## **Corporate and Operating Review**

For the period ending 31 December 2024, Duketon Mining Limited (**Duketon** or **Company**) remains in a strong position to build shareholder value through focused regional exploration and is well funded through judicious cash management and disciplined portfolio management that has resulted in the divestment of a number of projects for equity investments, providing liquidity opportunities for the Company. Current cash reserves and investments, coupled with diligent technical work continue to place the Company into a position that is highly leveraged to success, while significantly derisking it commercially and technically.

Duketon remains in a strong position with respect to people and has the appropriate personnel internally and externally to fully prosecute the Company's portfolio of opportunities and to review and assess commercial opportunities as they are presented or identified. During the half-year, the Company worked actively on multiple internal opportunities focusing on Nickel, Copper, PGEs, Gold, Lithium, Uranium and Rare Earth Oxides (**REE's**) within Duketon's tenure, plus reviewing multiple external opportunities.

Duketon's primary objective continues to be focussed on achieving shareholder returns through proactive exploration and mining evaluation across the Company's tenement holdings, while maintaining a view on external opportunities. The Company is primarily focused on exploration success within the energy transition suite of commodities, while taking a reactive view of other commodities that have been presented or made available to the Company.

The Company remains focused on the generation of new targets with the view to creating a significant and robust pipeline of organic opportunities outside of the Duketon Region within Western Australia. The Company has organically grown a pipeline of opportunities across several commodities including Gold, Lithium, Uranium, REE's, Iron Ore and Base Metals. As project tenements are granted, reconnaissance level exploration will be completed to validate original geological concepts. The results of this first phase of work determine if projects are retained and warrant further exploration. If results are not viewed as encouraging by the Company, projects will be relinquished or disposed.

## **DIRECTORS' REPORT (continued)**

Duketon's most advanced Project lies within the Duketon Greenstone Belt in an area north of the town of Laverton. The Company believes there is considerable upside in this particular area and continues to review the tenements to further understand the geological potential and mineralising controls. Any positive outcomes will potentially unlock additional value from within the Company's current asset base. Economic nickel sulphides have already been proven within the Duketon Project tenements and continues to infer the potential for a mining operation, while indicating potential further upside in the tenement package that Duketon controls.

Duketon has retained the nickel rights over various tenements in the Duketon Belt, via a Nickel Rights Deed and retains 100% ownership of a number of tenements including mining lease M38/1252 (with Regis Resources Limited acquiring the gold rights on this lease via a Gold Rights Deed).

The positive Rosie scoping study, released in April 2021 is on hold awaiting improved market conditions, however additional work on The Bulge Ultramafic Complex has been completed including structural studies and geochemical and mineralogical scanning of core.

During the half-year, significant time and effort has been spent reviewing and compiling all available exploration information from the Company's tenements.

#### **Review**

The Company recorded a net loss after tax of \$195,805 for the six months ended 31 December 2024. Included in the loss for the half-year was exploration expenditure of \$689,356. In line with the Company's accounting policies, all exploration expenditure is expensed as incurred. The Company had total cash on hand at the end of the period of \$9,709,849, and listed equity investments with a market value of \$2,396,490.

#### **AUDITOR'S INDEPENDENCE DECLARATION**

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of directors.

## NOTES TO THE CONDENSED FINANCIAL STATEMENTS

## NOTE 1: BASIS OF PREPARATION OF THE HALF-YEAR FINANCIAL REPORT

This condensed interim financial report for the half-year reporting period ended 31 December 2024 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This condensed interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by Duketon Mining Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period unless otherwise stated.

## New and amended standards adopted by the Company

A number of amended standards became applicable for the current reporting period. The Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

## Impact of standards issued but not yet applied by the Company

The Company has also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half-year ended 31 December 2024. As a result of this review the Directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change necessary to Company accounting policies.

### Critical accounting estimates and judgements

The preparation of these financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. In preparing this half-year financial report, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial report for the year ended 30 June 2024.

### **NOTE 2: SEGMENT INFORMATION**

### Industry and geographical segment

The Company operates in one segment, being the mining exploration segment in Australia.

In determining operating segments, the Company has had regard to the information and reports the chief operating decision maker uses to make strategic decisions regarding resources. The market value of all equity investments represents the fair value based on quoted prices on active markets (primarily ASX) as at the reporting date without any deduction for transaction costs. These investments are classified as Level 1 financial instruments. There have been no transfers between levels of the fair value hierarchy used in measuring the fair value of these financial instruments, or changes in its classification as a result of a change in the purpose or use of these assets.

Due to their short-term nature, the carrying amounts of current receivables and current payables is assumed to approximate their fair value.

### **NOTE 6: SUBSEQUENT EVENTS**

A review of the Company's investment portfolio has been performed on 6 March 2025. The fair value of Financial Assets reported at 31 December 2024 is \$2,396,490. The market value of Financial Assets is now \$3,072,874, wholly attributable to the share market fluctuations since the reporting date.

No matter or circumstance has arisen since 31 December 2024, which has significantly affected, or may significantly affect the operations of the Company, the result of those operations, or the state of affairs of the Company in subsequent financial years.

### **DIRECTORS' DECLARATION**

In the directors' opinion:

- 1. the financial statements and notes set out on pages 6 to 12 are in accordance with the *Corporations Act 2001*, including:
  - (a) complying with Accounting Standard AASB 134 *Interim Financial Reporting*, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - (b) giving a true and fair view of the company's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- 2. there are reasonable grounds to believe that Duketon Mining Ltd will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF DUKETON MINING LTD

#### Conclusion

We have reviewed the accompanying half-year financial report of Duketon Mining Ltd ("the Company") which comprises the condensed statement of financial position as at 31 December 2024, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Duketon Mining Ltd does not comply with the *Corporations Act 2001* including:

- a) Giving a true and fair view of the Duketon Mining Ltd financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations* 2001.

#### **Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

#### Responsibility of the Directors for the Financial Report

The directors of Duketon Mining Ltd are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
