company will not currently benefit from its establishment. The Board as a whole decides on the choice of any new director upon the creation of any new Board position and if any casual vacancy arises. Decisions to appoint new directors will be minuted. The Board will identify candidates and assess their skills in deciding whether an individual has the potential to add value to the Company. The Board may also seek independent advice to assist with the identification process. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs. Until the situation changes the Board will carry out any necessary nomination committee functions.

Recommendation 2.2: Board skills matrix **Comply: Yes**

The Company's objective is to have an appropriate mix of expertise and experience on the Board so that it can effectively discharge its corporate governance and oversight responsibilities. It is the Board's view that the current directors possess an appropriate mix of relevant skills, experience, expertise and diversity to enable the Board to discharge its responsibilities and deliver the Company's strategic objectives. The Company intends to disclose the board skills matrix in this and future annual Corporate Governance Statements.

The Board will assess each director's skills and experience and the current directors as a group, against the Board Skills Matrix from time to time. It is not a requirement that each director should present all of the skills and experience listed in the Board Skills Matrix, but the Board collectively should present all of the skills and experience listed in the Board Skills Matrix.

The Board Skills Matrix will be reviewed regularly by the Board to ensure it covers the skills necessary to address existing and emerging business and governance issues relevant to Redivium, as well as to provide support for ensuring that existing directors seek ongoing professional development to maintain their skills or when filling any Board vacancies.

Recommendation 2.3: Disclose independence of directors

Comply: Yes

Redivium's Board Charter requires the disclosure of the names of directors considered by the Board to be independent. The Board currently consists of three directors (one Non-Executive Chairman, one Executive Director, and one Non-Executive Director) of whom all directors are considered non-independent.

Position	Number in Position	Independent
Non-Executive Chairman	1	No
Executive Director	1	No
Non-Executive Directors	1	No

The Company's annual report discloses the length of service of each director as at the end of each financial year.

Recommendation 2.4: Majority independent directors

Comply: No

Redivium's Board Charter requires that, where practical, the majority of the Board should be independent.

The Board currently consists of three directors of whom are considered non-independent. Details of their skills, experience and expertise and the period of office held by each director have been included in the Company's annual directors' report. The number of Board meetings and the attendance of the directors are set out in the Company's annual report.

The Board considers the composition of the existing Board is appropriate given the speculative nature of the Company's business, its limited scale of activities, the scope and size of the Group's operations and the skills matrix of the existing Board members. The Board will continue to monitor whether this remains appropriate as the scope and scale of its activities evolves and expands.

Recommendation 2.5: The chair of the board should be an independent director and, in particular, should not be the same person as the managing director/chief executive officer **Comply: Partially**

Redivium's Board Charter provides that, where practical, the Chair of the Board should be an independent director and should not be the Managing Director/Chief Executive Officer (CEO).

The current Chair of the Company is Mr Jonathan Murray. Mr Murray does not satisfy the ASX Corporate Governance Principles and Recommendations definition of an independent director but is not the same person as the CEO. However, the Board considers Mr Murray's role as Non-Executive Chairman essential to the success of the Group in its current stage, wherein the Group continues to refine its focus on the strategic development of the business. Over time, it is proposed that the Chair position will transition to an independent non-executive director.

Recommendation 2.6: A program for inducting new directors and for periodically reviewing existing directors to undertake professional development **Comply: Yes**

The Company commits to providing induction programs for new directors and senior executives as well as providing opportunities for continuing professional development for all directors and executives.

The pack is also to include copies of the Company Constitution, the CG Plan, the most recent annual report, recent ASX releases, and minutes and papers of previous board and committee meetings.

New directors also receive a letter of appointment setting out, amongst other things, their rights, duties and responsibilities as a director of the Company. The directors are encouraged to undertake professional development activities to update and enhance their skills and knowledge. It is the practice of the board's directors to reasonably openly share relevant information they may become privy to arising from their professional development activities.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

Recommendation 7.1: Establish a risk committee

Comply: No

The Company does not have an audit and risk committee as the Board considers that the Company will not currently benefit from its establishment. The Company is constantly monitoring risks associated with the economy, industry and company through the executives and Board members in their respective roles as professional fund managers, lawyers, in-country specialists and shareholders with a view to managing risks and identifying threats. This is an ongoing process. The preparation of the Board pack and its timely distribution is a key element of this process along with monthly cash flow budgets, management discussions and informal communications between the Board and management via telephone, email and in person. The Board considers that this process is appropriate given the size and complexity of the Group's affairs. It is not considered necessary to have a separate risk committee.

The Company's annual report discloses the material risk and risk management of the Company.

Recommendation 7.2: Risk management framework and periodic review

Comply: Partially

The Board is responsible for ensuring that risks, and also opportunities, are identified on a timely basis and that activities are aligned with the risks and opportunities identified by the Board.

The Company believes that it is crucial for all Board members to be part of this process and as such the Board has not established a separate risk management committee. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs.

The Board has a number of mechanisms in place to ensure management's objectives and activities are aligned with the Board. These include but are not limited to the following:

- › Board approval of a strategic plan, which encompasses strategy statements designed to meet stakeholders' needs and manage business risk; and
- › Implementation of Board approved operating plans and Board monitoring of the progress against budgets that are reviewed at every board meeting.

The Company may also seek independent advice to assist with the identification of risks and processes if and when required. The Board considers that this process is appropriate given the size and the complexity of the Group's affairs. It is not considered necessary to have an internal audit function. Nonetheless it remains committed to effective management and control of these factors.

Recommendation 7.4: Material economic, environmental and social risk
