## ASX RELEASE

---

### Forrestania Resources webinar.

---

**Forrestania Resources Limited (ASX: FRS)** invites investors to receive a Company update via an investor webinar to be held at 10:00am AEST / 11:00am AEDT / 8:00am AWST on Thursday, 24 October 2024.

Forrestania's Chairman, Mr John Hannaford, will discuss the Company's recently announced new drilling and exploration programs at its Bonnie Vale Gold Project in Western Australia, as well as other exploration plans.

The presentation will be followed by a Q&A session where Mr Hannaford will attend to any questions raised by participants.

Participants may submit questions in advance to management during registration or via the webcast. A recording will also be made available following the event on the company's website.

## About Forrestania Resources Limited

Forrestania Resources Limited is an Australian resources company exploring for gold, copper, and lithium in Western Australia's prolific Yilgarn Craton.

The company's Bonnie Vale Gold Project near Coolgardie in the Eastern Goldfields district is located only 10km west of Evolution Mining's (ASX:EVN) 5Moz Au Mungari Gold Mine and 1km south of EVN's Cutter Ridge gold deposit. Previous drilling has returned significant, shallow intersections at the priority Ada Ann prospect which was also host to a 49g/t Au historic drill spoil sample.

Forrestania Project hosts lithium and gold prospects in close proximity to the Mt Holland Lithium Mine (189Mt @ 1.5% Li<sub>2</sub>O), the historic 1Moz Bounty gold deposit and the operating Flying Fox, and Spotted Quoll nickel mines in the well-endowed southern Forrestania Greenstone Belt.

The Southern Cross Project is located in the Southern Cross Greenstone Belt and has significant potential for gold mineralisation while the Breakaway Dam Project is prospective for gold, copper and lithium.
