

ASX ANNOUNCEMENT

17 December 2024

**Closing of US\$88.8m U.S. Initial Public Offering
NASDAQ listing on 13 December 2024 - ASX listing of CDIs on 17 December 2024**

Anteris Technologies Global Corp. (ATGC or Anteris) is pleased to announce the closing of its initial public offering of 14,800,000 shares of its common stock (the **Common Stock**) in the U.S. at a price of US\$6.00 per share (the **Offering**). An additional 2,220,000 shares of Common Stock are issuable pursuant to the underwriters' option to purchase additional shares of Common Stock from ATGC (the **Green Shoe**), if exercised in full. ATGC's Common Stock is listed on the Nasdaq Global Market from 13 December 2024, trading under the ticker symbol "AVR."

The aggregate gross proceeds to ATGC from the Offering were approximately US\$88.8 million (\$A 138.4 million) prior to underwriting discounts, commissions and other estimated offering expenses. If the underwriters exercise the Green Shoe in full, ATGC will receive an additional approximately US\$13.3 million prior to underwriting discounts and commissions.

TD Cowen, Barclays and Cantor acted as joint book-running managers for the Offering, with Lake Street Capital Markets as lead manager.

On 17 December 2024, ATGC will list its CHES Depositary Interests (CDIs) (representing underlying shares of Common Stock on a 1 CDI-for-1 share of Common Stock basis) on the ASX under the ticker "AVR."

Anteris currently intends to use the net proceeds from the Offering, together with its existing cash and cash equivalents, primarily for the ongoing development of its DurAVR[®] transcatheter heart valve (DurAVR[®] THV) and the preparation and enrolment of a randomized global pivotal study of DurAVR[®] THV for treating severe aortic stenosis, with the remaining for working capital and other general corporate purposes determined from time to time, including the repayment of amounts owed under its convertible note facility.

A registration statement relating to the Common Stock issued in the Offering was declared effective by the U.S. Securities and Exchange Commission (the "SEC") on December 12, 2024. A final prospectus relating to the Offering was filed with the SEC on December 13, 2024. This Announcement is for informational purposes only and does not constitute an offer to sell or the solicitation of an offer to buy any securities, and shall not constitute an offer, solicitation or sale of securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

The Offering was and is being made only by means of a prospectus. Copies of the final prospectus relating to the Offering may be obtained from: TD Securities (USA) LLC, 1 Vanderbilt Avenue, New York, New York 10017, by telephone at (855) 495-9846 or by e-mail at TD.ECM_Prospectus@tdsecurities.com; Barclays Capital Inc., c/o Broadridge Financial Solutions, 1155 Long Island Avenue Edgewood, NY 11717, by telephone at (888) 603-5847 or by e-mail at Barclaysprospectus@broadridge.com; or Cantor Fitzgerald & Co., 110 East 59th Street, 6th Floor, New York, NY 10022, by telephone at (212) 915-1800 or by e-mail at prospectus@cantor.com.

ENDS

About Anteris Technologies Global Corp. (NASDAQ: AVR, ASX: AVR)

Anteris Technologies Global Corp. (NASDAQ: AVR, ASX: AVR) is a global structural heart company committed to designing, developing, and commercializing cutting-edge medical devices to restore healthy heart function. Founded in Australia, with a significant presence in Minneapolis, USA (a MedTech hub), Anteris is a science-driven company with an experienced team of multidisciplinary professionals delivering restorative solutions to structural heart disease patients.

Anteris' lead product, the DurAVR® Transcatheter Heart Valve (THV), was designed in partnership with the world's leading interventional cardiologists and cardiac surgeons to treat aortic stenosis – a potentially life-threatening condition resulting from the narrowing of the aortic valve. The balloon-expandable DurAVR® THV is the first biomimetic valve, which is shaped to mimic the performance of a healthy human aortic valve and aims to replicate normal aortic blood flow.

DurAVR® THV is made using a single piece of molded ADAPT® tissue, Anteris' patented anti-calcification tissue technology. ADAPT® tissue, which is FDA-cleared, has been used clinically for over 10 years and distributed for use in over 55,000 patients worldwide.

The DurAVR® THV System is comprised of the DurAVR® valve, the ADAPT® tissue, and the balloon-expandable ComASUR® Delivery System.

Forward-Looking Statements

This announcement contains forward-looking statements. Forward-looking statements include all statements that are not historical facts. Forward-looking statements generally are identified by the words “believe,” “project,” “expect,” “anticipate,” “estimate,” “intend,” “budget,” “target,” “aim,” “strategy,” “plan,” “guidance,” “outlook,” “intend,” “may,” “should,” “could,” “will,” “would,” “will be,” “will continue,” “will likely result” and similar expressions, although not all forward-looking statements contain these identifying words. Forward-looking statements include the anticipated use of the net proceeds of the Offering, the listing of the CDIs on the ASX and Anteris' pivotal study. These forward-looking statements are subject to a number of risks, uncertainties, and assumptions, including those described under “Risk Factors” in ATGC's registration statement relating to the Offering. Readers are cautioned not to put undue reliance on forward-looking statements, and except as required by law, neither ATGC or Anteris assume any obligation to update any of these forward-looking statements to conform these statements to actual results or revised expectations.
