EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. RESOLUTION 1 – REMOVAL OF THE COMPANY FROM THE OFFICIAL LIST OF THE ASX

1.1 Background

As announced on 20 March 2025, the Company has applied to ASX to be removed from the Official List pursuant to Listing Rule 17.11 (**Delisting**).

As is its usual practice, ASX has imposed a requirement under Listing Rule 17.11 and Guidance Note 33 *Removal of Entities from the ASX Official List*, that the Delisting be approved by a special resolution of Shareholders (**Delisting Approval**).

ASX advised the Company that its removal from the Official List is also subject to compliance with the following conditions:

- (a) the Notice of Meeting seeking security holder approval for the Company's removal from the Official List must include:
 - (i) a timetable of key dates, including the time and date at which the Company will be removed from the Official List if that approval is given;
 - (ii) a statement to the effect that the removal will take place no earlier than one month after approval is granted;
 - (iii) a statement to the effect that if holders wish to sell their securities on ASX, they will need to do so before the entity is removed from the Official List; and if they do not, details of the processes that will exist after the Company is removed from the official list to allow security holders to dispose of their holdings and how they can access those processes; and
 - (iv) the information prescribed in section 2.11 of ASX Guidance Note 33;
- (b) the Delisting must not take place any earlier than one month after security holder approval is obtained so that security holders have at least that period to sell their securities should they wish to do so;
- (c) the Company must apply for its securities to be suspended from quotation at least two (2) business days before its proposed Desisting date; and
- (d) the Company releases the full terms of ASX's decision to the market immediately (as noted above the Company released an announcement in relation to the Delisting on 20 March 2025),

(together with the Delisting Approval, the **Delisting Conditions**).

The Board considers that it is in the best interests of the Company and its security holders for the Company to be removed from the Official List of ASX for the reasons set out in Section 1.3 of this Explanatory Statement.

The Delisting may be perceived to have some disadvantages for security holders. Potential disadvantages are summarised in Section 1.5 below.

Resolution 1 seeks the required Shareholder approval to the Delisting under and for the purposes of the Listing Rules.

1.2 Listing Rule 17.11

Listing Rule 17.11 provides that the ASX may at any time remove an entity from the Official List at the request of the entity. The ASX is not required to act on the entity's request or may require conditions to be satisfied before it will act on the request. The ASX has approved the Company's request for Delisting, subject to the satisfaction of the Delisting Conditions set out in Section 1.1.

1.3 Reasons for seeking Delisting

The primary reasons the Board has decided to remove the Company from the Official List are as follows:

(a) **Market conditions and cost reductions**

Over the last year, the Company has seen a decline in the global demand for seafood products, and in particular abalone as a result of macro-economic factors such as high interest rates, inflation and low wage growth which has resulted in less discretionary income for consumers. The negativity in the current market has been compounded by the fact that the Company has been unable to secure a cost-effective supply of juvenile abalone from its sole supplier in WA.

As a result, the Company recognises the need to reduce its costs significantly to be profitable and maintaining an ASX listing adds significant additional costs to the Company's business.

The Board estimates that costs attributable to the Company's ASX listing are approximately \$735,000 per annum. In addition, there are indirect costs associated with the need to devote management time attending to matters relating to the listing which could be directed elsewhere if the Company was unlisted.

(b) **Share trading prices undervalue the Company**

The prices at which the Company's fully paid ordinary shares (Shares) are (and have been) trading on the ASX, and by extension, the Company's market capitalisation (being approximately \$4.3 million as at 19 March 2025), are materially lower than the value of its net assets of approximately \$7.4 million (as at 31 December 2024).

Following the Delisting, the Board believes that, instead of an undervalued public market capitalisation being the primary reference of value, future valuations will be based on an appraisal of the Company's business, brand value, operational fundamentals and future prospects.

(c) **Lack of liquidity**

There has been a significant lack of liquidity in trading in the Company's Shares on ASX, as evidenced by the following statistics:

MONTH	DAYS TRADED	NUMBER OF SHARES TRADED	VALUE OF SHARES TRADED (AUD) ¹
February 2025	19	310,328	\$6,310
January 2025	9	1,794,090	\$46,835
December 2024	6	470,897	\$13,656
November 2024	12	1,744,035	\$57,408
October 2024	10	2,651,312	\$51,966
September 2024	14	3,427,190	\$48,960

Notes:

1. Approximate value based on the average share price (rounded up) for the relevant month.

Recent trading history shows notably low volume trading in the Company's Shares on ASX and the Company believes this is unlikely to change in the foreseeable future.

(d) **Disproportionate impact on price**

As only small numbers of the Company's shares are being traded on ASX, this has had a disproportionate impact on the share price. A low-value trade or a trade in a small number of Company shares could have a marked impact on the official ASX market price, and there is a risk that a trade of only a few Company shares could cause the reported price to change significantly (as some recent trades have proved). This potential volatility could make it difficult for investors to make an accurate assessment of the actual value of their Company shares and increase exposure to a person effecting trades with the intention of manipulating the reported price.

(e) **Customer, strategic and corporate opportunities**

The Board believes that following the delisting, the Company will have greater flexibility to pursue and execute its market share strategy, as well as pursue other potential value-enhancing strategic opportunities and potential corporate and/or asset level transactions, which the Board considers will create enhanced value to Shareholders in an unlisted public company environment.

(f) **Fundraising**

The Company requires funding to meet its ongoing operational and working capital requirements. However, since the beginning of 2024, the Company has experienced significant fundraising difficulty and has not benefited from being a listed entity in this sense.

The Company's most recent capital raising in March 2024 received applications for approximately 33,528,005 Shares from unrelated parties, representing approximately 32.72% of the 102,474,663 Shares offered to Shareholders under the Company's entitlement offer.

Because of the limited support for the Company's previous capital raising, the Company has been required to seek funds from outside the ASX. However, this is impeded by the Company's low market capitalisation.

In addition, due to the level of the Company's Share price, any future material capital raising would be highly dilutive to existing Shareholders and would further reduce the Share price.

As such, the Company is seeking to be removed from the Official List to enable it to raise third party funding to allow the Company to continue operations on an ongoing basis in the short to medium term.

(g) **Limited operations**

While the Company remains underfunded, its operations have been limited and therefore, there is little benefit from being listed on ASX.

(h) **Minority Shareholders**

Delisting of the Company will not result in any substantial diminution of the protection for minority Shareholders given that the Company's Shareholders do not presently have the benefit of liquidity in their shares.

1.4 Advantages of Delisting

As set out in Section 1.3(f) above, the Company requires funding to meet its ongoing operational and working requirements.

The Delisting will provide the Company flexibility to seek third party funding on more attractive terms to help the Company to continue operations on an ongoing basis in the short to medium term. Access to third party funding will also increase the Company's ability to progress to its intermediate term goals and operations, which progress is currently limited due to being underfunded.

As referred to in Section 1.3(a), the Delisting will also reduce the ASX listing costs associated with the Company's business, which provides opportunity for capital to be directed elsewhere in the Company.

In addition, as noted in Section 1.3(h), the rights of the Company's security holders, including minority Shareholders, will not be affected by the Delisting.

1.5 Potential disadvantages of Delisting

The potential disadvantages of Delisting include:

(a) Shareholders will no longer have the ability to sell their securities on ASX

After the Company is removed from the Official List of ASX, its Shares will no longer be quoted on ASX and will no longer be traded on the ASX. Shareholders will only be able to sell the Shares via off-market private transactions in accordance with the Company's Constitution. Shareholders who wish to sell their Shares after the Company is delisted will need to find a buyer for their Shares and complete a standard off-market transfer form and provide it to the Company's share registry for processing. After the Delisting, the Directors will continue to assess appropriate measures to enable Shareholders to realise the value of their investment in the Company.

(b) The Company will not be able to raise capital from public listed equity capital markets

After the Company is removed from the Official List of ASX, it will be unable to raise capital from public listed equity capital markets (assuming that the Company does not seek or achieve an alternative listing). Unlike a listed public company, an unlisted public company generally does not have the ability to raise capital from the issue of securities in reliance on a limited disclosure fundraising document because its shares are not quoted on a prescribed financial market. If the Company wishes to raise capital following its removal from the Official List of ASX, this will be by way of an offer of shares pursuant to a prospectus or a privately negotiated investment transaction and issuance of ordinary shares or other securities to the investor(s). Any placement made by the Company as an unlisted company may involve certain restrictions on selling those shares after they have been issued. However, as noted above, the Company has experienced significant and increasing difficulty raising funds on attractive terms and has not benefited from being a listed entity in this sense.

(c) Less Onerous Regulatory Obligations

Following the Delisting, the Company will continue to be governed by its Constitution and the Corporations Act, however it will no longer be subject to the application of the Listing Rules, including the following matters:

- (i) the Company will no longer be required to obtain Shareholder approval for significant transactions, including transactions which could change the nature or scale of the Company's undertakings;
- (ii) unless required by Chapter 2E of the Corporations Act, the Company will no longer be required to obtain Shareholder approval to enter into a related party transaction (including the issue of Equity Securities to the Directors);
- (iii) the issue of Equity Securities without Shareholder approval will not be limited to the maximum placement capacity under Listing Rules 7.1 and, if applicable, 7.1A; and
- (iv) voting exclusions required by the Listing Rules on certain resolutions will no longer apply.

Further, the Company will no longer be required to adopt the ASX CGPR on an "if not why not" basis, Shareholders will no longer be required to provide notices of Initial substantial holding notices (ASIC Form 603) and substantial holding movements (ASIC Form 604) and Directors will no longer have to notify ASX of their dealings in securities of the Company.

1.6 Consequences of the Delisting

The consequences of the Delisting include the following:

- (a) the Company's securities will no longer be quoted on ASX and will no longer be traded on the ASX;
- (b) Shareholders will have their CHESS holdings converted to the certificated sub-register on the Company's share register. No action will be required by Shareholders to affect this conversion;
- (c) Shareholders seeking to sell their Shares following the Delisting will be entitled to transfer their holdings off-market to a willing third-party purchaser in accordance with the Company's Constitution;
- (d) for so long as the Company continues to have more than 100 Shareholders post Delisting, the Company will be an 'unlisted disclosing entity'. As such, the Company will continue to be subject to continuous disclosure obligations under the Corporations Act. The Company will still provide disclosure to Shareholders of material matters in accordance with the Corporations Act on the Company's website. The Company will also continue to lodge annual and interim financial statements (audited or auditor-reviewed, respectively) in accordance with the Corporations Act;
- (e) there will no longer be a readily available indicator of market price for the Company's Shares, Shares will be less liquid and security holders will need to find a purchaser for their Shares at an agreed price;
- (f) as an unlisted public company, the Company will no longer have the ability to raise capital from the issue of securities to the public in reliance on a limited disclosure fundraising document. Should the Company seek to raise capital following the Delisting, it will be required to offer securities pursuant to a full prospectus or by way of a placement to sophisticated and institutional investors (to whom such disclosure is not required); and
- (g) the Constitution and, therefore, Shareholders' rights will remain unchanged following the Delisting, such that Shareholders will continue to have the right to:
 - (i) receive notices of meetings and other notices issued by the Company;
 - (ii) exercise voting rights attached to Shares; and
 - (iii) entitlement to receive dividends declared and payable by the Company from time to time.

1.7 Special majority Resolution

Resolution 1 is being put to Shareholders as a special majority resolution and will therefore be passed only if at least 75% of the votes cast on a poll by Shareholders at the Meeting who are entitled to vote on Resolution 1 are cast in favour of the Resolution.

1.8 Indicative timetable

If Resolution 1 is passed, the Company will be able to proceed with the Delisting and will be removed from the Official List on a date to be decided by the ASX in consultation with the Company (**Delisting Date**).

The indicative timetable for the removal of the Company from the Official List (and assuming the special resolution is passed by Shareholders at the Meeting) is:

EVENT	DATE
Confirmation of Delisting approval received from ASX	19 March 2025
General Meeting	29 April 2025
Results of General Meeting	29 April 2025

EVENT	DATE
Suspension Date	29 May 2025
Anticipated Delisting Date (date on which Delisting is expected to take effect)	3 June 2025

*The dates above are indicative only and subject to change by the Company or ASX. The Company will inform security holders of any changes to the indicative timetable referred to above by announcement made via the ASX market announcements platform.

1.9 Shareholder remedies available

Part 2F.1 of the Corporations Act

In the circumstances whereby a shareholder considers the Delisting to be contrary to the interest of Shareholders as a whole, or oppressive to, unfairly prejudicial to, or discriminatory against a Shareholder or Shareholders, that Shareholder may apply to the Court for an order under Part 2F.1 of the Corporations Act.

The Court can make any order under section 233 of the Corporations Act that it considers appropriate in relation to the Company. This may include an order that the Company be wound up or an order regulating the conduct of the Company's affairs in the future.

Part 6.10 Division 2 Subdivision B of the Corporations Act

In the circumstances whereby a Shareholder considers that the Delisting involves "unacceptable circumstances" that Shareholder may apply to the Takeovers Panel for a declaration of unacceptable circumstances or orders under Part 6.10 Division 2 Subdivision B of the Corporations Act (refer to Guidance Note 1: Unacceptable Circumstances issued by the Takeovers Panel).

Pursuant to section 657D of the Corporations Act, If the Takeovers Panel has declared circumstances to be unacceptable under section 657A of the Corporations Act, it may make an order that it thinks appropriate to (amongst other matters) protect the rights or interests of any person or group of persons where it is satisfied that those rights or interests have been or are affected, or will be or are likely to be affected, by the circumstances.

1.10 Share trading

The Company will remain listed on the ASX for at least one (1) month after the Meeting to allow Shareholders to sell their Shares on the ASX should they wish to do so. If Resolution 1 is passed and the Company is to be removed from the Official List, Shareholders must sell their Shares before 29 May 2025 after which trading of the Shares will be suspended prior to the Delisting.

If Shareholders wish to sell their Shares after the Company is removed from the Official List, they may only do so via private transactions as there will be no formal securities market or exchange in place to allow Shareholders to dispose of their Shares. Shareholders wishing to trade their Shares after the Delisting, can transfer their Shares off-market to a willing third-party purchaser in accordance with the requirements of the Corporations Act and the Constitution.

1.11 Technical information required by Listing Rule 14.1A

If Resolution 1 is passed, the Company will be able to proceed with the Delisting.

If Resolution 1 is not passed, the Company will not be able to proceed with the Delisting and will remain suspended with the Company's securities not being reinstated to official quotation until ASX is satisfied that the Company's structure and operations are suitable for a listing on the ASX.

1.12 Directors' recommendation

The Directors recommend that Shareholders vote in favour of Resolution 1.
