## Trading Halt

PRL Global Ltd (ASX: PRG) have requested an immediate trading halt pending an announcement regarding the first step in a significant acquisition. This trading halt is necessary to ensure that the market remains fully informed and to prevent trading on an uninformed basis.

The trading halt will remain in place until the earlier of the commencement of normal trading on 17 April 2025 or the release of the announcement.

We are not aware of any reason why the “trading halt” should not be granted and any other information necessary to inform the market about the “trading halt”, or that ASX asks for.

We look forward to disclosing more in the upcoming announcement and believe the acquisition has the potential to greatly enhance our market position and drive future growth for the Group. We appreciate your understanding and patience during this period.
