ACTIVITIES REPORT

Lindian Resources Limited (ASX: LIN) (**Lindian or the Company**) is pleased to report on its activities during the quarter ended 31 December 2024 (**the Quarter**).

FUNDING

Recently Lindian executed a US\$50M non-binding term sheet with leading global trading house Gerald Group for funding and offtake of the Kangankunde Rare Earths Project in Malawi (see ASX announcement 16 December 2024). Lindian continues to advance negotiations and finalise details of the binding terms, as Gerald Group's technical team and their external engineering group commence internal meetings and due diligence of the data room. Workshops are scheduled in second half January in Johannesburg, followed by a site visit. Currently the work is on schedule to deliver an outcome within the allowed funding exclusivity period.

PROCESS PLANT, ROADS AND SITE FACILITIES

The Company has undertaken an extensive review and optimisation of the processing flowsheet proposed in the Feasibility Study, resulting in a more cost efficient and technically robust flowsheet for the construction and operation of the processing plant. Once final drawings have been completed, details of the optimised flowsheet will be included in future market communication.

An additional diamond drilling program was completed in November, with the main aim to collect a larger representative sample of the first five production years, which will be used in ongoing metallurgical test work and particularly to prepare marketing samples to support offtake discussions over the next few months.

Over the last quarter the Lindian CEO and Project Director visited shortlisted Design and Contract (D&C) fixed price process plant contractors. As outlined previously (refer ASX announcement 9 October 2024) discussions and finalisation on the final price and schedule have advanced significantly since then. The Company aims to award the D&C contract within the next few weeks, with procurement and mobilisation then only remaining subject to funding conclusion.

During the last month, construction of the modest site administration building was completed. Lindian's owner team representatives will utilise this facility during the construction phase, after which it will be supplemented or replaced during the operations stages. In addition to the site building, construction was completed on the Lindian sponsored Police outpost building to support local community safety and infrastructure.

GUINEA BAUXITE PROJECTS

Binding Lease Agreement and Royalty Deed signed with Guinea-based Enterprise Generale d'Entretien & Construction and Lancinet Dabo (together the Lessees) for them to have a 10- year lease agreement and operating rights over the Woula bauxite project in Guinea, West Africa (refer ASX announcement 11 November 2024).

The Lessees have committed to advancing Woula to construction within 8 months and first production of average annual production of 2 million tonnes. Lindian will be paid a royalty of US\$1 per tonne to US\$2 per tonne of bauxite produced from Woula, depending on the ownership structure of the producing entity. The royalty will continue for as long as bauxite is produced from the tenement.

Review commenced on Lindian's Guinea subsidiary company structure, agreements entered into by the subsidiaries and its regulatory standing, to ensure Lindian is well positioned to transact on the bauxite projects.

CORPORATE

RESULTS ANNUAL GENERAL MEETING

The Company's Annual General Meeting was held on 26 November 2024 (refer ASX announcement 26 November 2024 for the full results of meeting).

BOARD RESIGNATIONS AND APPOINTMENTS

During the Quarter, Lindian announced the resignations of Executive Chairman Mr Asimwe Kabunga (refer ASX announcement 25 November 2024) and Executive Director Mr Trevor Matthews (refer ASX announcement 16 December 2024).

The company announced the appointment of Non-Executive Director Mr Blake Steele (refer ASX announcement 10 December 2024) and Non-Executive Chairman Mr Robert Martin (refer ASX Announcement 24 December 2024) to the Board of Directors.

LEGAL CLAIM

In November 2024, the Company was made aware of a claim lodged with the Malawi High Court (dated 16 October 2024) in response to a legal claim brought by Deep Blue Sea Limited, a company associated with Mr Robbie McRae and Mr Peter Neil Landau, against Rift Valley Resource Development Limited, the Administrator of the Estate of Mr Michael. G. Saner (deceased) and Lindian Resources Limited (refer ASX announcement 26 November 2024).

The Company received a notice of Summons dated 20 December 2024 to which the Company was required to file a response within 21 days. On 3 January 2025 the Company filed its response to the High Court of Malawi including its Response and Defence, Application to End Proceedings Early and an Application for Security of Costs (refer ASX announcement 14 January 2025).

The Company has continued to refute these claims as baseless and believes that Deep Blue Sea Limited had no role or involvement in respect of the final transaction entered into by Lindian with Rift Valley Developments Ltd in 2022. Lindian will keep all shareholders advised of material developments in relation to this matter in accordance with its continuous disclosure obligations.

CORPORATE

The Company has commenced the process to withdraw its OTCQB listing from the Venture Exchange effective in Q1 2025.

UPCOMING GENERAL MEETING

The Company has arranged a shareholder meeting on 11 February 2025 to deal with a Section 249D requisition notice made by the previous Executive Chairman (refer ASX announcement dated 23 December 2024).

An addendum to the Notice of Meeting and Proxy form has been issued to shareholders (refer ASX announcement 23 January 2025).

ABOUT LINDIAN

Lindian Resources (ASX:LIN) is an Australian based company with world class rare earths and bauxite assets in Malawi and Guinea. Through the development of these assets, Lindian aims to become a globally significant critical minerals producer.

The Kangankunde Rare Earths Project in Malawi is the cornerstone of Lindian's asset portfolio. It is one of the world's largest, rare earths deposit and is top tier in terms of high REO grade, and low levels of impurities and radioactive minerals. Kangankunde has impressive development and significant future expansion potential. A feasibility study on the Stage 1 development delivered outstanding technical and economic results (see ASX announcement 1 July 2024), including that Kangankunde has one of the lowest capital and operating cost structures of global rare earths projects.

The Kangankunde Project has access to good supporting infrastructure, strong community and government support and has all key licences and approvals in place to commence construction. Following the feasibility study, Lindian is now advancing project financing discussions with the aim to commence Stage 1 construction in 1H2025.

In addition, Lindian also has bauxite assets in Guinea and Tanzania.
