<i>Note: the figures provided in the tables in sections 3.1 and 3.2 above are used to calculate the total market capitalisation of the entity published by ASX from time to time. Please make sure you include in the relevant table each class of securities issued by the entity.</i> <i>If you have quoted securities over which CDIs have been issued, please include the number of quoted securities expressed as CDIs in the table in section 3.1 and not the number of quoted securities over which the CDIs have been issued. If some but not all of the entity's main class of securities are quoted, you should include in the table in section 3.2 any unquoted securities in that class.</i> <i>Restricted securities should only be included in the table in section 3.1 if you are applying to have them quoted because the escrow period for the securities has expired or is about to expire. Otherwise include them in the table in section 3.2.</i>
