## **archTIS Expands NC Protect Licenses Across Australian Department of Defence with \$2.3M Contract**

---

**archTIS Limited (ASX:AR9, OTCQB:ARHLF)**, a global provider of data-centric security solutions for the secure collaboration of sensitive information, is pleased to announce that the Company has signed a \$2.3M (including GST) to expand NC Protect licenses with the Australian Department of Defence (Defence).

### **Key Terms:**

- Total contract licencing value of \$2.3M:
  - Initial ARR increase of \$276K in year one;
  - ARR increase to \$463K in year two onwards;
- Contract term expires in May 2028;
- Inclusion of standard government termination clauses based on 30 days written notice of a material breach of contract.

This licence contract follows on from the \$700K services contract awarded in June 2024 and establishes NC Protect as the data-centric security product of choice for Defence SharePoint on-premises deployments.

archTIS' NC Protect dynamically secures sensitive information by applying zero trust enforcement policies to data-centric access controls across Microsoft 365, SharePoint on-premises and file share environments. This validation of NC Protect to safeguard Defence's most trusted Information and will open the market for NC Protect to other Defence and Government clients globally. NC Protect enables Australian Defence information to be shared with other allied partners whilst enforcing need to know principles and compliance requirements.

**Daniel Lai, archTIS Managing Director, said:** "This contract is an important step to open new market opportunities for NC Protect. It demonstrates strong growth for NC Protect with a referenceable target market client. It also validates NC Protect's unique value proposition as the premier data-centric security solution for Microsoft products within the Australian Department of Defence. This contract places archTIS in a strong position for future growth as global Defence organisations struggle with the challenge to securely share and collaborate on the sensitive and classified information."
