

Stakk seeks strategic advantage with new director appointments

Sydney, 5 March 2025 - **Stakk Ltd (ASX:SKK)** is delighted to announce the appointment of U.S. based FinTech veteran Nikhil Ghanekar, and Hong Kong based, AI focussed executive Michelle Tang, to its Board of Directors.

Together with existing Board Members, Nikhil and Michelle bring diversified expertise to Stakk, fair and balanced decision-making, and enhanced governance.

Andy Taylor, Founder & Chief Executive Officer of Stakk, said "With our combined depth of knowledge and a collective passion for Embedded Finance, this enhanced Board of Directors now gives us a strategic advantage: it helps us further expand our distribution footprint and service offerings in foreign markets".

Nikhil is President of Urban FT, an AI-powered mobile imaging business that delivers critical transaction features to over 500 financial institutions in the U.S., and to many of the world's leading Neobanks. A former auditor with the global accounting firm Grant Thornton, Nikhil has also held positions with Walt Disney Company, as well as with Wipit, Inc., the entity powering Sprint Mobile Money (an initiative of one of the biggest telecommunication carriers in the U.S.).

Michelle is Managing Director of Measurable AI Ltd, a Hong Kong based spending insights business serving a global market. With an acute focus on revenue generation and by capitalizing on 'product/market fit' strategies, she is seasoned at scaling fast-growing businesses in the B2B and B2C markets, particularly within SaaS based vertices. Michelle has also held positions with global financial institutions including Macquarie, JP Morgan and Deutsche. She holds a BA of Commerce (Finance), and BA of Laws (LLB) from UNSW.

We are thrilled to welcome both of them to the Board of Directors, and to the Stakk family.

We are excited to announce further progress related to our Embedded Finance strategy, and key growth milestones achieved, soon.

This announcement has been approved for release on the ASX by the Board of Directors.
