Quarter ending March 2025 - Activities Update

- **Continued enhancements to the operational strength of the business**
- **Further recognition of Vonex's leadership in complaint resolution**
- **Michael Blake appointed as CEO**
- **Completion of entitlement offer and of debt refinancing**

Telecommunications innovator Vonex Limited (ASX: VN8) provides the following business update and Appendix 4C Quarterly Report for the three months ended 31 March 2025 (Q3 FY25).

During the quarter, Vonex continued to focus on operational excellence; ensuring that our systems, people, and processes delivered strong value to customers while maintaining strict discipline on cost and controls. This ongoing effort is enhancing operational strength, improving customer experience, and elevating employee capability and work quality, which in turn increases the intrinsic value of the Company for shareholders.

In a notable achievement, Vonex was once again publicly recognised by the Australian Communications and Media Authority (ACMA) for having the lowest number of Telecommunications Industry Ombudsman (TIO) complaints per 10,000 services in operation—the second consecutive quarter this recognition has been received.

The Company was very pleased during the quarter to be able to complete the handover from Ian Porter- who had led Vonex through its operational review and preparation for a successful refinancing – to Michael Blake as the Company's new CEO and Director. Michael is focused on further growing and developing the Vonex business, building on the strong platform now in place.

During the quarter, Vonex successfully completed a fully underwritten 1-for-1 non-renounceable entitlement offer, raising approximately \$13.89 million at an issue price of \$0.037 per share. The offer was strongly supported by shareholders, with the Company's largest shareholder, Maxo Telecommunications Pty Ltd, taking up its full entitlement and partially underwriting the shortfall. Net proceeds were primarily used to repay approximately \$13 million of the Company's existing debt facility with Longreach, delivering a significant improvement to the Company's capital structure and financial flexibility.

Following the entitlement offer, Vonex refinanced the remaining \$10 million of debt through a new facility with Westpac Banking Corporation. The Westpac Loan has a competitive interest rate and a maturity date of 21 March 2028. It is secured by a First Ranking General Security Interest over the Company's assets. This refinancing strengthens Vonex's funding position, providing longer-term certainty and improved conditions to support continued business growth.

Payments to related parties during the quarter totalled \$69,000, relating to fees paid to the Chair and Non-Executive Directors.

This announcement has been authorised for release by the Board of Vonex Ltd.

ABOUT VONEX

Vonex is a full service, award-winning telecommunications service provider selling mobile, internet, traditional fixed lines, infrastructure solutions and hosted PBX and VoIP services - predominantly to small to medium enterprise ("SME") customers under the Vonex brand. Vonex also develops new technologies in the telecommunications industry, including a feature-rich cloud-hosted PBX system.

The Company also provides wholesale customers, such as internet service providers, access to the core Vonex PBX, 5G mobile broadband and call termination services at wholesale rates via a white label model. Vonex is pursuing a disciplined M&A growth strategy, targeting profitable IT and telco businesses that offer potential for growth through further product expansion, scale and cross-selling.
