

## Disclaimer and compliance statement

This presentation has been prepared by Hamelin Gold Limited ("Hamelin"). The information contained in this presentation is a professional opinion only and is given in good faith. Certain information in this document has been derived from third parties and though Hamelin has no reason to believe that it is not accurate, reliable or complete, it has not been independently audited or verified by Hamelin.

Any forward-looking statements included in this document involve subjective judgement and analysis and are subject to uncertainties, risks and contingencies, many of which are outside the control of, and maybe unknown to Hamelin. In particular, they speak only as of the date of this document, they assume the success of Hamelin's strategies, and they are subject to significant regulatory, business, competitive and economic uncertainties and risks. Actual future events may vary materially from the forward looking statements and the assumptions on which the forward looking statements are based. Recipients of this document ("Recipients") are cautioned to not place undue reliance on such forward-looking statements.

Hamelin makes no representation or warranty as to the accuracy, reliability or completeness of information in this document and does not take responsibility for updating any information or correcting any error or omission which may become apparent after this document has been issued.

To the extent permitted by law, Hamelin and its officers, employees, related bodies corporate and agents ("Agents") disclaim all liability, direct, indirect or consequential (and whether or not arising out of the negligence, default or lack of care of Hamelin and/or any of its Agents) for any loss or damage suffered by a Recipient or other persons arising out of, or in connection with, any use or reliance on this presentation or information.

The information in this report that relates to Exploration Results is based on information compiled by Mr. Peter Bewick who is a Member of the Australasian Institute of Mining and Metallurgy. Mr. Bewick hold shares and options in Hamelin. He is a full time employee of Hamelin and has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 Edition of the 'Australian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Bewick consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears.

Hamelin confirms that it is not aware of any new information or data that materially affects the information in the relevant ASX releases and the form and context of the announcement has not materially changed. Hamelin confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements.

Newmont Tanami Operations Resource estimated from Newmont 2022 Reserve Release (<a href="www.newmont.com/investors/reports-and-filings/default">www.newmont.com/investors/reports-and-filings/default</a>) and the 'Newmont Tanami Operations AGES Paper April 2024' referred to in this presentation is Crawford A., Thebaud N., Masurel Q., Maidment D. 2024 Geology and Regional Setting of the Oberon Gold Deposit (https://geoscience.nt.gov.au/gemis/ntgsjspui/bitstream/1/92875/3/CrawfordAGES2024\_paper.pdf)

This announcement has been approved for release by the Board of Hamelin.

# Hamelin Gold Corporate Shapshot

#### **BOARD and KEY MANAGEMENT**

Will Robinson
Non Executive Chairman
B.Comm, MAusIMM

Peter Bewick
Managing Director
B.Eng (Hons), MAusIMM

Justin Osborne Non Executive Director B.Sc (Hons), FAusIMM, MAICD

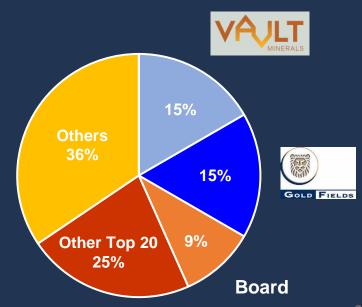

Philip Crutchfield KC Non Executive Director B.Comm, LL.B (Hons), LL.M LSE

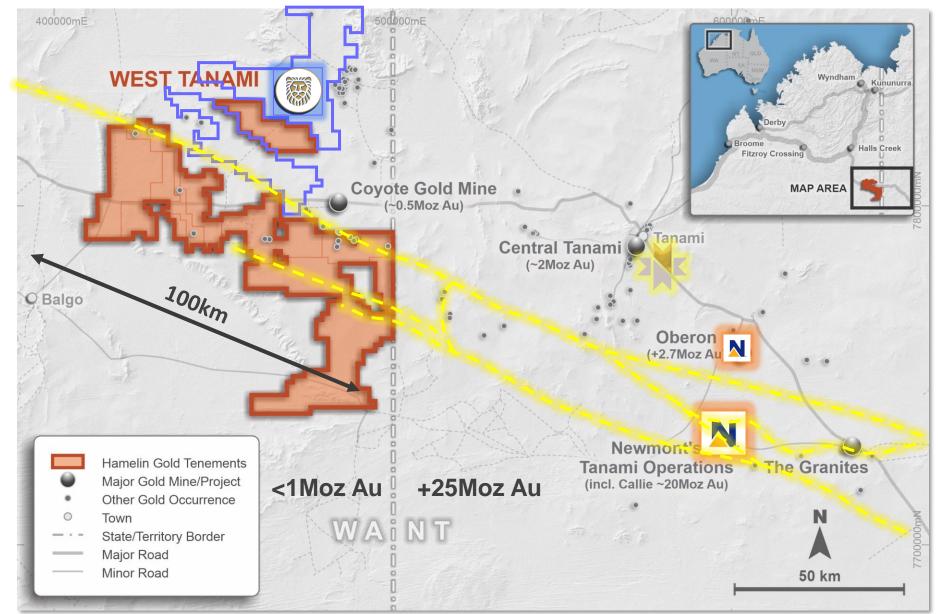

Clayton Davys Exploration Manager B.Sc (Hons)

#### **CAPITAL STRUCTURE**

Shares on Issue	157.5M
Employee options	13.1M
Market capitalisation (@7.6c)	\$12M
Cash (30/09/2024)	~\$4.0M
Enterprise value	~\$8.0M

### West Tanami: 2,500km<sup>2</sup> Project in a Tier 1 Goldfield

#### A New Dawn in the Tanami

#### Driven by new discoveries and endowment potential

#### **Newmont**

- US\$1.7B expansion including 1.46km shaft
- Lowest cost gold production globally (AISC US\$1,060¹)
- Expanding from ~500,000oz pa to +650,000oz pa
- Major new development project at Oberon +2.7Moz<sup>2</sup>

#### **Northern Star**

- Central Tanami JV with Tanami Gold
- A\$15M 2023/24 exploration budget<sup>3</sup>

#### **Gold Fields**

- Killi Resources JV A\$13M earn-in
- 15% shareholding in Hamelin Gold

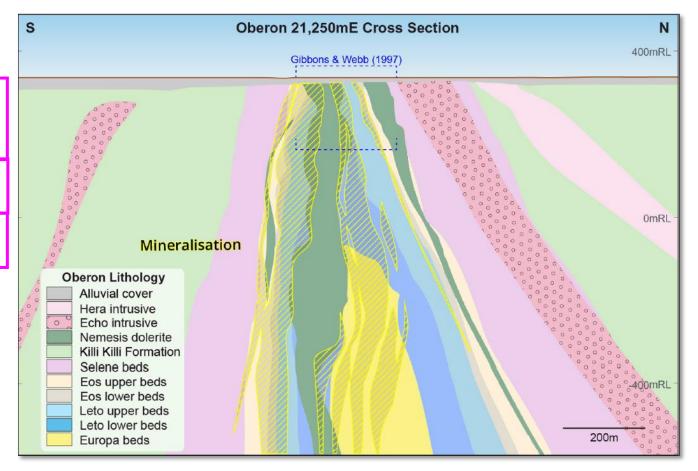

TE2 Headframe - Newmont's Tanami Gold Operations

## **Newmont's Oberon Discovery (+2.7Moz)**

#### What can we learn?

- Latest major development project in the Tanami for Newmont
- Single point geochemical anomaly (2ppb Au) and single EOH auger anomaly (28ppb Au) undercover
- Broad (+2km) hydrothermal alteration footprint
- Hosted within and on the margins of a tightly folded dolerite unit
- New prospective stratigraphic sequence identified – Mt Charles Formation
- Intense drilling program ongoing with expectations of significant resource growth

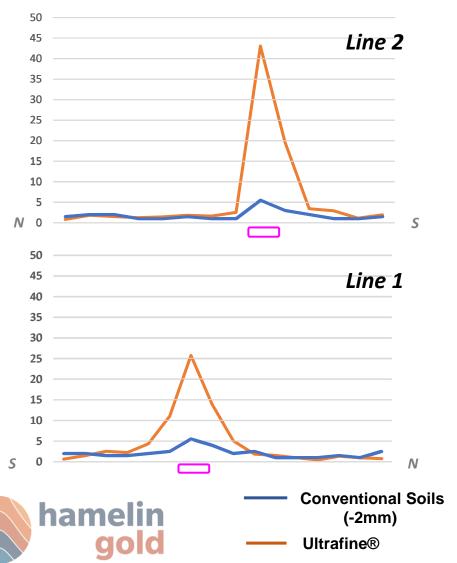

## The Tanami: An Undercover Exploration Opportunity

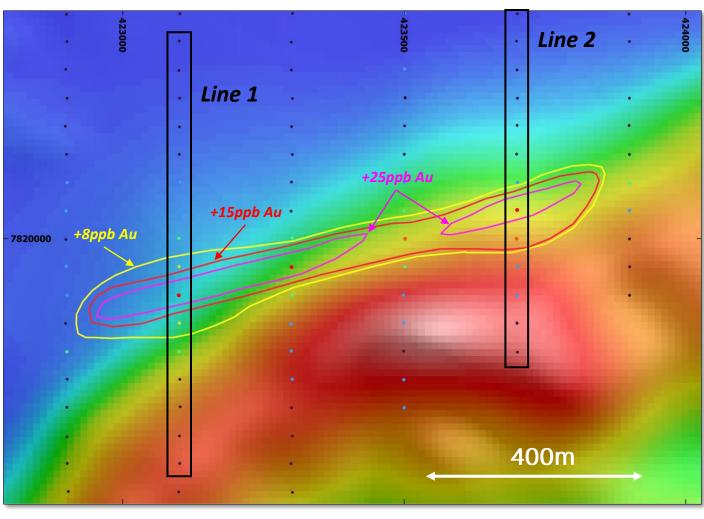

## **Amplifying Gold Signatures Undercover**

#### **Conventional Soils vs New Ultrafine® Technology**

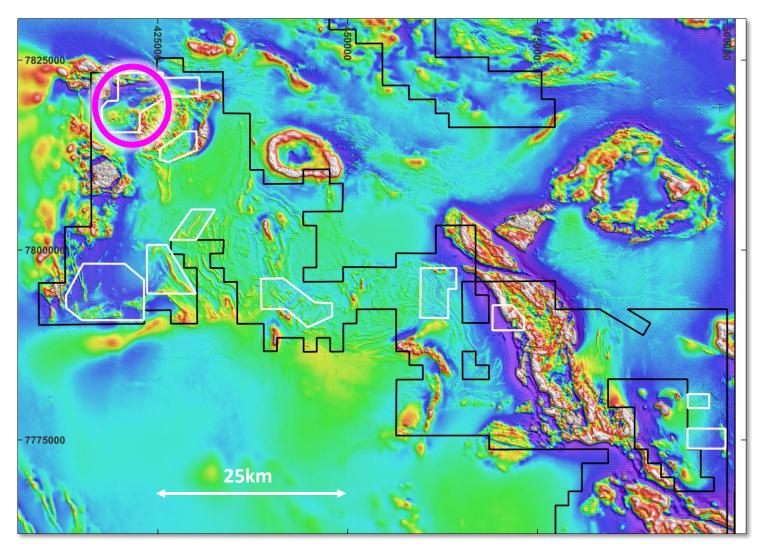

Sultan West - Ultrafine Soil Results on magnetics background

# Regional Geochemical Program

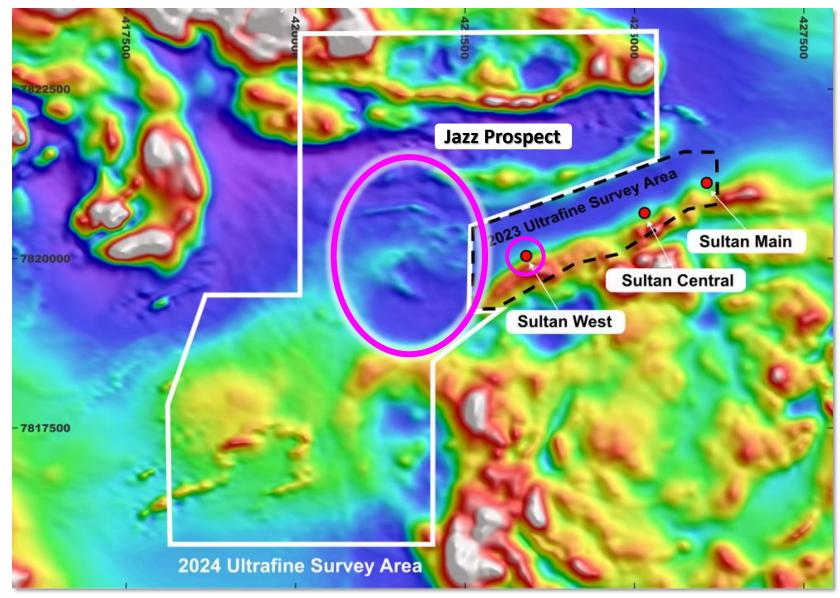

- 10 regional scale geochemical targets
- Validation across multiple surficial conditions and varying geological settings
- +3,000 surface sample program completed
- Samples to be analysed utilising Labwest's Ultrafine ® technique

West Tanami Project - Regional geochemical program

# **Jazz Prospect**

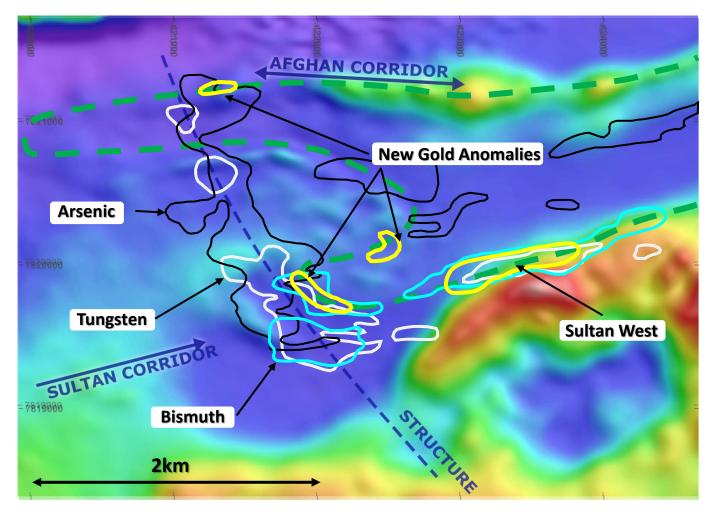

### **Jazz Prospect**

#### Strong conceptual and empirical anomalies

- Complex folded and faulted geology containing host mafic unit
- Gold + Bismuth 'mineralization signature' defined
- Large hydrothermal system mapped out in multiple elements As, Mo, W
- Favourable structural architecture

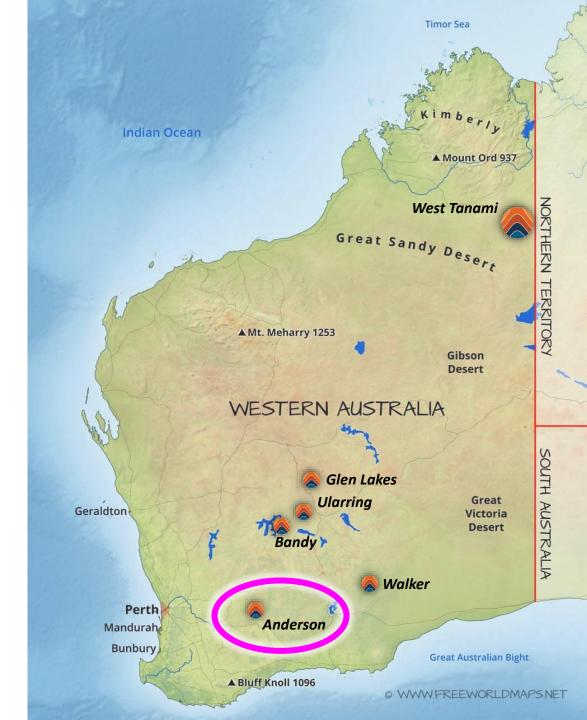

Jazz Prospect - Ultrafine anomalies on magnetics

# Regional Projects Status

- Ularring (Riverina South) 55km²
  - Initial phase of UFF soil sampling results received
- Walker (Tropicana South) 557km<sup>2</sup>
  - Recent application progressing to grant
- Bandy (East of Lake Barlee) 151km<sup>2</sup>
  - Granted
- Anderson (North of Hyden) 550km<sup>2</sup>
  - ILUA signed, Landowner agreement required
  - Successful orientation roadside UFF sampling program results
- Glen Lakes (South of Jundee) 58km²
  - In ballot with two others drawn 1st

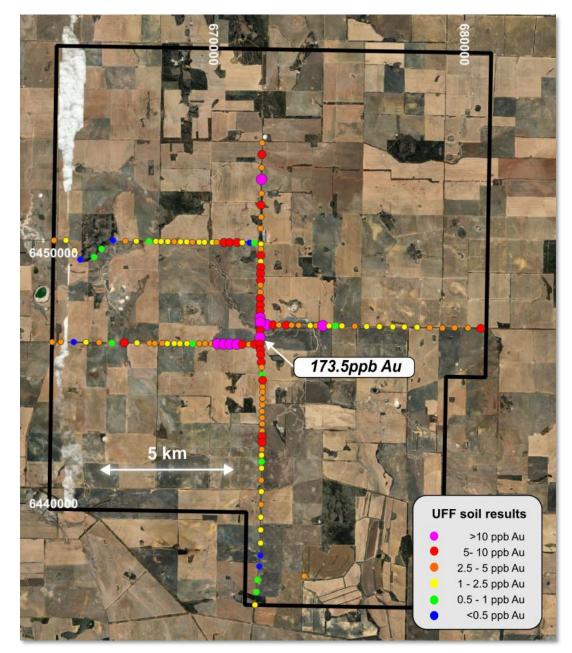

### **Anderson Project**

- Located in the Eastern Wheatbelt of WA approximately 40km north of Hyden
- Validation of UFF analysis against previous calcrete / laterite sampling
- UFF analysis provides greater contrast to background and has identified additional trends
- Next step is to conduct more detailed surface sampling
- Landowner discussions and access agreement to be completed

#### **Timeline of Activities**

Regional geochemical (UFF) results

3,500m – Aircore drill program

Jazz Prospects

Wheatbelt / Yilgarn Soil Program

Hertiage Survey – West Tanami

5,000m - Aircore drill program

South Fremlins and Regional Geochem targets

2,500m EIS RC drilling – South Fremlins

Oct 2024

Oct - Nov 2024

Dec - Feb 2025

Feb - Mar 2025

Mar – Apr 2025

May 2025
